Women's Mission Federation Meets

Workers Conference Held at Moorhead July 26-28

The Northern Minnesota District Women's Missionary Federation, (of the E.L.C.) held it's annual workers' conference at Fjelstad Hall Concordia college, Moorhead, July 26, 27, 28. Mrs. L. J. Rindahl, district president of the WMF presided. In attendance were the district officers, the 11 Circuit presidents and the district department secretaries.

Dr. A. E. Hanson was the guest speaker on the evening of July 26th. He gave a survey of the accomplishments and problems of the district, then of each Circuit. In reference to the Thief River Falls circuit he reported one new home mission congregation near Baudette, and four vacancies where there was no pastor. There is an interesting work being done at the Northwest Angle that someday, he hopes, will be a part of the E. L. C.

On Tuesday forenoon Ruth Christianson of the Sudan Mission Field in Africa gave a talk on her experiences in the work there. Dr. Knutson, president of Concordia college, encouraged attendance at church schools and colleges and said "a Christian education is better than a Red River farm."

Mrs. Henry Nubson, Greenbush, Thief River Falls circuit president and Mrs. Albert Kvjen Pinecreek, higher education secretary, attended the conference.

Hit-and-run Driver, 16, Is Penalized

St. Hilaire Youth Left Scene of Auto Collision

While making a left turn from Horace av. onto Third st., a car driven by a St. Hilaire youth, age 16, collided Sunday evening with a car driven by Arni Olafson of Winnipeg, and left the scene without stopping. However, the license number of the car was obtained, and ownership was traced to Robert Rewertz of St. Hilaire.

The youth who was driving the Rewertz car appeared in juvenile court Tuesday, and his driving privileges were suspended for 90 days, Police Chief Elton Cummings stated that Rewertz also would be charged with permitting the boy to operate his car without a valid drivers license.

A car driven by Mrs. Ruby Thorteen collided last Wednesday with the rear of a car driven by Donald Josselyn, damaging the former car to the extent of $170 and the latter $40. The mishap occurred at the intersection of Arnold av. S. and Highway 32.

Final Rites Are Conducted For R. H. Jablinske

Final rites were held for Rudolph Henry Jablinske Monday, August 2 at St. John's Lutheran church with Rev. W. P. Claussen officiating. Mr. Jablinske passed away July 29.

Born March 29, 1887, he lived in Southern Minnesota for 35 years. October 2, 1910 he was united in marriage to Miss Minnie Meyer in South Branch, Minnesota. In 1922 they moved to Pennington Co. and established their home on a farm in Sanders township, where they had resided until 1948 when they moved to this city where they have since made their home. He was a member of St. John's Lutheran church.

Surviving are his wife Minnie; eight sons, Wilbert, Alvin and Leslie of this city; Lawrence of Anchorage, Alaska; Maynard of Alderwood Manna, Washington; Adolph of East Grand Forks; Herbert of Angus; Elroy of Anchorage, Alaska; four daughters, Mrs Glen (Alinda) Olson of this city; Mrs. Albin (Marie) Peterson of East Grand Forks; Mrs Wm. 1,300 Fans See First Game under Lights

In a well-played and entertaining ball game, which found the Thieves having the tying run on second base and winning run on 1st base when Jack Hoppe lofted a high pop fly to pitcher Morry Holm for the game-ending out in the 9th inning, the Halstad Pirates defeated the local club, 6 to 5, in the feature attraction of the dedication of the lights at the Fair Grounds diamond on Wednesday night.

A crowd that was estimated at 1300 was in attendance for the occasion. Len Goulet, chairman of the committee on arrangements, presided as master of ceremonies, and he conducted the brief pre-game program with dispatch. Mayor Agnes Israelson and W. E. Dahlquist addressed the gathering, and they both complimented the city on securing a lighted baseball field, explaining that it was only one of the many recreational facilities that is being made available to the local citizens.

Mrs. Israelson, behalf of the city, welcomed the mayors of the near-by towns that were present for the dedication. And just before game-time, she tossed the first ball out to the Thieves' pitcher, Bob Carlson.

A detachment from the local National Guard Company presented the colors, raising the flag on the center-field flagpole. The local municipal band provided pre-game music, and the between-innings entertainment. Mr. Goulet introduced the players, and the officials of the two teams, Halstad and Thief River Falls, to the crowd.

The Thieves had been scheduled to play an exhibition game against the St. Hilaire Saints of the Northern Minnesota league here on Friday night, July 30th, but the early-evening rain-shower forced postponement of that contest.

Halstad, using the battery that gave the Pirates the state high school baseball championship in 1952, pitcher Morry Holm and catcher Dale Serum, held a 3 to 1 lead after four innings of Wednesday night's tilt had been played. The Pirates, on a misjudged fly ball which fell safely for a double, and a single by Bob Dahlen scored once in the 1st inning; and an error, a walk, a wild pitch, and a single by Darryl Hesby added a pair of Halstad runs in the 2nd inning. The Thieves picked up their run in the 1st inning when Jerry Poole reached first base on an error and was sent around on Gene Leslie's double to the fence in left center.

The game was evened in the last half of the 5th when Sid Vraa opened with a walk, and Poole followed with a line single. Leslie fled to centerfield, and Bud Olson popped to shortstop; Larry Perkins, who was the game's hitting star with *a pair of double and a single*, singled to right-center, and when Hoppe singled past second base, the game was knotted, 3 to 3.

Halstad scored what proved to be the game-winning three-run cluster in the 6th inning when a pair of walks, a bunt, a sacrifice, and Curt Johnson's slashing triple into right-field boosted the Pirates run total to six. The Thieves picked up a run in the 7th inning on an error and a double by Perkins; and marked up their final score in the 9th inning on a walk, a single, and a sacrifice fly by Swede Lund.

Lefty Bob Carlson, on the mound for the Thieves, pitched fine ball against the Pirates, holding Halstad to eight hits and striking out ten batsmen. Right-hander Holm proved effective, too, the former state high school star limiting the Thieves to nine hits, and whiffing seven batters.

RRV League Winds up Play Thursday

Win over Viking Will Clinch Title for Thieves

Red River Valley League

	Won	Lost	Pct.
Thief River Falls	6	3	.667
Red Lake Falls	6	4	.600
Argyle	6	4	.600
Alvarado	5	5	.500
Crookston	4	6	.400
Viking	3	7	.300

Results of the week's games:
Alvarado, 10, at Argyle, 7
Red Lake Falls, 6, at T. R. Falls, 8.
Crookston, 7, at Alvarado, 10.
Argyle, 7, at Viking, 11.

This week's schedule:
Thursday, August 5th, 8:00 p. m.
Viking at Thief River Falls.

The Red River Valley league will conclude its 1954 schedule on Thursday night when on the Fair Grounds diamond, the Viking Oilers meet the Thieves in the playoff of a postponed game. The outcome of Thursday night's game could decide the league championship, for if the Thieves are successful in defeating the Oilers, manager Swede Lund's club would clinch the title. A loss for the locals would scramble the standings and bring a three-way tie for first place.

The Thieves advanced into first place when they edged out the Red Lake Falls Lakers, 8 to 6, in a hotly-contested game played here on Sunday night. The Alvarado Farmers clinched a berth in the playoffs when, in a fourth place tilt with the Crookston Pirates, the Farmers scored a 10 to 7 triumph at Alvarado. In the third game on Sunday's schedule, the Argyle Maroons lost to the Viking Oilers, 11 to 7, at Viking.

According to tentative plans, and it is expected that final arrangements will be completed this week, the annual All-Star game, between teams from the Red River Valley league and the Northern Minnesota league, will be played at Red Lake Falls on Wednesday night, August 11th. The game will be played as a benefit for Donny Johnson, the popular and capable shortstop of the St. Hilaire Saints who was stricken by polio last year.

At a league meeting this week, the playoff schedule will be arranged, with the league's top four teams meeting in a double elimination tournament. The winner of the tourney will represent the league in the regional Class B tournament.

CARE Parcels Are Asked for People of Indo-China area

According to official figures relayed by CARE representatives on the scene in war-torn Indo-China, there are 200,000 homeless refugees in settlements around the Saigon area. Many more are expected from above the 17th parallel and all urgently need help, A. W. Dahl, agent of Railway Express Agency, who is a voluntary CARE agent in this area, reported today.

Vice President Richard M Nixon's recent personal appeal called upon Americans to strengthen world freedom by supporting this worthwhile activity to help bring relief aid to war refugees in French Indo China.

Funds contributed to the CARE campaign will provide packages of food, clothing, textiles and other needed supplies for families who have fled to southern Vietnam from areas now ceded to the communists under the truce agreement.

Mr. Dahl said that Railway Express Agency offices will be glad to furnish CARE information and accept any contributions for this campaign.

Rev. Dahlstrom to Conclude Tent Services Sunday

Pastor-Evangelist Melvin Dahlstrom, Detroit, Mich., will speak in the closing tent services of this season at 4th and LaBree next Sunday afternoon at 2:30 and evening at 7:45, stated L. W. Lindholm, tent mission committee chairman. Jesse K. Leise, Bremerton, Wash., singer and song leader, appears in these meetings. Services are held also tonight (Wednesday) and through Saturday night this week at 7:45.

With services Sunday, said Pastor Lindholm, the eleventh season's union crusade meetings will be brought to a close.

Nine Men Leave for Physicals and Two Are Inducted

Nine local young men left July 26 for Fargo to undergo pre-induction physical examinations, while two others left the same day for final induction into the armed services. These last two include Harry Nohre of this city, a volunteer, and Darrel Sevre, also of Thief River Falls. A third young man was transferred from this city to Mankato and the local board has not yet been notified whether or not he has been inducted.

Local Firms Given Contracts on New Greenbush School

The board of education of the Greenbush school district recently awarded the general contract for a classroom addition to the school building to Otto J. Eickof & Sons of Crookston on their low bid of $15,950. The mechanical contract was let to the Lee Plumbing and Heating Co., of Thief River Falls on its bid of $3,267; and the electrical contract was awarded to Lawrence W. Best of this city on his bid of $1,213.

Man Jailed for No Drivers' License

St. Hilaire Resident Is Picked up Fourth Time

When Robert Rewertz of St. Hilaire failed to appear in municipal court to face charges of traffic law violations brought by the highway patrol, he was arrested Tuesday and taken before Judge H. O. Chommie.

On a careless driving charge he was fined $10 and $7.10 costs. He also was charged with driving without a valid drivers license, his fourth offense, and was given a 30-day jail sentence, which was suspended. However, the suspension of a ten-day jail sentence imposed last January on the same charge was revoked and he is now confined in jail here.

Three other motorists were charged by the patrol with speeding 65 miles per hour at night, and each was fined $10 and $4 costs. They include Allen D. Davidson, Rt. 1, Holt; Daryl Jacobs, Bemidji; and Rodger Elofson, Thief River Falls.

Otto Baganz to Play Costly Harp in Church Monday

Otto Baganz of Plymouth, Wisconsin, will play his $10,000 harp at St. John's Lutheran church next Monday evening at 8 p. m.

Rated as one of the three top concert harpists in America today and the only living exponent of Lutheran and Christian hymnody on the harp, he will feature such numbers in his concert. The public is invited and there will be a free-will offering.

Mr. Baganz' harp was especially made for exhibition in the Hall of Religion at the Chicago World's Fair where he played it daily. Following the fair he purchased the instrument.

Although he has played the harp on national radio programs, Bagnaz prefers to limit his work to churches.

G. Forks Office Reports on Payments in This Area

A representative of the Grand Forks, North Dakota, field office of the Social Security Administration will be at the employment office in Thief River Falls *Tuesday Aug. 10 at 10 a. m.* Individuals having any questions regarding the Social Security Act are urged to call on him at that time.

Social Security payments totaling $165,612.00 went to 4,785 people in the area served by the Grand Forks office in December, 1953, according to Walter D Kistler, manager of the Grand Forks social security office. This was an increase of 37% over payments at the end of 1952.

In making this announcement, Kistler released newly available figures showing the number of persons in the several beneficiary groups in this area and the total in benefits paid. In December, 2,734 retired workers received a total of $113,572.00, 677 aged wives and dependent husbands got $14,703.00; a total of $22,901.00, went to 914 children, including a few children of retired aged workers; 193 mothers with minor children in their care were receiving a total of $6,408.00 monthly; and $579.00 in survivors payments went to 14 dependent aged parents on the beneficiary rolls. The total in monthly benefit amounts paid in the 17 county area increased $11,358.00 in the 12-month period.

Retired insured workers continued to be the largest group of beneficiaries. These are persons age 65 or over who qualified for monthly payments through employment or self-employment covered by the social security law.

Police Respond to 110 Calls in July

13 Traffic Accidents Reported During Month

In his report on July activities of the police department, Chief Elton C. Cummings stated that 110 calls of all kinds were recorded during the month. Thirteen traffic accidents, involving 20 automobiles and one motorcycle occurred in the city.

Law violators of all kinds spent a total of 38 man-days in jail. Other matters calling for police attention included 12 funerals, five fires and four drunks.

Brought into municipal court in July were seven speeders, three careless drivers, and nine persons with no drivers licenses. Three breakins were reported and three were solved, including one occurring in June.

Jas. Miramontes Honored by Head of National VFW

James Miramontes of Thief River Falls, has been appointed a national aide-de-camp in the recruiting class of the Veterans of Foreign Wars of the United States by Commander-in-Chief Wayne E. Richards.

At national VFW headquarters in Kansas City, Mo., it was explained that these appointments are made by the commander-in chief in recognition of those who have signed up at least 50 new or reinstated members of the organization.

Along with the appointment goes a specially designed, appropriately lettered, forest green and white VFW cap and a national citation. *Special* honors are being paid these recruiting aides at the national encampments of the VFW August 1-6 in Philadelphia, Pa.

Fresh Flavor for Jam

Why not capture some of that wonderful fresh-fruit flavor in the strawberry jam you make this year? If you've never tried uncooked strawberry jam, give your family a taste treat — and give yourself a break by making a jam that's easy because it isn't cooked.

If your June-bearing strawberries are gone, you can wait for the everbearing varieties. Or you can use raspberries.

Here are the suggestions for making uncooked strawberry jam from Ina Rowe, extension nutritionist at the University of Minnesota:

Wash, hull and slice ripe strawberries to equal 2 cups. Add 4 cups of sugar, stir and let stand about one hour, or until most of the sugar liquefies. Combine a package of powdered pectin with 1 cup of water, bring to a full rolling boil and boil 1 minute. Add this mixture to the prepared berries and stir gently two minutes. Pour into containers, cover to protect from dust and let stand until the jam sets, then refrigerate or freeze.

For raspberry jam, use 3 cups of raspberries and 6 cups of sugar to a package of pectin and a cup of water. The method is the same as for strawberries.

This jam will keep in the refrigerator three or four weeks, but for an indefinite period of storage, it should be frozen. At room temperature, it may mold or ferment quickly, or it may change in flavor because of enzymes which are present in the raw fruit.

Or Make Your Jam This Winter

Instead of making this uncooked jam now, you can freeze the strawberries in the usual way — allowing 1 pound of sugar to 4 pounds of sliced strawberries. Then, whenever you need a batch of jam, take 3 cups of frozen sweetened strawberries and to these add 3 cups of sugar. Let the strawberries stand until they are thawed and the sugar is partially dissolved. Add 2 to 4 tablespoons of lemon juice, if desired. Add 1 cup of water to a package of powdered pectin, bring to a boil and boil 1 minute. Stir immediately into the strawberry mixture and continue to stir very gently for 2 minutes. Put into glasses and refrigerate.

Method For Better Beans

Tastier beans and quicker, easier canning are advantages to using the raw-pack method of homecanning snap beans.

Raw-pack beans keep more of the natural bean flavor, freshness, crispness and food value than pre-cooked beans.

Beans packed raw take no longer to process than those which have been pre-cooked. However, an advantage of the pre-cooked method is that more beans may be put into the jar, a consideration if jars and storage space are limited.

Here is the procedure recommended by extension nutritionists at the University of Minnesota for homemakers who wish to use the raw-pack method:

Wash beans. Trim ends and cut into 1-inch pieces. Fill jars with beans to the top, as they will shrink. Cover with boiling water to within ½ inch of the top. Set the jars as they are filled into the pressure cooker to keep them hot. Be sure all spaces between pieces are filled with boiling liquid.

Before closing the jar, wipe the rim with a piece of muslin dipped in hot water. Adjust and process in the pressure canner at 10 pounds pressure 20 minutes for pints and 25 minutes for quart jars.

Lids are adjusted as follows: Close a self-seal jar — the type with a metal lid held on with screwband — completely before processing. For other mason jar closures, such as a zinc cap with porcelain lining or a glass lid with screwband, close completely only if the temperature of the contents is known to be as high as 170 degrees F. If the temperature is below 170 degrees F., turn the lid back ¼ inch. When processing is complete, tighten the lids again as soon as the load is taken from the cooker.

Army-Worm Control

The army worm invasion into this area seems to be fairly well controlled; however some fields are still being sprayed. The boys in the airplane sprayers turned in a report of acres sprayed before they left Thief River Falls and they had sprayed 34,000 acres. That's a good example of how a few could do so much. My hat is off to the airplane sprayers for a good job in the shortest possible time. The ground sprayers were busy in the county, too and as close as I can estimate there were 20,000 acres sprayed by ground equipment, a total of 54,000 acres in this county and a much larger total for the Thief River Falls trading area.

Grasshoppers Next?

Just a line to warn you that our insect problem may not be over yet, because a larger number of grasshoppers have been reported in the state. So far Pennington county hasn't been hit very hard, although there are spotty infestations in the county. Check your fields to be sure your farm isn't one of the spots. If you find 10-15 grasshoppers per square yard expect some damage to your crop and be ready to spray. Don't do like many did with the army worms and wait until you could see severe damage before you spray.

Crop Variety Plots

Pennington county variety plots were planted this year by Paul Engelstad & Sons just east of the airport. The University of Minnesota furnished Mr. Engelstad with the seed which includes variations of oats, barley, and flax. I think it would be worth your while to visit this demonstration plot and compare the varieties being grown there. There is a striking difference in the oats varieties, stem rust is very bad in some and absent in others, the reason being because of the inherited characteristics of these different oats varieties.

Fly Control

I visited Si Hanson's farm the other day and noticed he wrapped burlap bags around a couple strands of barbed wire and attached the ends to the posts about four feet high. Si said this made a very good rig for controlling flies on his beef breeding herd. By soaking the burlap bags with a 5% DDT, Chlordane or methoxychlor emulsion about once every week or two he keeps the cows very comfortable, because as they rub on this outfit they automatically get insecticide on them.

Dairy farmers and farmers raising slaughter beef should use methoxychlor because it is less likely to be absorbed into the fatty tissues of the animal. In conjunction with using these back rubbers in controlling flies good sanitation eliminates the breeding places of flies and barn spraying kill those flies in the barn.

AIRPORT NEWS

Bill Rucker, representing Rucker Brothers of Burnett, Wisconsin, was here on business on Monday in a Beechcraft Bonanza.

J. C. Murphy and J. N. August Deery from Minneapolis, flying a Navion, were business callers here on Tuesday.

Gust Bergman from St. Paul flying an Ercoupe, was at the airport Thursday en route home from a trip to International Falls.

John Barzen flew his Navion up from Minneapolis on Friday.

Loren Lyons, who hangars his Piper Pacer here while working on a construction job at Middle River, flew to Grand Rapids to spend the weekend with his family there.

Bud Chambers from Grand Forks stopped at the airport Friday with his Clipper.

Ivan Gunter from Erskine, and Paul Ness, A & E mechanic with North Central Airlines at Minneapolis, whose home is also at Erskine, were here Sunday with a Cub Coupe.

Reverend Ekeberg from Warroad brought his Cruiser down Saturday for minor repairs.

Christ Kierk flew the Luscombe to Grand Forks Saturday to pick up some repair parts for the Falls Flying Service.

1st Lt. Mead, operations officer, Det. 505, USAF ROTC from Fargo, flying an AT6, was here Monday on business.

W. G. Berryhill, piloting a 190 Cessna, brought a group of Interprovincial Pipeline officials up from Superior Monday.

Loren Lyons made a business trip to Cavalier, N. D., Monday in his Piper Pacer.

The airport seems comparatively quiet these days, after the departure of all the planes and pilots engaged in spraying for the army worm infestation. Fourteen airplanes, including Martin Rantanen's Cub, were in the air every day for over a week, spraying thousands of acres of land in this vicinity. Christ Kierk's Luscombe and the Flying Club Aeronca were used as spotting planes. The farmers themselves flew with the pilots of these ships over their fields so that they could indicate where the chemical was to be sprayed.

Only one minor mishap marred the entire spraying operation, when the lid of a chemical container flew off and hit the pilot, Bob Miller from Milwaukee, across the nose. He landed his ship safely and was taken to the hospital where he was treated for a broken nose and facial lacerations and released.

Christ Kierk, airport manager, complimented the pilots, the farmers and everyone engaged in the operation for the orderly way in which the whole thing was conducted.

Rantanen's Cub is still available for spraying when needed.

Program Calls for Work on Highway Ponemah to Redby

Secretary of the Interior Douglas McKay today announced the details of a proposed $10,000,000 program under the federal aid highway act of 1954 to improve and maintain roads on Indian reservations in 24 states. Included in the project would be improvement of the Redby-Ponemah road on the Red Lake reservation to cost an estimated $64,000.

To carry out the program, the department is asking Congress for a supplemental appropriation of $3,900,000 in addition to the amounts of $2,897,000 for Indian road construction and $2,063,000 for Indian road maintenance already apprpriated for the fiscal year 1955. Contract authority in the amount of $1,180,000, provided by the federal aid highway act, would be used to round out the $10,000,000 program.

A substantial portion of these funds will be used to meet payments for contracts to be awarded to private contracting firms under competitive bidding.

EGF Municipal Judge Fines Self

Harry Gregg, East Grand Forks municipal judge, found himself both judge and defendant Tuesday.

Monday afternoon the car Gregg was driving hit the rear of a semi-trailer in East Grand Forks.

Gregg said he just wasn't paying attention and pointed out that many accidents happen because people don't pay attention. Therefore he charged himself with careless driving.

In municipal court, Judge Gregg fined Defendant Gregg $25 after a guilty plea.

TRF Legion Juniors Enter State Tourney

For the first time since the American Legion's junior baseball program was instituted, Thief River Falls will have an entrant in the state tournament. Coach Ralph Skjod's team, behind the strong-armed pitching of rangy Sid Vraa, won the district tournament played at Fosston on Saturday and Sunday; and on Saturday night, August 7th, at 7:00 p. m., the locals will make their bow in state tourney competition when they meet the defending champion Austin juniors in St. Paul's Lexington Park.

The local team made a shambles of their district tournament finals game with Breckenridge, playing near-errorless ball and taking advantage of twelve miscues committed by Breckenridge. Vraa, who hurled a four-hit game on Saturday night against Winger, came back on Sunday night to toss a six-hitter in the finals.

The local juniors had their sternest test in their first-round game against Winger, and it was only through a five-tally splurge in the 6th inning that the locals were able to "insure" their victory.

Both teams appeared jittery in their defensive play, with the locals being guilty of six misplays, and the game was a 3 to 2 thriller until the locals came up with that "big" 6th inning. Leading the Prowlers attack was southpaw swinging Fred Dablow, who had a perfect "four for four" and who, along with Vraa's pitching, was a vital factor in giving the local club their win over Winger.

The line scores:

Lincoln High Cage Mentor Shares in Basketball Clinic

Al Adams, coach of the Wahpeton High School "Wops", North Dakota Class "A" basketball champs, who moves to Thief River Falls this year to assume the cage helm here, is among the group of outstanding basketball instructors at the Concordia coaching school in Moorhead, August 8-11.

Adams, whose Wahpeton teams have been perennial Southeast Conference champions, made a clean sweep last year copping both the Minn-Kota and Eastern Divisional crowns before nailing down the state championship.

Adams is a graduate of North Dakota "U" where he lettered in football, basketball, and track.

Don't Park on No. 1 Near Ball Park

The highway patrol during the past week brought a half-dozen motorists into municipal court on charges of parking their cars in a no-parking zone on that section of Highway 1 abutting on the fair grounds ball park. Patrolmen issued a warning against the practice, pointing out that it creates a serious traffic hazard.

Region Midget Title at Stake Here Tonight

Thief River Falls to Play Bemidji for Right to Enter State Tourney

Coach Jack Louma's Bemidji midgets will meet Coach Bob Nick's local midgets in the finals of the JayCee's regional midget baseball tournament at the Fair Grounds diamond tonight, Wednesday, with the winner gaining a berth in the state tournament to be played at Chisholm.

Bemidji gained the finals by defeating Gonvick, 4 to 0, behind the three-hit pitching of righthander Bill Lawrence in a game played at the Fair Grounds on Tuesday afternoon.

Coach Nick's locals were forced into an extra-inning tilt before they were able to edge out the Lake Bronson midgets, 4 to 0, in a "thriller" played under the lights on Tuesday night.

Lake Bronson, on a walk to lead-off man Rusty Anderson, a double by Wayne Sele, a walk to Vint Moen, and a double by Chuck Vagle, scored two runs off Dale Glass in the first inning. Righthander Bobby Hallamack moved to the mound from third base, and he retired the side, getting a pair of strikeouts and an infield out. The locals picked up a score in the 2nd inning, and evened the game with another run in the 3rd inning.

The game moved along at a rapid, and scoreless, pace until the 8th inning when, with one away, Johnson doubled to right-field. Myron Sele popped out to second base; Danielson drew a walk; Harley Bakken singled to center-field, scoring Johnson with the tie-breaking run. Bakken was out at second trying to stretch his hit into a double, retiring the side.

In the locals' half of the 8th inning, Glenn Carlson walloped a double to right-center; Fred Dablow followed with a double to left-field, scoring Carlson to again tie the game. Hallamack flied to left-field; Dean Anderson lofted a single into right field, with Dablow stopping at second; Dave Berg slammed a ground ball to second base, and when the Lake Bronson fumbled the ball, Dablow sprinted across with the winning run.

Hallamack, after entering the game in the 1st frame, pitched four-hit ball, doled out but three walks, and collected thirteen strikeouts.

Game-time for the championship contest tonight will be 8:00 p. m. A preliminary game, between a pair of local PeeWee allstars, will start at 6:15 p. m.

In the district tourney played here last week, the local midgets gained the regional by defeating the Crookston midgets, 5 to 4, with Hallamack pitching the win for coach Nick's team while Glenn Hannah was on the mound for the losers.

Thieves Edge out R. L. Falls Sunday; Now 1st in League

Locals Score Six Runs in Third Inning, and One Each in 6th and 8th

Jerry Stevens' double down the right-field foul-line with the bases loaded in the 3rd inning, drove in three runs and provided the Thieves with the scores that gave the locals an 8 to 6 win over the Red Lake Falls Lakers in a hectic ball game played here Sunday night.

By their win over the Lakers, the surprising Thieves moved into first place in the league standings, and if manager Swede Lund's club can defeat the Viking Oilers here on Thursday night, the Thieves will have been successful in defending their league championship.

Red Lake Falls opened Sunday night's scoring by racking up two runs in the 3rd inning when Dalton Hoflus drew a walk, Red Miller singled, Ken Bombardier hit into a force play, and the Thieves committed a pair of errors.

The Lakers held that 2 to 0 lead until the 3rd inning when five base-hits, a walk, and a hit batsman scored six big runs for the Thieves, and gave the locals a 6 to 2 lead.

A single by Bombardier, a double against the center-field fence by Jim Henkes, an error, and singles by Joe Herren and Archie Sele, shoved three Laker tallies across the plate in the 6th inning, paring the Thieves' lead to one run. The locals in their half of the 6th, picked up a run on an infield hit by Al Williamson, and three bases on balls; and in the 8th frame, a single by Joey Poole, a single by Gene Leslie, and a sacrifice fly by Lund, plated the Thieves final score.

The Lakers made a bid to get back into the game in the 9th inning when, with two men out, Miller doubled to right-center, and Bombardier followed with a ground double down the left field foul-line. Henkes ended the game by grounding to short-stop, and was out, Poole to Larry Perkins.

Plummer Challenges Thieves

The Plummer Red Sox, coached by Jesse DuChamp and managed by Deane Schoenauer, have won a ball game, and now they have made a claim to the Soo Line and Highway 59 championship, and have issued a challenge to the Thieves for a game here under the lights.

There was a time that the Red Sox, when they had Arve Mortrude and Gust Isaakson as pitchers and Wm. Westrum as the catcher, had plenty of baseball vitamins, and were a power in northwestern Minnesota baseball. Lately, though, the red in their socks has been pretty anemic, and they have been subjected to considerable baseball abuse. According to Jesse and Deane, those days are gone.

It is rumored that the Plummer management has dickered with Phil LeGault, and the chunky southpaw is reported to have agreed to pitch for the Red Sox in their game against the Thieves. Phil believes that his sharp-breaking stuff will have the young Thieves' batsmen back on their heels.

Ebb and Flow

We've learned that the rapid rise and fall in the river level on Sunday was caused by the launching and "unlaunching" of the VanRooy-Wendt "power boat." The two local doctors brought their boat to the launching dock just north of the Third Street bridge on Sunday morning, and, Newton's rules of gravity being what they are, it was quite simple to ease the boat off their truck-type trailer and into the river.

But the "unlaunching" on Sunday evening, well, that was something else. It required the combined efforts of a squad of twenty strong-armed men, plus several boys, and a wrecker-service winch, before the boat reluctantly loosened its grip on the Red Lake river.

Birds in the Hand

The Times trap shooting squad looked over their score on Thursday evening and were pleased with what they saw—Clarence had 21-3, for a 24; Mel had a 17-6, for a 23; George had a 17-5, for a 22; Harold had a 17-4, for a 21; and Bill had a 21-5, for a 25—having a total of 115. The Baumann-Oen team, after four of their squad had marked up scores, had two 25's and two 18's. The Times thought they had the match "clinched," for even if another Baumann-Oen shooter arrived it was doubtful that he would score a 25.

So what happened? Mel Hyland, 3-handicap shooter, came out there and broke 24 birds, given him a 25; and then Dr. Paul Wendt made his appearance, and all he did was break 17 birds, which with his 8 handicap, gave him a 25. The grand aggregate for the match then read: Baumann-Oen, 118; Times, 115.

About the only joy and comfort that the Times squad received out of last week's matches was due to the outcome of the Pharmacy vs. Johnson Bros. match, which resulted in a 122 to 117 win for the Johnson's.

Miscellany

Lloyd Harney, former local golf club member but now playing out of Willmar, won the state American Legion golf championship at Hutchinson last week. Sixty golfers competed in the tournament.—Marv Jorde and Mike McMahon, members of Dennis Rolle's state high school hockey champion Prowlers, and both all-state selections, are completing plans for attending the University of Minnesota. The two boys, who have received Williams scholarships, should bring a well-pleased smile to the face of Johnny Mariucci, the Gopher hockey coach.—We hear that Chet "Buck" Lundsten, the former Williams high school all-state hockey player, has received his Army discharge and will enroll at Minnesota.—Ed Baird, who rightly takes pride in his ability to train dogs, was telling the boys in his golf foursome on Sunday that he could train that springer spaniel that was tagging along with the group. Ed tossed a golf ball to the dog for a retrieve, but the springer refused to return the ball after making the retrieve. Ed then rolled out a second ball, and that ball dropped down into a gopher hole. Ed, to the great amusement of his golfing buddies, spent half an hour digging out that ball. That episode ended the day's dog-training lesson.

No Primary Contests in Marshall County

Only two of Marshall county's full-time county officials will have opponents in the fall elections with filings for all county and state offices having closed Monday, July 26.

The two lone offices with opposition condidates are attorney with A. A. Trost, incumbent and Warren A. Saetre opposing and county auditor with Levi O. Johnson, veteran incumbent, being opposed by Karl Turnlund of Comstock township.

Mr. Turnlund is native of the county being born and raised in Comstock township. He attended the Warren schools and also took a business course in Minneapolis. He has served as a member of his town board for 18 years and has been a member of his school board since 1933.

Each of the three county commissioners will also have opposition at the fall election Leslie E. Grange, first district will be opposed by Emil Anderson, Rosewood, chairman of the county ACS committee; John Rapaca, third district, opposed by Joe H. Lindstrom, Argyle, former village mayor; and Softus H. Bjertness, fifth district, opposed by MarvelMoe, Agder township farmer.

There will be no primary election run-off for any of the county officials at the primary on September 14. The general election will take place on November 2.

County officials who filed without opposition include Richard W. Fitzsimons, representative in the legislature; J. W. Sands, treasurer; Edwin K. Rokke, clerk of court; H. M. Hanson, register of deeds; Oscar C. Erickson, sheriff; John O. Pearson, county superintendent of schools; and Dr. E. E. Pumala, coroner.

Senator Donald Sinclair, Stephen, of the 67th district comprising Marshall, Kittson and Roseau counties is unopposed for reelection.

Dr. Aasgaard Is Honored at Dinner in Minneapolis

Many Share in Tribute to Retiring President of Ev. Lutheran Church

A dinner honoring Dr. J. A. Aasgaard, retiring president of the Evangelical Lutheran church, was given by Lutheran Brotherhood life insurance society, Thursday evening July 29, at the Minneapolis Club in Minneapolis, attended by 200 religious, educational, governmental and business leaders. Presiding at the program was Carl F. Granrud, president of Lutheran Brotherhood, who paid special tribute to Dr. Aasgaard's services as a member of the life insurance society's board of directors during the last 12 years.

Dr. Adalbert R. Kretzmann, pastor of the Evangelical Lutheran Church of Saint Luke in Chicago, as the principal speaker cited various qualities that contributed to Dr. Aasgaard's leadership during his 29 years as president of the third largest Lutheran group in America. "I am sure we are all glad that we know Dr. Aasgaard," he said. "A life like his says loudly, 'Let us not diminish our lives, our faith, our God, our land, by ceasing to be on friendly terms with the best.' In such an endeavor this life has been a blessing and a glory and shall continue to be an inspiration to all of us."

Reference was made to Dr. Aasgaard's long and varied service in local pastorates, as college president, editor, member of numerous boards and committees, world-wide and local, and his wide contacts and influence through extensive travel, writing, and speaking.

Greetings also were extended by Minnesota's Governor C. Elmer Anderson and a former governor of the state, J.A.O. Preus of Chicago, chairman of the Lutheran Brotherhood board. Tributes also were given by Dr. Joseph L. Knutson, president of Concordia College, Moorhead, (headed by Dr. Aasgaard from 1911 to 1925); Dr. Randolph E. Haugan, manager of Augsburg Publishing House, Minneapolis; and Norways' consul general in Minneapolis, Thorgeir Siqveland.

State DFL Party Plans Huge Rally in Minneapolis

The largest number of persons to be fed at a public participation in the history of Minnesota will be served a huge baked beans and weiner feed at the Minnesota Democratic-Farmer-Labor Party's Rally for Victory on Saturday, September 25, in the Minneapolis municipal auditorium.

At least 10,000 persons from all over Minnesota are expected to be served at the event in the three hours between 5 and 8 p. m. by 150 volunteers from the AFL Cooks and Waiters Union in Duluth, St. Paul and Minneapolis.

Adlai E. Stevenson, Democratic presidential nominee in 1952, will be the featured speaker of the evening program. Also present will be all of the DFL nominees for state and national offices and most of the liberal candidates for the legislature.

Hail Ruins Crops in Stephen Area

Estimated 15 Pct. of Total Crop Destroyed

With harvest operations only a few days distant, thousands of acres of lush grain crops in the Stephen territory were decimated in a hailstorm which struck suddenly at about 5:00 o'clock Monday, July 26, after a day of searing 95-degree temperatures and high humidity.

As reports of losses continue to come in from the affected areas, it is evident that the destruction wrought by the hail was approached proportions of a major disaster for the Stephen community, with an estimated 15 per cent of its total crop acreage completely destroyed.

Heaviest damage apparently centered in the townships of Eagle Point, Donnelly, and Sinnott, with lesser damage reported in the townships of Wanger and Wright. The northeastern corner of Eagle Point and the north halves of Donnelly and Sinnott had crop damage which was virtually complete, while in the Florian section losses range all the way from 10% to 100%.

County Residents Urged to Increase U. S. Bond Buying

Pennington County to Date This Year Invested $95,994 in Savings Bonds

Residents of Pennington county were called upon by L. H. Everett of East Grand Forks, chairman of District 1, to support their U. S. Savings Bonds committee headed by chairman J. M. Roche to boost their bond purchases in the weeks ahead in order to improve the county's position quota-wise.

Figures for the county show that purchases of Series E and H bonds to June 30 have totaled $95,994 or 31 per cent of its assigned goal for 1954.

In commenting on the need for continuing purchases of savings bonds, the district chairman said, "It is essential that each citizen does his level best to meet a patriotic obligation to suport the government in its efforts to manage our national debt as wisely as possible.

"Debt management is not just the Treasury's problem, it is every American's concern. The way the debt is managed directly affects the supply of American's concern. The way the debt is managed directly affects the supply of money and credit through the economy, and this in turn affects business, jobs available, the production of goods, the trend of wages and prices, consumer income after taxes, the buying power of our dollars. How the debt is managed affects all of us every day of our lives.

"That is why authorities on government debt management agree that to manage our tremendous national debt wisely it is essential that it be owned by as many individual Americans as possible."

Purchases of Series E and H bonds in Minnesota during June were $6,152,000 compared to $5,359,000 a year ago, a gain of 13 per cent. The volume for the first half of 1954 now reached $44,400,000 which is 47.3 per cent of the annual goal. This compares with $36,200,000 for the same period a year ago, a gain of $8,200,000 of 18 per cent.

National sales for the first six months of 1954 amounted to $2,516 million, up 13 per cent over last year.

Grasshoppers Threaten Crops in Some Counties

State Entomologist Reports Large Numbers Found in Western Area

Now it's grasshoppers — as if armyworms weren't enough. That's the word from State Entomologist T. L. Aamodt's office on the University of Minnesota's St. Paul campus.

Aamodt reports an alarming buildup of 'hoppers in central and western Minnesota counties and says a similar threat is worrying several South Dakota counties.

The 'hopper invasion can be called 'serious" in Itasca, Pine, Wright, Sherburne, Morrison, Polk, Lyon, Pipestone and Rock counties, Aamodt says.

The danger point is 10 to 15 small 'hoppers per square yard and if a farmer finds that many now he should be alert with spraying plans to prevent possible damage when the little fellows grow up and get really hungry.

Aamodt also request that farmers worried about large numbers of young 'hoppers get in touch with his office or their county agent.

U. S. Department of Agriculture experts who flew to the armyworm "battle scene" last week described the control program organized by the state entomologist's office as a "superhuman effort" and a "real job of coordination."

Far more spraying and "expediting" work was accomplished than they had thought possible in such a short time, they said.

Although some areas are still bothered with the tiny inch-long worms, a major problem—getting insecticide to the right places in time—has been licked. Aamodt says all the spraying that will be done has been completed, is being done now or is contracted for.

New Booklet on Dairying Offered

Extension Publication Available from Co. Agent

Minnesota dairymen searching for ways to make their operation more profitable get an outline of a good management program in a new University of Minnesota booklet. Titled "Dairying With a Future," Extension Bulletin 276, it is available free at county agents' offices. Its authors are Ralph W. Wayne, Harold R. Searles and Ramer D. Leighton, extension dairymen at the University.

They emphasize that dairying is a changing business. For example, housewives are buying only half as much butter as they did 20 years ago, but nearly twice as much cheese and ice cream. More dry milk and about the same amount of fluid milk go to U. S. kitchens now, too.

Thus say the specialists, more dairy income will come from other milk solids in the future. Another trend is specialization. Herds are a third larger than 20 years ago and modern processing methods—milking parlors, bulk tanks, barn cleaners and other labor-savers—are becoming popular.

They point out that prices will be under pressure for some time and that only an efficiently-producing herd and overall efficiency will keep costs down.

Their first pointer: maintain high production per cow. Feed, they say, is the biggest single cost in dairying—about half the total—and offers much opportunity for cost-lowering.

The booklet also has feeding pointers, culling tips, tables of figures and record helps. Available at county agents' offices, it also can be had from the Bulletin Room, Institute of Agriculture, University of Minnesota, St. Paul 1.

ROAD USE UP 3.6% IN FIRST 6 MONTHS

Travel on Minnesota's rural trunk highways during the first six months of 1954 was 3.6 per cent over the 1953 figures, according to information compiled by the traffic and planning division of the Minnesota highway department. These figures are based on data obtained by 26 automatic traffic recorders located on rural trunk highways throughout the state.

Right of Bemidji Man to File for Governor Denied

The Minnesota supreme court Thursday upheld the action of Mrs. Mike Holm, secretary of state, who refused to accept the filing of state Sen. Leonard R. Dickinson of Bemidji as a candidate for governor.

Mrs. Holm had refused to accept Dickinson's filing for governor.

Mrs. Holm based her opinion on a constitutional provision denying candidacy to members of the legislature who vote state officers salary increases until a year after their terms expire.

Dickinson was a senator in 1951 when the legislature voted the governor a raise from $12,000 to $15,000.

OUR SECRETS SAFE IN CONFUSION

Three American scientists, just returned from a trip round the world and visiting mainly the hot spots of the cold war, are of the opinion that America makes the world nervous. We would go along with them in that opinion. In fact we would go further. America makes Americans nervous too.

Our regular chore of ten-minutes-with the headlines, during the week-end, left us both bewildered and nervous. The press gave us detailed information on the war that is in the making. Just what we are doing about it; how we are going to reorganize our military power; exactly what progress we are making in developing more destructive weapons; what army units we are moving where and why in the far east; all this and more was spread before us with proper credit to the authorities quoted.

Here at home we have some understanding of our American journalism and its shortcomings, and have developed considerable tolerance for its poisons. We are accustomed to startling headlines and overemphasis and exaggeration. But even with our experience in distinguishing between the factual and the fantastic, the combination of headline-hunting "authorities" and by-line-drunk reporters still makes us nervous. And it is easy for us to understand why a world that has not had America's experience with a free press should be jittery.

There have been times when we have wondered why it should be necessary for any enemy to maintain a spy system in our country to obtain secret information. We have quit worrying about that because we know there just isn't any secret information. For a nickle a day they "read all about it."

But maybe in this unrestricted battle of the headlines we actually find a measure of security. Unless the foreigners are smarter than we are they must be almost as confused as we are too by the constant barrage of conflicting statements and opinions. The fact that the great mass of our own people have managed so far to go about their business in spite of the alarms indicates that we must have been well supplied either with endurance or fortitude and this encourages us to hope that we may continue to survive.

RECEPTION—WARM AND COLD

President Syngman Rhee has been given a cordial reception in Washington in spite of the fact that his purpose was not strictly peaceful. Some observers thought he was a little tactless in expressing himself so freely in speaking to Congress. Fortunately his appeal for a renewal of the fighting was not taken too seriously.

Perhaps his unorthodox conduct served a good purpose. The Red propaganda mill is going to have difficulty putting out a convincing report on his visit proving that President Rhee is a puppet of our imperialistic leaders. In this instance it was a citizen of Asia who was calling for an Asiatic war and not a representative of the American people. Our warm reception of the head of the South Korean government and our cold reception of his ideas may help us establish the fact that we are not doing the war mongering.

Worth seeing tonight (Wednesday) under the lights at the fair grounds ball park are the final games of the Jaycee Midgets regional baseball chamionship tournament. This is the old corner-lot kid game in a modern setting—and according to rules.

With district and regional championships in the bag, the Thief River Falls Legion Jr. baseball team now goes to the state. These youngsters are seasoned competitors and they have a lot of hustle. Whether they win or lose up there in the thin air of state competition, we are sure they will make a creditable showing.

There's lots of baseball in the air around here this week. The lights at the fairgrounds ball park are well received by both players and spectators. The playing field leaves much to be desired but this improvement is in the making. It is surprising how many of our young men and youngsters are participating in the game as active members of league teams. And while it is less surprising it is encouraging to know that there are so many of our people who are welcoming the opportunity to participate as spectators.

Looking Backward

1924—THIRTY YEARS AGO

Thief River Falls was awarded the 1925 state convention of the American Legion.—Senator Magnus Johnson and his opponent, Thomas D. Schall were scheduled to speak at the Pennington county fair this week.—County Attorney and Mrs. Theodore Quale and children returned from a trip to South Dakota.—The work of enlarging the basement under the east end of the court house is in progress.

1934—TWENTY YEARS AGO

Due to the low stage of water in Red Lake river, the Tindolph park swimming pool was closed for the season.—Marvin Benson defeated Lincoln Arnold to retain the city tennis championship.—Governor Floyd B. Olson reported that more than one-fifth of Minnesota's population is receiving aid from federal, state and local governments.—The local Carnegie library circulated 63,648 books during the past year, setting a new high mark.—F. A. Brown was named acting postmaster at Grygla.

1944—TEN YEARS AGO

Three retiring Soo Line engineers were honored at a party, the group including W. H. Kinghorn, Wm. Smithers and Joseph Holmes.—Wesley LaFave, for 63 years a resident of this area, died at the age of 80.—M. C. Gulbranson was appointed adjutant of the local Legion post. —J. Cameron Thomson, president of Northwest Bancorporation in Minneapolis, spoke at a joint meeting of the C. and C. assn. and the Junior Chamber.

NEWSPAPERS IN THE NEWS

Two Minnesota newspapers recently reported 55-year subscribers. Alma Amundson first started taking the New London Times in 1900 and recently renewed her subscription for another year.—Joseph F. Chovitek has renewed his annual subscription to the New Prague Times for the 55th year.—Frank Hamm went to Duluth as a lad of 22 to install an engraving plant for the Herald; at 70 he just retired after 48 years of making halftones for the fast-growing family of Duluth daily newspaper readers.

Mrs. Hjalmer Stokke Reports on Trip

Well the Stokkes have been on the move again. We left for Toronto, Ontario, Can. to visit Mr. Stokke's brother Julius and family who live there. Monday, July 5th we went as far as his sister, Anna Sorenson's in East Grand Forks. That night Hjalmar's mother, Mrs. Johanna Stokke and sister Mrs. Sorenson accompanied us on the trip. We left Anna's about 8:30 Tuesday morning. We had dinner in a roadside park near Bena. We entered Wisconsin about 3:15 that afternoon we drove U. S. Highway 2 from Grand Forks to Wakefield, Mich. where we took Highway 28. We stopped that night in Bergland, Mich. We sure saw some beautiful scenery in northern Minnesota and Wisconsin and parts of Michigan. Those pretty rolling hills, different kinds of trees, pretty birds and lakes. I could not help but think of the Bible where it says in Psalms 50 verses 10 and 11 "For every beast of the forest is mine and the cattle upon a thousand hills, I know all the fowls of the mountains and the wild beast of the field are mine."

We arrived at Sault Ste Marie, Mich. about 12:45 o'clock where we crossed on a ferry to Sault Ste. Marie, Ontario. There were lines of cars waiting to cross over going both ways. You see cars from many states and provinces as you drive along the highways. We had dinner there at Sault Ste. Marie, Ont. From there we took highway 17. We stayed that night in Sudbury, Ontario. Before we came to Sudbury there was a big city of all new houses being built, also factories going up and big mounds of red dirt so we inquired about it and they said it was copper mines there.

We left Sudbury, Ont. about 6:30 Thursday morning and went as far as North Bay where we took south on Highway 11, we saw some of the most beautiful meadows of hay and some was still standing, some had been baled and some were but in cocks. The hay cocks were so thick that they were only a few feet apart.

At Orfila, Ont. we took highway 12 until we came to Highway 2 again in Whitby, Ont. on Lake Ontaria where we followed the Lake to Toronto where Julius lives. We arrived there about 5:00 o'clock. The population of Toronto is nearly two million.

We had a very enjoyable time from Thursday until Sunday with Julius and family. We visited at his three daughters that are living in Toronto. We were also in some of the big stores there.

We left Julius home Sunday morning the 11th and they came along as far as one of his daughters that lives in Kitchener, Ont. We had a very nice time there also had dinner. We left his daughters at 3:15 o'clock and took Highway 7 to Sarnia where we crossed a big bridge back to U.S.A. at Port Huron, Mich. on the southern tip of Lake Huron. We followed the St. Clair river from Lake Huron to Lake St. Clair on Highway 29. We stayed that night near Algonac, Mich on St. Clair. We watched a big ship going up that evening, it sure was pretty the ship being all lit up. We saw many other big ships on our trip. We left the cabins Monday morning on Highway 29 and drove around Detroit on the northern side then to Ann Harbor, then on 112 highway to Dayton Lake, Mich. where we stayed Monday night.

Tuesday morning we drove around the southern tip of Lake Michigan and took many different roads to get around Chicago. We drove into Indiana, then into Illinois, on Highway 13 to the Wisconsin Dells. The southern route was more corn and oats, cattle and hogs. It was a very pretty drive, many people there use hay choppers in the hay meadows. Tuesday evening we had a cabin in the Dells. Hjalmar and I went on a tour in a duck. First we drove on land up and down steep hills and down a steep bank into the river, then he used the duck for a boat and we went many miles in water seeing many different formations in the rocks along the river. The driver stopped many places along the tour and told some very interesting things about the Dells. Then we drove over land into a lake then on some more land and around a small lake where we could see fish jumping way out of the water. It was different from any tour we had ever been on and we had lots of fun. We left the Dells Wednesday morning at 7 o'clock and took highway 12 to Menomonie, the 25 to Prairie Farm, Wisc. where we visited a while at the Louis Govick home. Mrs. Govick is a cousin of Hjalmar's. That evening we stayed on the west shore of Lake Mille Lacs that is a very pretty place to spend a vacation. The next morning we took highway 18 to highway 371 then to Cass Lake where we got back on No. 2 back to Grand Forks where we left Hjalmar's mother and sister and got home toward evening. Be it ever so humble there's no place like home.

Look at the 3-way bonus you get in the car that's sweeping the nation!
1. You get the car that's styled for tomorrow—
and for only 2324.88* delivered locally!
In Buick today you find the fresh modern beauty that will pattern the styling of other cars yet to come. That's a major reason for Buick's soaring success this year. But note the low delivered price shown here—that's the clincher. No other car at so low a price gives you this advanced styling—plus Buick's great room, comfort, ride and V8 power.
2. You get the car that's a sure high resale value
Of this you can be sure: the new Buick you buy today will look modern next year, too—because that broad panoramic windshield will be appearing on other cars as a 1955 feature. So with the new Buick you buy now, you'll stay right up in the style parade for years to come—and command a higher resale price when you trade it in.
3. You get a bigger allowance from our volume business!
Regardless of price class, Buick today is outselling all other cars in America except two of the "low-price three." That's fact. So with this tremendous sales volume, we can offer you a higher trade-in allowance when you buy a new Buick. Come in, see and drive Buick the beautiful buy. Then see for yourself how volume business means a far bigger allowance for you.

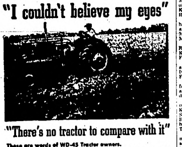
"I couldn't believe my eyes"



"There's no tractor to compare with it"

These are words of WD-45 Tractor owners.

From coast to coast, farmers who own the WD-45 are praising the performance of this great new tractor. And there's no doubt about the reasons for such high praise — it's performance . . . and price!

The new POWER-CRATER engine gives you the power you've always wanted. This mighty power plant plus AUTOMATIC TRACTION BOOSTER lets the WD-45 pull three bottoms almost effortlessly through fields often considered impossible to plow.

And conveniences, like SNAP-COUPLER, POWER-SHIFT wheels, and TWO-CLUTCH POWER CONTROL add up to a tractor that's unmatched in features and performance . . .

One demonstration will prove it. And the price will save you hundreds of dollars. Let us show you.

SNAP COUPLER and POWER-CRATER are Allis-Chalmers trademarks.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to duly published Notice, the City Council met in the Council Chambers in the Auditorium Building on July 1, 1954, at eight o'clock P. M. to consider a petition presented by O. G. [illegible], Mrs. Lucille Ekeren and [illegible], dated on May 28, 1954, for vacation of a roadway, 30 ft. by [illegible] shown on the plat of [illegible] Rearrangement lying between Lots 21 and 22 of said [illegible] Rearrangement.

At this time no objections appeared to such proceedings and Alderman Honebrink introduced a resolution declaring said roadway vacated, fixing the compensation to be paid in connection therewith and moved its adoption. Alderman Hunt seconded adoption. The roll was called on the question and all members voted in favor thereof. The resolution was then by the President declared passed and adopted.

CARL E. GJERNES,
President of the Council.
Attest: P. G. Pederson,
City Clerk.
(Seal)

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the City Auditorium on July 20, 1954, at eight o'clock P. M. Aldermen Bell, Berg, Honebrink, Carlson, Gjernes were present. Alderman Hunt was absent.

Minutes of the meetings of June 15, 23, July 1, 8, were read. Alderman Bell moved that the same be approved as read, which motion was seconded by Honebrink and carried.

Alderman Berg moved approval of such applications with exception of that of Thief River Falls Grain Company. Alderman Bell seconded the motion which was duly adopted.

Application for abatement of penalties and interest accrued against Lot 8 Block 6 of Riverside Addition on special assessments for walk, curb and gutter, years 1951-53 was presented by [illegible]. Alderman Bell moved that the same be approved and that recommendation to that effect be transmitted to the Auditor of Pennington County. Alderman Berg seconded the motion which was passed by unanimous vote.

There was presented a petition for bituminous treatment of alley between [illegible] and Maple Avenue and between Taft and Third Street. Alderman Carlson moved that the same be laid over for further study. Alderman Bell seconded the motion which was duly adopted.

The Council proceeded to conduct a hearing advertised for this date on petition for construction of Sanitary sewer and Watermains along Merriam Avenue from Hughes to Nora Street. No objectors were present. Alderman Bell introduced a resolution determining to proceed with such construction, directing preparation of plans and specifications in connection therewith by D. H. Stewart, Engineer, and moved its adoption. Alderman Honebrink seconded the motion. The roll was called and all members voted in favor thereof. The resolution was declared passed and adopted.

There was presented Engineer's Preliminary Report on construction of Curb and Gutter, along Merriam Avenue from Third to Taft Street, cost $4,023.00 and the same was read. Alderman Bell introduced a resolution directing that a hearing be held on the petition filed therefor, at eight o'clock P. M. August 17th, 1954 and moved its adoption. Honebrink seconded the motion. The roll was called and all members voted in favor thereof and the resolution was then declared passed and adopted.

Alderman Bell then moved that an Ordinance annexing to the City of Thief River Falls a certain tract of land between the present corporate limits north of Ninth Street and Eighth Street, and lying east of the east line of State Avenue, projected, be given its second Reading. Alderman Honebrink seconded such motion. The roll was called on the question and all members voted Aye. The motion was declared carried and the Ordinance was read and filed.

Indemnity Bond in the amount of $1,000 given by L. D. Hartz and Carl M. Johnson, with Fidelity & Casualty Company, New York, surety, in connection with use of streets for the purpose of moving residential property from 220 Kendall Avenue North to Lot 7, Block 1, Bergen's Addition was presented. Alderman Honebrink moved acceptance and filing. Alderman Carlson seconded the motion which was duly carried.

There was presented by Soo Line Railroad an agreement covering the use of a certain portion of the property of said Railroad for roadway access to the Water Treatment Plant of the City. Alderman Bell introduced a resolution approving the same, directing execution of said agreement by the proper officers of the City and moved its adoption. Alderman Berg seconded the motion. All members voted in favor thereof and the resolution was declared passed.

RIVER AND STORY BOTH RUN SMOOTHLY

It isn't unusual for an editor to write. Editors even turn out frequent books. But this editor, this book, and this subject are special. They're "local" to Minnesota. The book is "Brule Country." The subject is the shortest natural waterway between Lake Superior and the upper Mississippi. The publisher is a St. Paul company. The author is a Minnesota editor and business man, Albert M. Marshall of the Red Wing Republican-Eagle. The colorful history of the scenic waterway is traced from discovery by Daniel Du Lhut in mid-1600 to present-day resorters, including chapters on Indians along the river and other early explorers. The announcement that "Brule Country" is Mr. Marshall's first book implies that there may be others.

HAMRE . . .

Frank Johnson and son Marland, Sharon and Ila Pitman all enjoyed boating out at Warroad last Sunday.

Several ladies spent the first days of last week varnishing up things in the Carmel Church and also the kitchen. It sure looks nice now.

Ed. Longren from Thief River Falls and Anton Korstad who is visiting in this vicinity were both Tuesday visitors at the Frank Johnson home.

The next meeting for the Carmel Ladies Aid will be held on August 12 at the Torrence Lillevold home.

Sherman Knutson, Alvin Peterson and Gene Frazer from Oklee delivered a truck load of oats to the Johnson turkey farm on Friday, all were also afternoon lunch guests there.

A lot of the ladies here are now spending their time in the blueberry patch. Some report good luck, but the berries are as usual you have to work for them.

Frank Johnson motored to Thief River Falls Thursday.

HOW WELL DO YOU KNOW YOUR BARLEY?

Best experimental barley yield reported by University Farms is 71.6 bushels per acre for Vantage variety at the Morris station; Vantage average for the five southern stations was 53.2; best average for three northern stations was Trebi's 49.7. Vantage and Trebi both have relatively heavy kernels, though per bushel Mars is the heaviest southern, Peatland the heaviest northern variety: 46.5 and 47.4 pounds, respectively. Mars June 23, and Plains June 26, are the earliest heading varieties south and north. Montcalm south and Peatland north are the tallest varieties, 34 inches.

Deaths in Traffic Drop During July

Eight Fewer Deaths Are Reported Than Year Ago

For the second consecutive month this year, traffic fatalities were slightly below those of the corresponding month of last year, according to a preliminary report by the Minnesota highway department, with 63 deaths being reported through Friday of last week, as compared with 71 for the month of July in 1953, for a saving of eight lives.

And these eight lives saved, says the department, equaled the drop in pedestrions deaths, with only four fatalillities in this category last month, as compared with 12 in July of last year.

The year's toll now stands at 350, or 34 more than the 316 killed in the first seven months of 1953.

More than half of the month's toll—34 deaths—resulted from vehicles running off the road, overturning, hitting fixed objects or colliding with railroad trains at grade crossings. There were a total 22 accidents in which motor vehicles ran off the roadway, resulting in 17 deaths.

Accidents involving two or more vehicles brought death to 25 motorists, with five of these mishaps bringing death to 10 people.

Episcopalians to Hold Congress in Minneapolis

A great opening service in the Minneapolis municipal Auditorium will mark the beginning of the Anglican Congress as it meets August 4 to 13 in the Twin Cities. Scheduled for 8:00 p. m., August 4, the opening service will begin with a procession of the six hundred bishops, priests and lay people from Episcopal churches throughout the world who are official delegates to the Congress. Seats at this meeting are available to the general public from 7:30 p. m.

The Most Rev. and Rt. Hon. Geoffrey Francis Fisher, archbishop of Canterbury, and the Rt. Rev. Henry Knox Sherrill, presiding bishop of the Protestant Episcopal Church in America, will deliver their major addresses at this time. The two prelates are the leading figures at the Congress, the first as primate of the oldest church of the Anglican communion, and the second as presiding officer of the Congress.

Committee Urges Moving Cull Cows to Market Soon

Farmers and dairymen were reminded this week that grass-fat cows are $30.00 to $40.00 more valuable in July than 60 or 90 days later.

Figures of the state livestock marketing committee reveal that prices on lower grade cows have usually dropped from $2.50 to $3.50 per hundred between July and October. The reason: a heavy flow of grass fat cows from western and native states hits markets about September 15, causing prices to drop.

The committee, composed of representatives of the meatpacking industry, breed associations and educational organizations, points out that culling is one of the most necessary steps in building a profitable beef or dairy herd.

With a record tonnage of meat to be marketed this fall, it would be a wise financial move to ship cull cows to market this month, the group said.

Participating in the committee were the University of Minnesota's Agricultural Extension Service, the Central Livestock Association, Hormel's Agricultural Extension Service, the Central Livestock Association, Hormel's, Wilson and Co., Minnesota Livestock Breeders' Association, and the Minnesota Farm Bureau.

Several Contests in Red Lake County

Five Candidates Seek Board Post in 2d District

One of the most active political years in a long time is indicated for Red Lake county with the development of several contests as filing ended July 26.

For commissioner of the second district, now vacant, five candidates have filed. They are Felix Dosmutel, Nels Christopherson, Adrian Brule, Joseph St. Marie and Theodore Clement.

In the third district, where Lloyd Green is incumbent, two new candidates have filed. They are Vern "Swede" Lindquist and Wilfred "Bill" Rahler. Mr. Green has also filed for re-election.

Arthur Christopherson, incumbent commissioner in the Fifth district, will be opposed by Louis Mercil.

In the first district the candidates are Frank Grenier, incumbent, and Sidney Kirk.

Other filings in Red Lake county are: Superintendent of schools, Mary Drees, incumbent, and Mussetta Normandeau; clerk of court, Hazel Pahlen, incumbent. Sheriff, Noel Prouix, incumbent, and Carl A. Kenkel. Treasurer, Amanda Hoflus, incumbent. Judge of probate, Glen N. Fellman, incumbent. County attorney, Charles E. Boughton, incumbent; and Joseph W. Harren. County auditor, Arthur Prenevost, incumbent. Coroner, Dr. Allen M. McKaig.

Minnesota Lake Names Have Many Duplications

Minnesota has more than ten thousand lakes. That called for more than ten thousand names. This, in turn, means duplication of names with considerable confusion. Throughout the years there has been much agitation that the lakes be renamed. However, that suggestion has not been generally approved for the reason that a lake and its name form a sentimental association.

In every lake area in Minnesota there are several round, long or horseshoe lakes. The shores have also named the lakes. So there are many mud, sand and clearwater lakes. The beasts on the shores suggested names and Minnesota has almost innumerable deer and moose lakes. It is natural that the fish should wish to have the waters in which they swim named after them. Thus there are dozens of pike, pickerel, trout, whitefish and bass lakes. The birds wanted their share in naming the lakes near which they lived. Minnesota has loon, eagle, mallard, crane, heron and goose lakes by the score.

Many lakes were named after the men who first saw them or lived upon them. That, at least, provided some degree of difference.

Bemidji Cops Give Theatre Tickets to Polite Drivers

Bemidji police have added a new type of ticket to their line of merchandise. They are handing out free theater tickets to drivers exhibiting motor courtesy.

The first ticket went Thursday to Charles H. Lang, Bemidji, after he was seen halting his car on a busy street to permit youngsters to cross safely upon leaving a baseball park.

The theater ducats are furnished by the Bemidji Business and Professional Women to encourage courteous driving.

Police still are handing out the other kind of tickets to drivers who rate them.

Fall Term Opens at N. W. School Monday, Sept. 27

The fall term at the Northwest School of Agriculture, Crookston, opens on Monday, September 27. Advance room reservations indicate a normal enrollment of more than 400 students according to Superintendent T. M. McCall.

Contractors on the remodeling of the home economics Building are now at work and will have the job completed by September 15. The remodeled building will house the foods laboratory with four unit kitchens, a farm kitchen unit, dining room and laundry, clothing laboratory, related art classroom and laboratory offices and home management house. A piano conservatory will also be housed in the building.

Home economics students will get additional training in institutional food preparation. Members of the home economics staff are Miss Retta Bede, Mrs. Evelyn Peterson, and Myrtle Brown.

Point System for Drivers Urged to Reduce Accidents

The traffic point system, inaugurated by Connecticut seven years ago as a new approach to the problem of the habitual traffic violator, deserves close study by other states, according to E. Ray Cory, Austin, president of the Minnesota State Automobile Association (AAA and chairman of AAA's national committee on traffic and safety.

Now used by eight states and the District of Columbia, the point system is proving a valuable aid in identifying and weeding out the "repeater" among traffic violators, the AAA official said. The Connecticut system was set up after traffic authorities in the state discovered that 80 per cent of its accidents were caused by only 20 per cent of its drivers.

"The point system," Cory said, "provides that the motorist be given so many points (or demerits) for each traffic violation and that his driver's license be suspended when and if he reaches a specified number of points. In most states, the driver is given a fair hearing before any such action is taken."

In the case of Connecticut, the motoring organization spokesman said, points are automatically erased from a driver's record when they become five years old. This enables drivers who want to improve to put their past driving record behind them.

Road Job in Polk County Awarded

Low bids on 14 trunk highway projects, totalling $3,206,316, were announced today by State Highway Commissioner M. J. Hoffmann. In addition, bids were also received by the state in behalf of the city of St. Paul, for a railroad operation project on Shepard road, on which the low bid was $132,379. Opening of bids on seven additional projects, which it was planned originally to receive on July 23, was postponed until July 30.

The projects include in this area: Polk county, T. H. 102—Gravel base and plant-mixed bituminous surfacing of 10.7 miles between a point nine miles southeast of Crookston and Jct. T. H. 32, C. L. Nelson & Co., Brainerd, $164,684.

Dr. Wm. Henney, Pioneer McIntosh Physician, Dies

Dr. William H. Henney, 76, a 35-year resident and physician at McIntosh, passed away Monday of last week.

Dr. Henney was the mayor of McIntosh for 23 years, health officer for 30 years and also the health officer for Winger, Erskine and Mentor during the same 30 years.

He moved into the McIntosh area in 1919, and has been a resident since.

Funeral services were held Wednesday at the Our Saviour's Lutheran church at McIntosh.

Its' a fact that one among every 12 persons, between the ages of 20 and 60, has contributed blood through Red Cross for civilian and defense needs since the inauguration of the Red Cross Blod Program in January 1948.

Tells of Gas Tax

Starting this week gasoline pumps throughout Minnesota will display small permanent signs telling the total gasoline tax paid by motorists on each gallon they buy, J. B. McDonald of St. Paul, chairman of the state petroleum industries committee, announced today.

The message on the signs will read: "Price includes 7 cents tax on each gallon."

Mr. McDonald said Minnesota oil men are posting the gas tax reminders on service station pumps because they bileve the public needs to be reminded about the gasoline tax.

"Modern computing pumps, which mix the tax right in with the price of gasoline, may cause motorists to overlook or forget about the size of that tax," he asserted. "But with gas tax reminders posted on all pumps, motorists will have their attention called to this tax every time they buy gasoline."

Mr. McDonald explained that oil men approved the principle of a reasonable state tax on gasoline as a fair means of paying a just share of road costs. However, they believe that the right to tax gasoline should be reserved exclusively to the states, and that the federal government should withdraw from this field, he added.

SHOULD BOBBY HATE COPS?

Bobby had always wanted to be a policeman. But recently he has gotten acquainted with an older boy who hates cops. This older boy belongs to a gang. He has been "in trouble" several times. Despite the fact he comes from a respectable family, he is a *juvenile delinquent.*

The older boy is poisoning Bobby's mind. He is teaching Bobby to look at life through the eyes of a juvenile delinquent. The gang starts early to "train" new recruits!

Is there any *antidote* in Bobby's life to counteract the poison to which he is exposed? There can be.

It's not too late for Bobby's family to realize his need for religious training. They can begin next Sunday to be a church-going family. They can bring him to church school, provide a Christian atmosphere in his home, encourage him in his spiritual and moral development.

God cares about Bobby's future. Our community cares. Our churches all care. DO BOBBY'S PARENTS CARE?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ODDS NEVER END ...

In St. Louis Park the strange friendship between a cat and a white rat was proved with a striking newspaper picture.—Mrs. Casper Skarsten of Swift Falls grew a lemon almost as big as the pot that holds the tiny "tree."—Henry Plenge pulled a beet from his Fairmont garden that had grown thru an odd piece of metal forming a neat handle—suggesting the idea of specializing in handled beets.—A Virginia potato, pictured by Mesabi Daily News, looks strangely like a somewhat deformed calf's head.—A New Richland amateur ouilder recently launched a moderately expensive boat: a basement wall had to be removed to get it out of the workshop, and that led to stair and kitchen and other remodeling.

A softball game, played astride obstinate donkeys took place on the local baseball grounds on Saturday evening. Teams were chosen among the residents of Karlstad and Strandquist. This proved to be a laugh producing entertainment and no one was particularly interested in the score. These small animals seemed to be able to throw their riders at anytime they chose to do so, and some of them were certainly in the habit of choosing quite often. Of course there were some home runs made by a short cut! One of the players found himself riding backwards. Now can you blame that on a donkey? However the game ended in a draw.

University Tests Prove Glass Jars Ideal for Use in Home and Locker Freezing

3-Year Study Reveals Important Advantages of Home Canning Jars in Freezing Fruits, Vegetables, Meat and Poultry

What may come as a surprise and amount to a new discovery to many people, is seen in the striking advantages of glass jars for the home freezing of foods, as established by recent findings at the University of Massachusetts (Massachusetts Agricultural Experiment Station, Bulletin No. 463, June, 1952).*

While glass jars have long been familiar to home canners the country over, and have been used in the freezing of foods for several years, the fact that they are equally well suited for the latter purpose has not been widely known. These findings establish a number of essential characteristics and properties for a satisfactory package for home and locker frozen foods, all of which are afforded by regular home canning glass jars:

Glass containers have the advantage of being moisture-vapor-proof, which prevents freezer burn or the drying of foods. They are likewise leak-proof, preventing dripping of syrup. Glass containers have the further value of protecting foods from absorbing and giving off flavors and odors. They do not impart flavor or odor to the food, nor do they absorb grease, oil or water. Still another advantage of glass containers is that they are durable and may be re-used many times as they generally are in home canning. Then, too, unlike other types of containers and packaging, glass is always clean, never messy, does not stick to foods and contents are easily identified even without a label. All these advantages add up to a perfect container for the freezing of foods in home freezer cabinets, freezer lockers and in the freezer compartments of refrigerators.

NO BREAKAGE

Some people have questioned the use of glass jars for freezing because of a supposed tendency to break at low temperatures. Not so, says the University's Bulletin: "Technically speaking, there is no available evidence to the effect that the brittleness of such containers is increased at freezing temperatures."

Economy and convenience are other advantages to be realized by the use of glass containers for freezing foods. This is particularly true, it is pointed out, of home canners who are beginning to employ freezing as a means of food preservation, either entirely or as a supplementary method.

ATLAS JARS

ATLAS Jars have been used for more than fifty years by home canners. These jars have all the advantages noted in the University Bulletin.

In addition, ATLAS Jars are double tested for strength and individually inspected for clearness and perfect workmanship. They come in all sizes and, with ATLAS Arc Lids, make a perfect package for freezing as well as canning.

FREE INSTRUCTIONS, RECIPES

Complete instructions for successful home freezing, as well as helpful hints and special recipes are available in a profusely illustrated folder which may be obtained free upon request to Hazel-Atlas Glass Company, Dept. D, Wheeling, West Virginia.

50 YEARS AGO

Soo To Erskine

At this time, fifty years ago, Soo Line was approaching Erskine and the News of August 4, 1904, reported:

"It is expected that the first Soo train will be run into Erskine on August 9th. The contractors have figured the thing down that close and the people of Erskine are planning on quite a celebration in honor of the event.

"The regular train service on the Soo Line to Erskine will be inaugurated September 1st, unless present plans are disarranged by unforeseen circumstances."

There Were Troubles

But while peace and harmony prevailed on the railroad front in that issue of August 4, trouble of another kind was in the making.

The local gun club had become disturbed because of the large number of game birds that were being shot out of season and were doing something about it.

At a meeting in mid-July a letter to the club from "Samuel Fullerton, executive agent of the state game and fish commissioner, was read." He stated that if the club would select a suitable man for the place he would be appointed game warden "to look after the protection of game in this vicinity at a salary of $50 a month and expenses."

Said the News:

"All of the members of the gun club were enthusiastic for the protection of the game and propose to give the game warden all the assistance they can render. They also voted to give a reward of $10 to anyone who would furnish evidence to convict anyone of shooting game out of season. It was recommended that Joseph DuChamp be appointed game warden."

Game Warden Named

Joseph DuChamp was duly appointed and evidently was doing a good job. On Sunday, August 7th, he established a road block and was getting along fine, checking contents of each wagon that came along, until darkness—but here is how the News told the story:

"Game Warden Joseph DuChamp had a strenuous time Sunday evening. He was stationed at the Thief River bridge and stopped each team passing over, searching the rigs for prairie chickens. As long as it was light, and the honest countenance and star of authority could be seen, Mr. DuChamp had no trouble, and all stopped and let the game warden hunt for chickens. But after it grew dark it was a different story.

Hold-up Artist

"Rev. Bredeson was returning from a trip on the reservation, where he had been holding services. As it was quite dark Mr. DuChamp could not see the cloth of the minister nor the reverend gentleman the star of Mr. DuChamp. Consequently each mistook the other. Mr. DuChamp was quite sure that Rev. Bredeson was a game poacher while the latter thought that the former was a hold-up artist, and the command to halt was not obeyed.

"Mr. DuChamp then endeavored to stop the team, but the minister was determined he should not do this and started the team at full speed, and Mr. DuChamp was thrown to the ground.

"He arose just as M. C. Burns, who was coming in from a drive over the reservation, came up, and he made another attempt to stop a team. Mr. DuChamp was again thrown to the ground but was not hurt much of any.

"The police in the city were notified that a gang of hold-up artists were at work near the Thief River bridge, but when they learned that the alleged hold-up artist was Joseph DuChamp they did not go up to make an arrest."

But there was excitement while it lasted.

Plowing With Wind

Life was not complicated by traffic hazards and TV interference fifty years ago. There were no arguments about atom bombs or planes that traveled faster than sound. But there were things to marvel at then too.

In early August of 1904 a Wylie farmer announced that he was going to plow with wind, and story was given considerable space in the News. It stated:

"H. S. Lanning, an Iowa farmer who bought a farm a few miles from Wylie two years ago, has completed the model of a monster windmill which he will erect in the center of his farm and by which he expects to secure power from the elements to do the greater part of his farm work.

"His idea is to fasten his plows to long cables connected to a long shaft that is geared to the windmill. He believes his plan will be successful and will have the mill completed in time to experiment with this fall in doing his plowing."

There were doubting Thomases among the neighbors "who cannot figure out how he can distribute his power where he wants to use it without machinery, the expense and cumbersomeness of which would make it impracticable, etc. etc." Later issues of the News do not report how it turned out but the fact that plowing is not done by this method in the Wylie community today probably is proof that while the idea undoubtedly was good, one reason it didn't prove to be popular was that it wouldn't work.

Current Events In Valhall Area

By Mrs. Edwin Hanson, Rt. 3 City. Phone 1475

Mrs. Dennis Hanson and David left on Tuesday evening for Roseau to visit her parents, Mr. and Mrs. Olaf Brenhaug and parents, Mr. and Mrs. Olaf Brenhaug, and with her aunt who is there visiting from New York. They returned here on Sunday.

Mr. and Mrs. Albert D. Hanson, Pauline and Ralph of Kratka spent Thursday evening at the Edwin Hanson home.

Miss Marge Olson, Mrs. Carl Finstad and Mrs. Edwin Hanson were at the Joe Belange home on Friday to watch Dorris Belange give her demonstration on "Making Lefse". Doris is one of the 4-H State Fair trip winners. Others at the Belange home were Mrs. Sig Falkedahl, Meribeth, Diane, Craig, Debbie and Jonathan and the Rev. Albin Pearson.

Mrs. Nina Larson came on Wednesday to visit at the Edwin Hanson home and also helped Mrs. Hanson with the canning of vegetables.

Edwin Hanson was at the Albert D. Hanson home in Kratka on Friday and helped Albert with the shingling on some of the buildings which had been damaged by the storm.

Mr. and Mrs. Morris Engelstad, Dana and Debra of Aberdeen, S. Dak. came on Sunday to visit Morris' parents, Mr. and Mrs. Paul Engelstad.

Mr. and Mrs. Paul Engelstad were dinner guests at the Martin Finstad home on Sunday.

The Rockabury 4-H club will have their regular meeting at Valhall on August 11.

The airport road is under construction again. Last fall they worked on two miles from Lloyd Johnson north. They are now as far as the airport.

The telephone poles and wires have all been taken down on the two miles south of the cemetery on the airport road and the wires are all in a cable under ground. This work was done by several of the men in this locality.

During this "army worm war" the airport really was a busy place. The worms really did away with a lot of the "surplus grain" we hear so much about.

Mr. and Mrs. Morris Engelstad, Debbie and Dana of Aberdeen, S. Dak. were brief callers at the Edwin Hanson home on Monday.

The St. Pauli Ladies aid will be held at the church parlors on Thursday evening, August 5. Hostesses are Mrs. Otto Netteland and Mrs. Paul Engelstad. Everybody welcome.

MINNESOTA HISTORICAL SOCIETY

C. C. Endorses Acquiring Car Parking Sites

Harry Simons Reports on Army Worm Campaign; Bemidji Man Also Speaks

The Civic and Commerce association at its luncheon meeting last Thursday in the Rex Cafe adopted a resolution confirming its previously expressed attitude in favor of the acquisition by the city of car parking areas.

The action followed a statement by Carl Gjernes, president of the city council, that of the approximately $35,000 cost of the property on both sides of LaBree av. north of First st., 50 per cent would be assessed against owners of benefited property in the business district. Annual payments, he added, would be small, being spread over the term of the bonds issued to finance the purchase.

Harry E. Simons submitted figures supplied by County Agent Wm. Penning in connection with the recent army worm spraying campaign. He reported that 122,000 acres had been sprayed by airplane in the Thief River Falls trade area, saving an estimated $2,000,000 worth of crops, while the loss due to the worms was an estimated $300,000. A total of 23,000 gallons of chemical was used, costing $137,000.

During the campaign 400 farmers made use of the service supplied by 14 planes assembled here from points in Minnesota, North Dakota, Wisconsin and Florida.

Simons said the successful campaign was a striking demonstration of the value of the Thief River Falls airport, as well as of community cooperation. At his suggestion the C. and C. adopted a resolution of appreciation to all who assisted in the campaign.

A third resolution, introduced by S. R. Dahlen, voiced thanks to L. L. Schroeder, state commissioner of aeronautics, for his efforts at a hearing July 29 in Washington to assure continued service to Thief River Falls by North Central Airlines.

Charles Budge, Jr., vice president of the Nasvick Construction Co. of Bemidji, which is erecting the new courthouse here, report-

$1,150 Damage in Two Car Mishaps in City Last Week

Drivers Face Charges Following Accidents on Riverside and Main avs.

A car driven by Vernon Hall of this city, while traveling south on Riverside av. Saturday evening at 11 o'clock, jumped the curb and ended up against a retaining wall at the Gulbranson Mortuary, damaging the car to the extent of an estimated $700.

Hall and the three other occupants of the car escaped with bruises and minor cuts, and they were released from the hospital shortly after being brought there. His passengers included Arnold Austinson, Rt. 2, city; Dorothy Gullickson, St. Paul; and Peggy Gullickson, Middle River.

Police reported that Hall would be brought into municipal court on August 28 on a charge of driving while under the influence of intoxicating liquor.

In another accident Tuesday evening of last week, a car driven by Elmer Tale of Gatzke collided on Main av. at Eighth st with a motorcycle driven by Robert P. Packer, 1006 North Main av.

Following the collision the Tale car did not come to a stop until it had knocked over a Highway 1 sign and hit the Arnold Pearson house at 724 North Main. The house suffered little damage, but the car was damaged to the extent of $250, and the motorcycle $200.

Packer was taken to the hospital for treatment of lacerations on his leg, and was released the same night.

Police brought Tale into court on a charge of careless driving, and he was given a 30-day jail sentence, of which 28 days was suspended, and his driving privileges were suspended for six months.

Frissell Brakeman on 1st Soo Line Trains to Reach City in 1904

GEORGE H. FRISSELL.

George H. Frissell, veteran retired Soo Line conductor, is one of the few remaining Soo Line employees who can recall from personal experience the arrival of the first trains in the city over the new line. He arrived in Thief River Falls on September 29, 1904, as a member of the crew that was to establish regular service between here and Glenwood starting October 1.

Other members of that train crew were Gust Nelson, conductor, Edward Harrison, engineer; Leo Hammer, fireman; and Frank Lundgren, and himself, brakeman. It was engine No. 27 that made that regular run, he states.

As Mr. Frissell tells the story of that first visit to Thief River Falls:

"After the train and engine were put away we went up town to find a hotel and secured accommodations at the Ogahmah, which was operated by Charles A. Robbecke.

"We looked the town over and there was activity everywhere.

It was a lively frontier town with crowds of people on the wooden sidewalks and muddy streets, including settlers from the recently opened Indian reservation, lumber jacks, Indians, Soo Line and Great Northern railroaders. Hitching posts were in evidence in front of all places of business and sleepy hack drivers parked with their vehicles, waiting for customers outside the saloons. There were twelve saloons and four gambling houses that were open twenty-four hours everyday except on Sundays when the front doors were locked.

"The Thief River Falls Lumber Company was the largest industry in the city and the saw mill was operated day and night."

Mr. Frissell, who lives at 724 north Knight, retired from active service in 1941. Practically all of his Soo Line service was on the Winnipeg division, serving as brakeman until 1907 when he became a conductor. He is the only Soo Line employee living in Thief River Falls with a service record that goes back to the inauguration of service here 50 years ago.

Lifeguard at Pool Only from 1 to 6

Record Attendance at Tindolph Park This Year

The lifeguard will be on duty at the Tindolph park bathing beach only from 1 to 6 p. m. starting Thursday, August 12, Quentin Jones, Red Cross waterfront director, announced today.

Attendance at the park pool, said Jones, has been larger this summer than in any past year, and the number of out-of-town visitors and picnickers has also registered an increase.

Plans are already in the making for additional activities and improved facilities for the 1955 season.

Jones stated that the Northrop grade school is still in the lead for the Bjorkman swimming trophy, with the contest closing Saturday, August 14.

$3 LINCOLN H. S. GENERAL FEE MAY BE PAID NOW

Kalmer Ostby, Lincoln high school principal, today reminded students who will enroll this fall that they may pay their $3 general fee at the superintendent's office at any time from now until the opening of the term September 7.

Girls Are Invited to Take Practical Nurses' Training

Course at Vocational School in T. R. Falls Will Open September 7

Applications for practical nurse training are being taken now for the fall term, starting on September 7, by the area vocational-technical school, C. W. Pope, director, announced today.

Any young woman between the ages of 18 and 39, properly qualified, may enroll for the 50-week course of training. While high school graduation is desirable, consideration will be given to those with less than a high school diploma. Aids in training furnished by the affiliates, Northwestern Hospital and Oakland Park sanatorium, and given to accept students help considerably in keeping schooling costs to a minimum.

Those interested in this essential vocation should call or write the director, C. W. Pope, at the area vocational school as soon as possible for further information, bulletin, and enrollment procedure. The telephone number is 1033.

Cabinet Official to Be Celebration Speaker Sept. 25

Kendall Gustafson, general chairman of the 50th anniversary celebration committee, states that Douglas McKay, secretary of the department of interior in President Eisenhower's cabinet, has accepted the invitation of the committee to speak here on Saturday, September 25. Mr. McKay is a former governor of the state of Oregon. His department is in charge of Indian affairs, and his appearance will add significance to the historical pageant to be presented that day.

School Board Invites Bids on Knox Addition

Bids to Be Received until Friday, Sept. 3; Buys Winter Coal Supply

Construction of the projected new addition to the Knox school building moved a step closer Monday night when the board of education voted to call for bids on the work, to be opened Friday evening, September 3, at 7 o'clock.

Action followed a lengthy conference with Mr. Schlick of Toltz, King and Day, St. Paul architects and engineers. It was indicated that if weather is favorable a start on construction may be made this fall.

The board accepted the bid of the O'Hara Fuel and Transfer Co. in the amount of $15.30 a ton, lowest of five bids received, for up to 900 tons of screenings for local school buildings during the coming winter.

The board also approved a plan for group medical insurance for school children to defray expenses in connection with any injury or accident, the policy being written by the American Casualty Co. Parents may secure the insurance for their children at a cost of $1.25 each per year.

A formal motion was adopted to continue the school hot lunch program as in the past.

Donna J. Bear of Grand Forks, a graduate of the University of North Dakota, was appointed girls' physical education instructor. Three more teachers remain to be appointed to complete the school faculty for the fall term opening Tuesday, September 7. They include instructors in speech and dramatics, vocal music and practical nursing.

To Organize Milk Producers Group

Meetings Set for Friday Evening in C. C. Room

With 60 members already signed up, a Thief River Falls Milk Producers association will be organized, at a meeting Friday evening, August 13, at 9 p. m. in the Civic and Commerce room in the basement of the Auditorium.

The members secured to date have been signed up by a seven-member organizing committee, of which Bert Johnson of Kratka is chairman. All are producers of milk for bottling. A board of six directors will be elected Friday evening.

The association, modeled after a similar group in Grand Forks, will aim to serve the interests of both the producer and consumer, the sponsors stated.

Jaycees Arrange to Send Midgets to State Tourney

The Junior Chamber of Commerce, at a dinner meeting last Thursday evening in the Rex Cafe, made arrangements to send the Thief River Falls Jaycee midget baseball team, regional champions, to the state tournament at Chisholm this week. Local business firms and the Civic and Commerce association are sharing in the expense of the trip. Milton Reierson, Jaycee president, announced that the next meeting, Thursday evening, August 19, will be held in the tourist park.

To Get Details of September Fete Thursday

Chairman Ken Gustafson Calls Dinner Meeting to Discuss Program Details

Plans for the celebration to be held here September 24, 25 and 26, commemorating the arrival of the Soo Line fifty years ago, will be the order of business at a special dinner meeting of the Civic & Commerce association in the Elks hall Thursday evening, August 12 at 6:30. Kendall Gustafson, general chairman of the celebration committee, is arranging the program which will provide for a general discussion of all the various production problems.

Main subject on the program will be the historical pageant to be presented two afternoons. Harold Searls and his son, Harold Searls Jr. of Bemidji, who will produce and direct the spectacle, will explain their work and the things they hope to accomplish. A six-episode pageant script has been written by Mrs. Searls who was associated with her husband in the production of several pageants during the Minnesota territorial centennial in 1949 and for other occasions.

At a meeting of the general committee held in the council chambers Monday evening, progress was made in arranging some of the details of the celebration program. It was proposed that the anniversary dances scheduled for Friday and Saturday nights be held in the new Armory and the dance committee was instructed to confer with national guard officials on the possibility of such an arrangement.

Preparations for the banquet to be held Friday evening September 24, are going forward. Charles E. Hellquist, retired Soo Line engineer, has accepted the assignment of preparing a roster of old-timers among the employees of the company. This group will be given special recognition at the banquet and also in the parade.

Hartz Reveals Plans for Huge Warehouse

L. B. Hartz, president and general manager of the L. B. Hartz Stores Inc., this week announced plans for the construction of a huge new warehouse in Thief River Falls to provide added space needed to accommodate the firm's increasing volume of business.

The warehouse, 300 feet long, 100 feet wide and 20 feet high, will be constructed west of the present warehouse, and will extend from Arnold to State av. on the Great Northern right-of-way. The structure will be built of concrete blocks and brick with a steel frame and insulated steel roof. The company's present warehouse measures approximately 100 by 200 feet in size, and also houses the general offices.

Mr. Hartz stated that construction of the new building will eliminate the need for storing merchandise in the former Barzen warehouse and in the basement of the Hartz supermarket. Fork-lift trucks will be utilized in the new warehouse, permitting piling of merchandise to the full height of the building and making elevators unnecessary.

The new facilities will provide space for unloading seven freight cars at one time. The project also calls for moving the Great Northern siding a short distance north to bring it up to the lot line.

L. B. HARTZ

Construction is scheduled to get under way shortly, following the removal from the site of a warehouse by J. F. Beals and oil storage tanks owned by the Torgerson Oil Co.

Closing of San Is Discussed Tuesday Night

Boards of Four Counties Talk over Transferring Patients to Crookston

County board members and other officials of the four counties maintaining Oakland Park sanatorium met Tuesday evening with the sanatorium commission to discuss details in connection with the projected transfer of patients from the local institution to Sunnyrest sanatorium at Crookston.

Following a discussion of methods of sharing in the expense of operating the Crookston institution, the boards of Marshall, Roseau and Red Lake counties indicated that they favored the per capita basis of payment, in which the counties would be charged in proportion to their population.

Pennington board members indicated they were inclined to favor the per diem basis, whereby the county would pay according to the number of patients cared for. The commissioners, however, reserved a definite decision until after a meeting Thursday night.

A committee including one member from each of the county boards was named to cooperate with the sanatorium board in working out details. Final arrangements will be subject to approval by the Sunnyrest board and Polk and Norman county boards.

The closing of the local institution and the transfer of its patients to Sunnyrest at Crookston was recently recommended by state authorities, due to the continuing decline in the number of patients served here. A definite decision as to the future use of the Oakland Park buildings will be made as soon as details of the transfer of patients have been worked out.

Board members from the various counties at last night's meeting indicated a desire to continue the tuberculosis detection service as in the past under the direction of Dr. Baldwin Borreson.

County-wide Fun Day Slated by 4-H Members Sunday

Free Ice Cream Served and Prizes Awarded at County Fair Grounds

Pennington county 4-H members will participate in a county-wide "Fun Day" at the fair grounds, Sunday, August 15, announced County Extension Agents Marge Olsen and Wm. Penning.

Free ice cream will be served by the 4-H Leader's Council and extra "treats" can be earned by competing in the various games that will be played.

At 1:30 p. m. a softball tournament will start and all 4-H'ers who would like to play should sign up at the 4-H building by 1:15. For those not interested in softball, various relay races and stunt games will be played. The program will be over by 4:30. Pop and ice cream will be furnished by the leaders council and bring your own lunch to enjoy after the program.

Six Blossoms on Sweet Pea Stalk

A rarity in the form of a white and rose-pink sweet pea stalk bearing no less than six fully developed blooms was brought into the Times office Tuesday by Mrs. Peter Laliberte, who raised it in her garden at 320 Duluth av. N.

Model Planes to Be Demonstrated at Airport Sunday

Lester Bock, former local jeweler and now operator of a jewelry store at Hallock, where he is also directing the activities of a group of young model airplane builders, will bring some of the boys to Thief River Falls next Sunday, Aug. 15, to give a model plane flying demonstration at the municipal airport, starting at 1:30. In the event of rainy or windy weather, the demonstration will be deferred until later.

Emergency Drive on Polio Starts Monday

To Direct Pageant

HAROLD SEARLS JR., of Bemidji, who will collaborate with his parents, Mr. and Mrs. Harold Searls, in the production of the historical pageant to be presented here in September commemorating the arrival of the Soo Line. Six episodes depicting events of interest in the early history of the area will be presented as a home-talent spectacle on the afternoons of Saturday and Sunday, September 25 and 26.

Plans are now virtually completed for the emergency March of Dimes campaign to be held in Pennington county and throughout the nation August 16 to 31 in an effort to raise $20,000,000 needed to finance the operations of the National Foundation for Infantile Paralysis through the remainder of 1945, Roy J. Oen, chairman of the Pennington county chapter, stated this week, adding that it is hoped to raise $3,500 in the county drive.

The campaign is being sponsored by the Thief River Woman's club under the direction of Mrs. Robert Roberge, president, and Mrs. Rudolph Bagmoen. A Mother's March on Polio has been planned for the city Thursday, August 19, while letters seeking contributions will be mailed out to rural residents early next week.

The St. Hilaire Woman's club, of which Mrs. Klemens Gigstad is chairman, will conduct the drive in that village, while Postmaster Clarence Peterson will be in charge at Goodridge.

Basil O'Connor, president of the National Foundation, stated that polio cases are now 20 per cent higher than the average for the corresponding period of the past five years, adding to the already heavy burden being borne by the foundation and making it necessary to slash requests for emergency aid.

Every mother, said O'Connor, awaits the report on the evaluation of the trial polio vaccine with hope in her heart. They want to be sure, he said, that as much gamma globulin as possible is available to hard-hit areas this summer.

Sharp-freezing Equipment Added to L. O'L. Plant

Will Permit Shipment of Turkeys Directly to Consumers Markets

Land O' Lakes Creameries Inc. are installing sharp-freeze equipment at their plant here that will enable them to do a complete job of processing and marketing turkeys this year.

With the new equipment it will be possible to sharp-freeze up to 40,000 pounds of turkeys a day and will make possible the direct shipment of these birds to the consumer markets. Heretofore it has been necessary to truck-haul the birds to Minneapolis for this freezing process and shipping.

A new ice maker of 20 tons daily capacity will provide cooling for the ice-water bath following evisceration. Following this first step in the cooling procedure, the birds will be moved to the freezing chamber which will be maintained at a temperature of 35 degrees below zero. A wind machine will move 25,000 cubic feet of this frigid air per minute through the chamber.

R. J. Lund Attends Meeting of ELC Placement Unit

Robert J. Lund was one of 10 lay leaders of the Evangelical Lutheran Church attending a meeting of the ELC's national placement committee in Minneapolis July 29-31. Mr. Lund is an advisory member to the committee from the ELC board of trustees.

The Placement Service office at ELC headquarters in Minneapolis, serves as a clearing house for information about business opportunities in Lutheran communities, as a means of carrying on the work of parish conservation and extension.

According to Arthur T. Christenson, Minneapolis, the aim of the recent committee meeting was to explore means by which the work of placement service might be carried out on the local level.

1954 Crop Grain Coming in Slowly

Barley and oats from the 1954 crop continued to come into Thief River Falls elevators at a slow pace up to the first part of the week. The quality of the grain reflected the fast ripening resulting from the hot weather in July, barley being reported, as light, weighing an average of little more than 40 pounds per bushel, while oats weighed well under 30 pounds on the average.

Highway Patrol Officer Here Wins $1,650 Fellowship

Sgt. Neil P. Deemer to Study at Northwestern "U" Traffic Institute

Sgt. Neil P. Deemer of Thief River Falls, member of the Minnesota highway patrol, late last week was named winner of a $1,650 fellowship from the Kemper Foundation for Traffic Safety for study at the Northwestern University Traffic Institute, the West Point of traffic policemen.

He is the only Minnesota police officer among 33 men selected from 20 states and Canada for Kemper awards. Winners were selected after rigorous nationwide competition.

Sgt. Deemer is to attend the traffic police administration course which covers the nine months of the academic year. The course, most extensive offered by the institute, is designed to meet the need for well-trained and well-informed police executives and administrators able to cope with today's complex traffic problems.

The coming course at the traffic institute located in Evanston Ill. will begin Sept. 23, 1954 and run through June 13, 1955.

To date, a total of 711 police officers from all parts of the United States, its territories and from Canada have completed the traffic police administration course.

The Kemper Foundation, sponsored by Lumbermens Mutual Casualty company and American Motorists Insurance company, has been one of the principal supporters of the institute since it was founded in 1936.

Donald Sponheim Weds in Pelican Rapids August 6

Miss Beverly Haugrud, daughter of Mr. and Mrs. Herbert Haugrud, became the bride of Donald Sponheim, son of Mr. and Mrs. Wm. H. Sponheim of Thief River Falls, Friday, August 6 at 7:30 p. m. at the North Immanuel Lutheran church of rural Pelican Rapids.

The Rev. N. K. Estram officiated at the double ring ceremony, assisted by the Rev. G. S. Thompson of Eau Claire, Wisconsin. Baskets of picardy and white gladioli formed the setting for the candle light service.

Miss Katherine Jordahl played the nuptial music and accompanied Mrs. Loren Carlander, college roommate of the bride, who sang "Thanks be to Thee", "Song of Ruth" and "Crown with Thy Benediction." Before the couple received the Lord's Supper, she sang "Deck thyself my soul with gladness."

The bride, given in marriage by her father, wore a full length gown with a long cathedral train of imported French-type chantilly lace and nylon tulle. It was fastened with a stand-up Queen Anne collar and long pointed sleeves of lace. The skirt and train were extremely bouffant and of the nylon tulle with lace appliqued panels extending around the skirt and down the train. Her fingertip veil was attached to a crown of matching lace and seed pearls. The veil had been worn by Mrs. Marion Restad at her wedding. The bride carried a cascade bouquet of talisman roses and wore a single strand pearl necklace.

Shirlee Haugrud was her sister's maid of honor, and Nellie Hanson and Eloise Halvorson were bridesmaids. They wore identical gowns of melon crackled ice on embossed cotton with matching headdresses. All carried glamellia bouquets of picardy gladioli. Their pearl earrings were a gift from the bride.

Cynthia Hanson, cousin of the bride, was flower girl. Her white floor-length gown was fashioned of the same material as those of the attendants. Her pearl necklace was a gift from the bride.

Attending the groom as best man was his brother, Paul Sponheim. Glenn Haugrud, the bride's brother, and the Rev. Raymond Brandt were groomsmen. Ushers were Dennis Stutrud and Evron Skaar. All wore white dinner jackets.

The bride's mother wore navy blue and the groom's mother wore pink with white accessories. Both wore contrasting corsages.

A reception was held in the church parlors following the ceremony. The four-tiered wedding cake topped with a miniature bride and groom centered the bridal table. Mrs. Charles Hart and Mrs. Elmer Kukstar, aunts of the bride, cut the wedding cake. Mrs. Clarence Siggerud and Mrs. C. A. Venard, aunts of the bride and groom, respectively, poured. Mrs. Oscar Tollerud acted as hostess.

Ruth Anne Senstad was in charge of the guest book and Gail Roshalt and Norma Jordahl took care of the gift table. Helen Ann Crow played incidental music during the reception. Waitresses at the bridal table were Marjorie Haugrud and Mrs. Marlon Rastad. Other waitresses were Betty Rossum, Helen Ann Sillerud, Carla Kittelson, and Bonnie Aarness. Assisting in the kitchen were the Mesdames Calmer Pederson, Frank Prim and Herman Johnson.

Both the bride and groom are graduates of Concordia College, Moorhead. Mrs. Sponheim taught the past year at Milaca, Minn. Mr. Sponheim is a student at Luther Theological Seminary, St. Paul. After a wedding trip to the Lake of the Woods area the couple will make their home at 820 East First Street, Thief River Falls. For going away the bride wore a brown linen dress with white accessories.

Out of town guests came from Oak Park, Ill., Pontiac, Mich.; Eau Claire, Wis.; Wales, Lyle, Finley, Kindred; Fargo, North Dakota; St. Paul, Minneapolis, St. Cloud, Thief River Falls, Milaca, Mora, Holt, Mahnomen, Rustad, Moorhead, Fergus Falls, Barnesville, Rothsay, Dent, Minnesota.

Carol Bjerken Becomes Bride in Church Ceremony

Carol Bjerken, daughter of Mr. and Mrs. Ernest Bjerken of Thief River Falls, and Donovan Narverud, son of Mr. and Mrs. J. A. Narverud, also of this city, pledged their marriage vows in a double ring ceremony at Trinity Lutheran church Sunday afternoon at two-thirty. Rev. J. J. Jacobson officiated at the service before an altar graced with lighted candelabra and baskets of pink and white carnations and glads. Relatives and friends numbering three hundred guests were in attendance.

Mrs. Walter Larson was at the organ for a prelude of nuptial music and also accompanied Miss June Burstad as she sang "I Love Thee" and "I'll Walk Beside You" before the ceremony and "Crown With Thy Benediction" as the couple knelt at the altar.

The bride, given in marriage by her grandfather, Halvor Rhodegard, approached the altar in a gown of white imported organdy over taffeta, styled with portrait neckline, long tapered sleeves and bouffant skirt. Her fingertip veil of illusion net fell from a cap of organdy blossoms centered with seed pearls. Rhubrum lilies and stephanotis made up the bride's cascade bouquet and her jewelry was a single strand of pearls, a gift of the groom.

Attending the bride as matron of honor was her sister, Mrs. Vernon Thorson of Spokane, Wash., and the bridesmaids were Ruth Anne Senstad and Ramona Johnson, both of Thief River Falls. They wore identical gowns of white nylon, waltz length, embroidered with rosebuds, pink sashes, and pink linen pumps. They wore floral halos and carried white crocheted baskets of pink and white carnations, daisies and sweetheart roses.

Flower girls were Kathryn and Deborah Tinsley of Concord, Calif., cousins of the bride, who wore gowns of white nylon embroidered, with pink rosebuds and trimmed with pink ribbon. They carried white crocheted baskets filled with sweetheart roses and baby carnations which they scattered in the path of the bride. Their necklaces and bracelets were gifts of the bride.

Arnold Narverud attended his brother as best man, and the groom's other attendants were Donald Lunke, Jerry Claffy, Duane Vad and Ronald Buen. All men of the bridal party wore white dinner jackets and dark trousers.

For her daughter's wedding, Mrs. Bjerken was attired in a pink suit with white accessories and the mother of the groom chose an aqua dress with navy accessories. Their corsages of roses and carnations were identical.

A reception in the church parlors followed the ceremony. Bouquets of pink and white mums, glads and carnations decorated the serving tables and the bride's table was centered with a four-tiered wedding cake, which was cut by Mrs. Wm. Tinsley, aunt of the bride, and served by Janice Lindberg, cousin of the bride. Mrs. Harold Saastad poured. Waitresses were Mrs. David Clough and Joan Winter, and Marilyn Johnson served the punch. Officers Seated by Odd Fellows

Robert Rasmussen New Noble Grand of Order

Semiannual installation of officers was held Tuesday evening at Young Pine lodge of the Odd Fellows.

Alfred Longren, district deputy, with C. H. Jung, grand marshal; and staff installed the new officers into their respective chairs.

Of the elected officers, Robert Rasmussen succeeded Kenneth Borsheim as noble grand; Helmer Halland, vice grand; Millard A. Nelson, recording secretary; Alfred Longren, financial secretary; and C. Herb Jung, treasurer.

The appointed officers are Rene Werner, warden; Ernest Hogenson, conductor; Adolph Christopherson and Leonard Helgeland, guardian; A. G. Gabrielson, chaplain, Joseph Ruane, R. S. noble grand; Willis Warring, L. S. noble grand; Willis Warring, R. S. vice grand; Lawrence Aase, L. S. vice grand.

Preliminary plans were made for Caryl Bugge, delegate to United Nations at New York, to report on her trip and discuss the U. N. at an open public meeting on the week end of August 21st. A colored film of one of these trips and a lunch will complete the program.

Recruiter for Air Force Is on Duty Friday Evenings

The United States Air Force recruiting station will be open on Friday evenings from 6:00 to 9:00 p. m. effective August 20, in addition to the daily schedule now in effect. The station has been operating from 7:30 a. m. to 5:00 p. m. Tuesdays and Thursdays and 7:30 a. m. to 11:30 a. m. Mondays, Wednesdays and Fridays.

"Over 190,000 young men and women will be needed by the Air Force in the coming year to train in jet mechanics, radar, electronics, communications, personnel, medicine, or any of more than 400 important subjects," said T/Sgt Ray Dun, local USAF recruiter.

"Contrary to popular belief a high school education is no longer required for enlistment in the Air Force. With the exception of the pilot and observer training programs, which still require a high school education, the entrance requirements are no higher than in the other services."

He added, however, that the Air Force still recommends that the young man complete his high school and college education if possible before considering a career in the Air Force.

The local USAF recruiting station is located in Room 209, Elks Building, Thief River Falls.

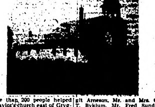
Grygla Church Notes 50th Anniversary



More than 200 people helped Our Savior's church east of Grygla, celebrate its 50th anniversary on Aug. 1st. Dist. Pres. A. E. Hanson presented morning worship and afternoon ceremony dedicating organ, altar bible, candelabra, and kitchen.

Former pastors E. O. Sabo of Thief River Falls and G. L. Halmrast of Mentor spoke and greetings were read from former pastor's wives, Mrs. Halvor Bjornson and Mrs. S. T. Anderson. Special singing and music were provided by Donald Anderson, of Fargo, Mrs. G. L. Halmrast of Mentor and Mrs. Richard Edlund of Thief River Falls. Pastors J. J. Jacobson of Thief River Falls and Emil G. Bagley of Gatzke shared in service and Norse reading was read by Mrs. Fred Tresselt.

At noon pastors and wives and honor guests were seated at tables decorated with garden flowers. Honor guests were Mrs. Bergit Arneson, Mr. and Mrs. Ole T. Byklum, Mr. Fred Sundby, Mrs. John Torjusson, Tarju Torjusson, Mr. T. J. Lillevold, Mrs. K. A. Byklum, Mrs. Margit Byklum, Mrs. Thora Anderson, Mrs. Julia Anderson, Mr. and Mrs. Thor Myren, Dreng and Knute Nesland, Christ Anderson, Mrs. Anna Homme and Frank Magnuson.

Our Savior's congregation was organized at a meeting held at Ole Knutson home June 16, 1902. The church building was erected in 1904.

Pastors who have served the congregation include the following: Halvor Bjornson, 1904-1908; E. O. Sabo, 1908-1920; S. T. Anderson, 1920-1942; G. L. Halmrast, 1942-1948; J. M. Erickson, 1949-present.

The planning committee included Mrs. Lyndon Magnuson, Mrs. Gullick Byklum, Torjus Johnson and Manley Anderson who made all arrangements for the observance.

Local Woman Hurt in Car Collision in City Yesterday

Mrs. C. D. Gustafson sustained several fractured ribs in a collision of two cars Tuesday afternoon at the intersection of Main ave. and Third st. Her injuries, however, did not confine her to her bed.

The mishap occurred when Mrs. Gustafson, driving south on Main av., made a left turn onto Third st. and collided with a car belonging to Donald Thyren and driven by Verlyn D. Wold of Three Hills, Alberta, who was going north on Main.

Mrs. Gustafson was accompanied in her car by her sister, Miss Agnes Peterson of Tulsa, Okla., while Ronald and Margery Wold were passengers in the other car. All were taken to a local clinic to be treated for bruises and minor cuts.

Police estimated the damage to the two cars at $250 each.

Sell Fat Lambs Now

If you are feeding lambs this year it will pay you to top off the fattest lambs. Selling those that have reached good to choice finish and are at the right market weight.

According to W. E. Morris, extension livestock specialist at the University of Minnesota, fall lamb prices will probably be lower than they are now. In the first five months of 1954, 51% more feeder lambs were shipped into this area than last year. This means a large supply of fed lambs coming to market this fall.

If you feel that telling which lambs are top market lambs is a job you aren't familiar with come to the lamb grading clinic that will be held here in Pennington County September 13. Alvin Field will be the host for the lamb grading and the grading will begin at 10:00 Monday morning, September 13. This clinic is being held in the morning because the afternoon sun may be to hot for fat lambs.

Recommended Farming Methods Pay

The following figures explain what it costs to produce certain crops. The first set of figures described a group of farmers using recommended practices and the second set describes a group of farmers using average methods. Using recommended practices the cost of production for this group of farmers were: wheat at 1.28 a bushel, oats at 69c a bushel, sugar beets at $8.19 a ton, corn at $1.02 a bushel and alfalfa-brome hay at $13.30 a ton. Another group, which raised the same crops under "Currently used, average methods" didn't fare nearly as well. Wheat cost them $1.54 a bushel, oats 90c a bushel, sugar beets $11.21 a ton, corn $1.21 a bushel and hay $16.90 a ton. Cost cutters and yield-raisers included enough fertilization and timely planting of the right variety of treated seed on well-suited, properly drained soils. Correct rotation, cultivation and weed control helped, too.

SOCIAL ACTIVITIES

Donald Sponheim Weds in Pelican Rapids August 6

Miss Beverly Haugrud, daughter of Mr. and Mrs. Herbert Haugrud, became the bride of Donald Sponheim, son of Mr. and Mrs. Wm. H. Sponheim of Thief River Falls, Friday, August 6 at 7:30 p. m. at the North Immanuel Lutheran church of rural Pelican Rapids.

The Rev. N. K. Estram officiated at the double ring ceremony, assisted by the Rev. G. S. Thompson of Eau Claire, Wisconsin. Baskets of picardy and white gladioli formed the setting for the candle light service.

Miss Katherine Jordahl played the nuptial music and accompanied Mrs. Loren Carlander, college roommate of the bride, who sang "Thanks be to Thee", "Song of Ruth" and "Crown with Thy Benediction." Before the couple received the Lord's Supper, she sang "Deck thyself my soul with gladness."

The bride, given in marriage by her father, wore a full length gown with a long cathedral train of imported French-type chantilly lace and nylon tulle. It was fastened with a stand-up Queen Anne collar and long pointed sleeves of lace. The skirt and train were extremely bouffant and of the nylon tulle with lace appliqued panels extending around the skirt and down the train. Her fingertip veil was attached to a crown of matching lace and sead pearls. The veil had been worn by Mrs. Marlon Restad at her wedding. The bride carried a cascade bouquet of talisman roses and wore a single-strand pearl necklace.

Shirlee Haugrud was her sister's maid of honor, and Nellie Hanson and Eloise Halvorson were bridesmaids. They wore identical gowns of melon cracked ice on embossed cotton with matching headdresses. All carried glamellia bouquets of picardy gladioli. Their pearl earrings were a gift from the bride.

Cynthia Hanson, cousin of the bride, was flower girl. Her white floor-length gown was fashioned of the same material as those of the attendants. Her pearl necklace was a gift from the bride.

Attending the groom as best man was his brother, Paul Sponheim. Glenn Haugrud, the bride's brother, and the Rev. Raymond Brandt were groomsmen. Ushers were Dennis Stolrud and Erven Skaar. All wore white dinner jackets.

The bride's mother wore navy blue and the groom's mother wore pink with white accessories. Both wore contrasting corsages.

A reception was held in the church parlors following the ceremony. The four-tiered wedding cake topped with a miniature bride and groom centered the bridal table. Mrs. Charles Hart and Mrs. Elmer Kuastar, aunts of the bride, cut the wedding cake. Mrs. Clarence Siggerud and Mrs. C. A. Venard, aunts of the bride and groom, respectively, poured. Mrs Oscar Tollerud acted as hostess.

Ruth Anne Senstad was in charge of the guest book and Gail Roshalt and Norma Jordahl took care of the gift table. Helen Ann Crow played incidental music during the reception. Waitresses at the bridal table were Marjorie Haugrud and Mrs. Marlon Raestad. Other waitresses were Betty Rossum, Helen Ann Sillerud, Carla Kittelson, and Bonnie Aarness. Assisting in the kitchen were the Mesdames Calmer Pederson, Frank Prim and Herman Johnson.

Both the bride and groom are graduates of Concordia College, Moorhead. Mrs. Sponheim taught the past year at Milaca, Minn. Mr. Sponheim is a student at Luther Theological Seminary, St. Paul. After a wedding trip to the Lake of the Woods area the couple will make their home at 520 East First Street, Thief River Falls. For going away the bride wore a brown linen dress with white accessories.

Out of town guests came from Oak Park, Ill., Pontiac, Mich.; Eau Claire, Wis.; Wales, Lyle, Finley, Kindred; Fargo, North Dakota; St. Paul, Minneapolis, St. Cloud, Thief River Falls, Milaca, Mora, Holt, Mahnomen, Rustad, Moorhead, Fergus Falls, Barnesville, Rothsay, Dent, Minnesota.

At a pretty double ring wedding performed in the presence of 250 guests Marvel Adele Kristjanson, daughter of Mr. and Mrs. Kristjan Kristjanson of Gardar, N. D., became the bride of Allan James Williamson, son of Mr. and Mrs. Andy L. Williamson of this city. Dr. R. S. Sigmar of Blaine, Wash. officiated at the ceremony held in Gardar Lutheran church in Gardar, N. D. Tuesday afternoon, August 10 at 4:00 p. m. Candles, gladiola and greens decorated the altar. Vivian Laxdal and Amy Kristjanson, cousins of the bride, served as candle lighters.

Emily Sigurdson of Gardar was accompanied on the organ by Mrs. Valdie Olafson of Edinburg, N. D. as she sang "I Love You Truly," "O Perfect Love" and "The Wedding Prayer."

The bride, given in marriage by her father, was attired in a princess styled pearl trimmed gown of chantilly lace with a chapel length train. Her fingertip veil was held in place by a flat lace headpiece, also trimmed in pearls, and made of the same lace as the dress. She carried a white Bible, gift of the groom, covered with baby pink roses. Her jewelry was a strand of pearls, gift of the groom.

Attending Miss Kristjanson as matron of honor was Mrs. James Johnston of Burlington, Iowa, sorority sister of the bride. Bridesmaids were Mrs. Edward Olson of Grand Forks, N. D., sorority sister of the bride and Miss Helgaard of Grand Forks, N. D., classmate of the bride. Their gowns of crystalglaze material were ballerina length, and strapless with matching jackets. Mrs. Johnston wore coral and Miss Helgaard wore aqua. Their shoes were dyed to match their attire. Each wore eye veils held in place by a white rose. They also wore white gloves and carried white lace fans. The pearl earrings they wore were a gift of the bride. Lona Laxdal of Gardar, N. D., was flower girl in a floor length dress of white frosted organdy over aqua, she also wore white gloves and carried a miniature lace fan.

Best man was Bruce Williamson, of this city, brother of the groom. Other gentlemen attendants were Harley Wagner of Grand Forks, N. D., and Jack Winter of Minneapolis. Ushers were Lyle Guttu of this city and Ted Marggos of Minot, N. D.

Mrs. Kristjanson, mother of the bride, wore a lavendar dress of bouclacé with navy accessories and a corsage of roses. Mrs. Williamson chose a dress of dior blue taffeta, ice blue hat and gloves and a corsage of roses.

A reception was given in the church parlors for 150 guests following the ceremony. Mrs. Helgie Laxdal of Gardar, N. D., godmother of the bride and Mrs. Orvis Olen of this city, godmother of the groom poured. Mrs. Dean Hedlund of this city and Miss Harriet Overboe of Detroit Lakes cut and served the cake. Mrs. Robert Wurden of Fisher presided over the guest book and Mrs. Stony Sigfusson and Mrs. Orval Holliday, both of Gardar, N. D. were in charge of the gift table.

A bridal dinner was given after the wedding rehearsal Sunday evening, August 8 at the Dakota Hotel in Grand Forks, N. D., by the parents of the groom.

For travel to points in Minnesota on their honeymoon, Mrs. Williamson wore a navy blue coat dress with navy and white accessories. After August 17 they will make their home in this city.

The bride is a graduate of Gardar high school and the University of North Dakota. She is a member of the Gamma Phi Beta sorority and will teach the coming term at Lincoln high school in this city. The groom is a graduate of Lincoln high school and the University of North Dakota and a member of the Phi Delta Theta fraternity. He is a graduate student at the University of North Dakota.

Carol Bjerken Becomes Bride in Church Ceremony

Carol Bjerken, daughter of Mr. and Mrs. Ernest Bjerken of Thief River Falls, and Donovan Narverud, son of Mr. and Mrs. J. A. Narverud, also of this city, pledged their marriage vows in a double ring ceremony at Trinity Lutheran church Sunday afternoon at two-thirty. Rev. J. J. Jacobson officiated at the service before an altar graced with lighted candelabra and baskets of pink and white carnations and glads. Relatives and friends numbering three hundred guests were in attendance.

Mrs. Walter Larson was at the organ for a prelude of nuptial music and also accompanied Miss June Barstad as she sang, "I Love Thee" and "I'll Walk Beside You" before the ceremony and "Crown With Thy Benediction" as the couple knelt at the altar.

The bride, given in marriage by her grandfather, Halvor Rhodegard, approached the altar in a gown of white imported organdy over taffeta, styled with portait neckline, long tapered sleeves and bouffant skirt. Her fingertip veil of illusion net fell from a cap of organdy blossoms centered with seed pearls. Rhubrum lilies and stephanotis made up the bride's cascade bouquet and her jewelry was a single strand of pearls, a gift of the groom.

Attending the bride as matron of honor was her sister, Mrs. Vernon Thorson of Spokane, Wash., and the bridesmaids were Ruth Anne Senstad and Ramona Johnson, both of Thief River Falls. They wore identical gowns of white nylon, waltz length, embroidered with rosebuds, pink sashes, and pink linen pumps. They wore floral halos and carried white crocheted baskets of pink and white carnations, daisies and sweetheart roses.

Flower girls were Kathryn and Deborah Tinsley of Concord, Calif., cousins of the bride, who wore gowns of white nylon embroidered with pink rosebuds and trimmed with pink ribbon. They carried white crocheted baskets filled with sweetheart roses and baby carnations which they scattered in the path of the bride. Their necklaces and bracelets were gifts of the bride.

Arnold Narverud attended his brother as best man, and the groom's other attendants were Donald Lunke, Jerry Claffy, Duane Vad and Ronald Buen. All men of the bridal party wore white dinner jackets and dark trousers.

For her daughter's wedding, Mrs. Bjerken was attired in a pink suit with white accessories and the mother of the groom chose an aqua dress with navy accessories. Their corsages of roses and carnations were identical.

A reception in the church parlors followed the ceremony. Bouquets of pink and white mums, glads and carnations decorated the serving tables and the bride's table was centered with a four-tiered wedding cake, which was cut by Mrs. Wm. Tinsley, aunt of the bride, and served by Janice Lindberg, cousin of the bride. Mrs. Harold Saastad poured. Waitresses were Mrs. David Clough and Joan Winter, and Marilyn Johnson served the punch. Mrs. Robert DuChamp, sister of the groom, Ramona Evans and Jeanne Tygeson attended the gift table and Mrs. Arnold Narverud, sister-in-law of the groom, registered the guests. Mrs. K. E. Lindbergh, aunt of the bride, provided the reception music. Ronald and Evonne Lindbergh, cousins of the bride, sang "Bless This House."

The parents of the groom entertained at a buffet style dinner at their home the evening preceding the wedding. The thirty-five guests included the bridal party and a group of out of town relatives.

As the newlyweds left on their wedding trip to the North Shore Drive and Canada, the bride was wearing a Princess style print dress with empire waistline, matching jacket and coordinating accessories. They will return August 22 to make their home at 315½ LaBree Ave. No. The bride is employed as secretary at the Civic and Commerce office and the groom is associated with Narverud Cleaners.

Out of town guests at the wedding included Mrs Vernon Thorson, Spokane, Wash.; Mr. and Mrs. Wm. Tinsley, Kathy and Debbie, Concord, Calif.; Mr. Carl Peterson, Climax; Mrs. Stella Sorenson, Crookston; Mr. and Mrs. Gilbert Bjerken and Mr. and Mrs. Gust Bjerken and Gloria, Mahnomen; Mr. and Mrs. George Bale, Alexandria; Miss Virly Bagley, Gatzke; Miss Ramona Evans, Grafton, N. Dak.; Mr. and Mrs. Allen Narverud, Howard Lake, Minn.; Mr. and Mrs. Robert DuChamp, Albert Lea; Mr. and Mrs. Oscar Englund, Alexandria; Mr. and Mrs. John Hjelmeland and Mr. and Mrs. Dale Giese and family, East Grand Forks; Mr. and Mrs. Harry Harlow and Bonnie, Drayton, N. Dak.; Mrs. Hilma Hunking, Aurora, Oregon; Mr. and Mrs. Marvin Melson and Marlo, Mr. and Mrs. Lawrence Major and family, Mr. and Mrs. Axel Nelson, Loralie and Pat Nelson, all of Strathcona; Mr. and Mrs. Glenn Carlson, St. Cloud; and Mr. and Mrs. Lucian Krause, Grand Forks.

Mabel Zak Wed at Dorothy to Pvt. Earl Sirek

Miss Mabel Zak of this city, daughter of Mr. and Mrs. Louis Zak of East Grand Forks and Pvt. Earl Sirek, son of Mr. and Mrs. Ann Sirek of Red Lake Falls were united in marriage at a double ring ceremony Saturday, July 31, at St. Dorothy's Catholic church at Dorothy with Rev. Father Renier officiating.

The bride was attired in a white ballerina length gown with lace over satin bodice and a skirt of tulle. Her jacket with three-quarter length sleeves was made of lace. The tulle veil she wore cascaded from a satin cap and the bouquet she carried was of roses and carnations.

Carolyne Sirek, sister of the groom, was maid of honor. Helen Gustafson, friend of the bride was bridesmaid. They wore identical strapless ballerina length gowns of pink and aqua with matching stoles and fine layers of handkerchief net forming the skirt. Their bouquets were of baby roses and carnations on a lace fan.

A dinner was given for the bridal party at the Rex cafe and an afternoon reception was held on the lawn of the groom's brother and sister-in-law, Mr. and Mrs. Robert Sirek for the immediate relatives.

The bride is a graduate of the Northwest school at Crookston, class of 1953 and is presently employed by Consumers Co-op of this city. The groom is in the U. S. Army and is stationed at Fort Lee, Virginia.

Attending the wedding from this city was Marlene Olson.

Recruiter for Air Force Is on Duty Friday Evenings

The United States Air Force recruiting station will be open on Friday evenings from 6:00 to 9:00 p. m. effective August 20, in addition to the daily schedule now in effect. The station has been operating from 7:30 a. m. to 5:00 p. m. Tuesdays and Thursdays and 7:30 a. m. to 11:30 a. m. Mondays, Wednesdays and Fridays.

"Over 190,000 young men and women will be needed by the Air Force in the coming year to train in jet mechanics, radar, electronics, communications, personnel, medicine, or any of more than 400 important subjects," said T/ Sgt Ray Dun, local USAF recruiter.

"Contrary to popular belief a high school education is no longer required for enlistment in the Air Force. With the exception of the pilot and observer training programs, which still require a high school education, the entrance requirements are no higher than in the other services."

He added, however, that the Air Force still recommends that the young man complete his high school and college education if possible before considering a career in the Air Force.

The local USAF recruiting station is located in Room 209, Elks Building, Thief River Falls.

Sell Fat Lambs Now

If you are feeding lambs this year it will pay you to top off the fattest lambs. Selling those that have reached good to choice finish and are at the right market weight.

According to W. E. Morris, extension livestock specialist at the University of Minnesota, fall lamb prices will probably be lower than they are now. In the first five months of 1954, 51% more feeder lambs were shipped into this area than last year. This means a large supply of fed lambs coming to market this fall.

If you feel that telling which lambs are top market lambs is a job you aren't familiar with come to the lamb grading clinic that will be held here in Pennington County September 13. Alvin Field will be the host for the lamb grading and the grading will begin at 10:00 Monday morning, September 13. This clinic is being held in the morning because the afternoon sun may be to hot for fat lambs.

Recommended Farming Methods Pay

The following figures explain what it costs to produce certain crops. The first set of figures describes a group of farmers using recommended practices and the second set describes a group of farmers using average methods. Using recommended practices the cost of production for this group of farmers were: wheat at 1.28 a bushel, oats at 69c a bushel, sugar beets at $8.19 a ton, corn at $1.02 a bushel and alfalfa-brome hay at $13.30 a ton. Another group, which raised the same crops under "Currently used, average methods" didn't fare nearly as well. Wheat cost them $1.54 a bushel, oats 90c a bushel, sugar beets $11.21 a ton, corn $1.21 a bushel and hay $16.80 a ton. Cost cutters and yield-raisers included enough fertilization and timely planting of the right variety of treated seed on well-suited, properly drained soils. Correct rotation, cultivation and weed control helped, too.

125 Women Golfers from 9 Clubs Will Participate in Tourney Here Next Tuesday

On Tuesday, August 17th, the local golf club will be host to approximately 125 women golfers when the sixth annual Northern Golf league tournament will be played here.

The Northern Golf league, comprising nine member clubs—Hibbing, Bemidji, Detroit Lakes, Duluth Ridgeway, Grand Rapids, Park Rapids, Brainerd, Crookston, and Thief River Falls—is a division of the MWGA, and the tournament here next week is sanctioned by the latter organization.

The tournament will be played on a medal-score basis in both the team and individual events. The four-player teams will compete for trophies in the "A", "B" and "C" classifications, with these classifications being arranged on a handicap basis. The team event winners will be determined by the aggregate score on 18 holes of play. The individual competition, for low gross and low net honors, will be decided by nine holes of medal play.

Tee-off time for the matches has been scheduled for 8:30 a. m., with Gordon Longville, the Grand Forks professional, supervising the play and acting as the tournament "starter." A noon recess, at which time the golfers will halt their competition and enjoy a luncheon, is slated for 12 to 1:30 p. m.

In addition to the golfing program, an informal bridge tournament, under the direction of Mrs. Harold Elofson, will occupy the attention of the non-golfers.

The officers of the Northern Golf league, all from the local club, are as follows: president, Mrs. Robert Bredeson; vice president, Mrs. O. G. Ekeren; secretary-treasurer, Mrs. Wm. Feigal; and tournament directors, Mrs. Rudy Mehlhoff, chairwoman, and Mrs. Harold Rasmussen, assistant.

Mrs. D. Bjornaraa Is Touring Norway

Former Local Resident Traveling with Chorus

Mrs. Dreng Bjornaraa of Minneapolis, formerly of Thief River Falls, is visiting relatives in Nordland, Norway, after having accompanied the Nina Grieg Ladies' Chorus of Minneapolis on a concert tour of 18 Norwegian cities.

The group arrived June 20 in Oslo, where Mrs. Bjornaraa visited relatives of her husband, and the final concert was given in Drammen on July 21. After spending two weeks in northern Norway, the birthplace of her father, Bernhard Knudsen, Mrs. Bjornaraa will visit her mother's birthplace near Aalesund. An uncle and aunt, Mr. and Mrs. Ingebrigt Gaustad, live there; they are the parents of Ole Ness of Thief River Falls.

Before joining the chorus members on their return to the United States on Sept. 15, she will visit Mr. Bjornaraa's relatives in Setesdalen in southern Norway, including his aunt, Mrs. Osmund Austad, sister of Mrs. Ingeborg Bjornaraa of Hickory township.

A trip to Paris also may be included, to visit a brother of her sister-in-law, Mrs. Clarence Knudsen of Thief River Falls.

Crash Victim on No. 1 Identified

Helge Blomberg, Fosston, Gravely Injured Aug. 2

A man critically injured in a two-car collision on Highway 1 east of Warren August 2 and unconscious for many hours, was aroused enough Tuesday night to tell Warren hospital attendants he is Helge Blomberg of Fosston.

Blomberg was a passenger in a car driven by August Reinschmidt of Crookston. Authorities said Reinschmidt had picked Blomberg up, presumably while the latter was hitchhiking.

Reinschmidt's car collided headon with another driven by Arthur Gutterud of Thief River Falls. Gutterud was traveling west and Reinschmidt east at the time. Both cars were demolished.

Blomberg is suffering from a compound fracture of the right ankle, a possible skull fracture and concussion. Reinschmidt suffered severe lacerations and a head injury. Gutterud sustained minor injuries.

He said that a highly trained staff of St. Paul volunteers, under the direction of Red Cross safety and nursing services will be on duty to handle any emergency.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

MRS. PAUL BARTLETT, 117-a Middleton Drive, Charlotte 7, North Carolina, practises a novel method of routing man's deadliest enemy, Worry, as the result of discovering that the 60 to 80 per cent of her time that was spent in worrying was absolutely wasted.

On a certain day, we will say June 8th, she turns her desk calendar to July 8th and writes down in that space the things that she is worrying about today.

CARNEGIE

Perhaps she is worrying that she will be caught in a thunderstorm on the way home; or she may have been in a draught when very hot and fears that she will develop a cold, so that she can't go swimming at the beach this weekend; or any number of other things, some more serious.

Day after day, she writes down her worries a month ahead.

At the end of a month she is amazed to discover that 60 to 80 per cent of the things she worried about never happened. Another 15 or 20 per cent resolved themselves with hardly any effort on her part. Only the remaining 10 or 15 per cent were real problems. And she might just as well have saved all her energy and concentrated on that 15 per cent.

She suggests that you try her method for she is convinced that you will decide that you have been wasting time and energy worrying. The point I want to make is: DON'T WORRY! Most of the things you worry about never happen.

Death Claims Red Lake Falls Man August 7th

Peter John Linnertz, resident of Red Lake Falls, passed away suddenly at St. John's hospital in that city Saturday, August 7. Final rites were held at St. Joseph's Catholic church in Red Lake Falls Tuesday morning.

Mr. Linnertz was born May 12, 1892 in Pershing, Belguim and came to the United States and Springfield, Illinois when five years old. He later moved to Red Lake Falls. June 25, 1924 he was united in marriage to Hilda Hendricks in that same city. He has been employed at the Hendricks and Johnson Implement Company in that city for several years.

Surviving are his wife; one son Stanley of Red Lake Falls; two daughters, Mrs. Michael Maid and Dorothy Linnertz of Minneapolis; six grandchildren; his mother, Mrs. Mary Linnertz, three brothers, Jacob, John and Hubert of rural Red Lake Falls; and a sister, Mrs. Patrick Ridge of Anaconda, Montana.

Jay A. Ralston, Pioneer Barber, Dies Tuesday

Jay A. Ralston passed away Tuesday morning at his home at the age of 79. Funeral services will be held Thursday, August 12 at 1:00 p. m. at the Gulbranson Funeral Chapel with Rev. E. C. Mead officiating. Burial will be made at Sandhill cemetery near Climax.

Mr. Ralston was born May 20, 1875, at Diamond Bluff, Wisconsin, and came with his parents while still a young boy to Crookston, where he grew to manhood. July 1, 1901 he was united in marriage to Bertha Satermoe at Climax where he operated a barber shop. They later moved to Stephen and lived there until 1904. Since then he has made his home in this city.

Surviving is one daughter, Mrs. Chas. Isaner of Erskine; three sons Forrest of this city, Morris of Climax and Lowell of St. Paul. Also surviving is a brother A. D. Ralston of Spokane, Washington. He is preceded in death by his wife.

Red Lake County Pioneer, 98, Dies

Rites Held Friday for Mrs. Marie B. Paquin

Funeral services for Mrs. Marie Boucher Paquin, 98, one of the oldest pioneer residents of Red Lake County, were held in Red Lake Falls Friday at St. Joseph's Catholic Church.

Mrs. Paquin died Tuesday after a four-day illness. She had been living at the home of her daughter, Mrs. A. F. Lambert of Red Lake Falls, since 1940.

Mrs. Paquin is survived by the 191 descendants including four children, 58 grandchildren, 120 great-grandchildren and nine great-great-grandchildren.

She was born at St. Ursule, Quebec, May 8, 1856, and grew to womanhood there. She was married to Joseph Boucher when she was 18 and in 1882 they came to Red Lake County. Mr. Boucher died in 1890. Four of their nine children survive, Joseph and Adelard Boucher of Oklee, Wilbrod Boucher of Cudahy, Wis., and Mrs. Lambert.

In 1918 she was married to Louis Paquin. He died in 1927.

Emergency Credit Given to Farmers

Rep. Hagen Says Bill Will Aid Army Worm Victims

A bill last week passed by Congress providing emergency credit for farmers will apply directly to people who suffered in the recent army worm and flood disasters, according to U. S. Rep. Harold C. Hagen.

Specific assurance was given him, Congressman Hagen said, by Rep. Clifford Hope (R-Kans.), chairman of the House Committee on Agriculture.

The bill makes available $15,000,000 out of the regular disaster loan revolving fund to be controlled and allocated by the Secretary of Agriculture.

Individual loans under the new measure, which will be effective until June 30, 1955, are not to exceed $15,000. Designation of a disaster area by the President will not be required to apply for loans under this plan.

The bill was expected to be signed by the President this week.

The Building of the Soo

By C. E. Hellquist

Editor's note—This is the first of a series of articles on the building of the Soo Line from Glenwood to Thief River Falls, written by Charles E. Hellquist, retired Soo Line engineer. Charlie has assembled many interesting facts but admits a few notable shortcomings in this field of research and will welcome the help of other old-timers in telling the story that is fifty years old. Information and suggestions will be welcomed.

I am grateful to engineer Arthur C. McLane, deceased, engineer John M. Linth retired and conductor George Nicholson retired, for letters written to me several years ago, concerning the building of the Winnipeg Line from Glenwood to Emerson. The construction of this line was started early in June, 1903, at a point about one mile northwest of Glenwood by the E. J. Brennan Construction Company of St. Paul. John R. Micheals was superintendent of this construction for the Soo Line at that time.

Engineer John M. Linth and Fireman Joe Bross in locomotive No. 101 were behind the pioneer, or rail and tie distributing machine the morning the first rails were laid. The conductor in charge of the outfit was Oscar Powers and Bob Johnston and Fred Robinson were the brakemen. This outfit laid about three-fouths of a mile of rails each day, one engine and train crew being employed on the job. They would lay rails in the forenoon and return to Glenwood for more material in the afternoon.

Many sink holes were encountered in the grade between Carlos and Parkers Prairie which delayed the work considerably. When the construction was completed to Ottertail conductor Powers left the job and was relieved by Cade Ellis who took charge of the work. Ottertail was the northern terminal on the Winnipeg line during the winter of 1903-1904 and a small shed was constructed there to house the locomotive.

After the construction was completed that fall the engine and train crew were employed during the winter hauling material for the extension of the line the next spring. A stock pile of rails, ties and other material covered about forty acres at Ottertail.

In the spring of 1904 construction was started again in earnest, with the connection with the Pacific Railroad at Emerson as the objective. When laying of rails started that spring locomotive No. 107 was behind the pioneer with engineer Harry Gibson at the throttle.

On June 6, 1904, engineer Arthur C. McLane displaced engineer Harry Gibson on the morning shift. Conductor Hank Sallow, fireman Dent Simmons, brakemen Pete Keeley and Fred Rink were also on the morning shift. On the afternoon shift, behind the pioneer, engineer Charley Forsyth was at the throttle, and William Roffos served as fireman, Joe Eisenpter and Charley Bringelson were brakemen.

Joe Eisenpter and Charley Bringelson were brakemen. These two crews worked behind the pioneer two shifts each day.

When the material on their cars was depleted they would go back to the material yard at Ottertail for another load. Mr. G. R. Huntington General Manager for the Soo Line at that time told conductor Nicholson that a world record had been made laying rails on the Winnipeg Line. An average of two miles of rails had been laid each day.

Five Men Fined in Court Monday for Driving Offenses

Taken into custody by police Monday at 1:45 a. m., Vernon Fossell of Stephen appeared in municipal court the same day on a charge of driving while under the influence of intoxicating liquor, and was fined $100 and $5 costs by special municipal judge Stanley Mortenson.

Charged with permitting an unqualified person to drive his car, Robert C. Rewertz of St. Hilaire was given a ten-day jail term, which was suspended.

The highway patrol brought in Harold O. Brandon of Middle River on a charge of speeding 70 miles per hour at night, and Lynn L. Schornick of Crookston, charged with driving at an unsafe rate of speed. Each was fined $15 and $4 costs. Oscar E. Wilson of Hazel was fined $10 and $4 costs for making an improper turn on the highway.

Three from City Get Diplomas at ND 'U' Saturday

Commencement exercises for 148 students were held at the University of North Dakota Saturday, August 7, at the close of its annual summer term. Among the graduates were three from Thief River Falls, including Wesley Waage, who was awarded the degree of master of education; Richard Edlund, master of science in education; and Embert Hendrickson, master of arts.

Soil Conservation Men Stage Picnic

Showers Cut Attendance at Outing Last Sunday

Altho handicapped by afternoon showers, the annual picnic of soil conservation supervisors of Northwestern Minnesota attracted 35 persons to Tindolph park last Sunday.

Paul Engelstad of the Pennington county district had charge of the program, which included talks by Alfred Weiger of Winger, chairman of the area supervisors in this section of the state, and Neil McClure of the SCS office in Cavalier, N. D.

McClure showed maps and charts dealing with a flood control project on the Tongue River in North Dakota. The plan, which it was indicated is adapted to the Thief River watershed north of this city, requires local people to initiate the project and to pay 50 per cent of the cost, the remainder being financed thru federal funds.

50% better mileage—
NOT ⑤¢ FOR REPAIRS IN 34,400 MILES!"
Here's the typical performance record of GMC Hydra-Matic* trucks as being reported from all parts of the country
A WHOLESALE BAKER, supplying his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.
Here's what their carefully kept records show:
The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.
In use now up to 34,400 miles, not a nickel has been spent on repairs for any one of them.
Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.
Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.
And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ!
Now, how about you? From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.

ed that operations are five or six weeks behind schedule owing to unfavorable weather last spring, and to the necessity for driving a large number of piles due to the unsuspected presence of an abandoned fire hall cistern under a portion of the basement.

He added that about $60,000 has been invested in the project to date, and that local labor and materials are being utilized as far as possible.

Budge also spoke briefly about the new Nu-ply factory now being set up in Bemidji to manufacture plywood from poplar and other native woods. He said that the corporation which is erecting the plant is supplying about $200,000 of the needed funds, while Bemidji citizens subscribed more than $150,000, and a $350,000 loan was secured from the Iron Range Resources and Rehabilitation commission. The plant when completed will employ 50 men.

The Johnson Bros. squad, posting a fine 122 total, defeated Tony Dorn's Pharmacy team, 122 to 117, and dropped the latter squad into a first place tie for the league lead with the up-and-coming Wilson Bros team. In handing the Pharmacy team their second defeat of the season, the Johnson's marked up 25's by Ray and Gordon Johnson, while Erling Torgerson, Russ Williams and Hilmer Lunke had 24's. Russ Embury's 25, on a 19 and 8 handicap, led the Pharmacy marksmen. The shooters will compete again Thursday evening, August 12.

Baumann-Oen, edging out the Times, had four shooters chalking up 25's—Roy Peterson, Mel Hyland, Orvis Olen; and Dr. Paul Wendt. Bill Dahlquist's 25, on a 21 and a 5 point handicap, was the high gun for the Times.

The Wilson Bros. team had a six-point bulge on the Northern Chevrolet team. Al Tonder, with a 20 and a 6-handicap, posted a 25 for Wilson's; while Jim Metcalf, with an 18 and an 8, marked up a 25 for the Chevvys.

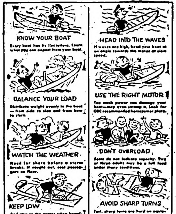
For More Fun In A Boat
Use Common Sense Afloat



KNOW YOUR BOAT
Every boat has its limitations. Learn what you can expect from your boat.

HEAD INTO THE WAVES
If waves are high, head your boat at an angle towards the waves at slow speed.

BALANCE YOUR LOAD
Distribute weight evenly in the boat—from side to side and from bow to stern.

USE THE RIGHT MOTOR
Too much power can damage your boat—may even swamp it. Look for OBC recommended horsepower plate.

WATCH THE WEATHER
Head for shore before a storm breaks. If caught out, seat passengers on floor.

DON'T OVERLOAD
Boats do not indicate capacity. Two or three adults may be a full load under many conditions.

KEEP LOW
And stay in the center when boarding the boat or changing seats.

AVOID SHARP TURNS
Fast, sharp turns are hard on equipment—and sometimes on people. Take it easy.

Follow the eight simple rules shown here for more safety and fun afloat this season, says the Outboard Boating Club of America, national organization of outboard boat and motor owners. Boating is the safest of outdoor sports, says OBC, if you'll use common sense and courtesy.

This week's schedule
August 11th at R. L. Falls, 8 p. m. Northern Minn. All Stars vs. Red River Valley All Stars.

Playoff schedule
At Argyle, Sunday, August 15th
T. R. Falls vs. Alvarado, 1 p. m.
R. L. Falls vs. Argyle, 3:30 p. m.

This week the Red River Valley league playoffs will begin, with the first two games of the double elimination series being slated for the Argyle ball park on Sunday, August 15th. The Thief River Falls Thieves, winners of the league title by virtue of their 10 to 5 win over Viking on Thursday night, will meet the fourth place Alvarado Farmers at 1:00 p. m. At 3:30 p. m. the Red Lake Falls Lakers and the Argyle Maroons, who ended the league season in a tie for third place, will play.

The playoff series will move to Red Lake Falls for the second round of games on Sunday, August 22nd.

A highlight of the baseball season will take place this evening, Wednesday, when, at Red Lake Falls Riverside Park, an all-star team selected from the Northern Minnesota league will meet an all-star aggregation from the Red River Valley circuit. The game is being played as a benefit for Donny Johnson, the St. Hilaire Saints shortstop who is a polio victim.

Thieves Whip Viking to Win League Title

Local Team Completes Scheduled Play with Seven Wins, 3 Losses

In a game that was delayed for nearly half an hour because of the late arrival of several of the Viking players, the Thieves won the Red River Valley league title on Thursday night when they defeated the Oilers, 10 to 5, in the play off of a postponed game. By their win over the Oilers, Swede Lund's team completed its 1954 league schedule by posting a seven wins and three losses record, giving the locals the league championship by a one-game margin over the runner-up Red Lake Falls and Argyle teams.

An error, doubles by Joey Poole and Gene Leslie, a walk to Larry Perkins, a triple by Jack Hoppe, and a single by Ralph Skjod, gave the Thieves five runs in the last inning of the game played at the Fair Ground diamond on Thursday night.

The locals added another run in the 2nd inning, to hold a 5 to 0 lead moving into the 4th inning when Viking dented the plate for three runs. Erlin Huglin opened with a walk; Paul Erickson poled a double to left field; Chuck Barr, who raked Leslie's offerings for a pair of doubles and a single in five trips, slapped a single into center field, scoring Huglin and Erickson; Vern Wahlstrom doubled to left center, scoring Barr.

In the 5th inning, a hit batsman and Barr's double accounted for the fourth Viking score, and the Thieves' lead was pared to two runs, 6 to 4.

Four hits, a walk, and a "squeeze play" sent four Thieves across the plate in the 7th inning, and "insured" the game.

Viking, in the top of the 9th, picked up their final tally when George Erickson singled through the mound, and moved around to score on infield outs.

In an exhibition game played here on Saturday night, the Thieves behind the steady hurling of right-handed Myrle Rice, trounced the Plummer Red Sox, 21 to 4. With Phil LeGault on the mound for Plummer, the game moved along at a rapid pace until the 6th inning, with the locals holding a 6 to 1 lead. Gene Leslie hammered out the first home run to be poled out of the re-vamped Fair Grounds diamond, clouting one of LeGault's slants over the left-centerfield fence in the 5th inning. Replacing LeGault on the mound for Plummer in the 6th inning was Duane Rafteseth, and Deane Schoenauer finished out the game, pitching the 7th and 8th innings.

REINER . . .

By Mrs. Morris Miller, Rt. 2, Goodridge, Phone 28F18.

There will be services in the Reiner church on Sunday morning at 11 a. m. August 15. Rev. Rodvick will speak.

Congratulations to Mr. and Mrs. Raymond Froelick (Leora Vraa) on the arrival of a baby daughter August 5. The Froelick's live at Kelliher.

Thursday evening guests at the Herbert Vraas were Mr. and Mrs. Leonard Olson and children, Mrs. Alvin Halvorson and girls, Mrs. Gillespie and Micheal all of Thief River Falls, Mrs. Louis Quam and boys.

Mr. Henry Lee and Mr. Elmer Lee both of Minneapolis came a week ago Tuesday to visit with their sister and brother-in-law, Mr. and Mrs. Selmer Erickson. Last Wednesday Mrs. Erickson accompanied her brothers to Nokomis, N. D. to visit with friends. They enjoyed the trip very much.

People are busy picking blueberries, harvesting etc. between showers. Although we surely need this rain very much.

Edgar and Richard Miller and Raymond Coan went to Gully on Monday evening to hear the Frankie Jankevik band at the Gully hall.

Mr. and Mrs. George A. Vraa went to Kelliher on Sunday to visit with Mr. and Mrs. Ray Froelick and to see their new granddaughter, Rae Ann. Congratulations to Mr. and Mrs. Vraa on their first grandchild.

Mr. and Mrs. Morris Miller and family attended a reunion of relatives at Tindolph Park on Sunday. A bounteous dinner was served. Afterwards they all went to the home of Mr. and Mrs. Marvin Gustafson, where moving pictures were taken and lunch served over a hundred relatives.

Drive carefully — don't try to save a minute and end up by losing a life!

GRYGLA SOLDIER GIVEN PARATROOPER'S BADGE

Pvt. Roy D. Nordby, son of Mr. and Mrs. Arthur Norby of Grygla, recently completed Class No. 13 at the 11th Airborne Division Jump School at Fort Campbell, Ky.

The course represents a challenge to all personnel desiring to become paratroopers and only those having a strong will and the determination to be "Willing and Able" receive their just reward, the Parachutist's Badge.

At the finish of three strenuous weeks of training the jumpers were presented their coveted wings.

RED LAKE FALLS CADET AT PENSACOLA, FLORIDA

Qualified as a carrier pilot after six successful landings aboard the light aircraft carrier USS Monterey in the Gulf of Mexico is Naval Aviation Cadet Joseph D. Whalen, son of Mrs. G. T. Whalen of Red Lake Falls. The landings completed a stringent schedule in military, academic, physical and flight training at the U.S. Naval Air Station at Pensacola, Fla. A course of instruction in instrument flying at the U. S. Naval Auxiliary Air Station is his next step towards earning the coveted Navy "Wings of Gold."

STRANDQUIST SOLDIER HOME FROM NORTH AFRICA

A 2/C Peter B. Orcutt, son of Mr. and Mrs. Leon M. Orcutt of Strandquist, returned home Sunday from French Morocco, N. Africa where he has been stationed the past year and where he states the temperature at one time reached a high of 116 degrees. He has orders to report to Ft. Kilmer, N. J. on Aug. 22 for reassignment.

CHATTING with your HOME AGENT

Margo Olson

This week I would like to tell you about the lessons which members of the extension home program will study during the coming year. These lessons were chosen in the spring from current problems brought forth at the county program planning meeting. They will help to solve these problems, and will improve family living while doing so.

The first lesson will deal with the care and repair of home furnishings. This will be essentially a work session, in which different pieces of furniture will be repaired. Parts that will receive attention, among others, are regluing of loose parts, filling of gouges and cracks, covering scratches, removing dents, and periodic cleaning helps.

The next lesson is entitled "Making Meat More Profitable". As the title indicates this lesson will deal with various methods of preparing meat for table use. Then, too, it will show how to make the best use of the parts of the meat animal not commonly used. This lesson will be very timely, when meat is one of our more expensive food items.

"The use of Dairy Products and Eggs" will be studied next. This lesson is designed to make us aware of the extensive use of these farm products. This lesson is also timely because of the surplus of dairy products at this time.

For those of you who have difficulty deciding what to wear with what, the lesson on "Clothing Accessories" will help you. Its aim is to help you develop the ability to combine clothes and accessories that look well together.

"Business Affairs of the Family" will teach you how to follow sound business practices for both your family and firm affairs. Doing business at the bank, signing and accepting contracts, notes and receipts and using credit will be a few of the important phases discussed.

Planning home water systems will be discussed at open meetings on "Water and Sewage systems." Outside systems will also be covered. Husbands and wives will be invited to attend this meeting together.

I know that you will be eager to take part in the extension home program for the coming year. You may call me at the county extension office in the Auditorium for information about the groups near you. We will certainly be pleased to enroll you as a member and will be pleased that you joined!

Addition and Alterations to Knox Elementary School Building Athletic Field and Bleacher Field House
Thief River Falls, Minnesota
ADVERTISEMENT FOR BIDS

Bids Close at 7:00 P. M., September 3, 1954.

Notice To Contractors: Sealed proposals will be received separately for the work of general construction, mechanical construction, and electric wiring for the Addition and Alterations to the Knox Elementary School Building, and also separately for the work of general construction, mechanical construction and electric wiring for the Athletic Field and Bleacher Field House, both at Thief River Falls, Minnesota, by the Clerk of the Board of Education of Independent School District No. 18, Pennington County, Minnesota, Thief River Falls, Minnesota, at the office of the Board in the High School Building until the hour of 7:00 P. M. on the 3rd day of September, 1954, and will be publicly opened and read aloud immediately thereafter. Bidders may also, if they so desire, submit combined proposals for the two projects as indicated on the proposal blanks.

Proposals shall be upon the blanks furnished for that purpose. A certified check or bid bond in the amount of not less than 5% of the greatest amount of the bid shall accompany each bid as a guarantee that the bidder will enter into a contract with Independent School District No. 18, Pennington County, Minnesota, Thief River Falls, Minnesota, for the work described in the proposal. This certified check or bid bond shall be subject to forfeiture as provided by law. Certified checks or bid bonds of the three lowest bidders will be retained until contract has been awarded and signed by all concerned, but not longer than thirty days.

No bidder may withdraw his bid for a period of thirty days after the date set for opening thereof. The Board of Education reserves the right to reject any or all proposals and to waive informalities therein.

Plans and specifications are on file at the office of the Clerk of the Board of Education in the High School Building and at the office of Toltz, King and Day, Inc., Engineers and Architects, 1500 Pioneer Building, St. Paul 1, Minnesota. Contractors desiring plans and specifications for personal use may secure them from the Engineers and Architects by depositing $10 with the Engineers and Architects. The amount of the deposit for one set of documents will be refunded to each bidder who submits a bona fide bid and returns the plans and specifications, in good condition within ten (10) days after the opening of bids. One-half the amount of the deposit will be refunded to all subcontractors, and also to prime contractors, who fail to bid for each set of documents so returned.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Appreciate Camp Experiences

Summer camp programs are in full swing. Whether your youngster is spending a month or a week at any sort of well planned, well supervised camp, you can be glad that he is having this kind of opportunity to gain new experiences and work out his place in the group.

Is he outgoing, friendly, quick to form new "palships" with new children? Then, chances are, he will take this pattern to camp with him, be quick to "adjust" to the camp patterns, and will probably have lots to contribute to the fun of the whole group. But not all children are automatic group leaders, and yet they profit, too.

It he timid? A bit shy, reluctant to be in the spotlight, inclined to be uneasy when out of his ordinary routine? Then camp may be a bigger hurdle for him, but still, for a short period of time, he may be able to get tremendous satisfaction out of being able to take this experience away from home and hold his own, even though perhaps he does not participate in every available activity or shine in any one skill. For him, the rewards may be partly in the increased feeling of self-confidence the realization that he did go, and that he was "on his own" in a situation about which he was apprehensive.

Is he too aggressive? Too boisterous? Too much of a show off? In the camp situation, his age-mates are ever-present and offer a powerful sort of group influence which parents, belonging to a different generation, simply cannot provide. They may be able to subdue some of the bothersome behavior which has concerned his dad and mother. Will he be unhappy about it? Very possibly he will—but lessons learned from home experiences must sometimes be painful for a child, and his parents, no matter how much they want to help him, cannot meet his life problems for him nor endure the hurts for him.

Camp is not a panacea for all childhood ills; it will not automatically "straighten out" an emotionally upset youngster. For the majority of children, however, it can offer a confidence-building, happy period of time in an organized situation, where skilled adults watch children make progress with living, but do not try to do the living for them.

Nation's 4-H'ers Seek to Cut Death Toll of Farm Folk on Rural Highways

Look out, young feller!

CHICAGO—(Special)—"Make Safety Your Number One Crop," the slogan of several million rural boys and girls throughout the nation since its introduction in 1945, continues to be fostered by more than 615,000 4-H Club members. They are taking part in the 1954 National 4-H Safety Program being conducted in 46 states for the tenth consecutive year. Participants receive training in farm accident and fire prevention, which includes checking and removing hazards of every conceivable nature.

These surveys are credited by safety experts as being a valuable contribution to the nationwide campaign to reduce the tragic annual toll of 15,000 lives and 1,225,000 disabling injuries to farm folk.

In conducting their surveys, the 4-H'ers look for such safety hazards as loose or floppy clothing worn about moving farm machinery, cluttered stairways, oily rags, frayed electric cords, broken ladder rungs and sharp tools.

What is becoming an increasingly serious problem is that accidents to farm people caused by motor vehicles now account for nearly one-fourth of all deaths and injuries that occur on rural highways. Also, 700 of the fatal farm accidents reported last year involved wheel tractors. One-third of the fatal tractor accidents reported involve persons under 20 years of age. One case in ten was a child under 5.

To help correct this problem, the 4-H'ers are giving highway safety demonstrations before farm groups and over local radio stations, as well as putting window displays in town stores and booths at county fairs.

The 1954 National 4-H Safety Program is conducted by the Cooperative Extension Service. As incentives for outstanding records in the program, General Motors provides medals of honor which are presented to four county winners, and an all-expense trip to the National 4-H Club Congress in Chicago to the state winner. Eight of the latter will be selected as national winners, each receiving a $300.00 college scholarship.

Stan Larson New City Golf Champ

Defeats Bob Ulsaker to Win Title Wednesday

Stan Larson, many times a champion flight contender and several times a finalist, won the city golf championship last Wednesday when, in a match against Bob Ulsaker, he scored a convincing 6 to 4 victory.

Larson, in succeeding to the title left vacant by Vic Jung, defeated Jerry Tygeson in a first round match, and then defeated Lloyd Bennes, 2-up, in a semi-finals encounter before meeting Ulsaker in the finals.

Ulsaker, a newcomer to local golf, eliminated lefty Phil LeGault in a first round match, and then defeated Plummers Wally DuChamp, 4 to 2, in a semi-finals match.

The cards:

CHATTING with your HOME AGENT
Marge Olson

This week I would like to tell you about the lessons which members of the extension home program will study during the coming year. These lessons were chosen in the spring from current problems brought forth at the county program planning meeting. They will help to solve these problems, and will improve family living while doing so.

The first lesson will deal with the care and repair of home furnishings. This will be essentially a work session, in which different pieces of furniture will be repaired. Parts that will receive attention, among others, are regluing of loose parts, filling of gouges and cracks, covering scratches, removing dents, and periodic cleaning helps.

The next lesson is entitled "Making Meat More Profitable". As the title indicates this lesson will deal with various methods of preparing meat for table use. Then, too, it will show how to make the best use of the parts of the meat animal not commonly used. This lesson will be very timely, when meat is one of our more expensive food items.

"The use of Dairy Products and Eggs" will be studied next. This lesson is designed to make us aware of the extensive use of these farm products. This lesson is also timely because of the surplus of dairy products at this time.

For those of you who have difficulty deciding what to wear with what, the lesson on "Clothing Accessories" will help you. Its aim is to help you develop the ability to combine clothes and accessories that look well together.

"Business Affairs of the Family" will teach you how to follow sound business practices for both your family and firm affairs. Doing business at the bank, signing and accepting contracts, notes and receipts and using credit will be a few of the important phases discussed.

Planning home water systems will be discussed at open meetings on "Water and Sewage systems." Outside systems will also be covered. Husbands and wives will be invited to attend this meeting together.

I know that you will be eager to take part in the extension home program for the coming year. You may call me at the county extension office in the Auditorium for information about the groups near you. We will certainly be pleased to enroll you as a member and will be pleased that you joined!

Addition and Alterations to Knox Elementary School Building Athletic Field and Bleacher Field House Thief River Falls, Minnesota

ADVERTISEMENT FOR BIDS

Bids Close at 7:30 P. M., September 3, 1954.

Notice To Contractors: Sealed proposals will be received separately for the work of general construction, mechanical construction, and electric wiring for the Addition and Alterations to the Knox Elementary School Building, and also separately for the work of general construction, mechanical construction, and electric wiring for the Athletic Field and Bleacher Field House, both at Thief River Falls, Minnesota, by the Clerk of the Board of Education of Independent School District No. 18, Pennington County, Minnesota, Thief River Falls, Minnesota, at the office of the Board in the High School Building until the hour of 7:30 P. M., on the 3rd day of September, 1954, and will be publicly opened and read aloud immediately thereafter. Bidders may also, if they so desire, submit combined proposals for the two projects as indicated on the proposal blanks.

Proposals shall be upon the blanks furnished for that purpose. A certified check or bid bond in the amount of not less than 5% of the greatest amount of the bid shall accompany each bid as a guarantee that the bidder will enter into a contract with Independent School District No. 18, Pennington County, Minnesota, Thief River Falls, Minnesota, for the work described in the proposal. This certified check or bid bond shall be subject to forfeiture as provided by law. Certified checks or bid bonds of the three lowest bidders will be retained until contract has been awarded and signed by all concerned, but not longer than thirty days.

No bidder may withdraw his bid for a period of thirty days after the date set for opening thereof. The Board of Education reserves the right to reject any or all proposals and to waive informalities therein.

Plans and specifications are on file at the office of the Clerk of the Board of Education in the High School Building and at the office of Toltz, King and Day, Inc., Engineers and Architects, 1500 Pioneer Building, St. Paul 1, Minnesota. Contractors desiring plans and specifications for personal use may secure them from the Engineers and Architects by depositing $10 with the Engineers and Architects. The amount of the deposit for one set of documents will be refunded to each bidder who submits a bona fide bid and returns the plans and specifications in good condition within ten (10) days after the opening of bids. One-half the amount of the deposit will be refunded to all subcontractors, and also to prime contractors, who fail to bid for each set of documents so returned.

GROWING WITH YOUR CHILD
Institute of Child Welfare, University of Minnesota

Appreciate Camp Experiences

Summer camp programs are in full swing. Whether your youngster is spending a month or a week at any sort of well planned, well supervised camp, you can be glad that he is having this kind of opportunity to gain new experiences and work out his place in the group.

Is he outgoing, friendly, quick to form new "palships" with new children? Then, chances are, he will take this pattern to camp with him, be quick to "adjust" to the camp patterns, and will probably have lots to contribute to the fun of the whole group. But not all children are automatic group leaders, and yet they profit, too.

Is he timid? A bit shy, reluctant to be in the spotlight, inclined to be uneasy when out of his ordinary routine? Then camp may be a bigger hurdle for him, but still, for a short period of time, he may be able to get tremendous satisfaction out of being able to take this experience away from home and hold his own, even though perhaps he does not participate in every available activity or shine in any one skill. For him, the rewards may be partly in the increased feeling of self-confidence the realization that he did go, and that he was "on his own" in a situation about which he was apprehensive.

Is he too aggressive? Too boisterous? Too much of a show off? In the camp situation, his age-mates are ever-present and offer a powerful sort of group influence which parents, belonging to a different generation, simply cannot provide. They may be able to subdue some of the bothersome behavior which has concerned his dad and mother. Will he be un-happy about it? Very possibly he will—but lessons learned from home experiences must sometimes be painful for a child, and his parents, no matter how much they want to help him, cannot meet his life problems for him nor endure the hurts for him.

Camp is not a panacea for all childhood ills; it will not automatically "straighten out" an emotionally upset youngster. For the majority of children, however, it can offer a confidence-building, happy period of time in an organized situation, where skilled adults watch children make progress with living, but do not try to do the living for them.

Nation's 4-H'ers Seek to Cut Death Toll of Farm Folk on Rural Highways

Look out, young feller!

CHICAGO—(Special)—"Make Safety Your Number One Crop," the slogan of several million rural boys and girls throughout the nation since its introduction in 1945, continues to be fostered by more than 615,000 4-H Club members. They are taking part in the 1954 National 4-H Safety Program being conducted in 46 states for the tenth consecutive year. Participants receive training in farm accident and fire prevention, which includes checking and removing hazards of every conceivable nature.

These surveys are credited by safety experts as being a valuable contribution to the nationwide campaign to reduce the tragic annual toll of 15,000 lives and 1,225,000 disabling injuries to farm folk.

In conducting their surveys, the 4-H'ers look for such safety hazards as loose or floppy clothing worn about moving farm machinery, cluttered stairways, oily rags, frayed electric cords, broken ladder rungs and sharp tools.

What is becoming an increasingly serious problem is that accidents to farm people caused by motor vehicles now account for nearly one-fourth of all deaths and injuries that occur on rural highways. Also, 700 of the fatal farm accidents reported last year involved wheel tractors. One-third of the fatal tractor accidents reported involve persons under 20 years of age. One case in ten was a child under 5.

To help correct this problem, the 4-H'ers are giving highway safety demonstrations before farm groups and over local radio stations, as well as putting window displays in town stores and booths at county fairs.

The 1954 National 4-H Safety Program is conducted by the Cooperative Extension Service. As incentives for outstanding records in the program, General Motors provides medals of honor which are presented to four county winners, and an all-expense trip to the National 4-H Club Congress in Chicago to the state winner. Eight of the latter will be selected as national winners, each receiving a $300.00 college scholarship.

Local Midgets Down Bemidji; Advance to State Jaycee Event

With youthful lefty Freddy Jensen pitching "big league" ball, the local midgets, by a 2 to 1 score, edged out the Bemidji midgets in the finals of the JayCee's regional midget baseball tourney played here on Wednesday night. By their victory over Bemidji, coach Bob Nick's team earned a place in the JayCee's state midget baseball tournament that will be played at Chisholm on August 13th and 14th.

The locals scored what proved to be their winning runs in the opening frame of Wednesday night's finals, touching Bemidji's righthander, Bill Lawrence, for three hits and two runs. Dale Glass struck out; Roy Pederson singled to right-field; Evan Jones singled to center-field; Glenn Carlson whiffed; Fred Dablow drew a walk to load the bases; and when Bob Hallamack was given a pass, Pederson came home with the first tally. Dean Anderson looped a single into right-field, scoring Jones. Dave Berg was out, pitch to first, to retire the side.

Bemidji scored their lone run, and unearned score, in the 3rd inning. Mark Kolden was out on a foul pop to Glass; Terry Henry flied out to left-field; Jim Swanstrom struck out, but gained a "life" at first base when Carlson dropped Dablow's low throw; Lawrence singled to center-field; Bob Fenske sent a ground single into left-field; and on an error on Dick Anderson's ground ball, with Glass dropping Hallamack's force-out throw at third base, Swanstrom crossed the plate with a run.

Jensen, who showed fine control in giving up but two walks, limited Bemidji to but two hits during the 4th, 5th, 6th, and 7th inning; and when Evan Jones gathered in Anderson's fly ball for the game-ending out in the 7th, the young southpaw had chalked up a well-earned victory.

TRF Jaycee Midgets Enter State Tourney Friday

Pictured above is coach Bob Nick's local midget baseball team, winners of the Jaycee's district and regional midget baseball titles and an entrant in the state Jaycee's midget baseball tournament at Chisholm on Friday and Saturday.

Front row, left to right, Pat Poole, Jerry Jorgenson, Mickey Poole, David Berg, Kenneth Jones, Dean Bergland and Fred Jensen; back row, Larry Lefebvre, Dale Glass, Evan Jones, Fred Dablow, Dean Anderson, Glenn Carlson, Roy Pederson and Bobby Hallamack.

The local club gained its berth in this week's state tournament by winning the regional tourney played here last week. In a first round game, the locals eliminated Lake Bronson, and in the finals they edged out Bemidji, 2 to 1.

Legion Jr. Ball Club Loses in State Tourney

Locals Eliminated by Austin 10 to 0 in 1st Round of St. Paul Event

A veteran and tournament-wise Austin Junior Legion baseball team, taking advantage of some jittery defensive play by the locals, defeated the Thief River Falls Junior Legion team, 10 to 0, in a state tournament game played at Lexington Park in St. Paul on Saturday night.

Austin jumped into a commanding lead in the 1st inning when a pair of errors by the usually reliable local infield, and a walk, loaded the bases, and Ron Wolfe's triple drove in three runs. Bob Mathias' single sent Wolfe across the plate with the fourth run to give Austin a 4 to 0 lead.

Coach Ralph Skjod's club, on a single by Duane Glass and walks to Rod Collins and Freddy Dablow, filled the bases in the 3rd inning with two men out, but Glenn Carlson lofted to the second baseman to end the threat.

Austin, on a pair of walks and a single, by Larry Tate, scored a singleton in the 4th inning; and in the 6th inning, five hits and a walk sent five Austin runs across the plate.

Austin was eliminated in the semi-finals on Sunday, losing to St. Paul's North End team, 4 to 1.

Except for the 6th inning, when he was tagged for five of the eight hits that he allowed, righthander Sid Vraa hurled a creditable game against the defending state champions. Sid struck out five batters, walked six, and hit one batsman. Mathias, pitching for Austin, limited the locals to his hits, all singles. Glenn Carlson with two hits in three trips to the plate, was the most successful of the local stickers.

The line score:

Austin	400	105	0	10	[illegible]
Thief River Falls	000	000	0	0	[illegible]

Batteries—Mathias and Deckel; Vraa and Dablow.

Around the clock during 1952-53, the Red Cross provided blood for defense and civilian use at an average rate of eight donations per minute.

Keeping Score with "Huck" Olson

Stan the Man.

Much credit is due Stan Larson for winning the city golf championship last Wednesday, and for the manner in which he won. Stan's stick-to-itiveness paid off, at last, and racked up a 6 and 4 over Bob Ulsaker in the finals.

Stan on several occasions has been on the verge of winning the city title. We can recall one instance when Stan, playing Vic Jung in the finals, was three-up with three holes to play, only to have Vic win the 7th, 8th, and 9th holes, to even the match, and then win on the 10th hole. Some of the golf fans contend that Stan "Choked" up when he realized that he had Vic "on the hook." The fact is, though, that Vic Jung is a better and more powerful golfer than Stan, and Vic's rally earned that win over Stan.

This year there's no question but that Stan Larson is entitled to the city golf championship. Last week's play gave an additional boost to Stan's golfing prestige, for in a match played here, against his brother Bill, a ranking Grand Forks golfer, he, Stan, shot a 34 and scored a win over Bill. It's not often that Stan can take Bill's measure in golf.

The Mayville Redcaps

It will come as good news to local baseball fans to learn that Harold Johnson, the Thieves' business manager, has arranged a couple of first-rate exhibition games to be played under the lights on the Fair Grounds diamond.

On Friday night, August 13th, the famed Mayville Redcaps of Mayville, North Dakota, will play the Thieves; and on Wednesday night, August 18th, the St. Hilaire Saints will meet the locals. The Mayville club has been a "power" in North Dakota baseball for the past several years, having been state champions two or three times.

We hope that "Red" Soholt will accompany the Redcaps here, even if he doesn't appear in the lineup. Red played with th local baseball team back in 1938, when George Lee was managing the Thieves, and the boys that played in the game, and the fans that were in attendance, will never forget the home run that Red blasted over the right-centerfield fence at Warren. That blow was titanic. Red, until a year or so ago, played with the Redcaps, and it is probable that he will be available for pinch-hitting duties if he's here on Friday. As long as Red is able to carry a bat to the plate, he'll be a hitter.

And the game scheduled for Wednesday night, August 18th, should be a crowd-pleaser, too. That's when Klein Gigstad's St. Hilaire Saints play an exhibition against the Thieves. The Saints are always "up" when they play the Thieves, and with such former Thieves as Larry Gilbertson, Bobo, Dicken, and LeRoy Aasland on the St. Hilaire squad, you can expect the game to be hotly contested.

As an added incentive to the fans, the game has been designated as a Pennington county polio fund contest, with the net proceeds being donated to the local polio fund raising committee.

Still in the League

There's no truth to the rumors that are being circulated around Third and LaBree to the effect that the Northern Chevrolet trap shoot squad, winners of but one match this season, captained by Roy Jorgenson and coached and managed by Frank Rinkel, would drop out of the local trap shooting league. Not since they defeated the Wilson Bros. team, 112 to 106, on May 20th, have the Chevvy's won a match.

Frank was highly incensed at such talk about the Northern Chevrolet team leaving the league, and he vowed that the other five teams will learn that the Chevs are still in the loop.

The league matches are scheduled to be shot tomorrow evening, Thursday, August 12th. Plenty of interest is being generated as to the outcome of the Times vs. Wilson Bros. match, and the Pharmacy vs. Baumann-Oen encounter. The "still in the league" Northern Chevrolet will meet the high-gun Johnson Bros. in the evening's third match.

Red River Valley vs. Northern Minny

Tonight, Wednesday, the all-star game, between the Red River Valley league and the Northern Minny league, will be played at the Red Lake Falls ball park.

Representing the Thieves in the all-star encounter will be Swede Lund, as the all-star manager, first baseman Larry Perkins, pitcher Gene Lealle, and outfielder Jack Hoppe. Al Williamson had been an all-star selection, but the rangy outfielder turned an ankle in the Viking game last Thursday, and he requested a replacement for tonight's contest.

The game, which has been an annual feature, has provided the fans with fine baseball entertainment in the years past, and it is expected that tonight's game, which is being played as a benefit for St. Hilaire's Donny Johnson, a polio victim, will attract a capacity crowd.

2d Band Concert Set Friday Night

A large audience seated in cars around the west side park last Friday enjoyed the first in a series of concerts by the Legion municipal band under the direction of Alvin M. Anderson. The second concert will be presented Friday evening, August 13, at 9.00 o'clock.

Ernotte Hiller Takes Sunday's Shortstop Tournament in City

In a finals match that was not concluded until 8:25 p. m., Crookston's veteran Ernotte Hiller, by a one-up margin, defeated Bemidji's youthful Joe Mayer to win the shortstop tournament played over the local course on Sunday. In the championship flight consolations, Grafton's Ray Carlson scord a 3 and 1 win over the local club's Stan Larson.

Hiller moved through the lower bracket of the sixteen-man championship flight by defeating Roseau's Jack Lundbohm, 1-up, in a first-round match; Lloyd Bennes, 2 and 1, in a second round encounter; and Fosston's Jim Haugstul, 2 and 1, in the semi-finals. Joe Mayer, the regional high school champion eliminated Crookston's lanky Bob Snyder in a first round match, and then edged out Paul Mellby in the quarter-finals; and followed with a 3 and 2 win over Crookston's Walt Johnson in the semi-finals.

In the championship finals, Mayer romped into an early lead, winning the first and third holes with par figures while Hiller was posting bogies. Both golfers scored par threes on the 4th, bogey five's on the 5th, and scrambled for par fours on the 6th, leaving Mayer 2-up with three to play. On the 7th, both golfers had fine tee shots. Hiller's second was short of the green, while Mayer lofted a high shot that carried over the green and down the embankment and was lost. Mayer was charged with a lost ball and re-played the shot, being on the green in four. Hiller, playing carefully, was down in five to win the hole.

On the short 8th hole, Hiller was on the green with his tee shot, while Mayer was off to the left. Mayer pitched on the green, being ten-feet past the pin. Hillr rolled his approach putt up to within two feet of the cup; and when Mayer missed his try for a three, the Crookston golfer scored a par and evened the match.

The long 9th was played in near-darkness. Hiller's third shot was on the green, 12 feet from the cup, while Mayer was short of the green by about twenty feet. Mayer's chip was weak, leaving the Bemidji youngster a long putt for a par, and when he missed the shot, Hiller tapped in his short putt for a par five and the win.

One hundred and twenty golfers participated in the tournament.

The cards, championship and consolation finals:

Par	444	344	435—35
Hillyer	343	334	535—38
Mayer	444	334	546—40
Larson	445	344	545—40
Carlson	534	434	435—39

AGAINST THE LAW TO BE SICK?
Not any more, but at one time sickness was against the law in New Guinea and sick persons in other parts of the world were often shunned or persecuted for possessing "evil spirits". State Fair Opens in Twin Cities Aug. 28

"You'll See More in '54!"

This is the proud boast of officials planning this year's Minnesota state fair, scheduled from Aug. 28 thru Sept. 6.

The most elaborate display of products from Minnesota farm lands, homes and industries ever presented in the fair's 93-year history will be jammed into the 260-acre fairgrounds, located between Minneaplis and St. Paul.

Spectacular entertainment also will be on view every afternoon and evening of the 1954 exposition. Grandstand and Hippodrome attractions, the Royal American Shows midway, band concerts, children's theatre, and other special features will provide a fun-filled garnish to the miles of educational exhibits.

Nearly a quarter of a million dollars in premiums are being offered at the forthcoming fair for such varied activities as agriculture, fine arts and auto racing.

Even more money than this has gone into the 1954 portion of a long-range fairgrounds improvement program. Additional parking area and exhibit space is available this year, adding weight to the Minnesota state fair's claim of possessing the finest exposition plant in America.

Eight afternoons of auto racing, nine performances of the breath-taking State Fair Revue, ten horse show programs, three installments of Art Swenson's Thrillcade, and motorcycle races are scheduled for the grandstand and Hippodrome. Besides these pay attractions, a free Children's Day morning grandstand show and Saturday programs of baton twirling and the 4-H Dairy Parade will be held in the Hippodrome.

The finest Horse Show in America, with a total of $35,000 in cash awards, stakes and trophies, will be on display in the 8,800-seat Hippodrome seven nights and three afternoons.

Draft, Education Regulations Data Compiled by "U"

Two Booklets Explain Educational Benefits under Selective Service

Whether a young man is seeking information about selective service regulations or educational benefits for Korean veterans, he can now find it in one of two folders published by the University of Minnesota.

The folders, entitled "Selective Service Regulations as They Apply to Present and Prospective Students" and "Educational Benefits for the Korean Veteran" are believed the first of their kind published in the United States.

Explained in the Selective Service folder are the following subjects: registration, age of liability for military service, physical examination, deferment after you have registered, after you have applied for deferment, personal appearance and right of appeal and types of classification ordinarily assigned to students.

Cooperating with the University to compile the information was the Minnesota state headquarters of the Selective Service system.

In the other folder, veterans are advised "If you served more than 90 days in the Armed Forces anywhere in the world after June 27, 1950, and were discharged or released under honorable conditions, you are eligible to apply for educational benefits under Public Law 550. Although this law is generally referral to as the Korean Bill, service in Korea is not a prerequisite to receiving its benefits."

Veterans are offered in the folder, which has been checked for accuracy by the Veterans Administration, hints on how to apply, monthly attendance reports, answers to some usual questions and extent of educational benefits.

Copies of the folder are available upon request from the office of Admissions and Records, University of Minnesota, Minneapolis 14, Minnesota.

Stickers Paying State Parks Loan

$99,000 of $450,00 Loan Was Repaid Last Month

The $450,000 loan to the Division of Game and Fish under the Sticker Law enacted by the 1952 legislature was reduced by $99,000 July 1st, when a transfer of this amount was made from the Parks fund to the division of Game and Fish. At the close of the fiscal year July 1st sticker receipts amounted to $107,472. Estimates by park officials are that the loan will be reduced approximately $150,000 more at the close of the current fiscal year, if the present rate of receipts continue.

To date approximately $302,000 of the original $450,000 loan has been budgeted with less than $100,000 remaining to be allocated to specific projects.

Important and major operations made possible by the $450,000 loan include the remodeling and decorating of Douglas Lodge, Itasca Park, modernizing Whitewater State Park, rebuilding and improving of the amphitheatre at Fort Ridgley Park, rebuilding of the swinging bridge over the St. Louis river, Jay Cooke park and redecking and otherwise strengthening four bridges at St. Croix park.

Contract Let for Red Lake Schools

Elementary School and Vocational Wing Slated

Construction of two new school buildings at a cost of $382,015 was authorized recently by the Red Lake school board (District 45.) The structures are a ten-classroom elementary school and a four-classroom vocational wing for the high school building.

Roedler Construction Company of Duluth was awarded the contract. Theirs was the lowest received in a call for bids June 24.

Workmen will begin construction of the new building within a few days, according to George Saunders, superintendent of schools. The buildings are to be ready for occupancy in August, 1955.

The new brick elementary school building will be built near the high school and will replace frame elementary buildings in Red Lake and Redby. The high school addition will provide two new classrooms which will be used in teaching home economics, and two more which will be used for teaching industrial arts. The old industrial arts shop will be converted so a new two-year course in auto mechanics can be offered.

In addition to ten classrooms, the elementary buildings will have a combination room to be used as gymnasium-auditorium-hot lunch room.

CANADA GROWING

Canada now has a population of more than 15 million people, an estimated increase of more than eight per cent since the 1951 official census. The Canadian Chamber of Commerce is urging continued selective immigration on a basis that will increase the Dominion population to 30 million by 1975.

Minnesota is not going to be hurt by the development that is taking place north of the border. Instead of being on the outer rim of business activity, the center of continental commerce will gradually move closer to us. Industrial development in western Dakota and Canada will improve our position and increase our opportunities materially.

Dairying Still Best Bet

There were 1,390,000 milk cows on Minnesota farms in June, according to official estimates. This total was up slightly from a year ago but still was well below the 1942-52 average of 1,507,000. We now are tied with New York for second place in cow population, with Wisconsin far ahead and secure in first place position.

Under present conditions it isn't easy to be enthusiastic about the future of farming in any form. The future for dairying, however, certainly is at least as hopeful as is the future for any other branch of agriculture and for this area it still is the best bet.

While milk production is subject to fluctuation, we can't recall any year of failure to the butterfat crop. Come worms and rust and floods and hail and frosts and all other forces and freaks of nature that are a constant threat to most of our farm production, the monthly cream checks march steadily on.

That cream check isn't always as big as it should be. The dairy farmer has a seven-day work week the year 'round. There are many things wrong with dairying. But our community is a much more stable community because dairying is its basic agricultural industry.

Bias of Abundance

The storage tanks built in large numbers throughout the grain producing states have now been filled with last year's crop to make room on the farms for this year's harvest. They serve as an effective reminder that we do have surpluses and that production controls are needed.

These surpluses have accumulated as a result of the government's price support program. If there had been no price support program there still would have been surpluses and it is reasonable to assume that those surpluses would have broken an unprotected market. Without price supports our community probably would have been as flat broke as it was following the first world war. The support program is making it possible for us to adjust our production downward to peacetime needs without going through a period of ruinous prices.

This matter of determining how much of what should be produced is not an easy problem however. Even if we knew exactly what our needs would be, production itself is a very uncertain thing. We have been favored by years of bumper crops. Most of us can remember the years of drouth and dust bowls and unproduction. We do not know what next year's production will be.

And we do not know what special demands may be made on our supplies of food and feed. We know that there are hungry people and that there is no world surplus. Russia has reversed itself and now will permit us to distribute food to hungry east Germany. This may open the door to other behind-the-curtain countries. Giving away that which we cannot use ourselves will not make us poorer.

And we know that the population here within our own country, as well as thruout the world, is increasing, and that the demands made on our productive capacity will steadily increase.

We have surpluses and they are troublesome. To take care of our abundance it has been necessary to increase our storage capacity. But abundance in itself certainly is not a bad thing. With orderly production and orderly marketing our surpluses can be kept under control. With good management our abundance can prove to be a blessing.

GRAND FORKS IS ANGRY

Business and professional men of Grand Forks are plenty mad at Minneapolis and St. Paul, according to our good friend the editor of the Grand Forks Herald. Through their civic organizations Twin Cities business men supported Thief River Falls, Bemidji and Brainerd in their effort to retain commercial airline service. That was an unforgiveable blunder, according to the Herald editor, because he considered it to be contrary to the best interests of Grand Forks and, he thundered mightily, such goings-on could lead to no end of trouble.

"It should be made clear to Minneapolis connections of Grand Forks business and professional firms that this sort of thing can only jeopardize the relationship between the two cities," he said. "Certainly Grand Forks does not intend to become subservient to the whims and fancies of the Minneapolis crowd, and this should be impressed on the right people."

It would be foolish for us to become involved in so ridiculous an argument. In behalf of our community we are of course glad to express our appreciation to the Twin City groups that have helped us in any way and we are sure Bemidji and Brainerd will also be properly appreciative.

But, in all seriousness, we are sure the Twin City interests that took a position on this question were neither for us nor against Grand Forks. They, as did Thief River Falls and Grand Forks, did what they thought was best for themselves, we are sure, and for that they deserve neither credit nor blame.

The Twin City airport is an important hub in the national and international flight pattern. It is also an important hub of local flight service and by their position in support of local airline service the Twin City group merely recognized the importance of such service in their overall development program.

Grand Forks and Fargo and Duluth and other cities, located as they are, naturally fit into this local service pattern. Whether they like it or not, they are the Pumpkin Centers of the long haul service, but they are mighty and important terminals for the short haul traffic. The people of Grand Forks will be better served as a large rock in the small aviation puddle than as merely another pebble stranded on the beach, watching the ships sail by.

From where I sit ...by Joe Marsh

"Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made ragweed "Inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on but to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all"!

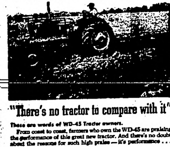
"I couldn't believe my eyes"



"There's no tractor to compare with it"

These are words of WD-45 Tractor owners.

From coast to coast, farmers who own the WD-45 are praising the performance of this great new tractor. And there's no doubt about the reasons for such high praise — it's performance . . . and price!

The new POWER-CRATER engine gives you the power you've always wanted. This mighty power plant plus AUTOMATIC TRACTION BOOSTER lets the WD-45 pull three bottoms almost effortlessly through fields often considered impossible to plow.

And conveniences, like SNAP-COUPLER, POWER-SHIFT wheels, and TWO-CLUTCH POWER CONTROL add up to a tractor that's unmatched in features and performance . . .

One demonstration will prove it. And the price will save you hundreds of dollars. Let us show you.

SNAP-COUPLER and POWER-CRATER are Allis-Chalmers trademarks.

Dr. Jacobson Named Head of State School Board for 2nd Term

Dr. A. E. Jacobson of this city was reelected in St. Paul August 2 to serve his second year as president of the state board of education, of which he has been a member the past five years. His term as a member of the board continues until 1961.

The board was told Tuesday that Minnesota school districts, in a race to keep up with expanding enrollments, completed 35 million dollars worth of new school construction and remodeling during the past year.

Guy O. Tollerud, director of school building and planning in the department of education, said 112 new buildings or additions were erected and 31 schools were remodeled. In addition, eight new rural schools were built and 39 were improved, he said.

Meanwhile public school enrollment jumped from 518,476 in 1951-52 to 540,425 in 1952-53, department statisticians reported.

Almost 1,000 new teachers were added to public school payrolls during the same period, bringing total number of teachers to 22,953 as of June, 1953. Teachers received an average of $3,883 a year.

In addition to increased enrollments, a larger percentage of students are completing high school, the statisticians said.

In 1937, only 48 per cent of the students who entered the fifth grade stayed in school long enough to graduate from the 12th grade. By 1953 this percentage had increased to 72 per cent.

Around the clock during 1952-53, the Red Cross provided blood for defense and civilian use at an average rate of eight donations per minute.

Warning Signs on Road Project Work Should Be Obeyed

Several Accidents Are Reported Where Drivers Neglect to Heed Signs

Several traffic accidents, at least one of them fatal, have been reported recently because of failure on the part of motorists to heed warning signs or signalmen stationed at highway construction projects, according to the Minnesota highway department.

"Warning signs are always installed," said a department spokesman, "ahead of all road projects which require extra caution on the part of motorists. If, in any particular instance, the safety engineers of the department feel that a road under construction cannot be safely negotiated by motorists using ordinary caution, the road is closed while under construction and motorists are required to use a detour around the section being rebuilt."

Driving through sections receiving bituminous treatment presents many special hazards to the unwary or careless motorist. Not only must he be on the lookout for men and machines, but the presence of gravel windrows is a special danger. Because of construction requirements, these windrows may be on either side of the roadway or in the middle, and their location may change from one location to another in the course of the project. In the event the windrows are in the middle of the road, provision is made for crossovers and crossings should be attempted at only these locations. These windrows are marked by lighted flares during hours of darkness, with reflecting warning signs also placed at frequent intervals.

CinemaScope goes to the circus in "Ring of Fear," new production which opens Sunday at the Falls Theatre. Clyde Beatty, Pat O'Brien, Mickey Spillane (making his screen debut), and the entire Clyde Beatty three-ring circus help provide the thrills in this tale of a homicidal fanatic who escapes from the police and joins the circus as ringmaster.

DFL Offers Prizes in Slogan Contest

Contest to Be Feature of Minneapolis Meeting

Slogan writers of Minnesota will have a field day in connection with the Democratic-Farmer-Labor Rally for Victory to be staged in the Minneapolis Auditorium on Saturday, September 25th.

The party is on the hunt for a slogan that will help all of its indorsed candidates in their campaigns for election in November.

To inspire the slogan writers, three prizes are being offered for the entries selected as the best by a panel of experinced udgs.

First prize will be a 1954 Plymouth Club Sedan, second prize a television set, and third prize a portable radio.

Fifty thousand tickets for the Rally fo Victory have been distributed to liberal organizations all over the State to be sold at $1 each and the sale is now on.

Each ticket has a section which the buyer keeps for his admission to the rally, at which Adlai Stevenson will be the principal speaker. Attached to the ticket is an official entry blank consisting of an identification section for the name and address of the slogan writer and a form on which to write the slogan.

The program at the Auditorium will be an all-day affair, with panel discussions during the afternoon, the huge bean feed which more than 10,000 are expected to attend between 5 and 8 p. m., the speaking program and the award of 50 or more attendance prizes, plus the slogan contest awards.

Death Benefits on Life Insurance in Minnesota Mount

Minnesota families received $16,458,000 in life insurance death benefits in the first half of this year, compared with $15,830,000 in the corresponding period of last year, it is reported by the Institute of Life Insurance. This year's payments were 39 percent greater than those in the corresponding period nine years ago, when the six-month total was $11,853,000.

The number of policies paid off because of death in the first six months of 1954 was 8,753, which compared with 8,692 in the first half of 1953 and 7,852 in the first half of 1945.

"The rise in death benefit payments in the years since World War II directly reflects the greatly increased holdings of life insurance by American families since the end of World War II," Holgar J. Johnson, president of the Institute said in announcing the figures. "Death benefits paid in the first half of this year throughout the country were 38 percent greater than in the corresponding period of 1945 even though mortality among policyholders generally appears to be at a record low rate, materially below the 1945 rate."

Catholic Welfare Pro Football Tilt Set for August 14

Big league pro football will make its annual invasion of the Northwest next week when the Green Bay Packers and the Chicago Cardinals collide at the Parade stadium in Minneapolis on Saturday night, August 14. The contest, which is the seventh Annual Catholic Welfare Association football game, will start at 8:15 p. m.

Father Tom Meagher, director of the game, said today that ticket sales indicate a capacity crowd of slightly more than 20,000 will be on hand for the Packer-Cardinal clash. Tickets are on sale at the Downtown Ticket Office in the Northwestern Bank Building in Minneapolis. Prices are $4.75 for seats between the 10-yard lines, $3.40 for seats between the 10-yard lines and the goal lines and $1.75 for seats back of the goal lines.

400 "U" Students Graduate Aug. 19

Exercises Scheduled at Northrop Auditorium

The University of Minnesota will award degrees to approximately 400 students at its second summer session commencement Thursday, August 19, in Northrop Memorial auditorium.

Dr. Charles Mayo of Rochester, University regent and member of the United States delegation to the United Nations, will deliver the commencement address. Title of his talk will be "The Factor of Time."

Commencement ceremonies will begin at 8 p. m. with an invocation by the Rev. George G. Garrelts, director of Newman Foundation at the University.

Preceding the main address, University President J. L. Morrill will speak to the candidates for degrees. He will later confer all degrees and commissions to cadets graduating from the navy ROTC program.

Dean E. W. Ziebarth of the summer session will introduce deans of the various University colleges who will present students receiving diplomas. Names of those earning doctor of philosophy degrees will be announced individually by John C. Darley, associate dean of the graduate school.

During the last fiscal year, over 5,000,000 volunteer hours were spent in Red Cross collection of blood for defense and civilian.

THE PARABLE OF THE BIG TREES

Consider the giant redwoods and sequoias. How high they tower above the floor of the forest.

And yet, beneath them ferns and shrubs and smaller trees grow and thrive in the sunlight that pours through the branches of the giants.

So it is with you and me. We might think ourselves overshadowed by the giants in the earth—the people who are richer, or more powerful, or better educated than we. But the sunlight of God's love pours down upon the whole forest, and each of us knows its warmth and power.

It doesn't really matter who we are, or where we live, or how much of this world's goods we possess. Each of us receives at the hands of God unmeasured blessings.

And, every Sunday in Church, each of us has the opportunity to express his love for God in humble worship.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Elmer Amundson Given Driving Award

In a recent issue of "Dugan Doings" we found an interesting article concerning a former resident, Elmer Amundson, of our community but who now resides in East Grand Forks.

Elmer Amundson and Earl Fagerberg, Moorhead drivers, and Howard Summervold of Sioux Falls were chosen as "Driver's of the Month" by N. Dakota and Minnesota. Dan Dugan, congratulated the drivers on winning their awards. He suggested that many people do not understand the true meaning of the driver's awards since it required driving as much as 60 to 70 thousand miles per year in all kinds of weathers, good and bad, without even a scratch or a dented fender. The driver's wards were personally presented by Mr. Dugan. We of the home community also congratulate you on your fine record.

Rambler roses should be pruned just after they are thru blooming. Since they bloom only on year-old canes, all canes should be removed as soon as the flowers have faded. The current year's young canes produced from the base should be protected and trained to the trellis since they will give next year's bloom.

On large-flowered climbers, remove several of the oldest, largest canes, cutting them off at the base of the plant. However, leave some of the older canes, removing side shoots that have flowered on these canes.

Shrubs grown for twig color like dogwoods should also be pruned this month. Remove some of the old wood to the soil level. The new shoots have the brighter color.

ANNOUNCEMENT—
The Mutual Health & Accident of Omaha has now discontinued the Creamery Group setup at the Thief River Co-op. Creamery.
The Hylden Insurance Agency representing the Mutual of Omaha are now soliciting individual applications for all coverages the Company has to offer.
An individual policy costs a very little more and you are able to pick out exactly what you want and need in the way of protection.
I would like to warn everyone about strangers coming into our community as salesmen representing this company and that. They are usually high powered pressure salesmen and most of them are misrepresenting the merchandise they offer.
Why not talk over and find out what the local merchants and agencies have to offer.
If their stuff costs more they talk quality and if lower they talk price.
At least the fellows who live here, share with you your joys and sorrows and help pay taxes and also do their share in criticizing the City Council, County Board and other bodies elected by the people.
Please call 508W2 or see us at our office in the Pennington Hotel.

The hit that's changing the sales standings puts you way ahead 3 ways
This year Buick has done what no other car has done in more than a generation.
This year Buick has moved into the lofty circle of America's three top sales leaders—a circle once dominated only by the so-called "low-price three." For today, Buick is outselling all other cars in the nation except two of these "low-price three." And each new month's sales figures strengthen Buick's new sales leadership.
You can't do better—if you want the best buy for your new-car money—than to look into the soaring success that is Buick today. You'll find this glamorous new-day beauty puts you way ahead in three important ways—that's for sure. So drop in on us—tomorrow at the latest—and see for yourself that Buick is the buy of the year, hands down.
1. More new car for your money
2. More money for your present car
3. More dollars when you trade

Dairy Princess for State Gets New Name

Minnesota's state dairy princess will be known officially as "Princess Kay of the Milky Way," L. H. Conlon, manager of the Minnesota Dairy Industry Committee, announced today.

The prize-winning name, selected from among several thousand entries in a statewide contest to find a title for the dairy princess, was submitted by Mrs. Jacob J. Toman of Keewatin, Minnesota. She will receive a $100 savings bond for her winning suggestion. The prize will be awarded by dairy industry officials during the state fair, where Mrs. Toman is exhibiting her baked goods and pastries.

In the letter that accompanied her choice, Mrs. Toman wrote, "We all know milk and its products are nearly perfect food. Why not be healthy all the way, follow a path along the Milky Way."

Members of the Minnesota Dairy Industry Committee agreed. Further, they felt the name had a "good ring" to it, Conlon said.

Minnesota's first dairy princess will be crowned on August 28 during the evening grandstand performance at the State Fair. Fifteen princess candidates, winners at regional contests, will compete for the title, including Sonya Sharpe of Shelly, who was crowned Northwest Dairy Princess in Thief River Falls, June 9.

Conlon said that almost 2,000 girls have completed in the local, county and regional contests.

Princess Kay of the Milky Way will begin her reign immediately after her coronation. She will represent the dairy industry at their exhibit for the rest of the fair then will begin a year-long series of personal appearances to help promote the consumption of dairy products. Advance requests for her presence number over 40, Conlon said.

REV. SUSTAD SPEAKER AT COVENANT CHURCH SUNDAY

Minnesota Banks Principal Farm Lenders in State

Banks Had Loans Totaling $185,779,000 Outstanding With Farmers December 31

Minnesota farmers continued to go mostly to the state's banks to meet their credit needs during 1953, according to George W. Werstlein, vice president of the Northern State Bank, who represents the Minnesota Bankers Association as Pennington county key banker.

Quoting from the thirteenth annual farm lending survey of the agricultural commission of the American Bankers association, Mr. Werstlein noted that banks were by far the largest lenders to the state's farmers during the year. On December 31, 1953, Minnesota banks had loans totaling $185,779,000 outstanding to farmers; while the insurance companies, the financial agencies with the second largest amount of farm loans outstanding, held only $88,311,000 at the same time. In addition to their regular lending operations, Minnesota banks also held $80,824,000 in C.C.C. loans under the government's price-support program, which is not included in the above bank total.

"The banks have been encouraging farmers to make better use of their present acreage through modern methods rather than buy additional land during this period of high land prices," Mr. Werstlein said. "The bulk of the farm loans held by banks are production loans rather than real estate loans. Production loans include credit to finance growing and marketing of crops, breeding, raising and fattening of livestock; purchasing of modern equipment; and the like. Banks held $132,825,000 of these production loans at the end of 1953, compared with $14,668,000 held by Production Credit Associations and $10,558,000 held by the Farmers Home Administration."

Federal Tax Cut Hailed by State Taxpayers Assn.

"Minnesota, as well as all other states, should follow the recent example of the federal government in its treatment of fiscal matters," said Herman A. Borgen, Secretary of the Minnesota Taxpayers association, in discussing the federal tax revision law enacted last week.

The tax laws recently signed by the President, brings the federal tax reduction for individuals particularly, and for businesses also, to more than seven billion dollars this year. This means a saving to the taxpayers of Minnesota of about $130 million dollars.

"This the taxpayer will be able to spend, or save, instead of having the federal government spend for them," continued Mr. Borgen.

Before World War II, the Soviet Ukraine accounted for nearly a fourth of Russia's entire wheat and corn crops, a third of its barley, and two-thirds of its sugar beet output.

THE MINNESOTA STORY

Prepared by the
Minnesota Historical Society

FOLDING MONEY

In the very early days the area from which Minnesota was derived had no money or currency with a definite and accepted standard of value.

The money in the days of the fur trade was the skin of the beaver. It was symbolic of value. It was accepted as money [illegible] the nation and down the St. Lawrence. The business on the Great Lakes was done with this kind of folding money.

Beaver were common and easily trapped. The fur of the prime beaver was known as the "plue." An average skin would weigh up from a pound and a half to two pounds. One beaver was equal to the skin of a bear and three [illegible].

The price of a keg of rum was thirty beaver. An early trader on Lake Superior [illegible] thousand beaver for four canoes filled with goods. [illegible] beaver for the season. Corn was [illegible] a bushel. In terms of the gold currency found in the larger centers, a beaver was worth about two dollars.

When an Indian bought a rifle he paid a pile of beaver skins as high as the gun was long.

THE FRONTIER DOCTORS

The first doctors came to Minnesota with the army. [illegible] was the first physician at Fort Snelling. Later, doctors were found at Fort Ridgely up the Minnesota and at Fort Ripley [illegible]. These men not only looked after the health of the soldiers but they served the few people then [illegible] on and traveling through the frontier.

St. Paul had the first practicing physician in Minnesota. Dr. John Dewey came to this small community in July, 1847. He began the first regular practice and established the first drug store in the state. [illegible]

[illegible] came to St. Paul in 1849. [illegible] practice for too long a time [illegible] he had a greater interest in politics and business.

Politics must have [illegible] the early practitioners. Doctor [illegible] came to St. Paul in 1849. He practiced for a quarter century and he was also the first mayor of the town.

After the establishment of the territory in 1849 doctors came to the state and went to outlying communities. There were enough of them in the state to organize the Medical Society of Minnesota in 1853. It had thirteen officers and [illegible] standing committees. Doctor [illegible] was its first president and Doctor [illegible] looked after the treasury. The Society had a committee of [illegible] which evidently had some [illegible] on the frontier.

COUNTY BUSINESS

In the early days public business in Minnesota was conducted on an informal basis. Take, for example, Sherburne county.

This county was created in 1856. Joseph Brown's home in [illegible] township might well have been considered the county seat. [illegible] commissioners met there for several years. For one meeting [illegible] the board arrived to find the county seat in ashes. The board [illegible] on a little knoll between [illegible] Great lakes but even though it was cold weather, made it necessary to adjourn to the Putnam house.

The judicial affairs of the county were conducted until 1865 at [illegible] Rapids. They were then moved to the Brown house. [illegible] had his office at his own home and those who had business with several officers made their rounds from residence to residence. [illegible] part of Elk River was the seat of county business for a time. [illegible] seat of justice. [illegible] [illegible]

4 Youth Leaders Given N.Y. Trips by State Co-ops

Four Minnesota youth leaders have won an expense paid trip to Ithaca, New York to attend a one-week youth leadership conference at Cornell University. The winners include Harris Byers, Westbrook, Minnesota; Melvyn Fahning, Freeborn; Helen Fahning, Clearbrook; and Norman Ramey, Redwood Falls.

The awards were announced this week by Harry J. Peterson, representating the Minnesota Association of Cooperatives, sponsor of the award.

The four winners will leave for New York on August 13. The youth conference they will attend opens August 15 and is sponsored by the American Institute of Cooperation. Over 500 young people representing youth organizations from all parts of the United States will attend the conference. They will spend the week learning how young people and youth organizations can help improve their home communities through cooperative effort.

CARE IS REQUIRED WHEN DRIVING ON OILED ROADS

Slippery roadways are not confined to winter, with its ice and packed snow conditions as many motorists have discovered. Freshly-placed oil can also result in dangerous skids, so it behooves motorists to drive at greatly reduced speeds whenever they encounter such conditions during the summer road construction and repair seasons. Not only will this prevent needless accidents, but will also greatly reduce chances of getting unwanted tar and oil on your car.

GULLY...

By Mrs. Arnold Brovold, Gully

The Gully Merry Makers 4-H club met at the Gully Hall Wednesday evening, August 4th. The meeting was led by the Pres. Janice Sorb, who also led group singing. Geraldine Bergh and Karen Bauman each played a piano solo. Darlene Berg gave a demonstration on setting a table. Mrs. Ronald Haugen and Mrs. Arnold Brovold were in charge of the recreation. Miss Stevens the Home Demonstration Agent spoke. Lunch was served by Mrs. Bennie Bergerson and Mrs. Harry Bergh.

Members of the Johnson family enjoyed a family reunion and picnic supper at Pine Lake Thursday evening. Present was the mother, Mrs. Herman Johnson, daughters and son-in-laws, Mr. and Mrs. Herb Mienert of Erskine, Mrs. Norman Kandhley of Bemidji, Mrs. Sam Weekly of Minneapolis, Irene and Linda Johnson, a son and daughter-in-law, Mr. and Mrs. John T. Johnson of Milwaukee, Wisc., granddaughters and families, Mr. and Mrs. Jack Dolan, Mary and John of Bemidji, Mr. and Mrs. Owen Morken and Karen of Arizona, Mrs. Orville Calhoon and Sandy, a grandson, Orson Weekly Susan, Bruce and Forrest of Deer River and Mrs. John Johnsons brother and sister, Melvin Torgrude and Mr. and Mrs. Lawrence Long of Clearbrook.

Mr. and Mrs. Edvin Bergh, Beverly, Barbara and Geraldine drove to Kelliher on Sunday and visited with Edvins mother, Mrs. Edward Bergh at the Julius Benson home there. Mrs. Bergh had just recently celebrated her 91st birthday.

Norman Ellertson came from Minneapolis to spend the week end with his parents, Mr. and Mrs. Ed Ellertson.

Mr. and Mrs. Louis Ellertson, Bert Farley, Duane and Carroll Ellertson drove to Alexandria on Sunday to attend a reunion of the Ellertson relationship.

Mr. and Mrs. Ed. Oftener, Beverly, Lois and David of Tacoma, Wash., came on Thursday to spend a few days visiting with her mother, Mrs. Anton Haugen and other relatives.

Mrs. Norris Smith and family of Neilsville spent from Thursday until Saturday evening with her parents, Mr. and Mrs. Carl Gunvaldson. The Smiths and Mrs. Gunvaldson returned to Neilsville Saturday evening and on Sunday Mr. Gunvaldson went to get his wife; enroute home they stopped at Crookston and visited at the Delbert Aker home.

Jerry Erickson of Trail spent the week end visiting with his aunt Cora Anderson.

Dinner guests at the George Jansen home on Sunday were Mr. and Mrs. Maurice Lillo, Milton, Arnold, Jimmy, Gary and Roy of Oklee. Roy remained to visit for a few days. Mr. and Mrs. Ted Rindahl of Oklee also visited there Sunday afternoon. Guests at the Jansen home from Wednesday until Thursday were Mr. and Mrs. Fredie Turk and friends from LaCrosse, Wisc.

Visitors at the L. H. Aos home on Saturday were Mr. and Mrs. Jake Hartman of St. Cloud and Mr. and Mrs. Hartman and two children of Minneapolis. Mrs. Aos and the elder Mrs. Hartmann used to be friends at LaRoy, Minn. and hadn't seen each other for 45 years. On Monday Mrs. Alvin Jacobson, Roger Jacobson, Mr. and Mrs. Leon Jacobson and Lorene of LaRoy, Minn. came to visit. Mrs. Jacobson remained for a longer visit with her folks while the others returned home Saturday, going by way of Duluth.

Mrs. Claus Clausen celebrated her birthday on Thursday. Those who called to wish her a happy birthday were Mrs. Curtiss Melbo, Mrs. Arlie Fore, Mrs. Arnold Brovold and Mrs. Ray Brekke. In the evening Mr. and Mrs. Leander Brein, Darlene, Patty, Ordell and Gerald of Gonvick, Mr. and Mrs. Elmer Berg, Betty and Larry and Mrs. Kenneth Forsberg visited there. Lunch including birthday cake was served to all.

Mrs. Arnold Brovold had a few of the neighbors in for afternoon coffee on Tuesday to get acquainted with Mrs. George Jansen who recently moved to Gully. Others present were Mrs. Arlie Fore, Mrs. Fred Bertsch, Mrs. Roy Brekke, Mrs. Willard Robbins, Mrs. Kenneth Forsberg, Mrs. Claus Clausen, and Mrs. Orville Calhoon.

Our Land

Plants 65,000 Trees

More than 65,000 trees were planted in the Wilkin Soil Conservation District this spring, according to Frank Ballinger, chairman of the district's supervisors. This makes a total of 815,000 trees planted in the district since it was organized in 1946. Of trees planted this spring, 15,000 went into field windbreaks and the rest into farmstead shelterbelts. District tree planting machines helped 85 Wilkin county farmers with tree planting this spring, Ballinger reports.

Pastures Need A Hair Cut?

Your pastures look shaggy? Give them a haircut. Now's the time. Pastures should be clipped for weeds and tall, mature grass two or three times during grazing season. This tip comes from Wallace W. Nelson, agronomist at the University's Northeast Experiment Station in Duluth. In rotational grazing, clip after you move cattle off, he says. At the same time spread droppings. This will help prevent tall tufts of unpalatable grass from growing around droppings. The droppings, Nelson explains, are high in nitrogen but low in phosphorus—thus the grass is heavy but untasty. The whole "haircut" operation will give you more pasture, fewer weeds, and more nutritious grass.

Plant Tree Crops for Profit

Land unsuited to agricultural crops can wisely and profitably be put to trees. Barren hills that erode easily can be converted into profitable tree cropland. According to Parker Anderson, extension forester at the University of Minnesota, and can make even the poorest, hilliest acres beautiful and productive with trees. County agents have free information to help you bring your land to its most efficient production, wether in trees, animals, grass, crops, or a combination.

Only High-Quality Tile

Before Minnesota farmers can become eligible for ACP drainage payments, the tile they install must meet quality standards as follows—both concrete and clay tile up to 12 inches in diameter must have a supporting strength of not less than 800 pounds per linear foot tested by the three-edge method, or 1,200 pounds per linear foot by the sand-bearing method. Also absorption of concrete tile shouldn't be over 10 per cent—clay tile, 13 per cent. For complete details, ask your county agent or ASC committeeman. A program of stock testing is being set up to help assure farmers getting only high quality tile.

Trouble Predicted

As the Soo Line came closer to Thief River Falls the news became more certain that it would not arrive without a pitched battle with its arch enemies, the Great Northern and the Northern Pacific. In the preliminary stages of Soo Line extension there had been some tough shadow boxing between the Canadian Pacific, builder of the Soo Line, and the Great Northern. Certainly the giants were not on friendly terms with each other and probably the Great Northern went out of its way to make more difficult the building of a competing line.

Editor Eastman of the News was very definitely on the side of the Soo however and the news was slanted in favor of the new road. The Soo had come as far north as Erskine in early August of the year 1904 and its arrival in Thief River Falls was only a few weeks away, providing here editor Eastman evidently let his imagination run wild as he anticipated the most awful things would surely happen. In his issue of August 11, fifty years ago, he predicted:

"The Great Northern is planning to make the Soo people a lot of trouble in passing through this section and one of the big battles will be fought in Thief River Falls. A large number of Great Northern officials have been in the city of late but give out but little information on what they intend to do. It is quite probable however that the Soo will have to cross the Great Northern three times to get through the city.

"The first trouble that will be encountered of a serious nature is at Erskine where during the past week a big force of Great Northern workmen have lowered the Great Northern sidetrack along the main line at that point three feet below the grade of the main line track. This it is understood will force the Soo Line to change its survey materially so as to go around the Great Northern sidetrack.

"On Good Authority"

"It is learned on good authority that the Soo, under [illegible] conditions cannot cross where the survey is made, unless it is done by tunneling and running their tracks under those of the Great Northern or [illegible] them by trestle work above those of the Great Northern, neither of which would be at all practicable.

"This will cause a determined fight and without doubt legal proceedings will have to be instituted before the crossing can be effective, and if the other plan is adopted of changing the survey to go around the G. N. sidetracks, serious obstacles will be encountered as well.

"Within the past week there has been a crew of N. P. surveyors at work several miles north of Erskine, and where their survey crosses that of the Soo a big sign has been erected reading 'Northern Pacific Railway Crossing' and it is understood that the N. P. is to lay ties and rails at that place at once, forcing the Soo to put in interlocking rails at that point, which is both expensive and slow work.

"It is thought by some that the purpose of the Great Northern is to so delay work on the Soo as to make it impossible to get trains running before winter sets in, thus preventing the Soo from getting any part of the big traffic that is expected this fall. It is evident from the general trend of affairs that the fight against the Soo is to be a determined one and the developments in the case will be watched with intense interest by both railroad men and the general public.

"It is predicted that there will be clashes between the employees of the two roads before the end that may be of a serious nature."

It Didn't Happen

So reported the News in its issue of August 11, 1904. But a week later, in the issue of August 18, the alarm had subsided. All was peaceful. Wiley Tindolph, returning from a trip to Arkansas, had called on president Lowry and general manager Pennington of the Soo Line on his return through Minneapolis and announces that these gentlemen state that the Soo will reach here the fore part of September.

"They do not anticipate any trouble in crossing the Great Northern at Erskine or at Thief River Falls", the News continues, "stating that they will comply with the laws governing one road crossing another and if the Great Northern attempts to make trouble they will take the matter into court".

And in another item under the heading "The Soo Will Be Here In Two Weeks," the News stated, "The Soo track layers reached Erskine yesterday. This is just 34 miles south of here and they are laying on an average of two to two and one-half miles a day so it is expected they will reach here in about two weeks or so. There has been no trouble in crossing the Great Northern tracks at Erskine and the country between there and Thief River Falls is in good condition so it is expected that fast time can be made."

And so another battle failed to occur, probably to the disappointment of Editor Eastman.

Summer Pruning

July is the month to prune spring flowering shrubs.

* * *

Corrective pruning gives better, sturdier growth as well as more and larger blooms. It also gives the plant a better shape and keeps it younger. Pruning should begin the second year after obtaining plants from the local nursery.

* * *

Caraganas, bridal wreath, honeysuckle, mockorange, flowering currant, lilac, viburnum, weigela, potentilla should be pruned this month as well as other early flowering shrubbery which blooms on old wood.

* * *

Remove about one-third of the oldest, biggest stems to the ground level. All other canes which tend to give the bush a poor appearance should be pruned back to a strong side branch. Always avoid an unnatural sheared appearance.

* * *

Prune out all sucker growth from the base of flowering plums, flowering almonds and Cistena sand cherries. The roots are frequently more vigorous than the tops and suckering results. These suckers will tend to crowd out the original shrub and the plants will resemble wild plums.

* * *

Mothers Emergency March on Polio Aug. 19

As part of the Emergency March of Dimes being conducted thruout the nation August 16 to 31, the Thief River Falls Woman's club, headed by Mrs. Robert Robarge, will conduct a Mother's March on Polio in the residential areas of this city, Thursday evening, August 19, starting from the Civic and Commerce room in the Auditorium at 6:30.

All women's civic, church and fraternal organizations are being asked to supply volunteer solicitors to assist in making a house-to-house canvass.

It was announced that there will be no solicitation of employes in the business district, and the hope was expressed that all contributions will be made available at the homes.

With polio incidence mounting throughout the nation and March of Dimes funds exhausted, the citizens of Pennington county are rallying in support of the emergency campaign, Roy Oen, Pennington county chapter president, declared today.

"Volunteer workers, taking time out of their normal leisure period, have mailed approximately 1,300 letters to rural residents of the county outlining the grim financial crisis faced by the polio fighting organization," Mr. Oen said. "The crises arises from a combination of the greatest patient aid load in history and the tremendously costly new program of polio prevention."

In addition 200 coin collectors are being assembled and distributed throughout Pennington county by Boy Scouts under the leadership of Frank Baird, scoutmaster.

"We know that when the people of Pennington county are informed of the desperate need of polio patients all over the country and are given the opportunity to help, they will do so," Mr. Oen said.

Kern Olson Names Campaign Group

Henry K. Arneson Serving as Committee Chairman

Kern M. Olson of this city, candidate for the Republican nomination for lieutenant governor in the September 14 primary election, announced today the personnel of the statewide committee working in his behalf.

Chairman is Henry K. Arneson of St. Paul, owner of Radio Station KTRF, while the secretary is Tony Yngve of St. Louis Park, formerly of Thief River Falls. Other members are Cap Lund of Minneapolis, president of Ducks Unlimited; Mrs. Agnes Nelson of Minneapolis, chairwoman; and Mrs. Tony Yngve, women's secretary.

Olson also announced that his local committee is headed by Bob Bell as chairman; Miss Katherine Barzen, secretary; Otto Rupprecht, co-chairman; A. F. Berge, treasurer and Don Olson and Clarence Mattson, publicity.

Olson has filled speaking engagements during the past week in various parts of Minnesota, including Moorhead, Ortonville and Morris. He spoke Monday at a meeting of manufacturers representatives in the Calhoun Beach Hotel in Minneapolis, and this weekend will preside over the annual convention of the Minnesota Conservation Federation in St. Cloud.

Legion Post to Open Membership Drive This Week

The annual membership drive of Eklund-Holmstrom Post of the American Legion is now under way, with 2nd Vice Commander W. G. Maves in charge. A meeting to lay plans for the campaign was held on Thursday evening, August 12, at post headquarters. For the past four years, Eklund-Holmstrom post has had the honor of being the largest post in the district, and this year's membership quota has been set at 544 members. Harold M. Johnson is post commander and Harlan Elseth is post adjutant.

Putting up White Way Lights May Start This Week

With most of the light poles on hand and with 24 bases poured, installation of white way electric light standards is scheduled to get under way late this week in the south portion of the business district, provided the luminaires arrive by that time.

Trenching has been completed and cables installed in the outlying areas, and cutting of the sidewalks is virtually completed.

The John M. Schroeder Co., Inc., of Grand Forks is executing the contract.

Demonstrations to Be Presented Monday by 4-H'rs

Winners of State Fair Trips to Perform in Civic & Commerce Room

Pennington county 4-H'ers who will demonstrate at the state fair will present their demonstrations for the public on Monday evening, August 23, in the Civic & Commerce room in the Auditorium, beginning at 7:00 p. m. County Extension Agents, Marge Olsen and Bill Penning announced today.

Demonstrations and their topics are as follows: Arleen Malberg and Shirley Oski, silent bread (mixing, kneading and shaping); Billy Svensgaard, automobile safety; Janice Finstad, applying hot iron mending tape; Janet Torgerson, "It's Cheese for Snacks"; Joyce Helgeland, selecting exhibition poultry; Marilyn McCrum, canning fruit; Ernest Bresnay, making and using a cold frame; Doris Belange, making Swedish lefse; Pat Torkelson, washing fine fabrics; Raymond Nelson, care of milking equipment; and Glenn Lendobeja, planting an evergreen.

This meeting is an excellent opportunity for the public to see the work that the 4-H members are doing, and to see a part of the state fair without leaving Pennington county.

Board Agrees on Plan to Pay Sunnyrest San

Pennington Board OK's Per Capita Plan Along With 3 Other Counties

Following favorable action taken last Thursday evening by the Pennington county board, Dr. Baldwin Borreson, superintendent of Oakland Park sanatorium, notified the board of Sunnyrest sanatorium in Crookston Monday that the boards of the four counties maintaining the local institution favored the per capita method of sharing in the support of the Crookston institution when Oakland Park sanatorium is closed and its patients transferred to Sunnyrest.

Under the per capita system, each county would pay toward the support of Sunnyrest on a population basis, and it is expected the plan will be approved by the Sunnyrest board, which had indicated previously it preferred this arrangement to the per diem basis, under which each county would be charged according to the number of its patients being treated.

Before the transfer can become effective, the plan must first be approved by the Polk and Norman county boards, which share in the operation of Sunnyrest.

The Pennington county board at its meeting Thursday also went on record in favor of continuing the present tuberculosis detection and prevention program in some form.

The board recommended that, rather than selling the present Oakland Park property, it be leased to a non-profit organization which would operate the institution as an old peoples home on a non-denominational basis. Before making a final decision on this matter, however, it will first be necessary to secure agreement with the boards of Roseau, Marshall and Red Lake counties, which also share in supporting Oakland Park san.

Fair Board to Be Host to Workers Next Wednesday

The Pennington county fair board will be host at dinner next Wednesday evening, August 25, at 7 o'clock to all workers who assisted in connection with the 1954 county fair last month, it was announced today by J. M. Roche, secretary.

Practical Nurses to Be Graduated Friday

The fifth annual graduation exercises of practical nurse students from the Thief River Falls area vocational-technical school will be held in the auditorium of Lincoln High School Friday evening, August 20, at 8 o'clock.

The class members entered nursing school September 8, 1953 and have continuously trained since. The affiliates of the school are Northwestern Hospital and Oakland Park sanatorium where the clinical training is obtained. The candidates for graduation include Verna Gertrude Bird, Roseau; Marlys Evangeline Bird, Roseau; Enid Gaye Farbo, Lancaster; Joan Marlys Farden, Battle Lake; Ardell A. Foeltz, Detroit Lakes; Helen Glennes Gustafson, Oklee; Agnes Charlotte Overlid, Oslo; and Catherine Mae Todroff, Grygla.

The program will open with the invocation by Rev. Joseph Swan, pastor of the Evangelical Free church, after which C. W. Pope, director of the school, will introduce the commencement speaker, Rev. J. J. Jacobson, interim pastor of Trinity Lutheran church, of this city, whose subject will be "Higher Horizons."

The class, at the conclusion of the address, will be awarded class pins by Mrs. Alice Wold R.N., director of the nursing school. The impressive and traditional capping ceremony then will be performed by candlelight by Mrs. Wold, after which the class will pronounce the Florence Nightingale pledge, customary finale to the nurses' training. Music for the occasion will be a solo by Mrs. Walter F. Pedersen with accompaniment on the piano by Mrs. Reuben Lockrem. Supt. W. G. Claffy will then confer the vocational certificates, concluding the program.

Friday Deadline for Purebred Ram Auction Entries

Friday, August 20, is the deadline for making entries in the Northern Minnesota purebred ram sale to be conducted in the Thief River Falls arena Monday, October 18, at 1 p. m., it was announced today by Stan Nelson, in charge of local arrangements.

Rams, he added, may be consigned by any purebred breeder in the northern part of the state, and approximately 75 entries are anticipated.

Crying the sale will be Colonel H. Earl Wright, nationally known sheep auctioneer from Mt. Gilead, Ohio.

364,000 Bushels of Grain Now in Government Bins

Additional Grain Will Be Received Here Thru Saturday of This Week

Up to last Friday, when rain temporarily halted deliveries, approximately 364,000 bushels of 1953 grain had been placed in storage in government bins adjoining Thief River Falls and St. Hilaire, it was announced this week by F. W. Culkins, manager of the Pennington county ASC office.

Culkins stated that when the movement is completed it is believed the total rated capacity of the bins, 490,000 bushels, will have been substantially exceeded, since as much as 12,000 bushels of heavy oats is being put into a bin with a rated capacity of 9,500 bushels.

Due to last week's rain, the time for receiving 1953 grain for storage, originally scheduled to close August 17 for the duration of the busy harvest season, has been extended until Saturday at least, and will be resumed after the harvest is completed.

Boat Rides to Be Offered Sunday as Aid to Polio Fund

Arranged for the benefit of the Emergency March of Dimes polio fund, boat rides will be offered to the public next Sunday afternoon, August 22, from 2:30 to 5 o'clock, starting from the Boy Scout park and Tindolph park. A charge of 35 cents for adults and 20 cents for children under 12 will be made, with all proceeds going to the March of Dimes.

Band Concert Set

The concert scheduled for last Friday evening by the Legion municipal band under the direction of Alvin Anderson was canceled due to a heavy rainfall in the afternoon and evening. Weather permitting, however, a concert will be given in the west side park Friday evening, August 20, at 9 o'clock.

Council Moves Along on Mains in North Area

Orders Plans Prepared Preliminary to Asking Bids on Huge Project

The project calling for the installation of sewer and water mains in the area north of Eleventh st., which residents of the north end of the city have been awaiting for some time, moved a step closer to realization Tuesday night, when the city council instructed City Engineer Douglas Stewart to prepare plans and specifications for the work, preliminary to opening bids on the project.

It was decided to include service connections from the main to the lot line in the specifications, Stewart pointing out that a considerable saving for property owners would result, as well as the elimination of frequent digging up of the streets.

Stewart said a month or six weeks would be required to complete the plans. The council indicated it wanted to let the contract for the work this fall, altho it may not be possible to start work until next spring, depending on the fall weather.

Following approval of detailed plans for the projects, the council voted to call for bids for sewer and water mains on West Fourth st. leading into the fair grounds, and on Merriam av. from Hughes st. to Nora st. Bids will be opened Tuesday, September 7.

No objections appearing for a hearing on a petition for installation of curb and gutter in two blocks on Merriam av. north of Third st., the project was referred to the engineer to prepare plans.

More than $50,000 in building permit applications were approved, the larger projects including new homes to be built by Harold Langseth, Calvin Ripley and Dr. W. P. Kaisler. Action on several other applications was deferred to an adjourned meeting.

A delegation of residents along Red Lake blvd., with M. R. Levorson as spokesman, asked the council to do something to improve the present swampy condition of the river adjoining their property. Mayor Agnes Isaacson suggested getting an engineer to study the problem and suggest a solution, and the council indicated it would confer on the matter with Roy M. Barzen, president of the park board.

After considering three bids on a new police car, the council voted to accept the low bid of the Tunberg Motor Co. to supply a Ford V-8 tudor at a net price of $806.50, with the present police car to be turned in on the deal.

At the request of the state armory commission, Bill LaFave, member of the local commission, asked the council to install an additional section of sidewalk, curb and gutter at the armory site in addition to work it had previously agreed to do. It was voted to proceed as quickly as

Director of 50th Anniversary Pageant Gives Program Details

Harold Searls Outlines Event to be Presented in City Sept. 25 and 26

A preview of the pageant to be presented in Thief River Falls September 25 and 26 to commemorate the 50th anniversary of the coming of the Soo Line was given last Thursday evening by Harold Searls Sr. of Bemidji who will direct the production, at a special meeting of the Civic and Commerce association.

Fifty persons attended the dinner meeting in the Elks club rooms, with Kendall Gustafson, chairman of the celebration committee, presiding.

Gustafson briefly outlined the three-day fete, stating that it will open Friday evening, September 24, with a banquet honoring veteran Soo Line employees, followed by a dance in the new National Guard armory. He added that guests at the banquet will include members of the Soo Line board of directors, who will hold a business meeting in this city earlier in the day.

The first presentation of the pageant will be given in the tourist park Saturday afternoon, September 25, and will be preceded by a band concert and an address by Douglas McKay, secretary of the interior in the Eisenhower cabinet. With the new white way lighting expected to be completed by that time, the parade will be an evening affair, getting under way at 8 o'clock. Street entertainment and another dance in the armory will complete the day's program.

The pageant will be repeated Sunday afternoon in the tourist park, and a variety of street entertainment is being planned for the day.

In discussing the pageant, Mr. Searls stated that he and the committee had conferred with members of the local woman's club and had been assured of their cooperation in staging the event.

He said the pageant will be divided into five episodes, starting with an Indian motif and leading up to the naming of the city. Next will be depicted the arrival of Count Beltrami, French adventurer, at the site of Thief River Falls in 1823 and his travels up Red Lake River to the outlet and the site of the present Red Lake agency.

Another scene will show an old Red River oxcart at a campfire. The fourth episode will picture the arrival of the first white settlers in this area and the first wedding. The pageant will conclude with the arrival of the Soo Line and the accompanying celebration. Mr. Searls said that a narrator will supply an explanatory commentory, and that background music will be furnished.

Roy M. Barzen, president of the park board, told of work now being done in the tourist park to adapt the natural amphitheatre there more fully to the needs of the pageant.

W. E. Dahlquist said that C. E. Hallquist, retired Soo Line

Mrs. Hans Hanson Big Flower Show Winner in Event Wednesday

Mrs. Hans Hanson of Thief River Falls, with a total score of 107 points in all classifications in the district garden club flower show in the Auditorium here last Wednesday, was adjudged the winner of the Munn trophy for scoring the most points among exhibitors at flower shows held in this city, Roseau and Shelly under the sponsorship of the Ninth District Horticultural society. Mrs. Hanson also received the C. M. Preest certificate of merit.

Ted Markus of Bemidji placed second in the local show with 77 points, while Mrs. Paul Lundgren placed third. Markus also was awarded the Oftedahl gladiolus trophy for having the best display of glads in any of the three shows.

The Wabeganisin Garden club was in charge of local arrangements for the show here. L. L. Lamp is president, while R. J. Dryden served as chairman. L. H. Oftedahl of Halstad served as general superintendent at the three shows. Ernest Zitzer of Crookston and Don Hoag of Fargo, N. D., were the judges at the local event.

A tabulation of the membership of the two local clubs revealed that the Thief River Falls Garden club won first place with 197 points, and the Wabeganisin club second with 175.

The guest book signed by those attending showed that the event attracted many visitors from Hallock, Stephen, Oslo and Fertile, in addition to other nearby communities.

Sponsors of the show expressed their appreciation for the cooperation given by the Central Lumber Co., Bridgeman Creameries, City Dairy, Larson Music Co., Hall's Flower Shop, Mostue's Flower Shop, the Civic and Commerce assn., the Times and KTRF.

To Speak Friday

REV. J. J. JACOBSON

Interim pastor of Trinity Lutheran church, who will speak Friday evening at graduation rites for the practical nurses class of the area vocational school in Lincoln high school auditorium.

6 Directors Are Chosen Friday by Milk Producers

Association Requests City Council to Appoint Seventh Member of Board

More than 50 local dairymen attended the organization meeting of the Thief River Falls Milk Producers association last Friday evening in the Civic and Commerce room in the Auditorium.

The principal business transacted was the election of six members of a seven-man board of directors. The city council was asked to name a disinterested person as the seventh member. Elected Friday were John Burtness, Rufus Olson, Obert Homme, Lloyd Howick, James Muzzy and Bert Johnson.

The board arranged tentatively to meet this evening to elect a slate of officers. Members will hold office until the date of the first annual meeting, when half of the directors will be elected for a one-year term and half for two years.

Also discussed at the meeting were by-laws of the association, which it was indicated will be incorporated as a non-profit group.

Dr. Starekow New Soo Line Surgeon

Named Examining Surgeon Succeeding Dr. Ed Bratrud

Dr. M. D. Starekow of this city has been appointed examining surgeon for the Winnipeg division of the Soo Line, effective this week, it was announced Monday at division offices here. Dr. Starekow succeeds Dr. Edward Bratrud.

At the same time, Dr. Dan E. Greene was named local surgeon for the Soo Line, succeeding the late Dr. O. F. Melby and Dr. Theodor Bratrud, now of Minneapolis.

Both appointments were made by Dr. Harvey Nelson of Minneapolis, chief surgeon for the railroad.

Montague, president of the Diamond Jubilee association.

400 Share in 4-H "Fun Day" Sunday

Club Members Guests of County Leaders Council

About 400 members of 4-H families attended the 4-H Fun Day Sunday at the county fair grounds, reported Extension Agents Wm. Penning and Marge Olsen. The event was sponsored by the Pennington county 4-H Leaders Council.

Fifty boys and girls participated in a softball tournament made up of four teams picked from the ball players in the crowd. Other supervised games and relay races also were played. Winners of these contests were given tickets which entitled them to a free treat at the 4-H food stand. All members of the 4-H families attending were given free pop and ice cream by the Leaders Council.

Gordon Hunt, Mrs. B. J. Vatsaas, Jerry Vatsaas, Mrs. Adam Lendobeja, and Ernest Swanson served on the recreation committee and Mrs. W. A. Corbet, Mrs. Ray Maxson and Mrs. Ernest Swanson, on the food committee.

Area School for Police Slated Here

Highway Patrol and FBI Plan Event Aug. 31-Sept. 3

Sheriff Arthur Rambeck and Police Chief Elton Cummings this week are completing arrangements for a district police training school to be held in the Civic and Commerce room in the municipal Auditorium, starting Tuesday, August 31, and continuing thru Friday, September 3, with sessions each afternoon from 1 to 5 o'clock.

Sharing in the sponsorship of the school are the state highway patrol and the Minneapolis office of the FBI. A representative of the highway patrol will deal with traffic problems, while the FBI will devote its attention to criminal matters.

Invitations are being extended to law enforcement officers from thruout this area to attend the school.

The fire department was summoned Monday morning at 8:30 to the Marvin Gustafson home at 700 LaBree av. N., where a blaze originated in an electric toaster. No damage resulted.

Sampson-Benson Vows Pledged In Trinity Church

A beautiful wedding ceremony was solemnized at the Trinity Lutheran church Sunday evening, August 15 at eight o'clock, when Henry L. Sampson Jr. of Stillwater, Minnesota, son of Mr. and Mrs. Henry L. Sampson of Duluth, Minnesota took as his bride, Miss Eloise Ann Benson, daughter of Mr. and Mrs. Elmer B. Benson of this city. The double ring ceremony read by Rev. J. J. Jacobson was performed in a candle light setting of lighted candelabra, baskets of white gladioli and white gladioli altar flowers.

A half hour prelude of nuptial music and Lohengrins wedding march was played by Mrs. Art Hamilton. "Beautiful Savior" was played preceding the ceremony with chimes. Mary Zimmer of Crookston, classmate of the bride sang "Lord Jesus Christ Be Present Now" from the balcony before the bridal party entered the church, "O Perfect Love" during the ceremony and "The Lord's Prayer" as the couple knelt at the altar.

The bride, given in marriage by her father, was lovely in a gown, previously worn by her sister, Mrs. James Schliching (nee Agnes Jean), of imported embroidered swiss organdy with a scalloped motif featuring a peter pan collar and cap sleeves, tiny buttons extending down the front of the gown and a billowing skirt with a sweeping train. Matching organdy gauntlets completed her attire. The fingertip veil worn by the bride was made especially for her and was of silk illusion and organdy fashioned to form a crown of tulle leaves and organdy flowers. Her only jewelry was a pair of pearl earrings, a gift of the groom. The bouquet she carried was a cascade style of "Better Time" roses, white carnations, stephanotis and leaves of white nylon tulle.

Miss Joyce Benson of Minneapolis, sister of the bride was maid of honor. The other bridesmaids were her roommate Phyllis Halvorson of Fergus Falls and Carol Sampson of Duluth, sister of the groom. All three wore identical ballerina length gowns of sheer pastel blue nylon over matching taffeta slips. Their earrings of pearl with a bouquet of rhinestones were a gift of the bride. White for-get-me-nots fastened their headpieces of miniature blue veiling. Their colonial bouquts were of red garnet roses, white carnations and stephanotis.

Atending the groom was Henry Oltmann of Duluth, Minnesota, as best man. Joseph Mellrude and Richard Humes, also of Duluth were ushers. All wore tuxedos with white dinner jackets and red rose bouttonnieres in their lapels.

Mrs. Benson chose a floor length gown of copper colored silk organza over rose taffeta with a navy blue velvet hat and navy blue accessories for her daughters wedding. Her corsage consisted of yellow glad florets. Mrs. Sampson, mother of the groom wore a floor length gown of aqua imported lace over matching slip with a rose hat and beige accessories. Her corsage was of pink gladioli florets. Mr. Benson and Mr. Sampson wore dark suits with white carnation boutonnieres.

The reception following the ceremony was held at the home of the bride's parents, which was decorated with assorted gladioli. The tea table set with a centerpiece of red roses was covered with a hand embroidered cloth purchased in Norway and embroidered by a friend of Mrs. Benson's. Mrs. Halverson of Fergus Falls poured. The three tiered wedding cake, topped with a miniature bride and groom was displayed on a special table. Gifts were arranged in the recreation room which was lighted by Japanese lanterns. Approximately 95 guests were in attendance at the reception. Mrs. James Schlichting (nee Agnes Benson, sister of the bride) was in charge of the guest book. Miss Kathryn Vorachek and Mrs. Bruce Hall assisted at the tea table. Miss Donna Lunde and Mrs. Robert LeGault served the punch. Mrs. Jeanette Anderson and Mrs. Don Adolphson were in charge of the gifts.

A bridal dinner preceding the wedding was given by the bride's parents at the Rex Cafe for 22 guests. Red roses and white candles centered the table.

After a short wedding trip they will make their home in Stillwater, Minnesota. For her going away attire the bride wore a brown princess style dress with shoes and bag to match and a burnt orange velvet hat and gloves. She wore a corsage of white carnations and stephanotis.

The bride is a graduate of the 1950 class of Lincoln high school and attended St. Olaf college of Northfield, Minn. two years and is at present a senior student nurse at the University of Minnesota, school of Nursing, where she will receive her BS Degree at the end of the winter quarter. First Offenders Involved in Most Fatal Accidents

More than half of the 47 motor vehicle drivers involved in the 32 fatal accidents on Minnesota's streets and highways during June had no previous records of driving mishaps, according to a study released by the safety division of the Minnesota highway department.

"These figures," said Earl M. Larimer, director of highway safety, "although for only one month, are undoubtedly typical for any month of the year. They point out one fact many motorists who consider themselves as good drivers are prone to overlook—that a good driver can be involved in an accident as well as a poor driver."

Larimer also stated that driver failures were directly responsible for 30 of the 32 fatal accidents, and that mechanical failures were contributing factors in only two fatal crashes.

A breakdown of some of the chief causes for these fatal accidents reveals that seven were caused by vehicles being on the wrong side of the road, four were caused by high speed resulting in cars running off the roadway, three because motorists failed to yield right of way and another three because the drivers fell asleep at the wheel.

"If every motorist would realize," concluded Larimer, "that he can be involved in a serious accident, no matter how perfect a driving record he has compiled, we would have fewer deaths to report and would make definite progress in our campaign to reduce traffic accidents."

Border Patrol Is Seeking Recruits

Examinations Slated in Minneapolis Aug. 30

The U. S. border patrol has an urgent need for a large number of physically fit young men desiring a career in federal law enforcement work. In order to secure a sufficient number of qualified candidates for early appointment, the Immigration and Naturalization Service, in cooperation with the U. S. Civil Service Commission, has undertaken a recruiting program in the Upper Midwestern area.

Representatives of the U. S. border patrol will be available to furnish information to anyone interested in making application for the position of patrol inspector (trainee) at Minneapolis, in the civil service examining room in the main post office building from 9:00 a. m., to 12:00 noon, on Monday, August 30. A regular written civil service examination will be given to interested applicants at 1:00 p. m. on the same day.

Candidates must be at least 5'8" tall, weigh at least 140 pounds, and be in superior physical condition. Age limits are 21 to 31 for non-veterans and 21-35 for veterans. Each applicant must be a qualified automobile operator having at least one year of licensed experience.

The entrance salary of patrol inspector (trainee) is $3,795 per year. After satisfactorily completing a year of intensive training, a new officer's salary is raised to $4,205. Further advancement can be achieved through regular within-service examinations. All appointments being made at this time are indefinite and will be for service on the southern border of the United States.

State 4-H Health Champions Named at Park Sept. 20

This year's outstanding health girl and boy will be selected at the state health achievement camp instead of at the Minnesota state fair, Leonard Harkness, state 4-H club leader at the University of Minnesota, announced today.

More than 100 Minnesota 4-H boys and girls who have made good health records will attend the second state health achievement camp September 20-23 in Itasca State Park. The camp will be held at the University's Itasca forestry and biological station.

In selecting delegates for the camp, individual health records will be considered as well as the contributions of each 4-H member in making his home and community a more healthful place to live. One or two delegates will be selected from each county, depending on the amount of 4-H participation in the health program. The state health winners will be chosen during the camp session among the county representatives.

Model Planes Are Shown in Action

Demonstration Given at Airport by Hallock Group

Numerous local model airplane fans assembled at the municipal airport Sunday afternoon to witness the demonstration given by Lester Rock of Hallock, formerly of this city, and four Hallock boys.

A total of 10 planes, including a novel two-motor job, were on display, and the visitors showed their skill in stunting their planes. Also participating were several local boys who brought their planes.

The show was sponsored by the Falls Model Plane Flying club and the Kvikstad Hobby Shop. Local boys interested in joining the club are asked to contact James Kvikstad.

Local Lawyers on State Committees

Appointed by Head of State Bar Association

The names of Thief River Falls lawyers who have been appointed to committees of the Minnesota State Bar Association were made public today by Sidney P. Gislason of New Ulm, president of the state bar association.

The lawyers will serve on one or more of the 50 committees of the state bar association which work constantly on reviewing and drafting improvements for various phases of the law.

Lawyers from this city who have been appointed to serve on the committees are members of the Minnesota State and 14th District Bar Associations. They include H. O. Chommie, legal education; L. W. Rullen, legislative; and Judge A. Lundgren, legal history.

Oak Ridge Church Has Rededication Rites Last Sunday

Dr. A. E. Hanson of Moorhead, president of the Northern Minnesota district of the Evangelical Lutheran Church of America, conducted a rededication service Sunday afternoon at the Oak Ridge Lutheran church, of which Victor Anderson is student pastor.

Rev. Arthur Groeud of Oklee, a former pastor, delivered a brief sermon, while the program also included devotions by Charles Joyce, vocal selections by the Norden church choir, Carol Lennox of Newfolden and Mrs. Alton Hanson, and a reading by Ervin Aaseby.

Rev. Carl Thompson of Brodhead, Wisconsin, also a former pastor, spoke at morning services, and the ladies aid served a chicken dinner during the noon hour.

Hospital Addition to Be Ready for Preview about September 24

Latest statements from contractors indicate that the new Northwestern Hospital addition will be ready for inspection by the public about September 24. It is also expected that the transfer of equipment and patients from present Plant B of the hospital will take place very soon after that date.

New equipment for the hospital, including two carloads of Simmons patient room furniture, has been received. It is believed that all new equipment will have arrived during the next two weeks. As soon as any part of the hospital becomes complete, the equipment will be moved into place.

The third floor of the new addition will be completed by the contractors by August 28th, and will be furnished shortly thereafter. After cleaning, all items of furniture and equipment will be moved in since the new Lagerquist freight elevator will be in operation at that time.

Ceramic tile work has begun and rapid progress involving large wall areas in the operating room and delivery room areas is expected within the next few weeks. All operating tables and lights have been received and will be installed as soon as ceramic tile work is completed. All terrazzo work, with the exception of some terrazzo polishing, has been completed.

Laying of asphalt tile begins this week on the third floor and very rapid progress is expected. Acoustic tile has already been completed on the third floor and work is beginning on this phase on the second floor at the present time.

All furniture for the visitors' lobby has been selected and ordered. Mrs. Ray Jude has supervised these selections and it is expected that the lobby will be very attractively furnished. As soon as the third floor is finished, work on draperies by the Northwestern Hospital women's auxiliary will be carried on in ward room on the third floor. Two Necchi Sewing machines, given to the hospital by the Fix-It Shop under the management of Curtis Anderson, will be used for this work. All draperies will be ready for installation by the time the hospital addition is ready.

An opening between the ground floor of the new building and the present hospital has already been made. This week a similar connection will be made on the third floor since the brick debris must be moved out before the tile is laid in the new building.

Construction contractors' temporary buildings will be moved from the front of the hospital within the next two weeks so that landscapers may proceed with their work. Nearly all of the cement work in connection with the new ambulance and supply driveways and the parking lot at the northeast side of the hospital has been completed.

Kitchen equipment and laundry equipment is now largely in place on the first floor. Refrigeration work on the two walk-in refrigerators is expected to be completed this week.

A total of 30 men are at present employed at the hospital.

Rotary Club Told by G. Bratsch of Port Arthur Trip

Members of the Rotary Club at their luncheon meeting Monday noon in the Elks club rooms heard an interesting report by Gene Bratsch on a trip made in June by him and Horst Wartenburg to Port Arthur, Ontario, where they participated in an international youth conference sponsored by the Port Arthur club.

The Thief River Falls club provided the trip for the two young men.

Another topic of discussion was problems arising in connection with the scheduled closing of Oakland Park sanatorium and the transfer of its patients to Sunnyrest sanatorium at Crookston.

Walter Wendt Dies in Warren Hospital July 28

Final rites were held for Walter Wendt at the Quanrud Funeral home in Warren July 30. He was claimed by death July 28 in a Warren hospital. Rev. E. C. Wittrup officiated and interment was made in this city.

Mr. Wendt was born in Red Lake Falls December 11, 1881 and had worked in this city, New Solum township and Warren prior to his retirement four years ago. He has since made his home in Argyle.

Surviving are his sister, Mrs. A. J. Hall of Warren and his brother, Robert of California.

Teen-age Girl Is Killed Near Gully

Dies When Car Goes over 25-foot Embankment

A one-car accident last Friday evening near Gully took the life of a teen-age girl. Two others riding in the vehicle were uninjured as the car plummeted over a 25-foot embankment.

Jennie Frog, about 19, a ward of the Red Lake reservation, was killed after she fell out of the car as it went over an embankment and it landed on her, crushing her skull.

The accident occurred about 8 p. m. that day.

Driver of the car was Philip Atkinson, 21. George Benais, the owner of the car, was also in the car. Both men are wards of the Red Lake reservation.

Atkinson lost control of the car in the heavy rain on state aid road 11 one mile south of Gully, according to Polk County Sheriff Vernon Espe, who was called to the scene and, together with County Coroner H. E. Nelson and Ted Nyland of Gully, investigated the accident.

The trio was returning from Neptune, where they had been picking blueberries. Neptune is located on the border of Pennington county and the Red Lake reservation.

Nellie Peterson Succumbs in Local Hospital

Mrs. Nellie Pederson, resident of this city for the past 14 years passed away at the local hospital Monday morning, August 16. Funeral services will be conducted Friday, August 20 at 2:00 p. m. at the St. Pauli Lutheran church near Hazel with Rev. Thomas Myhrer and Rev. Pearson officiating. Burial will be made in the St. Pauli cemetery.

She was born March 10, 1885 at Alexandria. In 1910 she was united in marriage to Andrew Hestekind, who preceded her in death in 1919. In 1920 she was married to Lawrence Pederson. This marriage was later dissolved.

Surviving are six children: Mrs. Theo. (Bella) Thompson of this city; Albert of McIntosh and George Hestekind of Newfolden; Mrs. Gust (Gladys) Homme, Ludvig Pederson, Mrs. Huber (Lila) Sunsdahl of this city; a sister, Mrs. Emma Jarshaw of this city; two brothers, Olaf Hagen of this city and Willie Hagen of Newfolden; eleven grandchildren and three great grandchildren. She was preceded in death by a son Norman Hestekind.

The body will lie in state at the Green Funeral Chapel until the time of the service.

Mayor Israelson Asks Support for Polio Fund Drive

Proclamation Calls Attention to Urgent Need to Replenish Treasury

Mayor Agnes Israelson today issued the following proclamation urging public support for the Emergency March of Dimes being conducted from August 16 to 31:

WHEREAS infantile paralysis is now nearing its summer peak, crippling boys and girls, men and women, and,

WHEREAS victims of this disease look to the National Foundation for Infantile Paralysis to help them in their affliction by assuming costs of patient care when needed, providing for recruitment of professional personnel as well as supplying respirators, rocking beds, hot pack machines, crutches, wheel chairs and other special equipment, and,

WHEREAS the cost of care for polio victims has risen higher than ever before while at the same time enormous sums must be spent on the study of a hopeful vaccine and to supply the public with gamma globulin for temporary immunity, and,

WHEREAS reserves for fighting polio have been drained to exhaustion, seriously jeopardizing the entire program,

THEREFORE, I, Agnes Israelson, mayor of the city of Thief River Falls do Hereby Proclaim an EMERGENCY MARCH OF DIMES in the last two weeks of August and urge residents of this city to give generously to a humanitarian cause at a critical moment in the battle against polio.

Mrs. Agnes Israelson, Mayor

locomotive engineer, is compiling a list of veteran employees of the system.

A. F. Berge, treasurer of the celebration committee, reported that a balance of $946 remained from the June celebration, and that a budget of $3,425 has been set up for the September event.

M. C. Gulbranson of the finance committee announced that solicitors shortly will call on business places for contributions in accordance with plans revealed early this summer. Bill LaFave, chairman of the committee, stated that a few dozen of the attractive 50th anniversary plates remain to be sold, and that more anniversary buttons also will be disposed of.

Alex Cloutier, who will serve as marshal of the September 25 parade as he did in June, requested entries of floats and antique vehicles and other articles as well as comic entries. He added that his committee is enlisting the cooperation of neighboring villages in taking part in the parade. Those wishing further details, he said, may contact him or members of his committee, including Dick LeMoine, Olaf Eide, Dick Meyer, Kenneth Halldin and Don Houfek.

Dr. O. D. Beich, in charge of band entries, stated that he expects to have about 15 musical organizations participating in the parade.

Chairman Gustafson proposed that in advance of the celebration one or more tours to surrounding towns be made by local businessmen to advertise the event. Those present indicated that they favored the idea, and Gustafson said he would appoint committee chairmen to make arrangements.

Marshall County Tax Values Rise

Assessed Valuations Hit $7,543,000 in 1954

Assessed valuations in Marshall county were increased by a total of $360,294 or a new high of $7,543,014, according to the abstract of assessment records presented by Chas. N. Kranz, county assessor to the Marshall county board of equalization August 9.

The new valuation figures were approved by the county equalization board as presented by the county assessor and will now be presented to the state commissioner of taxation for final approval.

Marshall county's new real estate valuations total $5,381,425 or show an increase of $254,473 over the 1952 assessed valuations which totaled $5,126,952. The assessed valuation of personal property has been established at $2,161,589 or an increase of $105,821 over the 1953 figure which totaled $2,055,768, Mr. Kranz reported.

The increase in real estate valuations is accountable to valuation increases ordered in Warren and Stephen in 1952 by the state together with an increase of $236,000 in the Lakehead Pipeline company plant in Viking.

2.15 Inches Rain Delays Harvest

Breaking a long dry spell, rainfall of 1.90 inches was recorded last Friday afternoon and evening on the KTRF gauge, which, with .10 inch Thursday and .15 inch Tuesday, makes a total for the week of 2.15 inches.

While the rain interrupted harvest operations, it will be of benefit to some late-seeded crops as well as gardens and lawns.

The high temperature for the week was 78 recorded Saturday, with a low of 44 Tuesday morning.

possible with the installation of walks provided for in the original contract, and to confer further with the state commission on the additional work.

At the request of the newly organized Thief River Falls Milk Producers association, submitted by Frank Hobbs, the council confirmed the appointment by Mayor Israelson of Harry R. Lund to serve as an impartial member of the seven-man board of directors.

Also confirmed was the mayor's appointment of Donald Myers as a patrolman with the police department, effective September 1.

CHATTING with your HOME AGENT

Marge Olson

Blueberries are one of the fruits that are common to this area of the country. Since we have such an abundant crop of the berries this year, most homemakers are busy canning and freezing them for winter use. This week, I will give you the methods that the University of Minnesota recommend for freezing and canning blueberries.

First—freezing: Sort the berries carefully, discarding green berries and those of poor quality. Scald wild berries in steam for 1 minute. Cool in ice water. (Cultivated berries need not be scalded). Pack dry with no sugar.

Second—Canning: Again sort the berries, wash them well. Then pack by either of these methods. 1. Pack raw, pressing gently into jars, then cover with a thin or medium hot syrup. Process pints and quarts in boiling water bath for 20 minutes. 2. Or simmer the berries with sugar for 3-4 minutes, stirring gently. Use from ¼ to ½ cup sugar for each quart of fruit. Pack hot, then cover with syrup. Process pints and quarts in boiling water bath for 5 minutes.

If you have saved a few berries for eating fresh, then you will want to make a special treat for your family—blueberry muffins. This recipe is one that my family is very fond of.

Turn oven to 425 degrees. Prepare muffin tins with shortening. Pour 1 cup cleaned, fresh blueberries into small bowl, and add 2-3 tablespoons sugar.

Into large bowl, sift 2 cups all-purpose flour with 3 teaspoons baking powder, 1 teaspoon salt and 2 tablespoons sugar.

Beat 1 egg well with 1 cup milk, then add 6 tablespoons shortening. Make well in center of sifted dry ingredients, then pour in egg mixture all at once. Blend until just mixed—15 strokes. Add berries, and with quick stir mix in. Fill muffin tins two-thirds full. Sprinkle white sugar on top of muffins (4 teaspoons in all). Bake at 425 degrees for 25 minutes.

Serve hot with butter. These may be made during the winter with berries frozen by the recommended method.

Members of the Extension Home Council met at Tindolph Park Tuesday, August 10 for their regular meeting. Guests were the incoming Township Councillers.

The dates for the lessons were set. The first lesson, "Making Meat More Palatable," will be held in October.

It was also decided that members would conduct a charity project at Christmas. The project will be chosen at the October meeting of the group.

After the business meeting, members enjoyed a pot luck picnic lunch planned by Mrs. Andrew Klach.

GULLY...

By Mrs. Arnold Brovold, Gully

Sunday dinner guests at the L. H. Aos home were Mrs. Jim Thompson, Mr. and Mrs. Pete Livdahl, all of Moorhead, Pfc. Richard Aos and wife and family. Richard arrived Wedensday by car from Fort Riley, Kans. and stayed until Sunday having received the short furlough at the close of the summer camp. Mrs. Richard Aos returned to her parental home near Fosston.

Mr. and Mrs. George Hagen and Orville Hagen and their grand children, Kathy and Michael Witney all of Crookston, visited and were dinner guests at the Martin Christianson home on Sunday.

Mrs. Anna Nyland of Gonvick was a dinner guest at Ted Nylands on Sunday. Other recent visitors at the Nyland home were their daughter, Mrs. Ted Paulson and Margaret Ann of Shevlin, another daughter, and family, Mr. and Mrs. Harold McCarty and twin boys, when they returned to their home at Detroit, Mich. They were accompanied by Mrs. Vernon Nyland and children, who went to join her husband, and make their home at Detroit where Vernon is employed. Mr. and Mrs. Marvin Nyland and family returned to their home at Mt. Clemens, Mich., after visiting with his parents, the Ted Nylands and other friends and relatives for about a month.

Mary Ann Votava left last Wednesday by car for Bakersfield, Calif. where she will teach the fourth grade in the city school this year.

Mr. and Mrs. Henry Filar and family left for their home at Detroit, Mich. after visiting for a week at the Frank Votava home. Mrs. Votava's sister, Mrs. Julia Mokowsky and three grandchildren of Chicago, Ill., left last week for their home after spending two months at the Votava home.

Norman Ellertson of Minneapolis, spent the weekend here with his folks. On Monday he was accompanied by his brother, Duane, and father, Edward Ellertson, who entered the Veterans Hospital at Fort Snelling. Carrol Ellertson left Monday morning to spend two weeks at Thief River Falls to assist with parish secretarial work while the secretary is on her vacation.

On Friday, Mrs. Edwin Christianson, Mrs. August Hagen, Mrs. Ted Nyland and Mrs. Aletta Nyland were in Grand Forks on business.

Mr. and Mrs. Ted Paulson and family of Shevlin visited at the Marvin Wedger home on Sunday.

The Gully and Grygla baseball teams were eliminated from the finals Sunday being the losers in the games played here. In the first game Trail won over Grygla and in the second game Gully lost to Clover. This became very exciting at the end of the 8th inning the score was 8 to 3 in favor of Clover and Gully was able to make 4 scores in the 9th which closed the game 7 to 8. Next Sunday, Trail and Clover play here for the championship.

Ellertson Family Reunion

Over 60 members and friends of the Ellertson family gathered at the City park at Alexandria, on Sunday, August 8th for their annual family reunion. The group began its festivities with a picnic dinner. Highlights of the day was the presentation of a gift to Mr. and Mrs. Fred Ellertson, by a happy coincidence the day chosen for the reunion was also their 37th wedding anniversary. Fred Ellertson formerly taught school in Gully for several terms, teaching here in about 1919. He also taught the Winson school, later was county superintendent of Douglas county. Oldest member of the Ellertson family was Mrs. Emma Ellertson Anondson who is 79 years old and the granddaughter of Ellert Carlson, third settler in Pope county. Oldest guest was Mr. Anton Overlie of rural Benson, being the father of Mrs. Fred Ellertson and is 94 years. Other family members and friends included, Mr. and Mrs. Lewis Ellertson, Duane and Carroll Ellertson and Bim Farley of Gully, Mrs. Agnes Wild and Marion Nelson of St. Paul, Mr. and Mrs. Robert Darling and Mrs. Clara Kron of Morris, Mr. and Mrs. Arthur Gunnes of Abercrombie, N. Mr. and Mrs. Fred Scheetz of Enderlin, N. Dak., visited with her aunt and family, Mr. and Mrs. Severin Swanson and Anne Iverson on Sunday. Mrs. Victor Thorson and her mother, Mrs. Fjerstad of Fosston, visited at the Swanson home one day last week. On Saturday, Mr. and Mrs. Severin Swanson and Anne Iverson drove to Erskine and visited with their niece and family, Mr. and Mrs. Alvin Brovold and family at Erskine and with their sister, Mary Solsten at the Pioneer Memorial Home near Erskine.

Mrs. Martin Christianson and Mrs. Claude Knudson represented Lund ladies aid at the Minne-wa-kan Bible camp retreat last Friday.

Mr. and Mrs. Parnell Holm and family visited with her parents, Mr. and Mrs. Martin Christianson and brother, Roger Christianson from Saturday until Thursday. On Tuesday, Mrs. Erick Holm, Mrs. Henry Holm, David and Donald of Clearbrook were afternoon luncheon guests at the Christianson home.

The Lund ladies aid met on Wednesday afternoon. The Bible study was led by Mrs. Harold Stiele. Mrs. Curtiss Melbo read a topic for foreign missions, "Go Ye Today," by Judith Skogerboe Hyland. Mrs. Lewis Ellertson had devotion. Members were reminded that the Mission boxes would be due at the next ladies aid. Mrs. Ted Carlson, Mrs. Sophie Olson and Mrs. Elmer Huset were chosen as a committee to study the possibility of piping water into the kitchen. It was decided to clean the church next Wednesday afternoon, Aug. 18. Hostesses were Mrs. Charles Ohm, Mrs. Anna Rikji, Mrs. Ted Nyland, Mrs. Marie Huseth, and Mrs. Henry Knutson.

Mr. and Mrs. Harry Melbo spent last week visiting in St. Paul at the Maurice Melbo home, Johnnie Halvorson and Howard Halvorson homes, and with Beverly Melbo. In Minneapolis they visited at the Russell Ringstad, Walter Brinkman and Edwin Christianson homes and with other friends and relatives. Elinor Thorson returned from the Cities with them.

Mrs. Cy Samuelson (Pauline Paulson) of Minneapolis visited from Sunday until Monday at the Claude Knudson home.

Rev. Landvik visited at the Henning Olson home Friday. Last Sunday Mr. and Mrs. Henning Olson attended a bridal shower honoring Mr. and Mrs. Mario Mattson at the Victor Mattson home near Fosston. The Mattsons were the recipients of an unusually large number of gifts from friends and relatives here as well as from Canada. Lunch was served to all.

Supper guests at the Selmer Sorby home Monday evening were, Mr. and Mrs. Ed Offerner and family of Tacoma, Wash., and Mr. and Mrs. Anton Haugen.

Dairy Princess for State to Be Crowned at State Fair Aug. 28

Fifteen lovely Minnesota girls will vie for the crown of the state's first dairy princess at State Fair time. Coronation of the winner will occur on the opening night of the fair, August 28, before the grandstand.

The winner will then begin a year-long reign as "Princess Kay of the Milky Way," official name for the dairy industry's glamorous representative.

Princess Kay candidates will arrive in the Twin Cities on August 25 for the final judging. Their headquarters will be at the St. Paul Hotel where the judges will have an opportunity to interview each girl several times.

The girls will be scored on their natural beauty, poise, grooming and personality. Part of the judging will be done via television. The princess candidates will appear before WCCO-TV cameras on August 26 while the judges watch the proceedings on a large screen in another studio.

Although girls who are competing for the state include blondes, brunettes and redheads, all fulfill these requirements: She's a bonafide resident of Minnesota, between the ages of 16 and 25, single and never been married and not a professional model.

Preliminary contests to choose regional winners for participation in the final selection of a princess were held in townships and counties throughout the state. Minnesota Dairy Industry Committee officials, sponsors of Princess Kay of the Milky Way, estimate that close to 2,000 girls appeared in local judgings that lead to selection of the fifteen finalists.

Princess candidates, their hometowns and the areas they represent, include Sonya Sharpe, Shelly, Northwest Dairy Day, Thief River Falls.

Pullets And Eggs

Pull up an egg case and set it down while you read this one, folks. Looking over the report for Pennington County I find that the people who gather the eggs in Pennington county also pick up $394,525.00 from about 61,000 hens during the year of 1953. Notice I'm not saying how much of that was left after feed and operational costs were taken out, but the gross gives you an idea of how important the "chicken industry" is in Pennington County. So with that introduction lets go ahead and talk about housing our pullets for the winter.

Three good rules are: 1. House the pullets at least by the time egg production reaches 10 percent. 2. House them no later than September 15, even though they haven't started laying. 3. Move them in earlier in case of a cold rainy spell and leave them in their new quarters.

I think that you will find that they will complete their growth faster in the house, where conditions can be kept uniform, than of they're left outside to defend themselves in the changing fall weather.

It's especially important to have the house ready for its "guest" when the pullets come in. Built-up litter should be started, nests in place and all necessary repair work completed.

Don't plan on changing nests or nest locations later on because chickens don't like to have the furniture moved around or the place all upset—and they'll express their displeasure by giving you less eggs.

Fall feeding tips come from Cora Cooke, extension poultry specialist at the University of Minnesota. She says start the laying mash when the chickens move in. A good growing mash usually will be good enough until then. The one you use indoors, however, must contain vitamins and mineral that are available to pullets on range. If you plan on having your own ration mixed, which I think is a good idea for good poultry men, come in and get a list of rations approved by the University of Minnesota. A hundred hens will require at least two six-foot feeders that feed from both sides if you're using mash and scratch, says Miss Cooke. The free-choice system requires three six foot feeders per 100 birds.

Best for use are feeders with a good lip along the edge and filled only a third full to avoid waste.

Coax pullets along with good, regular care. Remember, those fall eggs are often worth twice as much as spring ones.

4-H Judging Practice

To start our 4-H judging practices for the state fair contest this year we will meet on the following dates:

August 17, Alfred Solem farm to judge beef cattle.

August 18, meet at extension office, dairy judging.

August 19, Richard Swanson farm to judge swine.

August 20, Clyde Christenson farm to judge dairy cattle.

August 24, Albert Koop farm to judge dairy cattle. August 25, Emil Thune farm to judge sheep.

This is a partial list of judging practices before state fair time. It is important to attend each meeting and all the meetings are called for 7:00 in the evening. If you don't know where the meeting place is let me know and I will meet you in town.

Drivers Fined in Municipal Court

Highway Patrol and Police Bring Charges

A half-dozen motorists were penalized in municipal court this week for a variety of driving offenses. LaVern Lee Barber was fined $5 on a police charge of driving a car without a drivers license, and was fined $5 and $4 costs on a similar charge brought by the highway patrol.

On a careless driving charge, Rodger Elofson was fined $10 when brought in by police, who also made a similar charge against Elmer Halvorson, Rt. 1, city. After first pleading innocent, Halvorson changed his plea to guilty, and was given a suspended jail sentence of seven days.

The patrol brought in John G. Reed of Holt for driving with no valid drivers license, and he was fined $5 and $4 costs. Mrs. Donald Lien of Middle River paid $4 costs for having no drivers license, and Henry R. Van Geest of Brainerd was fined $10 and $4 costs on a charge of speeding at 65 miles per hour at night.

Mayor Announces Teen-agers to Be Given Armory Use

Mayor Agnes Israelson announced today that she had been assured by General J. E. Nelson of the state armory commission, who was in Thief River Falls last Wednesday, that the schedule for use of the new National Guard armory would be worked out by local guard officers in such a way as to allot at least one night a week for use as a teen-age canteen. Definite arrangements, she added, will be worked out later.

4-H CLUB NEWS

Sanders 4-H Club

The Sanders 4-H club met August 13 at Dist. 166. Due to the absence of officers Martha Uggerud presided. Following the business meeting, Leslie Swanson expressed his thanks to the club for the gift he received while at the hospital. The program included project talks by Jimmy Larson and Leslie Swanson, duet by Martha Uggerud and Loralee Larson, talk by Joan Welsch and "How To Improve Your Records," by Mrs. Richard Swanson. Recreation was enjoyed and lunch was served by the Geo. and Richard Swanson families.—Bob Swanson, substitute reporter.

Rocksbury 4-H Club

The Rocksbury 4-H club met at Valhall on Wednesday, August 11.

The Achievement Day was discussed and set for Friday, August 20.

It was decided to have a 4-H float for the Soo Line celebration. The committee chosen to prepare for it was Connie Alberg, Donald Wold, Jeannette Walsberg, Janice Braaten, Joe Swick and Bill Swick.

The club is giving each state fair winners $5 toward his expenses. They are Hillard Koop, Norris Thune, Janice Finstad, Doris Belange and Lorraine Chapman.

The club is going to present a plaque to an outstanding 4-H member in memory of Rennie Finstad. It will be passed on from year to year.

Doris Belange gave her fair winning demonstration on "Making Lefse." Virginia Finstad gave an interesting project talk on "Birds." Songs were supplied by Donnie, Tony and Bobby Wold.

Lunch was served by the Grundhaus, Folkedahl and Swick families.

A cricket's song is produced by rubbing of one wing against another and only adult males "sing." Some entomologists believe the cricket sound is a mating call. Others regard it as a battle challenge, and still others say the cricket chirps just to express himself.

The special day at the Oakridge Lutheran church seems to be heading our column this week. Divine worship services were held at 10:30 a. m. at which Rev. Carl Thompson of Brodhead, Wisconsin, a former pastor, spoke. At noon a delicious chicken dinner was served to over 300 people. At 3 o'clock the dedication service began. It was opened with the singing of a hymn by the audience. Charles Joyce led in devotion, with a solo, "My God And I" by Carol Lennox following. The Norden choir sang "Love Lifted Me" after which Ervin Aaseby gave a reading about a church building and Mrs. Alton Hanson sang a Norwegian hymn. A talk by Rev. Arthur Grorud of Oklee also a former pastor, was then given. Dr. A. E. Hanson, president of the North Minnesota District gave a very good dedication sermon after which he dedicated the chancel, new interior and outer improvements. "How Firm A Foundation" was sung by the audience, as a closing hymn and Rev. Carl Thompson pronounced the benediction. Everyone was invited down to the basement again for lunch. The Oakridge people are to be congratulated on their fine work, the church is much improved.

Luther League will be held at the Norden church on Sunday evening, August 22. The Bethany church group will present the program. Hostesses will be Mrs. Daryl Lewis, Mrs. Sadie Ayers and Mrs. Walfred Carlson. Everyone is welcome.

Dairy Princess for State to Be Crowned at State Fair Aug. 28

Fifteen lovely Minnesota girls will vie for the crown of the state's first dairy princess at State Fair time. Coronation of the winner will occur on the opening night of the fair, August 28, before the grandstand.

The winner will then begin a year-long reign as "Princess Kay of the Milky Way," official name for the dairy industry's glamorous representative.

Princess Kay candidates will arrive in the Twin Cities on August 25 for the final judging. Their headquarters will be at the St. Paul Hotel where the judges will have an opportunity to interview each girl several times.

The girls will be scored on their natural beauty, poise, grooming and personality. Part of the judging will be done via television. The princess candidates will appear before WCCO-TV cameras on August 26 while the judges watch the proceedings on a large screen in another studio.

Although girls who are competing for the state include blondes, brunettes and redheads, all fulfill these requirements: She's a bonafide resident of Minnesota, between the ages of 16 and 25, single and never been married and not a professional model.

Preliminary contests to choose regional winners for participation in the final selection of a princess were held in townships and counties throughout the state. Minnesota Dairy Industry Committee officials, sponsors of Princess Kay of the Milky Way, estimate that close to 2,000 girls appeared in local judgings that lead to selection of the fifteen finalists.

Princess candidates, their hometowns and the areas they represent, include Sonya Sharpe, Shelly, Northwest Dairy Day, Thief River Falls.

Pullets And Eggs

Pull up an egg case and set it down while you read this one, folks. Looking over the report for Pennington County I find that the people who gather the eggs in Pennington county also pick up $294,525.00 from about 61,000 hens during the year of 1953. Notice I'm not saying how much of that was left after feed and operational costs were taken out, but the gross gives you an idea of how important the "chicken industry" is in Pennington County. So with that introduction lets go ahead and talk about housing our pullets for the winter.

Three good rules are: 1. House the pullets at least by the time egg production reaches 10 percent. 2. House them no later than September 15, even though they haven't started laying. 3. Move them in earlier in case of a cold rainy spell and leave them in their new quarters.

I think that you will find that they will complete their growth faster in the house, where conditions can be kept uniform, than of they're left outside to defend themselves in the changing fall weather.

It's especially important to have the house ready for its "guest" when the pullets come in. Built-up litter should be started, nests in place and all necessary repair work completed.

Don't plan on changing nests or nest locations later on because chickens don't like to have the furniture moved around or the place all upset—and they'll express their displeasure by giving you less eggs.

Fall feeding tips come from Cora Cooke, extension poultry specialist at the University of Minnesota. She says start the laying mash when the chickens move in. A good growing mash usually will be good enough until then. The one you use indoors, however, must contain vitamins and mineral that are available to pullets on range. If you plan on having your own ration mixed, which I think is a good idea for good poultry men, come in and get a list of rations approved by the University of Minnesota. A hundred hens will require at least two six-foot feeders that feed from both sides if you're using mash and scratch, says Miss Cooke. The free-choice system requires three six foot feeders per 100 birds.

Best for use are feeders with a good lip along the edge and filled only a third full to avoid waste.

Coax pullets along with good, regular care. Remember, those fall eggs are often worth twice as much as spring ones.

4-H Judging Practice

To start our 4-H judging practices for the state fair contest this year we will meet on the following dates:

August 17, Alfred Solem farm to judge beef cattle.

August 18, meet at extension office, dairy judging.

August 19, Richard Swanson farm to judge swine.

August 20, Clyde Christenson farm to judge dairy cattle.

August 24, Albert Koop farm to judge dairy cattle. August 25, Emil Thune farm to judge sheep.

This is a partial list of judging practices before state fair time. It is important to attend each meeting and all the meetings are called for 7:00 in the evening. If you don't know where the meeting place is let me know and I will meet you in town.

Drivers Fined in Municipal Court

Highway Patrol and Police Bring Charges

A half-dozen motorists were penalized in municipal court this week for a variety of driving offenses. LaVern Lee Barber was fined $5 on a police charge of driving a car without a drivers license, and was fined $5 and $4 costs on a similar charge brought by the highway patrol.

On a careless driving charge, Rodger Elofson was fined $10 when brought in by police, who also made a similar charge against Elmer Halvorson, Rt. 1, city. After first pleading innocent, Halvorson changed his plea to guilty, and was given a suspended jail sentence of seven days.

The patrol brought in John G. Reed of Holt for driving with no valid drivers license, and he was fined $5 and $4 costs. Mrs. Donald Lien of Middle River paid $4 costs for having no drivers license, and Henry R. Van Geest of Brainerd was fined $10 and $4 costs on a charge of speeding at 65 miles per hour at night.

Mayor Announces Teen-agers to Be Given Armory Use

Mayor Agnes Israelson announced today that she had been assured by General J. E. Nelson of the state armory commission, who was in Thief River Falls last Wednesday, that the schedule for use of the new National Guard armory would be worked out by local guard officers in such a way as to allot at least one night a week for use as a teen-age canteen. Definite arrangements, she added, will be worked out later.

4-H CLUB NEWS

Sanders 4-H Club

The Sanders 4-H club met August 13 at Dist. 166. Due to the absence of officers Martha Uggerud presided. Following the business meeting, Leslie Swanson expressed his thanks to the club for the gift he received while at the hospital. The program included project talks by Jimmy Larson and Leslie Swanson, duet by Martha Uggerud and Loralee Larson, talk by Joan Welsch and "How To Improve Your Records," by Mrs. Richard Swanson. Recreation was enjoyed and lunch was served by the Geo. and Richard Swanson families.—Bob Swanson, substitute reporter.

Rocksbury 4-H Club

The Rocksbury 4-H club met at Valhall on Wednesday, August 11.

The Achievement Day was discussed and set for Friday, August 20.

It was decided to have a 4-H float for the Soo Line celebration. The committee chosen to prepare for it was Connie Alberg, Donald Wold, Jeannette Walsberg, Janice Braaten, Joe Swick and Bill Swick.

The club is giving each state fair winners $5 toward his expenses. They are Hiljard Koop, Norris Thune, Janice Finstad, Doris Belange and Lorraine Chapman.

The club is going to present a plaque to an outstanding 4-H member in memory of Ronnie Finstad. It will be passed on from year to year.

Doris Belange gave her fair winning demonstration on "Making Lefse." Virginia Finstad gave an interesting project talk on "Birds." Songs were supplied by Donnie, Tony and Bobby Wold.

Lunch was served by the Grundhaus, Folkedahl and Swick families.

Upon completion of the eight-week infantry cycle with the famed "Super Sixth," he is enjoying a leave before beginning eight weeks of advance basic training, either at Fort Leonard Wood or another training installation.

PVT. DONALD S. HASBY STATIONED IN GERMANY

Pvt. Donald S. Hasby, son of Mr. and Mrs. Henry Hasby, Thief River Falls, recently arrived in Germany and was assigned to the Army's 793rd Field Artillery Battalion. He is a cannoneer in Battery C of the Battalion, which is training with other Seventh Army units to provide a strong defense force in Europe. Private Hasby entered the Army in January, 1954, and received basic training at Camp Chaffee, Ark.

A cricket's song is produced by rubbing of one wing against another and only adult males "sing." Some entomologists believe the cricket sound is a mating call. Others regard it as a battle challenge, and still others say the cricket chirps just to express himself.

SMILEY . . .

The Smiley 4-H meeting for August was held last Wednesday evening at the Smiley Hall. The roll call was responded to by each member naming an exhibit he or she entered at the county fair in July. Tentative plans were made for the club to enter a float for the Pioneer Day parade in Thief River Falls in September. The adult and junior leaders will make the arrangements for the float preparations. The program commenced with community singing. Wallace Philipp gave a reading. Patricia Torkelson gave a demonstration on "Washing Fine Fabrics." Duane Helgeland gave a project talk on "Gardening." Wallace Philipp gave a project talk on "Poultry." Mrs. Norton Nelson led a discussion on tractor maintenance. Refreshments were served by the Lawrence Philipp and Clifford Helgeland families.

Mr. and Mrs. Mark Olson and Wayne accompanied Mr. and Mrs. John Halvorson to Grand Forks Saturday afternoon where Wayne boarded the train for Brinsmade, N. D. to stay with his grandfather A. P. Waller and an uncle Harry Waller for several weeks. The group stopped briefly at the Crookston A.C. enroute to Grand Forks to give it a looking over as Wayne plans to enter there in the fall to attend school.

Mr. and Mrs. Ted Markus of Bemidji were among the numerous exhibitors at the district flower show in Thief River Falls Wednesday. They entered a large variety of their noted gladiolus and were the winners of twenty first prizes thus earning them 41 points at the show. Mr. Markus thus has the honor of keeping the trophy cup having won it for the third time. It is a beautiful cup, indeed. His "glads" have such fascinating romantic names such as King of Blacks, Choctau, Wedgewood, Abu Hassan and Dusty Miller, not to mention many others. The Markus' presented the Home for the Aged a huge bouquet from the show as Mrs. Markus' mother, Mrs. E. Aakre resides there. Norden News

Gada Armstrong, Rt. 2, T. R. Falls, Phone [illegible]

The special day at the Oakridge Lutheran church seems to be heading our column this week. Divine worship services were held at 10:30 a. m. at which Rev. Carl Thompson of Brodhead, Wisconsin, a former pastor, spoke. At noon a delicious chicken dinner was served to over 300 people. At 3 o'clock the dedication service began. It was opened with the singing of a hymn by the audience. Charles Joyce led in devotion, with a solo, "My God And I" by Carol Lennox following. The Norden choir sang "Love Lifted Me" after which Ervin Aaseby gave a reading about a church building and Mrs. Alton Hanson sang a Norwegian hymn. A talk by Rev. Arthur Grorud of Oklee also a former pastor, was then given. Dr. A. E. Hanson, president of the North Minnesota District gave a very good dedication sermon after which he dedicated the chancel, new interior and outer improvements. "How Firm A Foundation" was sung by the audience, as a closing hymn and Rev. Carl Thompson pronounced the benediction. Everyone was invited down to the basement again for lunch. The Oakridge people are to be congratulated on their fine work, the church is much improved.

Luther League will be held at the Norden church on Sunday evening, August 22. The Bethany church group will present the program. Hostesses will be Mrs. Daryl Lewis, Mrs. Sadie Ayers and Mrs. Walfred Carlson. Everyone is welcome.

Thieves Will Play St. Hilaire Tonight as Polio Benefit

Members of Both Teams Donating Services for Game at Fair Grounds

The emergency Pennington county polio drive should realize a considerable sum of money from the exhibition baseball game slated to be played under the lights on the Fair Grounds diamond tonight, Wednesday. The players of the two teams—the Thief River Falls Thieves and the St. Hilaire Saints—and the umpires have donated their services for tonight's tilt, and the result, if the weather remains favorable, is that the polio fund should receive quite a boost.

Manager Swede Lund of the Thieves is undecided as to the pitchers he will use against Klem Gigstad's Saints, but the local manager is hopeful of persuading lefty Phil LeGault, who was impressive in his start against the Thieves here a week ago. Righthander Sid Vraa will be available, and, of course, Gene Leslie, the Thieves' "regular" will be on hand. Lund, though, hopes to rest Leslie for the all-important playoff game against Red Lake Falls at Red Lake Falls on Sunday night.

Klem Gigstad's St. Hilaire team will move into Northern Minnesota league playoffs on Sunday, so it is doubtful if Gigstad will call on his veteran righthander, Woody Almquist, to pitch against the locals tonight. Lefty LeRoy Aasland is on the Saints' squad, and he would like nothing better than the chance to pitch against the locals.

Skjod Issues Call to Football Squad to Report Monday

Coach Ralph Skjod, the Prowlers football coach, announced that the first call for candidates for the 1954 Prowler football squad has been set for 2:00 p. m. on Monday, August 23rd. Coach Skjod has mailed reminder cards to most of the prospective varsity candidates, and he requests that the players should report on Monday morning, according to their time assignments, for their equipment withdrawals.

Thieves Take First Round Playoff Game from Alvarado 9-4

A five-run explosion in the top half of the 11th inning, capped by Jack Hoppe's home run over the right-field fence, gave the Thieves a 9 to 4 triumph over the Alvarado Farmers in a first-round Red River Valley league playoff game at Argyle on Sunday afternoon.

As a result of their win over the Farmers, the Thieves will play the Red Lake Lakers, winners over Argyle, in a second round game at Red Lake Falls on Sunday night, with gametime scheduled for 8:15 p. m.

The Lakers edged out the Argyle Maroons, 10 to 9, in the second game of Sunday's twin bill. On Sunday afternoon, at the Red Lake Falls diamond, the Alvarado team will play the Argyle Maroons, and the loser of that tilt will be estimated from the league playoffs.

This evening, Wednesday, the league champion Thieves will play the St. Hilaire Saints in an exhibition game at the Fair Grounds diamond. The game which will be played under the lights, will be a feature of the Pennington county emergency polio fund drive.

The locals' right-hander, Gene Leslie, gave up two hits, singles by Don Bergman and Webb Larson, and a run in the 1st inning; and four hits and two runs in the 2nd inning, giving the Farmers a 3 to 1 lead. Leslie, from the 3rd inning through the 11th inning, gave up but three hits, and two of those safeties were of the "scratch" variety. In the 4th inning, Oliver Danielson was credited with a hit when his ground ball took a bad hop and bounded over shortstop Sid Vraa's head; and in the 9th inning, Larson lifted a pop fly that fell safely between Vraa and Joey Poole. Larson singled through the box for solid base hit in the 11th inning.

The Thieves, trailing by a 4 to 3 score, sent the game into extra-innings by scoring a run in the top of the 9th inning. Vraa and Poole opened the frame with singles. Leslie flied to left field, with Vraa advancing to third after the catch; on a "squeeze play," Vraa came in with a score when Swede Lund bunted on third strike, dumping the ball in front of the plate.

In the game-winning 11th inning, Vraa struck out; Poole drew a walk, advanced to second on a wild pitch; Leslie was out on a foul pop to the third baseman. Lund drew a walk, and with runners on first and second, lefty Don Hagglund, who had hurled fine ball for Alvarado, was taken from the mound, being replaced by right-hander Dennis Kollin. Kollin hit Shorty Perkins with a pitched ball, loading the bases. A wild pitch scored Poole with the tie-breaking run; Bun Olson lined a double to the center-field fence, scoring Lund and Perkins; and then Hoppe lofted a high fly over the right-field fence, giving the locals a 9 to 4 win.

The box score:

Jaycee Midgets Are Eliminated in State Tourney

Lose to Slayton 7 to 2 in First Round of Play at Chisholm on Friday

Coach Bob Nick's local midget baseball team, winners of the regional title were eliminated in the first round of the JayCee's state midget baseball tournament played at Chisholm on Friday and Saturday, losing to Slayton, 7 to 2, on Friday afternoon.

The locals jumped into an early lead when they scored two runs, their total for the game, in the last half of the 1st inning. Jerry Jorgenson, the locals' diminutive second baseman, drew a walk to lead off; Dale Glass sacrificed Jerry to second; and a single by Evan Jones and a double by Freddy Dablow gave the locals a 2 to 0 lead.

Slayton picked up a run in the 2nd inning when they leadoff batter, Vandewelder, poled an out-of-the-park home run. And in the 4th inning, two singles, a pair of walks, and three Thief River Falls errors, gave Slayton five runs and a 6 to 1 lead. The winners added their final tally in the 5th inning when an error and a double by Johnson plated a run.

The line score:

Northrop School Is Grade Swimming Contest Winner

25 Pct. of Grades 4, 5, 6 Qualified as Swimmers; Lifesavers Pass Tests

The grade school swimming contest ended Saturday, Aug. 14 with Northrop the winner as 26% of its 4th, 5th, and 6th grade enrollment qualified as swimmers, Philip Beadle, director, stated today.

St. Bernards was second with 24.5%. Washington was third with 22.4% and Knox came in fourth with 17%. Altogether 110 grade school pupils qualified as swimmers and they will be awarded cloth badges. Northrop will be awarded the Bjorkman swimming trophy.

Six junior lifesavers recently successfully passed their examinations and are entitled to wear the Red Cross junior lifesaving badge. The course consists of 15 hours of discussion, demonstration and the solving of theoretical lifesaving cases. To pass the course a person has to be a strong swimmer and adept at handling drowning victims.

The six who passed are Mary Jo Froehle, Sally Snyder, Diane Storhaug, Elizabeth Hanson, Sharon Klein and Sharon Hauswirth.

Mrs. F. Canfield Wins in Archery Tourney at EGF

Reino (Swede) Trast of Grand Forks and Mrs. Floyd Canfield of Thief River Falls won traveling trophies in the second annual Flickertail Tournament staged Sunday by the Red River Archers.

The day-long event was conducted in "Surewood Forest," the club's shooting grounds in East Grand Forks. Cities from throughout North Dakota and Minnesota were represented.

Juel Anderson of Hendrum, Minn., won the trophy in the junior division, with Bill Hutter of Fargo and Art Overbye of Thief River Falls taking second and third, respectively.

Mrs. Canfield took first in the women's free-style shoot, while Ruth Legvold of Thief River Falls the defending champion, won second. Evelyn Thomforde of Grand Forks was third.

69 Women Golfers in Tourney Tuesday

Sixty-nine golfers, representing six of the nine member clubs—Detroit Lakes, Crookston, Grand Rapids, Bemidji, Hibbing and Thief River Falls—participated in the annual Northern league MWGA golf tournament played over the local course on Tuesday. Park Rapids, Brainerd, and Ridgeview of Duluth were not represented.

In the Class A competition, the Detroit Lakes team, comprised of Mrs. Vivian Hall, Mrs. Pauline Wagner, Mrs. Betty Hamilton, and Mrs. Muriel Carlson, resumed possession of the championship trophy after an absence of two years, during which time the Class A cup was held by Ridgeway of Duluth, by scoring a net aggregate of 320. The individual net totals for the members of the Detroit Lakes squad were: Mrs. Hall, 91; Mrs. Wagner, 84; Mrs. Hamilton, 78; and Mrs. Carlson, 87. The Bemidji team was runnerup, while the Thief River Falls quartet—Mrs. Selma Rasmussen, Mrs. Sylvia Olson, Mrs. Lu Ekeren, and Mrs. Yvonne Bredeson—was third, and Hibbing fourth.

Thief River Falls captured the Class B title when Mrs. Harriet Hartz, Mrs. Myrtle Mehlhoff, Mrs. Edna Lieberman, and Mrs. Phoebe Stewart posted a net of 320 to defeat Bemidji, the runnerup. Detroit Lakes gained third place, while Grand Rapids was fourth.

In the Class C play, Grand Rapids, with a fine 307 total, won first place, with Detroit Lakes in second place. The Thief River Falls team of Mrs. Sylvia Edmiston, Mrs. Marion Tygeson, Mrs. Vi Larson, and Mrs. Ebba Sagmoen, won third place. Bemidji gained fourth place.

In the individual open competition, played on a nine-hole medal play basis, Miss Joan Richardson, of Grand Rapids, shooting a fine 43 in spite of taking an 8 on number nine, won the low gross honors. Miss Richardson was tied with Mrs. Ray Archer of Bemidji for the low net, with each golfer having a 37. Miss Richardson carried a handicap of 8, while Mrs. Archer, shooting a 48, had a handicap of 11.

In the driving contest, Miss Richardson won first place with a poke that carried out beyond the 200-yard marker.

Gordon Longville, from Grand Forks, conducted the tournament in an able and efficient manner.

Number One.

Swede Lund's Thieves won their first game in the Red River Valley league playoffs, being a trifle fortunate in scoring the run in the 9th inning that evened the game and gave the locals the chance to break up the contest with five runs in the 11th inning. The Thieves will move into the second round playoff games on Sunday, meeting the Red Lake Falls Lakers at the Lakers' Riverside Park, and the prospects are that the locals will be hard-pressed to hang a defeat on Archie Sele's club.

The Thieves and the Lakers have played three games this season, including an exhibition tilt, and the locals have recorded three wins. In league competition, the Thieves have posted a 5 to 1 win at Red Lake Falls, and a recent 8 to 6 triumph on the Fair Grounds diamond. In spite of three wins and no loss record of the Thieves against the Lakers, the odds aren't more than even for Sunday night's tussle. Fact is, the probabilities are that a "break" will decide the game.

Both clubs have capable defenses, good batting punch, and competent pitching. The Lakers will rely on their husky righthander, Jim Henkes, who in addition to being an efficient pitcher, is a "power" man at the plate. The Thieves will also use a righthander on the mound, giving the pitching duties to black-haired Gene Leslie, and Gene, too, like Henkes, is a threat at the plate. It's an oddity, but both pitchers, Henkes and Leslie, bat in the clean-up spots in the batting order of their respective teams.

The Argyle Maroons, losers to the Red Lake Falls team, 10 to 9, in a hotly contested game at Argyle on Sunday, received quite a boost in their pitching when Warren's Dickie Palmer came home on furlough. Palmer, in his losing effort against the Lakers, struck out fifteen men, and served notice that the Maroons can't be counted out of the playoffs. Argyle plays Alvarado in a Sunday afternoon game at Red Lake Falls, with the loser being eliminated from the playoffs.

And don't forget that there is an exhibition game scheduled for the Fair Grounds diamond here tonight, Wednesday, with the St. Hilaire Saints meeting the Thieves under the lights. The game is a polio fund-raising effort.

There They Go

Stan Wilson's trap shooting squad, scoring three 25's and a pair of 24's, trounced the Times team last Thursday, 123 to 106, and by their victory the Wilsons added a pair of points to their standings to take first place in the league rating, having ten points, while three teams, the Pharmacy, Johnson Bros., and Baumann-Oen, are tied for second with eight points apiece.

With but three matches remaining, it will take some fine shooting by the rest of the league in order to overtake the Wilsons. The one big hope of the other five teams is that handicaps will catch up to Stan Wilson's boys. Last week, Stan had a 21 and 5, Hank Storhaug a 23 and 4, Bob Peterson an 18 and 8, Cy Schantzen a 19 and 5, and Al Tonder a 20 and 4. The handicap committee is making a study of the Wilsons recent scores, and it's a cinch that Stan's club will lose some handicap points.

Incidentally, Frank Rinkel has posted a bond that his squad, the Northern Chevrolet, will remain in the league. Fact is, Frank will consider the season a success if his team can beat the Times in the match on August 26th, and the Pharmacy, in a match on Sept. 16th.

Miscellany.

Bemidji's youthful Joe Mayer, the regional high school golf champion, and runnerup to Ernotte Hiller in the shortstop tourney played here a couple of weeks ago, began play yesterday in the National Caddies tournament at Columbus, Ga.—

An interested spectator at Sunday's Red River Valley league playoff game at Argyle was Grover Blackie Stephens, the old Army man. We have a vivid memory of Blackie's performances in a Thieves' uniform during the 1951 season, especially on one occasion when Crookston's lefty Ken DuPuis picked Blackie off first base. A more heroic incident, though, occurred when Blackie, catching for the Thieves in a regional finals game against Ada, took Phil LeGault's fine throw from right field and made the tag on Earl Anderson as he tried to score the tying run. The Thieves won that game, 4 to 3, and went on to make a creditable record in the state tournament at Faribault.

HOPELESS HOPEFUL

From hopeless to hopeful in ten short years — that is the record of countless diseases which have plagued mankind for centuries. Children born ten years ago died from diseases which are completely curable today. Adults who have suffered most of their lives from various complaints are now finding relief in new medicines. The progress of medicine during the last ten years, alone, is an admirable record. As pharmacists we are proud of the role we play in this great success story — to bring you these hope-giving new medicines, when your physician prescribes them.

Army Worm Invasion Cost State Farmers $12 Million to Repel

The recent invasion of army worms cost Minnesota farmers nearly 12 million dollars in small grain losses, T. L. Aamodt, state entomologist, reported Thursday.

Prompt action saved at least 40 million dollars worth of grain, he said in a final report to Gov. Anderson.

Preliminary estimates showed that the damage from the worms was about 5 percent of the crop valuations in the hardest-hit areas. The outbreak was most severe in Clay, Mahnomen, Becker, Polk, Red Lake, Marshall, Kittson, Roseau, Lake of the Woods, Norman and Pennington counties.

Aamodt estimated that 1,186,500 acres were treated with insecticide in the control program at a cost of $2,373,000.

The state entomologist figured losses of 12,800,000 bushels of oats, barley, wheat and corn while another 36,383,000 bushels was saved by chemicals.

Taking part in the control work were about 200 pilots and 7,400 power ground machines.

Aamodt said the 1954 outbreak was the largest of the eight infestations in the past 30 years. He said definite proposals are being drafted for presentation to the 1955 legislature to assist in co-ordinating necessary facilities for emergency pest control outbreaks.

Quick action by state and federal officials averted "possible disaster," Aamodt explained in praising Anderson and Myron Clark, commissioner of agriculture, for their speed in rushing aid to infested areas.

Wetlands Project Is Given Support

State Program Endorsed by National Federation

The National Wildlife Federation, Washington, D. C. has borrowed a page from Minnesota's conservation book.

The federation has chosen "Save America's Wetlands" as the theme for "National Wildlife Week" in 1955, according to Stewart M. Brandborg, assistant conservation director for the organization.

On January 12th of this year, Richard J. Dorer, now supervisor of game for the Minnesota division of game and fish, started a campaign known as "Save The Wetlands In Minnesota," by contributing $10.00. He has added $5.00 per month since then. At that time, Minnesota had optioned 5,741 acres of wetlands and but 1,000 acres had been purchased.

Since then, up to July 15, Game and Fish Director Frank D. Blair points out, 12,000 acres have been optioned and 6,500 purchased. Other individuals and organizations throughout the state have been quick to follow Mr. Dorer's suit with contributions to the "Save The Wetlands" fund. The drive received a big boost in June when the legislative advisory committee approved a request from the division of game and fish for $100,000.

THE MINNESOTA STORY

Prepared by the

Minnesota Historical Society

OLD SAFETY PROBLEMS

Fifty years ago Minnesota had a traffic problem according to information in the files of the Minnesota Historical Society.

The automobile was just coming into existence. There were laws and ordinances to control the speed of these devilish vehicles. The speed limit in the towns was eight miles an hour and 25 miles outside. In 1902, Thomas Shevlin, the bewiskered lumberman of Minneapolis, paid a ten dollar fine for traveling at more than ten miles an hour. Automobile drivers were warned that if a collision appeared possible that they were to sound a bell or horn.

One of the great hazards of the highways were the horses which seemed to resent this new form of competition. The newspapers of the early days are full of stories of runaway horses and those who were about the last to accept the automobile were the rural residents.

AN EARLY HEN

It is difficult for those of the present generation to realize the methods by which farms were established in Minnesota. First the settlers had to come in, many of them from across the ocean. They had to select and prove up their homesteads. The house that was built might have been of sod on the prairies and logs in the big woods. Lands had to be cleared, a task not yet completed after more than a hundred years. To grow stock to make farming profitable took many years.

Take the case of the humble hen. Minnesota had plenty of wild birds to provide meat, the prairie chickens and the wild ducks. But these birds laid no eggs for the housewife to gather.

In 1855 a farmer on the St. Croix paid five dollars in gold for a single hen. Five dollars was a large amount of money on the frontier. But the hen was considered to be worth it.

That hen produced sixteen chicks that the farmer sold for twenty dollars.

This may have been the transaction and the hen that started the egg and poultry business in Minnesota.

The census of agriculture for Minnesota in 1950 shows that 130,000 farms had 23 million chickens. The farmers sold in that year 223 million dozens of eggs.

Indian Hospitals Are Placed under U. S. Health Bureau

Maintenance and operation of hospital and health facilities for Indians will be placed under the U. S. public health service under the terms of legislation sponsored by Senator Edward J. Thye and Congressman Walter H. Judd of Minnesota. President Eisenhower has now signed the measure which had been passed by both houses of Congress.

Indian hospitals and health services are now under the bureau of Indian affairs. Transfer to the public health service must be affected by July 1, 1955 under the terms of the Thye-Judd Act.

Senator Thye said the objective of the transfer is to improve the health services to the Indian people, to help co-ordinate the federal and state public health programs, and to further the long-range objective of integration of the Indian people as American citizens.

He also paid tribute to Dr. A. J. Chesley, secretary and executive officer of the Minnesota department of health, for his advocacy of improved standards of health services for Indians along the lines contemplated in the Thye-Judd Act.

When the dollar becomes involved, other considerations usually take a back seat.

Turkey and Pears Plentiful Foods

"U" Specialist Reports on Best August Buys

Turkeys and Bartlett pears share honors as the special features on the U. S. department of agriculture's list of plentiful foods for August.

Turkeys are going to market early this year. They expected to be available in abundance this month, especially young birds of the Beltsville breed, reports Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota.

A crop of 20 million boxes of Bartlett pears is expected from the West Coast. With its fine texture and flavor, the Bartlett is a favorite for eating fresh. It is excellent for canning, too, because it holds its shape well under processing, keeps its white-colored flesh and has an appetizing flavor, Mrs. Loomis says.

Also in great plenty this month will be California lemons, both fresh and processed. Another "ade" fruit, the lime is increasing in production in Florida, so that processed lime juice may be expected in larger supplies this summer. Fresh limes will be available in some markets.

August is the month when a variety of locally grown fresh vegetables, including sweet corn, tomatoes, beans, celery and cabbage, will be at the peak of Quality and supply. It's usually the time when home makers tables and for freezing, canning, pickling or relish-making, according to Mrs. Loomis.

Julius Spokely, Crookston, Dies Wednesday at 77

Julius Spokely, 77, lifelong and prominent resident of the Crookston area and well known dignitary in Masonic circles, died Wednesday night at University hospital, Minneapolis. Mr. Spokely suffered a stroke following surgery performed there several days previously.

The son of Mr. and Mrs. Gunlik Spokely, Mr. Spokely was born at Nielsville, May 27, 1877. One of 12 children, he left the farm as a young man, worked in Nielsville and later located in Crookston where he became affiliated with the Bray and Spokely store. The store then became Spokely's Men's Store.

A former member of the Minnesota state legislature in which he served the senate, Mr. Spokely was a candidate for that office in the coming fall election.

He was elected sheriff of Polk county in 1934 and served in that capacity for two terms.

A past grand commander of Knights Templar of Minnesota and a past potentate of Kem Temple Shrine at Grand Forks, N. D., Mr. Spokely was widely known and active in Masonic affiliations.

Surviving are his widow Minnie, a son Rolland; one brother Alex and one sister Sophie, both of Nielsville and three grandchildren. Four sisters and five brothers preceded him in death.

THE GREATEST WEAPON AGAINST COMMUNISM

A victim of an Iron Curtain Country escaped and found refuge in the United States.

In America he worked where he liked. He went to and from town, or crossed state lines as he wished. Never was he stopped and asked for "papers." Never were his belongings searched or confiscated. Never, when he went to bed at night, was he haunted by the fear of being torn ruthlessly from home and loved ones to be sent away forever.

Yet these things are happening right now in his native country.

"Abroad, there is terror in many hearts," said this refugee, "that you Americans cannot understand because you have never experienced it . . . and God forbid you ever shall.

"This above all you must remember: The greatest weapon you have against Communism is your Bible and your Religion."

In other words, American Citizen, "Go to the church of your choice this Sunday—and every Sunday. Keep Christianity thriving. It's your mightiest weapon against the dark devices of Communism."

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The Building of the Soo

By C. E. Halquist

According to a report in the Thief River Falls News of September 15, 1904, the track laying machine known as the Pioneer had arrived in Thief River Falls on the previous Sunday, about the time the good people were going to church. Conductor George Nicholson, engineer Charley Forsyth, fireman William Roffos, brakemen Joe Eisenpeter and Charley Bringelson had worked behind the Pioneer that morning to about the south city limits. The material on their cars being unloaded, they went back for more supplies and were relieved by conductor Hank Sallow, locomotive No. 103, engineer Arthur C. McLane at the throttle, fireman Albert Gunalla, brakemen Pete Keeley and Fred Rink. The above named men were members of the crew that pushed the Pioneer that layed the rails thru the city and across the bridge over the Red Lake River to a point about 200 feet north of where the passenger station now stands. It being Sunday the outfit tied up for the day. That morning had been historic for Thief River Falls.

The construction continued towards the Canadian border. The Soo Line track laying gang however encountered difficulties north of the city where the Soo Line would cross the right of way of the Great Northern. It was reported that the Great Northern had hauled out 800 feet of rails and ties and laid track across the Soo Line right-of-way. Under the laws of the State of Minnesota the Soo Line would be compelled to pay for the crossing diamond which would not be a small sum. In other words the railroad builders of that time did not hesitate to make the going as tough for their competitor as it was possible.

The two train and engine crews on this construction job worked an average of 18 hours per day six days each week and there was no "hours of service" law at that time. Engineer Arthur C. McLane stayed with the construction job until they were within three fourths of a mile from the Canadian border. He then requested relief because he had been away from his home in Minneapolis for a period of five months. Engineer Charley Forsyth relieved McLane and he and conductor Nicholson completed the work of connection with the Canadian Pacific railroad at Emerson. There was a delay in connecting with the Canadian Pacific because there had been a mistake made in measurements for the crossing of the Canadian National tracks at Emerson. The crossing diamond did not fit and a new one was made and installed.

There was no terminal at Thief River Falls in 1904. The trains were run from Glenwood to Mahnomen and from Mahnomen to Emerson. The through passenger service between the Twin Cities and Winnipeg was started during the fall of 1904. When we remember the wooden coaches and small locomotives of that day and look at the powerful Diesel locomotives of today we get an idea of the progress that has been made in railroad transportation. Many of the retired engineers have fired and worked as engineers on the little old 27 that is shown on the fiftieth year anniversary buttons and plates.

Getting a supply of water for the locomotive boiler was a chore and a head ache for the engine crews on construction trains. There being no water tanks, the water was siphoned from rivers, creeks and sloughs into the locomotive tank. Often small fish and other matter would be siphoned into the tank causing no end of trouble, plugging up the boiler feed water devices.

Mr. and Mrs. Anthony E. Morous (Dorothy Larson) arrived here from Alabama Friday evening to visit at the home of Mrs. Morous' parents, Mr. and Mrs. John L. Larson of St. Hilaire. Mr. Morous has been stationed at Alabama for the past six months. They left Monday morning for their home in Tacoma, Washington.

Mr. and Mrs. Wes Hovie left last week for Oregon City, Ore., where they plan to teach the coming year.

Mrs. L. T. Day of Kalispell, Mont., left Wednesday for her home after visiting a few days at the Arthur Rambeck home.

Mrs. Arthur R. Johnson and baby were guests last week at the home of Mrs. Johnson's parents, Mr. and Mrs. W. C. Broenen of St. Paul.

Mr. and Mrs. Chas. Elgin, Mr. and Mrs. Wayne Elgin and Herl Elgin of Badger were visitors at the Garlin Stromamoe home Thursday and Friday.

Pastor and Mrs. Orville Saastad and son of Gary, Indiana arrived Tuesday to visit at the home of Pastor Saastad's parents, Mr. and Mrs. Henry Saastad.

50 YEARS AGO

There was a lot of news in the issue of Thief River Falls News of August 18, 1904. Along with the announcement that the Soo Line would be here in a couple of weeks there were many items of interest, indicating that the good people of the fast-growing little community had many things to argue about. Here are some of the items that one issue of the paper carried fifty years ago today.

Considerable Rust

News, August 18, 1904. The harvesting of grain was commenced quite generally thruout this section this week. Considerable rust has appeared in the grain of late, but it is not thought much damage is done from this cause. The yields are both good and bad and while some farmers have excellent crops others have little or nothing. The prices are very good and it now looks as if it would be a prosperous fall.

Great Northern Delayed

News, August 18, 1904. The Great Northern does not expect to get the extension north of this city completed until after it freezes up. North of Middle River there are some very bad swamps to cross and rails cannot be laid there until after it freezes up as the ground is too soft to work upon.

Wheat Price Up

News, August 18, 1904. Wheat is going to be worth money this fall if the price continues to go up. Yesterday cash wheat in Minneapolis was $1.19, making the local price $1.08. Minneapolis September wheat was $1.14 and Duluth September flax was $1.24.

The Council Met

News, August 18, 1904. At the regular meeting of the city council held Monday evening much time was spent in discussing the ordinance granting the Great Northern railroad a franchise on Bay street. The ordinance was passed on its first reading and will be given its second reading next Monday evening. The only objections were made by Dr. Grundy and Dr. Brady, who did not like the idea of having the spur built in the street in front of their property, but Mr. Clay, the right-of-way agent for the Great Northern, stated that unless the ground for this track could be secured it was hardly probable that the depot would be moved down town. The depot is to be erected on a lot between Phil Zeh's residence and the track on the west side of Main Avenue, and the railroad officials state that work will be commenced as soon as they are assured that the franchise will be granted.

The bill of James Meehan in the sum of $1,500 for right-of-way for the Soo Line was allowed. The Soo committee has now secured the right-of-way of all but one piece of property and has almost $4,000 left of the $20,000 originally placed in their hands.

Newfolden is the Name

News, August 18, 1904. The new town on the proposed line of the Soo which was to have been named Baltic has been changed to Newfolden, taking the name of the post office near where the new town is to be located and to which the post-office will be removed. The change in name was made at the request of that section. D. B. Bakke of this city, who formerly resided at Newfolden, will be the townsite agent and will open up a bank there. The new town will be a good one and it is surrounded by a good farming country.

Creamery Not Doing Good

News, August 18, 1904. A movement is on foot to have the local creamery turned over to a cooperative company, and have the farmers about here own stock in the concern. That is a move in the right direction. Under the present management the creamery has lost money for the owners and will probably continue to do this until the farmers own stock in it and take more interest in the management. At present a Minneapolis cold-storage company is buying cream of the farmers about here and paying a much better price and giving a better test than the local creamery can afford to give. It is the history of this concern, however, that after it has frozen out the local creamery that it reduces the price it pays for cream and then the farmers will regret that they did not patronize the local creamery.

World Busy Too

Thief River Falls was a busy town fifty years ago but the "boiler plate" contents of the inside pages of the News indicated that there was considerable activity in other parts of the world at that time.

World's Fair

The St. Louis Fair was under way and readers of the News learned, "Colossal, complete, cosmopolitan, it commands the attention of the world as no other enterprize of the present year. From all nations there are pilgrims coming to this shrine, and from all our states and territories there is a constantly growing throng of spectators."

Some of our old-timers were among those who visited the fair at St. Louis.

A nation-wide strike in the meat packing industry was causing considerable concern but reports from both Chicago and New York were hopeful that agreement would soon be reached.

From Tokyo there was a report that the Japs had won a smashing victory. In a battle lasting five hours the Russian's Vladivostock squadron had been worsted. One Russian cruiser had been sunk and two other fighting ships had fled northward after sustaining heavy damages. Port Arthur was reported to be "bottled up" and "Take Port Arthur at Any Cost" was the battle cry of the victorious Nips. A report from London stated the Russians were rushing "five ironclads and two cruisers" to the defense of Port Arthur.

But there was good news for Russia too. The Czarina had presented the Czar with a son, the first male heir to the throne, and an imperial salute of 101 guns had been fired in celebration of the event. Four daughters had been born to the royal couple, and the arrival of a son was heralded as great news.

"The hearts of the Russian people are likely to be more deeply touched by the good fortune of the imperial family than by a flood of victories or defeats in the Far East" the dispatch stated. "The emperor will signalize the event by some gracious act, like the remission of acreage taxes —."

Why couldn't our governor, C. Elmer, have thought of something like that?

RANDEN . . .

Mrs. E. Ostlund, Gryla

Mr. and Mrs. Alvin Ostlund and family of Battle Creek, Mich. visited in the Emil Ostlund home last week. They took a fishing trip to Long Point Wednesday accompanied by Vernon and Ruthy Ostlund.

Herby Lund entered the hospital Tuesday and will return home Wednesday of this week. His trouble is a ringworm.

Mrs. Ida Finley received word of the passing of her father Grant Farrens of Tekamah, Nebr. last week. He passed away Aug 10th at the age of 90 years.

The Northwood Church Luther League held their gathering at the Ole Tengesdahl home Sunday.

The Emmett Finley young people helped Ardta Leggiar celebrate her 8th birthday Aug. 13th.

Ezra Davy moved a number of Harold Berds cows and sheep to his farm last week. He is renting them for the coming winter months. He has rented his dads farm and has them there.

Mr. and Mrs. George Harrison of St. Paul spent Sunday and Monday in the Emil Ostlund home. Georgeanne and Kathy Harrison who have spent the summer months with grandma and grandpa Ostlund returned home with them.

REINER . . .

By Mrs. Morris Miller, Rt. 2, Goodridge, Phone [illegible]

Rev. Rodvick held services in the Reiner church on Sunday morning. Rev. Jonas Helland is expected back the last of this month from his trip to Norway.

Mr. and Mrs. Morris Miller and Norman were Sunday dinner guests at the Einar Loven home in Thief River Falls. They also attended services in the Trinity Lutheran church in the morning where Valerie Dee Loven, daughter of Mr. and Mrs. William Loven was baptized by Rev. Jacobson. Her sponsors were her grandparents Mr. and Mrs. Einer Loven and Mr. and Mrs. Morris Miller.

Mrs. Alvin Fjeld of Erie was a Friday coffee guest of Mrs. Florence Stenvik.

Mr. and Mrs. Mayer Holen have started a basement for a new house.

Mr. and Mrs. Olaf Brattland and Barry of Highlanding were recent visitors at the Herbert Vraa home.

Visitors at the Florence Stenvik home a week ago last Friday were Mr. and Mrs. Walter Anderson and family of Memphis, Tenn.; Mrs. Betsey Anderson of Fargo, Mrs. Bud Ranum, Mrs. Lloyd Hanson and Frances of Thief River Falls. Last Sunday evening visitors at Florence Stenviks were Mrs. Bud Sunsdahl and Mrs. Chester Solberg.

Miss Marilyn Sigerud, Shirley Horning and Janyce Quam attended the wedding of Romona Olson and Donald Mossestad on Saturday at the Goodridge Lutheran church.

Mr. and Mrs. Ole Sunsdahl and family of Tower, Ray McEnelly and Robert Stenvik all spent the week end with home folks. They all left on Monday again.

Mr. and Mrs. Bennett Johnsrud and granddaughter Donna of Aurora were Saturday evening visitors at Morris Millers. On Sunday evening Mr. and Mrs. Harry Sigerud, Marilyn, Larry and Jimmie visited at Millers.

Mr. and Mrs. Selmer Holen and Linda were Saturday evening guests at the James Coan home.

Miss Laurie Stenvik visited last week end with her friend Maxine Anderson at Tower. Maxine accompanied Robert and Laurie Stenvik home for a week end visit at the Florence Stenvik home.

A week ago last Tuesday evening guests at Selmer Ericksons were Mr. and Mrs. Herbert Vraa and boys and Mr. and Mrs. George A. Vraa.

Miss Ione Burstad, Miss Adeline Stenvik and Lucille Loeffler of Thief River Falls were Wednesday evening visitors at Florence Stenviks.

Monday seemed to start out fine this week, so we all hope to start again where we left off harvesting when the rains began last week.

Mr. and Mrs. John Miller visited at the Arnold Hovet home in Star on Sunday.

Mrs. James Coan and Judy were Wednesday afternoon callers at the Otto Sigerud home.

Mr. and Mrs. Bennett Johnsrud and Donna of Aurora came up on Friday evening for a week end visit at their farm and to visit with friends.

Lakehead Pipeline Station at Viking Is Now Being Expanded

Changing aspects of the oil market have boomed the importance of the Viking pumping station of the Lakehead Pipeline company and necessitated the looping of the present pipeline and enlarging of the station to increase capacity, says the Warren Sheaf.

Construction crews are busy erecting a large addition to the Viking pumping station enabling the installation of two 2,000 h. p. engines and other crews are laying some 1½ miles of pipeline a day across 30 miles of Marshall county as a part of the looping of the line from 2 miles west of the Red river to Viking, a total of some 50 miles.

In 1950 the original 18-inch line was built from Edmonton fields to Superior. At that time the Viking station was meant merely as a booster station between the Gretna, Man. and Clearbrook stations.

In three years the situation has changed so rapidly that the Viking station is now the largest along the Lakehead Pipeline in the states. The Viking station now will move all the oil that is pumped into the states while stations down the line beginning at Clearbrook will start diverting the oil out of the Lakehead Pipelines for use in the United States.

The market has determined the building now being done, with expansion now 10 to 12 years ahead of what was anticipated in 1951, according to Frank Anderson, Viking pumping station chief.

He explained that the production of the Alberta fields was not under-estimated but that the new Canadian refineries being built to process the oil has been the major factor in increasing capacity of the pipeline. A small part of the major factor is being diverted into the United States at Wrenshall and Superior and Clearbrook shortly.

Most of the pipeline has been looped in Canada and the United States section of it will be looped by summer's end. The Viking-Clearbrook section of the line is looped from Plummer southeast to the Clearbrook station.

A 26-inch pipe is being used for the loops and it is possible that some day, if demand warrants, the loops can be joined so that two parallel lines will cross the country, one an 18-inch and one a 26-inch.

As Mr. Anderson explained it, the loops will allow an increase of some 30 per cent capacity. At present the maximum capacity of the Viking station is about 128,000 barrels a day, depending on the gravity of the oil passing through, and the loop will permit some 40,000 more barrels a day to be transported.

Looping of the present pipeline enables an increased amount of oil to be sent thru by each station in this manner. Flow of oil is greatly reduced by friction so that the pressure drops progressively all along the line between pumping stations. By adding a loop line it means that the station to keep the pressure at its end the same as before must have more oil going into the pipeline.

The loop has the same effect as the opening of a valve along the line enabling more oil to flow through.

At present the 60x200 foot building is worth some $1,750,000 and will be a $3,000,000 plant when the present expansion is completed. An addition about 60x70 is being erected now on the east side of the present building.

Last year 20 feet was added to the main building on the west side to increase the capacity of the station built in 1951. The number of pumping engines was increased from two 810 h. p. engines to four 810 h. p. engines hooked in series. The new addition will house two 2,000 h. p. engines which will work in parallel.

Mr. Anderson stated that he believes that the Viking station will assume more importance with the passing of time. He suggests that it would be entirely feasible for the oil from the Williston basin to be sent by a new pipeline to connect with the Lakehead line in Canada and then be taken out of the line in the states and distributed throughout Minnesota.

New Attractions at Minnesota Fair Aug. 28 to Sept. 6

"Dancing Waters" to Be Feature of Fair Midway; Big Fireworks Display

The latest idea in entertainment—Dancing Waters—will be featured at the 1954 Minnesota State Fair, it was revealed by Henry W. Swenson, Chicago, president of the fair board.

The fabulous combination of water, electricity, lights and music will make its debut in this area at the August 28 through September 6 exposition. It will be part of the Royal American Shows Midway.

Thousands of gallons of water are forced through 4,000 jets, forming a swaying fountain 27 feet high. At the same time, lights and music are synchronized with the Dancing Waters.

The total effect is dazzling, says Swenson, and is the result of 20 years of European research at a cost of $250,000 before the unique attraction was brought to America last year.

Several other major entertainment features will augment the fair's huge educational program. On the exposition's last nine nights, the State Fair Revue of 1954 will be presented before the Grandstand. A sensational leap by diver Don Hopka from a 120-foot high perch into a tank of blazing water only six feet deep is headlined.

Three other startling aerial acts and two hours of stage excitement featuring a cast of 300 performers will be climaxed by Minnesota's brightest fireworks displays.

The rest of the Grandstand fare will consist of stock car, big car, and motorcycle racing and Thrillcade. The renowned State Fair Horse Show will be presented seven nights and three afternoons in the Hippodrome.

Sen. Thye Praises New Postal Setup

Says Decentralization Will Lead to Efficiency

Senator Edward J. Thye in a public statement praised the program of the post office department for decentralizing postal operations, which includes the opening of a regional operations office in Minneapolis on August 12.

This office will serve the states of Minnesota, North Dakota and South Dakota. District offices under the jurisdiction of the regional office at Minneapolis are also being established, with headquarters at Fargo, Sioux Falls, Duluth and Minneapolis. Regional offices had previously been established at Cincinnati, Chicago, Dallas, and Portland, and additional offices are planned at St. Louis and Washington.

"I heartily approve the plans of the post office department in this program, which I believe will improve service by bringing responsible management closer to the actual operations," Senator Thye said. "This will speed up decisions in the field rather than by reference to Washington."

Manager of the regional office at Minneapolis will be Frank J. Goshey, a Minnesota man who has been a post office inspector for the past 35 years. Albert F. Heunisch of St. Paul, a veteran of 46 years in the postal service, will be services manager at the regional office.

Senator Thye recommended the appointment of two civilian career people for other key posts in the regional office. They are Ludwig I. Roe, editor of the Montevideo News, who will be assistant to the regional operations manager and in charge of public relations for the regional office, and Frederic L. Thwing, of Minneapolis, who will be regional personnel manager.

Voters In Warren Reject $390,000 Sewer Bond Issue

Warren voters rejected the $390,000 bond issue for the proposed sewer disposal system, sanitary sewer extensions and storm sewers at the special election held on Monday, August [illegible].

The total vote was 226 no and 125 yes. The First Ward voted 158 no and 64 yes, while the second Ward voted 68 no and 61 yes.

Members of the city council met Tuesday night to review the vote and discuss what further action should be taken. A final decision has not yet been reached, but the concensus is that steps may be taken to construct the lagoon disposal system and hook this up to the present sanitary system, said Mayor L. J. Fournier.

THE RESERVES ARE NEEDED

The department of agriculture has revised downward its crop estimates for this year. Drouth and rust have cut heavily into yields in large areas of the country. One of the major crops, corn, has been hurt to such an extent that it will be necessary to draw on the surplus stocks to meet the needs for the coming year.

The report indicates a serious hay shortage. Pastures were estimated at only 59% of normal, the lowest guess at this time of the year since the 1936 drouth. States already in the drouth area and eligible for special aid are Oklahoma, Missouri, Colorado, Wyoming, New Mexico and Texas. Alabama, Arkansas, Kansas, Kentucky, Georgia and Tennessee will probably be added to this list, indicating the extent of the area that is suffering because of a lack of moisture.

Coming at a time when there is a lot of controversy on the question of surpluses, this change in the nation's crop prospect indicates quite convincingly that we need to maintain reserves. As a result of the surplus stocks there now will be no drastic price increases as there would have been if we were threatened by an actual shortage. It is quite clear therefore that the consumer too has an interest in a price-supported market in which the peaks and depressions are levelled off.

WE LIVE IN THE PRESENT

Former president Herbert Hoover travelled back to his birthplace in Iowa last week to deliver an address on the occasion of his 80th birthday. The nation listened respectfully. He was listened to respectfully because he has come to be looked upon with great respect.

Because of this it has been suggested that his speech might serve as a keynote address for the Republican party in the coming campaign. That probably would not be fair either to Mr. Hoover or to the Republican party.

Hoover's address had to do mainly with a period of time that is now past. No one begrudged him his hour of retrospect and there is much in what he said that should not be forgotten. But it is the present and the future that interests the voters, and the coming election will be determined by the voters, and the coming election will be the voters' appraisal of the present administration rather than the record of an administration they repudiated two years ago.

The points raised by Mr. Hoover are questions of historical interest. Much of what he referred to however is not an issue at the present time.

Republicans will not win the next election because of the shortcomings of the administration they succeeded. It is their own record that now is being considered by the voters and the outcome of the election will be determined by the judgment of the voters on that record.

GOING THE SAME WAY

Girl Scout officials are disturbed about a resolution adopted by an Illinois state convention of the American Legion criticizing a reference to the United Nations and World Citizenship in a Girl Scout handbook. The criticism has been interpreted as a charge that the Girl Scout leadership has gone pinkish, and with such an interpretation the indignation of the Girl Scout officials is understandable.

It is regretable that two organizations of such unquestioned loyalty and devotion to our country should become involved in a controversy of this nature. We cannot believe that any American Legion post or department would intentionally question the patriotism of the Girl Scouts.

Knowing something about how carelessly convention resolutions are sometimes drafted and adopted, we can understand how an organization might make an unwise and unwarranted declaration in its hasty end-of-a-convention action. That must be what happened in Illinois.

We are sure that this unfortunate incident is due to misunderstanding and that cool heads in both organizations can find a way to a thoroughly satisfactory reconciliation.

END JUSTIFIES THE MEANS

There is some criticism about the new methods being used by the state highway patrol in apprehending speeders. Speed traps and bareheaded patrolmen in stock cars have increased a great deal the number of arrests and this in turn has no doubt helped to curb excessive speed. A few drivers don't like it but most motorists will agree that the end justifies the means.

And there will be no question as to the justification if as a result of less speed there will be fewer accidents. It will require more than a short trial period to determine this. Too often there is a relaxation in enforcement after it has ceased to attract attention and this experiment deserves to be continued over a sufficiently long period of time to establish a proof pattern.

An additional 20 million dollars is needed to carry through on this year's polio program and our community will of course contribute its share. And our share of the cost will not be great on a per capita basis if we all give a little. Whether we think of such a contribution in terms of helping others or as insurance for ourselves, this is one "give" that is easy to justify. And if you want to have a little extra fun along with your giving, attend the ball game at the fair grounds ball park tonight (Wednesday) or take a boat ride on the river Sunday afternoon. All of the proceeds of these activities will be turned over to the March of Dimes fund.

Next year's license plates will be more than just a registration number. They will also reveal the name of the city in which the car has been registered and also the congressional district in which that city is located. All plates issued in the ninth congressional district will have the letter K along with another letter to designate the point of registration. Thief River Falls will be represented by the letter G. Red Lake Falls will be KK and Roseau KJ. As far as we are concerned it is OK.

Looking Backward

1924—THIRTY YEARS AGO

A depositors' committee was working on a plan designed to make possible the reopening of the Citizen's State bank.—Miss Elfrida Knudsen was married in Winnipeg to Dreng Bjornaraa, editor of the Times.—Ten Pennington county farmers will be guests of the Commercial club at the state fair this fall.—Mr. and Mrs. Andrew Anderson were visiting in New Concord, Ohio.

1934—TWENTY YEARS AGO

E. A. Stoughton, Soo Line conductor, died suddenly at the age of 53.—Mrs. Woodrow Wilson, widow of the late president, was vacationing at Bemidji.—Mr. and Mrs. O. D. Ostby and Mr. and Mrs. A. M. Magnuson are spending a week in Chicago.—Miss Margaret Shaw and Miss Katherine Mellby returned from a tour of the Southern and Eastern states.

1944—TEN YEARS AGO

Mrs. Blanche G. Korstad, for 26 years a member of the Lincoln high school faculty, died August 14.—Emergency farm workers from Thief River Falls and St. Hilaire, shocked nearly 2,100 acres of grain during the past week, making a total to date of more than 4,500 acres.—O. O. Olson of St. Hilaire was named court house custodian, succeeding E. P. Burstad, resigned.

Famous Trichologist Will Demonstrate How To Grow Thicker Hair . . . And Guarantees It!

This new method of home treatment for saving and growing thicker hair will be demonstrated in Thief River Falls, Minn., Friday only, August 27, 1954.

These private demonstrations will be held at the Pennington Hotel on Friday only, August 27, 12 noon to 8 p. m.

OKLAHOMA CITY, Aug. 12—In an interview here today William Keele, internationally famous trichologist and director of the Keele Hair and Scalp Specialist, Inc., said: "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED

"The Keele firm, recognizing that most people are skeptical of claiming that hair can be grown on bald heads, offer a guarantee," Keele said.

Once a person avails himself of the Keele treatment his skepticism immediately disappears. To insure this, we offer this guarantee: If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

DISCOURAGED

First the Keele specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin or colorless, the Keele firm can perform wonders.

Every one is given a complete private examination to determine the condition of his scalp and cause for his hair trouble.

FREE EXAMINATION

This examination is very thorough and highly technical. It requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Keele firm in Oklahoma City, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Keele firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Keele emphasized "if there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to be certain every man or woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

Buick's biggest hit brings you a 3-way bonus

1. You get the car that's in step with tomorrow

From stem to stern, Buick today is styled a year ahead—with long, low glamor lines, with the very look of tomorrow, and with that broad panoramic windshield that many other cars won't have till 1955. Equally important, you get in Buick advanced V8 power, big room, luxurious comfort, the famed Million Dollar Ride—and all for prices that start just a few dollars above those of the so-called "low-price three." Is it any wonder, then, that Buick today is outselling all other cars in America except two of these "low-price three"?

2. [illegible]

Buicks have always had a high trade-in value. But the 1954 Buick has an extra advantage in its year-ahead styling. That means your Buick will stay well up in the style parade for years to come—will stay fresh and new-looking well into the future. So you're bound to be way ahead in actual dollars when trade-in time comes.

3. You get a bigger allowance from our volume business

Every month's sales figures this year have firmed this fact: Buick sales are soaring; Buick is outselling all other cars in the nation, regardless of price range, except two of the "low-price three." So with this tremendous volume, we can—and do—offer higher trade-in allowances. Come in, see and drive a new Buick—then check for yourself that our volume business really does mean a far bigger allowance for you.

Come see for yourself why—

Buick Sales are Soaring!

Polansky-Verbout Vows Spoken

The St. Joseph's Catholic Church in Middle River was the scene of a beautiful wedding of a double ring ceremony on Saturday morning Aug. 7th uniting in marriage Miss Angeline Elizabeth Polansky, daughter of Mr. and Mrs. George Polansky of Gatzke and Cpl. Donald Verbout, son of Mr. and Mrs Hippolet Verbout of Grygla. Father Eugene Connelley of Thief River Falls officiated. As the vows were exchanged and the wedding mass was read.

The St. Bernard's Junior Choir provided the music for the ceremony, with sister Roger Grundhaus of Thief River Falls at the organ playing the processional and the recessional.

During the offertury of the mass while the choir intoned the beautiful hymn, "Ava Marie" the bride placed a miniature bouquet before the Statue of the Blessed Virgin Mary in honor of the Blessed Mother. During the remainder of the hymn the bride knelt in prayer dedicating herself to the guidance and protection of the Blessed Mother as intermediary to her Divine Son Jesus. The bride given in marriage by her father wore a gown of white satin fashioned with bodice of chantilly lace high neckline, tapered sleeves and a long train. She wore a double tiered veil of net and lace and carried colonial bouquet of red roses and white carnations. The bride chose Misses Betty and Delores Verbout, sisters of the groom of Jamestown, N. Dak. as bridesmaids. Their floor length gowns in pink and blue respectively were identically styled in nylon net over taffeta fashioned with lace boleros and they carried bouquets of roses and carnations. Miss Diane Schoitz of Badger, godchild of the bride dressed as a miniature bride was Junior bridesmaid. Her dress of white satin was styled identically as that of the bride. Miss Annette Polansky in yellow nylon and Karen Musial of Milwaukee in blue nylon, cousins of the bride, were flower girls with Lynn Verbout, brother of the groom as ring bearer. The groom chose Eugene Polansky, brother of the bride as bestman, Harold Polansky, youngest brother of the bride as groomsman. Stanley Cwikla Jr. and Henry Bukowski were ushers. The bride's mother Mrs. Geo. Polansky wore a navy dress with white accessories for her daughters wedding while the grooms mother wore an aqua dress with white accessories. Both wore corsages of roses and carnations.

A wedding reception was given by the brides parents at their home following the ceremony. About one hundred and fifty guests were in attendance. Waitresses for the reception were friends of the bride, Madelyn Jesme, Delores Brandon, Janice Polansky, Arlene Aune, Anna Rose Cwikla and Mary Ann Orpen. Miss Grace Verbout, sister of the groom and Miss Marilyn Engelstad close friends of the bride presided over the guest book. Mrs. Robert Verbout, sister of the bride and Mrs. Lawrence Polansky arranged the gift table while Mrs. Harold Miller, sister of the groom and Mrs. Lawrence Polansky of Milwaukee cut the cake. The bride is a recent graduate of the Middle River High School and the groom is a member of the armed forces, for the duration of the grooms furlough. The young couple will visit their parents at Grygla and Gatzke and with relatives at Jamestown, N. Dak. and Lewistown, Mont. At the end of his furlough Cpl. and Mrs. Donald Verbout will leave for Ft. Lewis, Wash. where the groom will report for duty. Out of town guests at the wedding were Mrs. Frank Musial and daughter Karen, Mr. and Mrs. Lawrence Streit and daughter Judy and Mr. and Mrs Lawrence Polansky of Milwaukee, Mr. and Mrs. Harold Miller and Misses Betty and Delores Verbout of Jamestown, N. Dak., Mr. and Mrs. Sherman and daughter of Indiana, Mr. and Mrs Joseph Polansky, Mrs. John Pribula and Mrs Bertha Polansky of Grafton, N. Dak., Mr. and Mrs Melvin Verbout and daughter of Moorhead, and Mr. and Mrs Henry Stadwick and Mrs. Leo Stadwick of Detroit, Mich.

Addition and Alterations to Knox Elementary School Building Athletic Field and Bleacher Field House

Thief River Falls, Minnesota

ADVERTISEMENT FOR BIDS

Bids Close at 7:00 P. M., September 3, 1954.

Notice To Contractors: Sealed proposals will be received separately for the work of general construction, mechanical construction, and electric wiring for the Addition and Alterations to the Knox Elementary School Building, and also separately for the work of general construction, mechanical construction, and electric wiring for the Athletic Field and Bleacher Field House, both at Thief River Falls, Minnesota, by the Clerk of the Board of Education of Independent School District No. 18, Pennington County, Minnesota, Thief River Falls, Minnesota, at the office of the Board in the High School Building until the hour of 7:00 P. M. on the 3rd day of September, 1954, and will be publicly opened and read aloud immediately thereafter. Bidders may also, if they so desire, submit combined proposals for the two projects as indicated on the proposal blanks.

Proposals shall be upon the blanks furnished for that purpose. A certified check or bid bond in the amount of not less than 5% of the greatest amount of the bid shall accompany each bid as a guarantee that the bidder will enter into a contract with Independent School District No. 18, Pennington County, Minnesota, Thief River Falls, Minnesota, for the work described in the proposal. This certified check or bid bond shall be subject to forfeiture as provided by law. Certified checks or bid bonds of the three lowest bidders will be retained until contract has been awarded and signed by all concerned, but not longer than thirty days.

No bidder may withdraw his bid for a period of thirty days after the date set for opening thereof. The Board of Education reserves the right to reject any or all proposals and to waive informalities therein.

Plans and specifications are on file at the office of the Clerk of the Board of Education in the High School Building and at the office of Toltz, King and Day, Inc., Engineers and Architects, 1500 Pioneer Building, St. Paul 1, Minnesota. Contractors desiring plans and specifications for personal use may secure them from the Engineers and Architects by depositing $10 with the Engineers and Architects. The amount of the deposit for one set of documents will be refunded to each bidder who submits a bona fide bid and returns the plans and specifications in good condition within ten (10) days after the opening of bids. One-half the amount of the deposit will be refunded to all subcontractors, and also to prime contractors, who fail to bid for each set of documents so returned.

Dated at Thief River Falls, Minnesota August 10, 1954.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, convened in the Council Chambers in the Auditorium Building on July 27, 1954. Aldermen Bell, Berg, Honebrink, Carlson, Gjernes were present. Alderman Hunt was absent.

There was presented a recommendation of the Recreation Board, dated July 24th providing for employment of certain persons in connection with summer recreation program and establishment of salaries in connection therewith. Alderman Honebrink introduced a resolution approving and adopting the same and moved its adoption. Alderman Bell seconded the motion. The resolution was passed by unanimous vote.

There was offered by Thief River Grain Company an application for construction of a feed warehouse, $10,000, on No. 40 R 1 of [illegible] Soo Line Right-of-way. Alderman Bell moved approval and issuance of permit with the stipulation that foundation and floor of such structure be constructed of concrete. Alderman Honebrink seconded the motion which was duly adopted.

Alderman Honebrink introduced a resolution designating the polling place for the four wards of the City for elections during 1954, appointing Judges therefor and fixing the compensation of Judges and Clerks and moved its adoption. Alderman Bell seconded the motion. All members voted in favor thereof and the resolution was declared passed and adopted.

Alderman Bell introduced a resolution providing for amendment to that certain resolution of the City Council of December 30, 1952, providing for a levy of a tax in the amount of 5/10 of one Mill, for the purposes as outlined in Chapter 193, Section 193, Sub-division 2, Minnesota Statutes annotated, allocating such tax during the years 1954 to 1973, inc. and moved adoption of such resolution. Alderman Berg seconded the motion. The roll was called on the question and all members voted in favor thereof and the resolution was declared adopted.

Alderman Bell then moved that An Ordinance Incorporating Certain Territory North of Sixth Street north of the present corporate limits, lying between such present limits and Eighth Street and the west line of State Avenue projected, be given its third and final reading. Alderman Honebrink seconded the motion which was duly adopted and the Ordinance was read. Alderman Bell then moved adoption, which motion was seconded by Alderman Berg. The roll was then called on the question and the following Aldermen voted Aye: Bell, Berg, Honebrink, Carlson, Gjernes. The following Aldermen voted Nay: None. The Ordinance was then by the President declared passed and adopted.

Alderman Honebrink then moved that An Ordinance Incorporating Certain Property into The Industrial District of the City of Thief River Falls, Amending Sub-division A of Section 1 Of Ordinance No. 233, be given its second reading. Alderman Bell seconded the motion which was carried and the Ordinance was read and filed.

Pursuant to arrangements previously made T. G. Evensen, Bond Consultant, of T. G. Evensen and Associates, Inc. Minneapolis, Minnesota, was present and discussion was had with respect to sale of the City's bonds, in order to provide funds for certain Sewer and Water, Curb and Gutter, Land acquisition for parking purposes and Street Lighting improvements, now under way or being considered. Mr. Evensen presented to the Council a proposal for fiscal agency services in connection therewith. Alderman Carlson introduced a resolution accepting such proposal and moved its adoption. Alderman Bell seconded the motion. The roll was called on the question and all members voted in favor thereof, whereupon the resolution was declared carried.

The meeting was then declared adjourned.

At 1:30 P. M., the Board proceeded with the adjourned Preliminary Hearing on County Ditch No. 43. Three landowners were present. Engineer Seidel presented plans and the meeting was thrown open for discussion. After due consideration and discussion Commissioner Tase offered the following Resolution and moved its adoption:

WHEREAS, Manuel Rude, Herbert G. Hanson et al have heretofore filed a Petition for Improvement of County Ditch No. 43 and the Board has heretofore appointed Joseph Seidel as Engineer in said proceedings; and

WHEREAS, the said Joseph Seidel has filed, as Engineer, his Preliminary Survey and his Amended Preliminary Report in said matter as provided by law; and

WHEREAS, the County Auditor has set a hearing on said report for July 12, 1954 and said hearing having been adjourned till this 3rd day of August, 1954 at 1:30 P. M. at the Temporary Commissioners Room, Thief River Falls, Minnesota, of which notice due and proper notice has been given as provided by law; and Whereas the County Board has now this day duly considered the Petition, and the Preliminary Report and Amended Preliminary Report of the Engineer, and has heard all parties interested for or against the said Petition, and for or against said Improvement of said ditch, and is now fully advised in the premises, and has heard all evidence presented at the hearing;

NOW THEREFORE BE IT RESOLVED, that the Board now finds and determines as follows: (a) That the Petition for the Improvement of County Ditch No. 43 is sufficient and that it is signed by the required number of landowners.

(b) That there is need for improvement of said ditch by adding laterals as prayed for in the petition.

(c) That the said Improvement of said ditch is feasible, and that there is a necessity therefore and that the said improvement of said ditch will be of public benefit and utility and that it will promote the public health.

NOW THEREFORE BE IT RESOLVED, That the Board now order and direct as follows, viz.

(1) That the Petition of the Petitioners now on file be in all things granted as to the improvement of said ditch No. 43.

(2) That the Amended Engineer's Report now on file and now before the Board be and the same is hereby fully approved and ordered placed on permanent file.

(3) That Joseph Seidel as Engineer in charge be and he is hereby ordered and directed to make a detailed survey and report, and to make all necessary plans and specifications for the improvement of said ditch, which may be necessary in order to prepare a contract for the work as required by law, and to report back to the Board with all reasonable dispatch. The foregoing Resolution was duly seconded by Commissioner Anderson and upon being put to a vote was declared duly Carried.

The Preliminary Report of project Engineer of Improvement of County Ditch No. 25 was presented to the Board. County Auditor was instructed to draw order setting 1:30 P. M. September 7, 1954 as date of Hearing of Petition and Preliminary Engineer's Report.

Discussion was held regarding the prospect of closing the Sanatorium and the various problems involved and Board advised of meeting to be held in that respect on August 10, 1954, at the Sanatorium with the Sanatorium Commission.

Moved by Hanson, seconded by Anderson that Highway Department casual laborer Gunny Gunderson be classified as a semi-skilled laborer at a salary of 1.10 per hour and a 5-day or 50 hour work week.

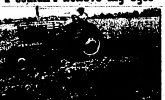
SOO LINE RAILROAD IS GIVEN SAFETY AWARD

For a noteworthy safety performance in 1953, the Soo Line Railroad has been presented with an award of merit by the National Safety Council. The railroad company's safety record in 1953 was considerably better than par ratings established during the years 1950-1952, it was announced.

"I couldn't believe my eyes"



"There's no tractor to compare with it"

These are words of WD-45 Tractor owners.

From coast to coast, farmers who own the WD-45 are praising the performance of this great new tractor. And there's no doubt about the reasons for such high praise — it's performance . . . and price!

The new POWER-CRATER engine gives you the power you've always wanted. This mighty power plant plus AUTOMATIC TRACTION BOOSTER lets the WD-45 pull three bottoms almost effortlessly through fields often considered impossible to plow.

And conveniences, like SNAP-COUPLER, POWER-SHIFT wheels, and TWO-CLUTCH POWER CONTROL add up to a tractor that's unmatched in features and performance . . .

One demonstration will prove it. And the price will save you hundreds of dollars. Let us show you.

Mothers March [illegible]ets $1,415 for Polio [illegible]und

A total of $1,415.88, a record amount for a Mothers March of Dimes, was collected last Thursday evening in the Mothers March on Polio in the residential districts of Thief River Falls, it was announced today by Mrs. Robert Robarge, president of the Woman's club, which sponsored the drive with the assistance of other organizations.

With a county quota of $3,500, however, Mrs. Robarge stated, more money must be raised. Many residents were not at home when the solicitors called, so that a call-back drive will be made this week. She added that no canvass of the business district is planned.

The response from the rural areas to the mail solicitation is good, is was announced, but a long way remains to go before the response is complete. The sponsors are hoping to receive many more contributions from the rural areas this week, with the campaign scheduled to close Wednesday, August 31.

Roy J. Oen, chairman of the Pennington county polio chapter, reported that approximately $150 was realized from the benefit baseball game last Wednesday, and in addition the benefit boat rides Sunday netted $56.

Chairman Oen released a summary of Pennington county's polio situation, revealing that two new cases have been reported to date this year, in addition to 13 cases continuing over from 1953 and still needing financial assistance. He stated that $20,664 has been spent by the county chapter to date to aid these patients, and that $15,475 in emergency funds has been advanced by the national foundation.

"The dimes and dollars we give now," he said, "constitute a promise that there shall continue to be no denial of aid to those who need it most."

Council OK's Building to Be Built by Hartz

Plats for Borgen's and Stenberg's Additions to City Approved Tuesday

The city council at an adjourned session Tuesday evening approved a building permit authorizing L. B. Hartz Stores to proceed at once with the construction of a $125,000 warehouse 200 by 100 feet in size, to be located between Arnold and State avs., west of the present warehouse.

Also authorized was the construction of a bridgeway across Arnold av. at a height of 14 feet above the street to connect the new and old warehouses.

At the same time, the council voted to vacate a 15-foot strip in a former street along the south edge of the new warehouse site. The street, it was pointed out, has not been used as a thorofare for 50 years, the remaining width of the street having been vacated to the Great Northern railway in 1904.

In exchange for the vacated property, Harry E. Simons, appearing in behalf of L. B. Hartz, said the company would give the city the necessary land for an access alley in the north part of the block leading to Arnold av.

Approved by the council were plats for two new additions to the city. They are Borgen's addition covering the area south of Nora st. between Crocker and Merriam avs., and Stenberg's addition between Arnold and State avs. and Sixth and Eighth sts.

It was reported that no objections had been filed by property owners to awards made in condemnation proceedings to acquire property for parking lots on both sides of LaBree av. north of First st. The council voted to accept the appraisal.

City Engineer Douglas Stewart informed the council that he expected to have plans and specifications completed by September 21 for the proposed sewer and water main installation in the area north of Eleventh st. The council set the hearing on the matter for the 21st and indicated it will be prepared to call for bids on the project that evening.

The council approved an agreement with the Red Lake REA dividing the area on the outskirts of the city to be provided with electric current by the REA and the municipal power plant.

County Schools Spend $892,224 During Past Year

County Superintendent Reports Total Receipts for Year of $821,048

The city, village and 49 rural school districts in Pennington county had total receipts for the fiscal year 1953-54 of $821,048.84 and total disbursements of $892,224.58, it is revealed in the annual financial report of Mrs. Martha Matheson, county superintendent of schools.

The year began with cash on hand of $323,443.89, and ended with a balance of $352,268.15.

Principal items of receipts included local taxes, $266,325.80; state and county high school tuition and transportation, $91,922.11; and special state aids, $360,905.77, making total revenue receipts of $794,930.55. Other items include non-revenue receipts and refunds, $25,098.89; and transfers from other funds, $1,019.40.

Major item of disbursements was $453,266.02 for costs of instruction. Other smaller expenditures were for transportation of high school and elementary pupils, upkeep, administration, capital outlay and debt service.

Rev. W. P. Clausen Elected District Circuit Visitor

The Minnesota district of the Lutheran Church-Missouri Synod, in annual convention at Concordia College, St. Paul, Aug. 16-20, elected the Rev. W. P. Clausen to serve as circuit visitor of Circuit Number One of the North Park Region conference. He is pastor of St. John's Lutheran Church.

George Busse, lay delegate of the congregation, was a member of the committee on finances. Enlarging upon the proposals of this committee the convention increased the salaries of its missionaries in the state $600 annually. The budget adopted for 1955 totals $1,015,000.

The national body plans to open 120 new mission stations in the United States in 1955. The Rev. H. A. Gamber, St. Paul, was reelected to serve his third three year term as president.

Final Concert by Band Friday at 9

The last in a series of August concerts will be given in the west side park Friday evening, August 27, at 9 o'clock by the Legion municipal band under the direction of Alvin Anderson. Favored by pleasant weather, last week's concert attracted a large audience.

Electric Service to Be Off Sunday in North District

Electric service from the municipal power plant will be interupted Sunday morning, August 29, from 5 to 8 o'clock in the area west of the river and north of Eighth st., it was announced today by Harry Hendrickson, superintendent.

He explained that the shut-off will be required while a change is being made in the main feeder line in back of the new hospital addition. In the event of rain, he said, the notice should be disregarded.

Hendrickson asked that patrons refrain from calling the power plant, since the current will be restored as quickly as the change can be made.

8 Graduate from Practical Nurses School on Friday

Large Audience Attends Exercises In Lincoln High School Auditorium

A large gathering of friends and relatives attended graduation exercises Friday evening for eight students in the practical nurse training class of the area vocational school. C. W. Pope, director of the school, presided over the program in the Lincoln high school auditorium.

Rev. Joseph Swan, pastor of the Evangelical Free church, offered the invocation, following which the address to the graduates was delivered by Rev. J. J. Jacobson, interim pastor of Trinity Lutheran church, who discussed the topic, "Higher Horizons."

The speaker said that nurses in their careers coordinate physical and spiritual qualities more than almost any other profession, and he counseled the graduates to base their careers on God's word.

Mrs. Alice Wold, R. N., instructor of the class, presented the members with pins and conducted the impressive candlelight capping ceremony, following which the graduates recited the Florence Nightingale pledge.

Mrs. Walter M. Pedersen supplied a vocal solo, accompanied on the piano by Mrs. Reuben Lockrem. Supt. W. G. Claffy then presented certificates to the graduates and expressed the hope that they would go on to continue their nursing training. He also praised Mrs. Wold for her services during the past five years, as did Mr. Pope.

The graduates include Verna Gertrude Bird, Roseau; Marlys Evangeline Bird, Roseau; Enid Gaye Farbo, Lancaster; Joan Marlys Farben, Battle Lake; Ardell A. Foeltz, Detroit Lakes; Helen Glennes Gustafson, Oklee; Agnes Charlotte Overlid, Oslo; and Catherine Mae Todroff, Grygla.

Rains Handicap Boat Rides Sunday

A drizzling rain Sunday that continued until well into the afternoon reduced public participation in boat rides on the river offered by a fleet of outboard motor boats assembled under the direction of Roy J. Oen for the benefit of the Emergency March of Dimes, currently in progress here. The rain, however, let up later in the day, and a considerable number of persons enjoyed rides.

Competes at Fair

MISS SONYA SHARPE
Of Shelly, who was crowned Northwest Dairy Princess at Dairy Day in Thief River Falls June 8, and who is competing today in the Twin Cities with 14 other district winners for the title of State Dairy Princess.

The girl selected for the state title will be crowned in front of the grandstand at the state fair Saturday evening of this week, and will begin a year-long reign bearing the title, "Princess Kay of the Milky Way."

Lew Conlon, manager of the Minnesota dairy industry committee, stated that nearly 2,000 girls took part in local contests that led to the selection of the 15 finalists.

Bankers Clinic Is Set for Sept. 16

Meeting Scheduled Here Is One of Eight in State

Thief River Falls will be the scene Friday, September 16, of one of a series of eight clinics scheduled by the Minnesota Bankers association for a discussion of financial problems.

The local meeting, which will include a dinner in the evening, will be held in the Legion club rooms, according to E. O. Peterson, in charge of local arrangements. Other similar clinics will be held in September at Virginia, Walker, Alexandria, Rochester, Mankato, Worthington and St. Cloud.

The clinics will follow meetings in Minneapolis Sept. 8-10 of the state association's committees on bank promotion, savings bond sales, public relations and legislation.

Rural Schools to Open September 7

Teachers Meet Friday to Arrange for Opening

Rural teachers of Pennington county had their first meeting of the coming school year on Friday evening with Co. Supt Martha Matheson in charge.

Plans were made for the opening of school Sept. 7, and supplies for each teacher were distributed.

All schools are being cleaned and redecorated and electric lights and oil burners have been installed in almost all the schools.

40 Pennington Co. 4-H'rs to Go to State Fair

Ronald Anderson of St. Hilaire and Sidney Omlid of Star will represent the county at Farm Boys Camp, held in conjunction with the state fair.

Section of Paving Opened on No. 75

Official opening of U.S. Highway 75 from two miles north of Georgetown to the junction of Trunk Highway 81 was announced today by officials of the highway department.

The opening of the new stretch of highway gives a complete stretch of concrete paved highway between Crookston and Moorhead.

Practical Nurses Training to Begin Tuesday, Sept. 7th

C. W. Pope, Director of Course, Reminds Young Women to Register Now

Applications for training in practical nursing are still being received by the area vocational-technical school for the fall term starting on Tuesday, September 7.

Interested young women of Northwestern Minnesota between the ages of 18 and 39 years of age are reminded that their applications should be made now if they plan to enter school this year. Certain aids in training are given which keep costs low. A bulletin describing the training is available.

Further information may be obtained by contacting the director, C. W. Pope, telephone 1033, or by writing.

The Pennington county fair board will be host at dinner this evening (Wednesday) in the Elks club rooms to workers who assisted in handling details of the 1954 fair, Frank Hardistry, president, announced.

Program for Grygla Fete Sept. 11 Is Set

Details of the varied program arranged for the third annual fall festival at Grygla Saturday, September 11 ,were announced this week, and they give promise of entertainment for old and young.

The morning will be devoted to sports events including bicycle, relay and foot races, with cash prizes for the winners. There also will be exhibits in the community hall of grain, garden and culinary items, and a land-judging contest is scheduled.

Tape recordings of interviews with area residents will be made at 1 o'clock in front of the Co-operative store, and these will be broadcast later over KTRF.

Set for 1:30 is the festival parade, including bands, floats, baton twirlers, clowns and the Middle River drill squad.

At 2:30 the baseball grounds will be the scene of a tug-of-war between Marshall county and Beltrami county residents, followed at 3:30 by a baseball game between Grygla and the Plummer Red Sox.

The Nelson Road Shows carnival will be on hand all day to entertain the youngsters.

The evening program in the hall will be supplied by the Gatke Busy Beavers 4-H club and the Grygla Go-getters club, with the members competing for cash prizes. The day's events will close with a dance, for which Bob Sjulestad's orchestra will supply music.

60 Jaycees and Ladies at Picnic

Nearly 60 persons, including members of the Junior Chamber of Commerce and their wives, participated in a picnic dinner in the tourist park last Thursday evening. No formal program was held.

Bonnets and Railroad Men's Caps on Sale Friday

In a trial run of the sale of 50th anniversary bonnets and railroad men's caps, which opens Friday, August 27, under the direction of the local Business and Professional Women's club, Mrs. Myrtle Lendobeja, president, is shown above placing a cap on the head of Pat Culkins, ASC office manager, while Miss Norma Iverson affixes a 50th anniversary button. The caps and buttons sell for a combined price of $1. The ladies, including Mrs. Clenora Storholm at left, are modeling the bonnets, which come in four colors and also sell for a dollar. The headgear will be on sale at four stands on downtown street corners.

Bonnets and Railroad Caps Go on Sale Friday for Fall Celebration

The committee in charge of arrangements for the celebration September 24, 25 and 26 of the 50th anniversary of the coming of the Soo Line to Thief River Falls has chosen a novel method of publicizing the event. It issued an order today to all male residents of the community to wear railroad men's caps, while the ladies will be called on to wear bonnets that were in vogue 50 years ago.

The local Business and Professional Women's club, headed by Mrs. Myrtle Lendobeja, has accepted the responsibility of directing the sale of the headgear, which will get under way Friday in cooperation with other women's organizations. Those willing to volunteer their services are asked to call Mrs. Lendobeja or any other BPWC member.

Four attractively decorated sales stands will be set up on downtown corners Friday, with Mrs. Lendobeja chairman in charge of the stand at the Hartz store corner; Mrs. Lucille Hulbert, Parkins Corner Drug; Mrs. Clenora Storholm, S & L; and Miss Norma Iverson, Penneys.

The bonnets, which come in four different colors, will sell for $1 each, while a railroad man's white cap, together with an anniversary button, also will sell for $1.

The four stands will compete with each other, with prizes going to the operators of the stands making the biggest sales.

Sponsors of the bonnet and cap project believe it will add much to the color of the occasion, and will stimulate interest in the celebration.

Sample Ballot Is Published in This Issue, Pages 12-13

A legal publication that merits considerable study appears on Pages 12 and 13 of this issue of the Times. It is the sample ballot listing all of the scores of candidates for state offices and for Ninth district representative in Congress to be voted on in the primary election September 14. The only county office on the primary ballot is that of register of deeds, for which post there are three candidates, Oscar A. Nelson, incumbent; Stan Cockrell and Fred D. Lorentson.

Northern Region Firemen Conduct Summer Meeting

19 Department Send 117 Members to Session at Fertile Thursday

The annual summer meeting of the Northern Region Firemen's association was held last Thursday in Fertile, with 117 men from 19 departments in attendance. Chief Roy Langevin and Ole J. Ness, assistant chief, represented the Thief River Falls department.

Chief Wm. Herbert of Crookston presided over the program, which was conducted at the Fertile fair grounds, opening with a ham dinner. Ben Corda, deputy state fire marshal, spoke on arson and means of detecting the crime. Chief C. O. Johnson of Bemidji discussed the recent tragic gas station fire at Clear Lake.

R. W. Johnston of Hillsboro, N. D., described the firemen's training schools being conducted in that state. Also shown was a film dealing with fire hose.

The association voted to accept the invitation of the Crookston department to hold its fall meeting and fire school in that city in October, with a definite date to be set later.

John Gullingsrud Pledges Vows in Audubon Saturday

Harriet Y. Overboe, daughter of Mr. and Mrs. G. T. Overboe of Detroit Lakes became the bride of John A. Gullingsrud, son of Mr. and Mrs. John Gullingsrud Sr. at a double ring wedding ceremony at First Lutheran church in Audubon Saturday, August 21 at 8:00 p. m. Rev. R. L. Simonson prompted the exchange of vows before an altar graced with garden flowers in colors of pink and white.

Mrs. A. L. Williamson of this city, friend of the couple played Lohengrin's wedding march for processional and Mendelssohn's for the recessional. She also played "The Lord's Prayer" and "The Wedding Prayer."

The bride was attired in a gown with a basque bodice, scalloped neckline and short sleeves of embroidered organdy eyelet. Her bouffant skirt over pink taffeta was styled with pleated nylon tiers. Her nylon illusion half shell headpiece was decorated with pearls and beads and she carried a white testament and one American beauty rose.

Maid of honor was Dorothy Jacobson of Audubon, friend of the bride. Bridesmaids were Mrs. Dean Hedlund, Mrs. Herman Meier and Miss Helen Gullingsrud. Their street length dresses of pink and white pin checked gingham with eyelet trim were fashioned similar to the bride's dress. Marie Gullingsrud, flower girl, was dressed in a gown identical to that of the bridesmaids.

Attending the groom was James Gullingsrud, of this city, brother of the groom and Dean Hedlund, Clarence Amlot and Morris Mogerl. Brian Overboe was ring bearer.

Mrs. Overboe chose a dress of blue silk shantung for the wedding and the groom's mother wore a dress of pink crepe. They both wore corsages of garden flowers.

A reception, given by the parents of the bride following the ceremony, was held in the church parlors.

The bride is a 1947 graduate of Audubon high school and a 1951 graduate of NDAC and will be on the Lincoln high school teaching staff the coming year. The groom is a 19[illegible] graduate of Lincoln high school and at present is an optical finisher at the Benson Optical Co. The couple are making their home at 241 Kneale Avenue North in this city.

Steven Sokolik from South St. Paul, Donald Lettim of Faribault, and Donald Gurcolow from Cloquet, biologists with the fish and game division of the state department of conservation, were here Tuesday and Wednesday of last week. They were flying the department's Cessna.

Christ Kierk flew his Luscombe on a business trip to Crookston Friday.

Captain E. S. Hogate, Chicago, Illinois, a pilot with American Airlines, and his father, Walter B. Hogate from Toulon, Illinois, flew in Sunday with a Cessna 195, to pick up Mrs. Clara Osher from Hecla, S. D., who had been visiting here with her nieces, Mrs. Jim Parkins and Mrs. Nora Holmen. The Hogates planned to fly Mrs. Osher to Aberdeen, S. D. and then return to Chicago on Monday.

Mr. and Mrs. Art Burke and son, Jimmy, are spending some time this week visiting at Greenville, Miss. with Mr. and Mrs. Bill Lewis, son-in-law and daughter of Mr. and Mrs. C. B. Kierk.

Work on the airport road is progressing nicely. While it is being kept open for airport traffic, it becomes pretty bad during rainy weather. At such times the following detour is suggested; take highway 59 to the Hazel turn-off; go south to the first crossroads and turn west. This brings you to the south edge of the airport.

The Thief River Falls Flying Club and other friends extend wishes for a speedy recovery to Hank Bothman, who is hospitalized in Grand Forks.

County Receives Checks for Liquor and Cigaret Tax

County Treasurer A. R. Johnsrud today received from the state treasurer's office a check for $2,528.55, representing Pennington county's share of the state cigaret tax for the first six months of 1954 on the basis of 45 cents per capita. The money is allocated to the county revenue fund. Also received was a check for $2,865.69 covering the townships' share of the state liquor tax on the basis of 51 cents per capita. This money will be divided among the various townships on a population basis.

Hj. Petersen Is Winner in Ballot Identification

The Minnesota supreme court decided Monday that Hjalmer Petersen, Askov, Minn., DFL candidate for railroad and warehouse commissioner, may have the identifying words, "Editor, Askov American," printed after his name on the Sept. 14 primary election ballot.

Chief Justice Roger L. Dell announced the decision after oral arguments were presented on behalf of Petersen and Mrs. Mike Holm, secretary of state, who had refused Petersen's request.

Conservation Group Adopts Resolutions at St. Cloud Meeting

Minnesota needs a water commission and a revised water use and management policy, the *Minnesota Conservation federation* decided at its second annual state assembly at St. Cloud over the week-end.

The federation also voted to ask the legislature to close the deer season in any section of the state where deer populations are low compared with hunting pressure.

Delegates approved a proposed bill, advanced recently by the Minnesota Game Protective league, to safeguard game and fish funds. The measure would require the game and fish division to inaugurate a new six-year program, subject to review or revision every six months.

Budgeting of game and fish funds would then be based on this program.

Streamlining of the whole conservation department, with closer integration of soil, water, forest and game and fish activities, also was recommended. More appropriations for soil conservation were requested.

In discussing the state's water problems, the federation said a new water commission with authority is badly needed to put the state's water supplies to their best uses, not only for agriculture, industry and public purposes, but for wildlife.

One resolution asked the legislature to remove the bounty on bears and place these animals on the protected list. Another, called for increased salaries for all regular conservation department employes.

George C. Danakin, secretary of the Braham Area Sportsmen's club, was elected president of the federation succeeding Kern Olson of Thief River Falls. Dr. W. J. Breckenridge of the University of Minnesota Museum of Natural History, was named vice president.

Cliff Sakry of Hopkins was re-elected executive secretary and Homer C. Luick of Minneapolis was re-named treasurer.

Former Resident Returns for Visit after 49 Years

David W. Evans, retired Union Pacific electrician from [illegible]land, Oregon, returned to Thief River Falls last week for his first visit since leaving here in 1905.

He said he had worked for Meehan brothers in the lumber industry until 1900, when he bought the interest of the late Chris Porter in a drayline and operated it in partnership with Christ Paulson until 1904.

Evans added that his wife, the former Bertha Wasson, was at one time employed in the old Ogahmah Hotel here.

Farm Census in Minnesota Set to Open October 1st

Mahnomen Man Named Supervisor for Ninth Congressional District

Sigvald Tviet, Mahnomen, has been named one of five field supvisors in Minnesota to supervise work of the 16th nationwide farm census, which will begin October 1. Tvelt, who will headquarter in Bemidji, will direct the work in the 8th and 9th congressional districts of 22 counties.

Word of his appointment was received last week by Tvelt and he attended a three-day instruction course in St. Paul. Everett W. Henderson, Ogema, has been named assistant to Tvelt. Other than the Bemidji office, field offices will be set up in St. Paul, Redwood Falls, Mankato, and Owatona.

The census supervisor said his office staff at Bemidji, in addition to his assistant, would include a chief clerk and assistant clerk. The census workers for the district will include 23 crew chiefs, or one or two to a county, plus 290 enumerators. Similar organizations will be set up in the other four districts.

Schools will be held in the near future for the crew chiefs and enumerators. Tvelt said further information regarding application and examination for these positions would be announced later.

The national agricultural census is conducted about every five or 10 years, depending upon trends in the farm picture. The present session of congress passed a law June 30, calling for the census. The 1954 census is to be completed December 15.

Copies of the census questionnaire will be mailed to farm operators in advance of the enumerator's visit. Each farmer will be asked 100 questions, designed to collect information as to the number and size of farms, tenure, labor hire, inventory of facilities, financial status, farm value, mortgage debt and cash rent. All information will be confidential.

The work will get underway October 1, but prior to that time, crew chiefs and enumerators who are appointed will attend training sessions to be held in the district.

FORREST T. ANDERSON

Of Grand Rapids, Minnesota, graduate of Lincoln high school here, who is a candidate for the Republican nomination for attorney general in the September 14 primary election.

Anderson, an attorney, is the son of the late T. P. Anderson, former Pennington county auditor and postmaster in Thief River Falls, and Mrs. Anderson, now of Grand Rapids.

A graduate of the University of Minnesota and the St. Paul College of Law, Anderson served more than three years as an officer in the Marine Corps during World War II.

He left this city in 1934 for Grand Rapids, where he has been an active worker with the Republican organization. He is married and the father of three children.

Pennington Co. at 35 Pct. Bond Quota

Residents Buy $111,147 Bonds to Date This Year

Sales of U. S. Savings Bonds in Minnesota during July were 10.3 per cent greater than in the same month a year ago. The dollar volume was $7,500,000 as compared to $6,800,000 a year ago, bringing the total for the year to date to $51,900,000 which is 55.3 per cent of the sales goal for 1954.

Thirty-five counties and four of the ten districts in the state were "on the beam" having made at least seven-twelfths or 58.3 per cent of their quotas in the first seven months of the year.

Lake of the Woods county leads all counties in sales performance with 86.3 per cent of its 1954 goal already attained.

J. M. Roche, county bond committee chairman, reports July sales of $15,153 for Pennington county. The total for 1954 to date amounts to $111,147 or 35 per cent of quota. Sales for the same period last year were $99,880.

Across the nation, individuals put aside $393 million in Series E and H bonds for the best July sales performance in nine years. Purchases for the seven months, January-July, exceeded redemptions by $263 million as compared to $173 million in the corresponding period last year.

Seven Pay Fines on Traffic Counts

Motorist Fined $100 for Drunken Driving

Seven men appeared in municipal court during the past week and paid fines for various infractions of the traffic laws.

Charged with driving while under the influence of intoxicating liquor, Vernon A. Hall of St. Paul pleaded guilty, and was fined $100 and $5 costs.

The highway patrol brought in Ernest M. Nelson of Newfolden on a charge of speeding 65 miles per hour at night. He was fined $10 and $4 costs.

James W. Moen of Fullerton N. D., was fined $25 when brought in by police on a careless driving charge. John Urness of Winger forfeited $20 bail on a charge of speeding in the city at 50 miles per hour, and Morris Becklund of Stephen paid a $10 fine and $4 costs for speeding at 40 miles per hour, while Dale A. Netteland of this city was fined $5 on a similar charge.

Often you can get better results by starting these seeds in flats or in the vacant cold frame. A well protected place in your garden would also be good.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

JOHN W. COLLIER, Clarksville, Tennessee, says when the Weather Bureau issued warnings for his vicinity he recalls the fear that his father had for storms.

At the first flash of lightning and clap of thunder he would get out of bed, dress and begin pacing the floor. First opening the front door looking toward the West, then the back door looking toward the East, and as the thunder storm approached more closely, he could hear him say to his mother, "Get up and dress the young 'uns. This one's going to take us. It's the worse one I ever saw." He heard this remark from his father time and time again.

CARNEGIE

After hurriedly dressing, the children would be herded like a flock of chickens into a small room in the middle of the house, doors and windows bolted. There they would huddle together to await the inevitable end, that dreaded moment when the storm would swoop down out of the Heavens and smash their house into a pile of ruin and rubble, taking all the family along with it.

As he grew older and was able to read and think he observed throughout the city that not one house in the city limits had ever been seriously damaged by a storm. So by using the law of averages he decided that it was time to stop worrying, that there would be very little chance of his ever being injured in a house due to a storm.

6,580 PIECES

At work on a quilt made out of 6,580 tiny pieces, little bigger than postage stamps, is Mrs. Gustav Dalseg, of Underwood, Minn. The quilt is being finished for exhibition at the Minnesota State Fair, August 28 through September 7. The quilt's filler is made out of hand-carded wool. Mrs. Dalseg won a sweepstakes award on a crocheted dinner cloth at last year's exposition. Biggest exhibition of needlework, baking and preserved foods in State Fair history is predicted.

YOUNG POULTRYMAN

PRACTICED EYES are cast by 12-year-old Billy Benfield at the specially picked rooster and hen he plans to show at the 1954 Minnesota State Fair, Aug. 28 through Sept. 6. Billy is the grandson of veteran poultry exhibitor William Mousky of Sauk Rapids, Minn.

GROOMS RABBIT

SPOTLESS and glossy, this New Zealand Red rabbit promises to be a standout in the Minnesota State Fair show ring, Aug. 28 through Sept. 6. Mrs. Doris Leibel of rural Ramsey County gives him a daily brushing to condition him for the State Fair. Mrs. Leibel's animals won a number of awards last year.

KILLING TWO BIRDS

PLEASURE and work go hand in hand on the Robert Davis farm near Amery, Wis. The Davis Clydesdale horses perform farm chores while practicing for competition at the Minnesota State Fair Horse Show, scheduled seven nights and three afternoons of the Aug. 28 through Sept. 6 exposition. Mrs. Davis is shown watering Betty Lou, the mare she will drive in harness at the Horse Show.

THE MINNESOTA STORY

BELTRAMI'S STORY

Many nationalities were represented by early explorers in what is now Minnesota. Most of them were French. Many were English. One of the most interesting was an Italian, Giacomo Beltrami, who left his romantic name upon one of the larger counties of the state.

Beltrami was born in Italy but being suspected of treason, took leave for France in 1812. He worked his way to Fort Snelling in 1823. Indian Agent Taliaferro described him as imposing in appearance and quick of temper. He wished to explore for the source of the Mississippi. Towards that end he was given letters to various people and Indian tribes.

This explorer was skillful and graphic with the pen. He wrote his own story, always full of adventure beyond belief. He started his trip towards the big river from Pembina. He began the journey with two Chippewas and a half breed who agreed to carry his baggage to the Thief river. He had sold a horse he did not own and bought a mule. On the fourth day out he killed a white bear. The half breed left with the mule. His Chippewa companions deserted him.

From this point on Beltrami had all sorts of trouble, which he described well. He saw the lakes from which the Father of Waters rises. He called on the shades of Marco Polo, Columbus and Vespucius to celebrate with him and congratulate themselves that another Italian had added lustre to a new world.

EARLY HIGHWAYS

The first highway in Minnesota was built to connect St. Paul with the settlement at the Falls of St. Anthony. This road was always rough and, according to the season, muddy, sandy or snowy.

With the great proportionate increase in population which came with the establishment of the territory, roads were extended in several directions from the settlements on the Mississippi.

One of the first longer roads was from St. Paul to Stillwater and thence down the Mississippi to Prairie du Chien and Galena. This carried mail and the carrier left St. Paul at six o'clock on every Monday morning.

At about the same time the federal government began to build roads throughout the area. The reasons for this construction lay in the facts that the frontier was disturbed by the possibilities of Indian wars. Troops might have to move at any time. Those interested in

the progress of the state welcomed Uncle Sam and his help to build any kind of roads at any time. All told, about a thousand miles of military roads were built in Minnesota.

The St. Paul directory of 1850 advertised three round trips daily to St. Anthony. One coach might return by the suspension bridge to Minneapolis, to Minnehaha, Fort Snelling and the cave. Three times a week there was service up river to Crow Wing.

FACTORIES AND WAGES

The great interest of the early people in Minnesota was in furs, trade and land. No one came to start factories and there were few of them until the population of the state created demand for simpler articles of the day.

The census of 1850 showed that there were only 63 people employed in manufacturing. The value of the products that they manufactured was 58 thousand dollars and the average annual earnings were less than three hundred dollars.

When industry did begin to come it was founded, primarily, in two great natural products. One was wheat which caused flour mills to be built in many places in Minnesota. The other was lumber, based on the pine forests of the state.

Small factories for common necessities provided early employment. The people of the area wished brooms and other household goods. The homesteaders needed farm machinery. There was little complicated about such devices in the day of sickle, plow and treadmill. When sheep came to Minnesota woolen mills followed in a number of communities.

In 1954 the manufacturing plants of Minnesota are employing more than 200,000 workers.

The average wage in all of the industries of the state is, approximately, seventy five dollars weekly and is an amount more than twelve times that which prevailed in the early day factories of the state.

CHATTING with your HOME AGENT

Marge Olsen

I had a phone call Thursday from Mrs. Frank Hardisty of Thief River Falls. Mrs. Hardisty has just become the owner of a home freezer, and she wanted information on freezing peaches. Since peaches are reaching their peak of supply soon, I thought it would be timely to review the methods of freezing peaches this week.

In freezing peaches, the variety you choose is important. Varieties that freeze well and do not discolor are Dixigem, Southland, Sunbeam and Triogem. Varieties that freeze well but need ascorbic acid are Elberta, July Elberta, Fireglow, J. H. Hale, Halehaven and Sunhigh. Elberta and J. H. Hale are 2 varieties commonly found in this area. The Elberta is superior in flavor but is inferior to J. H. Hale in color and texture for freezing. Clingstone varieties are not recommended unless you will be using them for preserves and pies.

Choose well ripened peaches, slightly riper than for canning. If the peaches are not fully ripe when you buy them, ripen them at a temperature of about 75 degrees F.

Prepare sugar syrup using 3 cups sugar to one quart water plus ½ teaspoon pure ascorbic acid. Add the ascorbic acid just before you pour the syrup over the fruit. Mix it with 2-3 tablespoons of the syrup and add remaining syrup. Mix thoroughly, but do not beat air into the syrup.

Dip only 3-4 peaches at one time into boiling water for 15 to 20 seconds, until the skins loosen. Chill the fruit quickly in iced cold water. Peel, halve and remove the pit. Work quickly.

When packing peaches, use containers with lids. Fill containers about one-third full of the syrup which you have prepared, and then pack the peach halves or slices directly into the syrup. Work quickly at this stage to prevent darkening of the fruit. Cover the fruit completely with syrup, but leave about ½ inch at top for expansion during freezing. You can keep the top slices under the syrup by placing a generous piece of crumpled locker or waxed paper under the lid. To keep the best color and flavor, use glass or other air tight containers.

If you cannot pack the peaches immediately, you may prevent them darkening by placing in a gallon of cold water containing 1½ level teaspoon of ascorbic acid. You may use this treatment for sliced peaches for table use too.

The non-browning types of peaches, and possibly others too, may be frozen in dry sugar. Mix ½ teaspoon of pure ascorbic acid with 4 cups sugar, then mix with 8 pounds (about 4 quarts) of sliced fruit. Do not use this method for Elberta peaches.

Ascorbic acid is available at most drugstores. If you cannot get it, pack your peaches in glass containers using a sugar syrup made with 4 cups of sugar per quart of water for best results.

CHECK BLUECOMB in 24 TO 48 HOURS WITH SALSTREP

Bluecomb strikes turkeys fast, SALSTREP acts fast. Containing the powerful antibiotic streptomycin, Dr. Salsbury's SALSTREP speedily reduces mortality due to bluecomb.

Within 4 or 5 days, flocks appear normal. What's more, surviving birds maintain rate of growth, reach market weight in good condition. You save birds, costs and profits by immediate SALSTREP treatment when bluecomb appears.

No medical equipment is required. SALSTREP granules dissolve quickly in water, do not clog watering systems.

Even birds that get off feed are treated when SALSTREP is in the drinking water. Keep a supply on hand for prompt use.

Plant the seeds in rows spaced about 6 to 8 inches apart in good garden soil with good drainage and moisture retention. Seeds can be covered with terralite or sphagnum moss, but be sure these materials don't dry out and blow away so the seed is left exposed to dry winds. It's important to keep the soil moist from seeding until the seedlings are well established.

Late Summer Renovation Successful

Many thousands of acres of poor-producing Minnesota pasture land can be brought back to good health by renovating.

Renovating involves replacing stands of grasses and legumes with more productive ones without going through a normal cultivated crop rotation.

There are three steps to renovating an old pasture.

1. Kill the undesirable forage that is present.
2. Prepare the seedbed for the new mixture.
3. Plant the new mixture (don't plant too deep.)

According to Rodney A. Briggs, extension agronomist at the University of Minnesota, tests show that renovation is most successful if started in late summer—that's now.

August is the best month, Briggs says, because pastures are in their worst condition and after grain harvest there's always a few days when such a job can be tackled.

Here are Briggs' tips: First, select pasture land that has a potential — land that will "amount to something" for you if you put some care and time on it and land, of course, that animals will find easy to get to.

Renovation fits well on land where it is dangerous to plow because of erosion possibilities or stones.

Fertilization is very important and you need to test the soil for its "food requirements," of course. After the renovation you have to control the grazing so the pasture will stay healthy and do its best job. Over grazing is a very effective way to kill any pasture.

Many of the Pennington County Farmers are already practicing rotational grazing. They find that they can pasture more cattle on fewer acres and have good pastures too. A little temporary fencing and a little planning is all it takes.

Yield increases of three to five times more than before are common on renovated well managed pastures.

A mulch for tomatoes may be the answer to the dry brown rot developing on tomatoes in Pennington county gardens.

When the underside of the tomato begins to rot, even if the tomato is off the ground, the trouble is probably blossom end rot, which is caused by an irregularity in growth, according to O. C. Turnquist, extension horticulturist at the University of Minnesota. Anything which interferes with the growth of the plant can cause that rotting. One common cause, the University horticulturist says, is dry weather followed by excessive amount of moisture or vice versa.

Since tomatoes need a steady supply of moisture, mulching the plants with grass clippings or straw will help to conserve the moisture supply and prevent blossom end rot. If the soil is dry, soak the ground under the plants before applying the mulch.

CONGRESSIONAL Quiz

Q—Is there a fixed limit to the length of a session of Congress?

A—The Constitution, as amended, provides that each regular session of the Congress shall begin on Jan. 3, unless "(the Congress) shall by law appoint a different day." The Legislative Reorganization Act of 1946 requires Congress to adjourn not later than the last day in July, except in time of war or national emergency. In practice, a Congress hardly can bind succeeding Congresses in such a matter—in 1953, for example, Congress adjourned early August 4. In 1954, it convened Jan. 6, having set back the date by special resolution.

Q—How many Members from each house serve on a conference committee which attempts to iron out legislation passed by both House and Senate but in different form?

A—There are no set rules for the appointment of conferees. The number varies but each House usually names an odd number, giving the majority party control. The presiding officer of each chamber appoints members of the committee concerned with the proposed legislation, usually after consultation with, and at the suggestion of the committee chairman.

Q—How many have been discharged from the armed services because of questionable loyalty or for security reasons?

A—A total of 860 officers and men were discharged for those reasons since May, 1949, according to March 24 testimony by Pentagon officials before the Senate Armed Services Committee. The percentage of loyalty discharges to total strength of the various services was given as: Army—.00006 per cent; Air Force—.00003 per cent; Navy—about .00035 per cent.

4-H CLUB NEWS

Smiley 4-H Club

The members of the Smiley 4-H club met at Smiley hall, Wednesday evening, August 11.

Since there has been some mix up on a permanent date for club meetings it was decided to make a float for the Soo Line parade on Sept. 25. The Junior Leaders together with the adult leaders are going to plan the theme and the rest of the members will help work on it.

4-H Fun Sunday was also discussed.

First on the program was a reading given by Wally Phillips. A project talk was given by Duane Helgeland on his garden and Pat Torkelson gave an interesting demonstration on "Washing Fine Fabrics" which she will also present at the state fair following which Wally Phillips spoke on raising chickens. Mrs. Martin Nelson discussed tractor maintenance.

Larry Rude was program chairman.

Lunch was served by the Phillips and Helgelands.—Betty Rude, reporter.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q I recently was discharged from the Waves. If I take a school course under the Korean GI Bill, could I count my husband as a dependent for GI allowance purposes?

A You could count your husband as a dependent only if he were in fact dependent upon you.

Q My child was born a couple of months after my husband's death. I now am getting a VA pension for myself. What must I do to receive an additional amount for the child?

A Within one year after your husband's death, you must notify VA of the birth of your child. VA then will ask you for official proof of birth. This must be submitted within one year from the date of VA's request. The additional pension payments may be made effective as of the date of the child's birth.

Q Would I be allowed to enroll in two schools at the same time under the Korean GI Bill?

A You would be allowed to enroll at two schools only if one school does not offer a complete training program that will lead you to your objective, or if it would be impossible for you to complete your program in time at one school.

Q If a veteran dies without naming a beneficiary for his GI insurance, what happens to the proceeds?

A The proceeds will be paid to his estate in a lump sum.

Red Cross Seeks Recreatin Aides for Overseas Duty

Opportunities for immediate placement as recreation workers in the American Red Cross overseas club program are now open for young women between the ages of 23 and 28, according to an announcement issued today by Leslie This, director of personnel, Red Cross Midwestern area office at St. Louis.

The Red Cross, as part of its traditional responsibility of service to the armed forces, supplements the Army's Special Services program with a club and clubmobile program of its own to provide leisure-time activities for able-bodied servicemen. Mr. This stated that young women are urgently needed at this time to replace recreation workers now returning from Korea.

To be eligible, women must have college training or special aptitude in recreation, education, music, dramatics, speech, and art. Physical fitness is essential. Those selected will receive two weeks orientation at Red Cross headquarters in Washington, D. C., and then go overseas.

For both club and recreation workers assigned overseas, the Red Cross pays maintenance and travel as well as provides an initial uniform allowance. The salary scale will be determined according to background and experience.

Women interested in receiving further information on these openings should write to the Director of Personnel Service, Midwestern Area Office, American National Red Cross, 4050 Lindell Boulevard, St. Louis 8, Mo.

Thieves Enter Finals of RRV Loop Playoffs

Red Lake Falls' hurlers, starter Jim Henkes and reliever Ronnie LaChance, plagued by an outfield that misjudged several flies into basehits, were tagged for thirteen hits on Sunday night at Red Lake Falls as Swede Lund's Thieves scored a 10 to 3 triumph in a Red River Valley league playoff game.

As a result of their win on Sunday, the locals have entered the playoff finals, and will meet the winner of the Argyle vs. Red Lake Falls game being played at Red Lake Falls on Thursday night, at the Fair Grounds diamond on Sunday night, August 29th.

A win for the Thieves next Sunday would give the locals a berth in the regional Class B tourney at Ada next week. If the Thieves should lose their game against Argyle or Red Lake Falls on Sunday night, a second and deciding game will be played on Monday night.

Argyle, behind the twenty-strikeout pitching of Dick Palmer, swamped the Alvarado Farmers, 13 to 1, in a playoff game at Red Lake Falls on Monday night. The loss eliminated Alvarado from the playoffs, and moved Argyle into an elimination tilt against Red Lake Falls.

With score at 1 to 1 after three innings of play on Sunday night, the Thieves erupted for three hits and three runs to gain a lead they held for the balance of the game. Bud Olson tripled to right field when Dalton Hofius missed the ball when trying for a diving catch; Sid Vraa was out, second to first; Ralph Skjod drew a walk, and moved on to second when Henkes took a full wind-up; Al Williamson was called out on strikes; Lund singled into right field, scoring Olson and Skjod; and when Joey Poole doubled off LaChance's glove in deep right-center, Lund tallied.

Red Lake Falls, on a walk, an error, a double steal, and a ground single by Larry Turgeon, scored two runs in the 5th inning to move back into contention.

In the 7th inning, the Thieves drove Henkes off the mound when Gene Leslie opened with a single, Jack Hoppe followed with a ground-rules double in to right field, and Larry Perkins drove in a pair of runs with a single through the hole between short and third. LaChance came in to do the Laker hurling and, after Perkins was tagged at home on a "squeeze play" that back-fired, the righthander retired the side without any further scoring.

A couple of walks, a pair of hits, a sacrifice, a two-base error, gave the Thieves four big runs in the 8th inning, and a 10 to 3 lead. The Lakers, after Hofius and Williams had struck out to open the 9th inning, loaded the bases when Emard, Turgeon, and Johnston drew walks. Henkes ended the contest by bounding out, pitcher to first base.

Wilson Brothers Team in Top Place in Loop

Trap shoot League

	Points
Wilson Bros.	10
Pharmacy	8
Johnson Bros.	8
Baumann-Oen	8
Times	6
Northern Chevrolet	2

Results of August 12th matches:
Wilson Bros., 123, vs. Times, 106
Baumann-Oen, 121, vs. the Pharmacy, 112.
Johnson Bros., 121, vs. Northern Chevrolet, 108.

Schedule, August 26th
Baumann-Oen vs. Johnson Bros.
Wilson Bros. vs. the Pharmacy
Times vs. Northern Chevrolet

Following Thursday evening's trap shoot matches at the range north of town, there will be but two scheduled shoots remaining in league play, and at present Stan Wilson's squad are in sole possession of first place, having scored a 123 to 106 win over Times on August 12th, while the Pharmacy, who had shared the league lead with Wilson's, was dropping a 121 to 112 decision to the Baumann-Oen team.

There were a number of fine individual performances during the August 12th matches, with Ray Johnson of the Johnson Bros. team, having a perfect 25. Walt Jung of the Northern Chevrolet, and Dr. Jim Disse of the Baumann-Oen had 24's. Other twenty or better shooters were: Hank Storhaug of Wilson's, 23; Stan Wilson of Wilson's, 21; Russ Embury of the Pharmacy, 21; Clarence Mattson of the Times, 21; Hilmer Lunke of the Johnson Bros., 21; Rudy Sagmoen of the Pharmacy, 20; Al Tonder of the Wilson's, 20; and George Mackenroth of the Times, 20.

This week's matches, on Thursday evening, will be highlighted by the duels between league leading Wilson Bros. and the Pharmacy; and the Baumann-Oen vs. the Johnson Bros. The results of those two matches should have a direct bearing on the league championship.

The committee in charge of arrangements for the trap shoot league announced that a lunch will be served in conjunction with the league matches on Thursday evening.

President Kills Bill to Boost Pay of U. S. Employes

A 5 per cent pay increase for a million and a half federal workers, voted by Congress during the waning hours of its session last week, was killed Monday by President Eisenhower.

The chief executive said signature of the bill would have added 112 million dollars to the cost of operating the post office department, which he reported already is operating at a deficit of 400 million dollars.

About half a million postal workers and a million civil service workers and congressional employes would have received the pay boosts under the bill.

Lincoln Athletes Again Covered for Accident Injuries

Twenty Claims Filed Last Year, on Which $403.50 Total Was Paid

Lincoln high school athletes are enrolled in the athletic accident benefit plan of the Minnesota State High School League for the current school year Kalmer Ostby, principal, announced today.

The plan provides benefit allowances for medical, dental and hospital services in case the athlete is accidentally injured in play or practice in a school sponsored and supervised sport. The league is a non-profit association, and the plan is offered as a service to the member schools of the league.

Since the plan was established in 1937 the League has paid out more than $560,000 in claims. Last year $73,000 in claims were paid, an amount which was $10,000 more than the fees received from schools and athletes. For every dollar received last year the League paid out $1.17 in claims.

Last year the Lincoln high school registered 79 pupils in the plan; paid a total of $169.22 to the league for coverage and filed 20 claims on which a total of $403.50 was paid.

Sportsmen Spend $277 Million in '53

Frank Blair Releases Questionnaire Results

A summary of replies from 1,124 fishermen and hunters reveals that more than $277,000,000 was spent by 1,245,057 sportsmen who purchased game and fish licenses in 1953. The expenditures for equipment supplies and costs of travel food and lodging, show that hunting and fishing is a big business in Minnesota, Frank D. Blair, director of the division of game and fish said today.

Ten questionaires for hunters and 10 for fishermen were sent to each of the 600 sportsmen's clubs last spring. The hunter form asked for expenditures for ammunition, firearms, clothing dogs, boats and motors, transportation, meals and lodging and miscellaneous costs.

The fisherman questionaire asked for similar expenditures for equipment and supplies the fisherman would need.

The tabulation of the replies showed that the average hunter spent $250.98 and it is estimated that 314,131 licensed hunters spent a total of $81,667,777.38. Of this amount the Game and Fish division received $593,841 for small game licenses.

The average expenditure by each fisherman was $209.83. Fishing licenses were sold to 930,924 people and the Division of Game and Fish received $2,085,512.68. The total expense for the fishermen was $195,003,782.92.

It is estimated that expenditures for goods which ordinarily would be used several years amounted to $125 for hunters and $80.$90 for fishermen. The balance was the cost of meals, lodging, transportation, club dues, licenses, and costs of maintaining equipment.

LOCAL HOLSTEIN BREEDER REGISTERS HERD NAME

Rolland J. Sande, Thief River Falls, has been given the privilege of the exclusive use of the name "Fair Dell" as a herd name in registering his purebred Holstein cattle. This prefix name is granted and will be recorded by The Holstein Friesian association of America.

More Than Meets the Eye

The Mud Lake Game Refuge is a more complex project than meets the eye when one drives through the reserve on the Holt to Grygla highway. That we learned on Thursday afternoon when a group of us were conducted through the vast 60,000-acre refuge by supervisor Robley Hunt.

The first thing that impressed our group was that the Fish and Wildlife Service has a positive program as far as Mud Lake is concerned. At present there are nine "pond" or "pool" areas, comprising about 20,000 acres, and which are duck-nesting habitat. Several of these "pools" were drained last year, for the purpose of permitting vegetation to gain a foothold, but these marshes are in the process of being reflooded.

We were shown a couple of new "ponds" that are in the process of being diked, and it is expected that these two marsh areas, in the northwest portion of the refuge, will be completed this fall or next spring. In addition, Mr. Hunt stated that two more "pond" areas were in the draft stage, being proposed for the southwest part of the refuge, and when these ponds are completed the refuge will have about 30,000 acres in duck marsh, and that would be about the capacity of wet-land for Mud Lake.

In a discussion period following the interesting and educational tour, Mr. Hunt stated that there was considerable sub-marginal land adjacent to the Refuge, and that the Fish and Wildlife Service would be in favor of the Minnesota Game and Fish department developing these areas as a public hunting ground.

A good refuge system is better for the ducks because it provides much needed resting and nesting grounds along the flyway; and it's better for the duck hunter too, for it allows him to harvest a larger portion of the duck population which naturally die of natural causes.

Oh yes, as an appropriate conclusion to Thursday's trip, we saw a moose wallowing through the rushes as we drove back to the Headquarters.

French as Len Speaks It

Len Goulet, the president of the Thieves baseball organization, takes great pride in being a Frenchmen, and his mastery of the French language. It's a standard joke around the Thieves' bench for the boys to ask Goulet how to say "cut the grass" in French, and to have Len unhesitatingly reply, "Mow de lawn."

If you really want to know how to say "cut the grass" in French, the fellow to ask is Paul Bedard. The difficulty with Paul is that he can say "cut the grass" in French, but he can't say "mow de lawn" in French.

Just One More

"One" is the magic number as far as the Thieves baseball club is concerned, for if the locals can score a win on Sunday night at the Fair Grounds, when they meet the winner of the Argyle vs. Red Lake Falls Thursday night game, they'll be in the regional tourney for the first time since 1951. The Thieves were regional winners in 1951, playing in the state tournament at Faribault and providing an upset by beating a highly-rated Little Falls team.

The Thieves' won the "big" game of the league playoffs when they hung a 10 to 3 defeat on Red Lake Falls on Sunday night, for that game puts the locals into a position where they can afford to lose a game and still remain in the playoffs. The Thieves can lose Sunday night's game, and that would force the playoffs into a deciding game on Monday night.

Swede Lund's locals gained a "break" when the Lakers' fine outfielder, Ken Bombardier, left on Friday for the annual high school All-Star football game practice sessions at Faribault. Ken's absence forced the reshuffling of the Laker outfield, with disastrous results. Four or five fly balls, they were well-hit, were mis-judged by the Laker outfielders on Sunday night, and those base-hits bulked large in the Thief River Falls scoring.

And speaking of Bombardier. According to the Twin City press notices, Ken has moved into a split T backfield that has Hopkins' Tom Uram at quarterback, Detroit Lakes' Rich Borstad at fullback, and Brainerd's Jon Jelacic and Bombardier at the halves.

That will be an interesting playoff game at Red Lake Falls on Thursday night, between the Lakers and the Argyle Maroons. On Monday night, Warren's Dickie Palmer, home on furlough, pitched for Argyle against Alvarado, and the strong-armed righthander struck out twenty of the Farmers, as the Maroons racked up a 13 to 1 victory. Red Lake Falls beat Palmer a couple of weeks ago at Argyle, but that hotly-contested game ended in a 10 to 9 score; and tomorrow night the Lakers won't have Bombardier in the lineup. Tommorrow night's game couldn't be more of a toss-up.

2-County Malting Barley Contest Winners Chosen

Gust Gerlach of Red Lake Falls Wins 1st Place; to Compete at State Fair

Ten barley samples were submitted in the Red Lake-Pennington county malting barley contest, held jointly between the two counties. It was held at the Northland Grain Elevator in Red Lake Falls.

The prizes were awarded as follows: 1st, Gust Gerlach; 2nd, Peter Schirrick; 3rd, John Skjerven, Plummer; 4th, Simon Breiland & Son, Thief River Falls; 5th, Robert Miller; 6th, Andrew Fladeland; 7th, Dan Naas, Mentor; 8th, Edgar Naplin, Pennington county; 9th, Walter Swanson; 10th, Clarence Konickson.

The first, second and third place winners will represent the two counties in the malting barley contest at the state fair. The first prize in the state contest is $300.

Thieves Hockey Management Sets Meeting Aug. 30

Four New Members to Be Elected to Board in Civic & Commerce Room

The officers and directors of the senior hockey Thieves held an informal meeting on Monday night, and following that meeting they issued a call for the annual meeting to be held in the Civic & Commerce room in the basement of the Auditorium on Monday night, August 30th. Monday night's meeting will elect four new members to the board of directors, with the present directors being carry-overs for another season or two.

It was stated that the club treasurer would have good news to give the gathering on Monday night, being that the club, for the first time in several years, will begin the season with "cash on hand."

Plan for the addition to the Arena, which has been proposed by several groups, will be available for inspection at Monday night's meeting.

Next week's meeting will also name a representative to the Northwest Hockey league organizational meeting that will be held shortly.

School Opening Brings Need for Better Driving

With Minnesota parents and their children making preparations for the opening of school early next month, the Minnesota Safety Council urges motorists to adjust their driving habits to prevent accidents to youngsters.

A. V. Rohweder, council president, today directed a plea to every motorist to accept the responsibility for preventing accidents to children of school age, particularly to those youngsters, who are just starting school.

"Of all fatal accidents to children between five and fourteen years of age," he said, "more than 40 per cent involve motor vehicles. In plain words, this means that motor vehicle accidents will snatch the opportunity to finish school from a lot of our youngsters."

"The above figures, he continued, prove that every motorist must always look out for children and use extra caution when driving near schools and residential areas.

"Talk to any driver," he concluded, "who has injured or killed a child in a motor vehicle accident. Ask him whether his mind was completely relieved after the judge or jury declared him "not guilty." Any person knows that almost every accident involving a child could have been prevented if proper caution had been exercised by the motorist."

Studebaker and Packard in Merger

Company Stockholders Strongly Favor Action

Stockholders of the Packard Motor Car company and the Studebaker Corporation voted overwhelmingly last week to approve the proposal for the combination of the businesses in the Studebaker-Packard Corporation. The two businesses to be combined as a result of their vote, had on June 30 assets of some $251,400,000. Special stockholder meetings to record the voting were held in Detroit and Wilmington, Del.

Following announcement of the stockholders' vote, a joint statement issued by James J. Nance, Packard president; Paul G. Hoffman, Studebaker board chairman; and Harold S. Vance, Studebaker president. Mr. Vance is to be president and chief executive officer of Studebaker-Packard; Mr. Hoffman is to be chairman of the board, and Mr. Vance, chairman of the executive committee.

The statement said in part: "Our two lines of passenger cars are complementary and non-competitive and Studebaker-Packard thus will have complete coverage of the passenger car market, plus coverage of about 85 per cent of the total truck market by Studebaker trucks. Studebaker-Packard will be one of four full-line producers in the industry.

"Representation for both lines will be increased by establishment of dual franchises in smaller markets. Pooling of manufacturing facilities will afford opportunities for important savings in production costs and more efficient use of the facilities; combining the engineering staffs will bring better research at lower cost.

175,000 School Children Said to Have Poor Vision

Of the upwards of a half-million Minnesota school children returning to school this fall, more than 175,000 are visually handicapped for adequate school achievement, the Minnesota Optometric Association declared today.

The statement was based on numerous studies which have shown that at least one out of every three school children have visual problems needing correction.

"Few of these cases are discovered by the conventional eye tests given in the schools," Dr. Leo A. Meyer, St. Paul, president of the association said.

Entries at State Fair at New Peak; Starts Saturday

75 Racing Drivers to Compete for $31,000 in Prizes in Five Meetings

Entries are "bustin' out all over" at the 1954 Minnesota state fair, set to open its annual 10-day run Saturday. "Record totals have been reached in all departments of the fair, according to secretary D. K. Baldwin.

As an example, Baldwin cited the unprecedented number of applications for one state fair horse show, appearing seven nights and three afternoons in the mammoth Hippodrome. He said 20 per cent increase has been recorded with slightly more than 300 stables from nine states on the application list.

The swine department has shown a 13 per cent increase. Cattle applications are up 10 per cent and a slight boost in sheep and wool entries also has been established.

More than 190 tubs of butter were submitted in the fair's state-wide contest, a marked rise over the previous high of 165 set last year. The home activities field will attract more than 5,000 items from nearly 1,500 exhibitors.

Big car auto racing has drawn bids from 75 drivers, attracted by $31,000 in prize money at five meetings. Forty-nine late-model stock cars have been enrolled for the three programs in this class with almost 100 motorcyclists set to compete on the lone 'cycle card. So many big cars are coming that an extra day to handle time trials has been set aside — Friday, August 27.

Baldwin pointed out that record entries have always proven a good barometer for expected attendance. He said, "We have a good chance to beat our old crowd mark of 905,000 if we have the weather breaks."

Paul Martz Named Chief of State Highway Patrol

Paul R. Martz, 41, a member of the Minnesota highway patrol since 1936, has been named chief of the patrol, to fill the post vacated when former chief Earl M. Larimer was appointed as Minnesota's new director of highway safety on July 1.

Announcement of the appointment was made by Highway Commissioner M. J. Hoffmann, who stated that Capt. Martz was selected from a number of highly eligible and competent officers in the patrol ranks on the basis of their records and as a result of a series of interviews which were conducted by a board of review, in accordance with rules of the merit system established last year for all promotions within the patrol.

The newly-appointed chief served in the U. S. Army from 1931 to 1934 and was an officer in the Asiatic theater during World War II. After joining the patrol in 1936 he was stationed for some time in the St. Paul area before being promoted to the captaincy at Rochester.

YOUTH IN TROUBLE

Youngsters are much in the news these days and, unfortunately, too often unfavorably. How to cope most effectively with the problem of youth delinquency and gang organization is a problem that probably never will be solved. In recent years we have approached it mainly by methods of appeasement. There now seems to be a trend to a sterner discipline—a back-to-the-woodshed approach that at one time was considered good.

For instance up at Toronto last week, at a meeting of the International Institute of Child Psychiatry, two experts on youth behavior discussed the problem of punishment. Their expert advice consisted mainly of telling parents to pay less attention to the experts, toss away the books and deal with each situation according to inclination. One of them went so far as to say that the best parents are those who punish "spontaneously, unthinkingly and immediately."

In favor of this approach is the fact that civilization has survived many generations of this kind of treatment with generally good results.

BUTTER FOR DURUM

The failure of our country's durum wheat crop has brought the suggestion that we offer the Russians a trade, giving them butter for some of their grain. It sounds like a good idea and the possibility is being explored officially—but quietly—it is reported.

We can understand why it will be done quietly. There have been many plans for disposing of our surplus butter but none of them has worked. Our surplus is not wanted at a bargain price and even our efforts to give it away meets with resentment in other countries, and this we can understand. For that reason this proposed trade with the Russians probably will get little publicity until—if and when—it actually becomes a deal.

CONSERVING WILDLIFE

Minnesota will receive $520,084 from the Federal government as its share of a special tax on sporting arms and ammunition. This money is made available to the state as aid in the restoration and development of wildlife resources. This is a tax the sportsmen have asked to have imposed upon themselves.

The state's contribution for such purposes comes from payments for licenses for hunting and fishing and so the entire program is maintained by "use" taxes. The program is comparatively young. It is only in recent years that large scale progress has been possible but good results are now in evidence.

And good progress has been made in achieving the objectives with due consideration for sound land use practices. There have been some conflicts of interest between farmers and sportsmen. Mistakes have been made and probably will be made again. But with experience and intelligent direction there will be increasing progress with decreasing friction.

Fortunately for the program, farmers like to hunt and fish too and probably are more conservation minded than some of their more talkative city cousins.

SOUND DEVELOPMENT

Crookston's new sugar plant is now completed and ready to process its share of the Valley's beet crop. With other plants located at East Grand Forks and Moorhead the beet processing capacity is now 8,800 tons daily, enough to process the entire crop where it is produced.

Northwestern Minnesota has been strengthened immeasurably by this expansion. This is the type of industrial development that is basically sound and that represents a net gain for all. A better market has been provided for a dependable crop, giving greater stability to the agriculture of the entire area.

WHY ALL THE BLUSTER?

We have not been greatly impressed by the threats of the Red Chinese that they are going to invade Formosa. Maybe they are equipped for such an operation but that is extremely improbable. And the fact that they are telling us they are going to attack Formosa probably is a good reason for believing that this is one place they do not intend to attack.

But the threats do indicate that new attacks are likely to be made at some point and that peace in Asia is still only a remote possibility. And there is cause for concern over the fact that we seem to be making little progress in our efforts to organize the free nations of Asia into a mutual defense unit.

Maybe we are assuming a little too much of the responsibility for the defense of the free nations of Asia. We have a very great interest in checking the advance of the Reds in that part of the world but ours is not the sole interest and there is no reason why we should put ourselves in the position where that may become our problem alone.

We are a part of a United Nations organization and the main purpose of that organization is to maintain peace. A threat of more wars in Asia should be a primary concern of the United Nations and the pressure on nations that threaten to make war should be applied throu this organization.

If the right of Red China to seize Formosa is to be questioned, the question should be raised before the Assembly of the United Nations, and there is where the decisions should be made. We may have to fight again and we no doubt will have to carry a big stick for a long time to come, but we would like it better if we approached these problems with less bluster. Along with the big stick, soft talk is also recommended.

WE MUST HAVE CUSTOMERS

At a hearing held in East Grand Forks Thursday a group of Valley potato growers went on record in favor of regulations that would require more rigid inspection and correct grading of all potatoes shipped out of the area. It is quite certain that they did not favor the regulations because they like to be regulated. It is fair to assume, on the contrary, that they dislike very much the regulations they are asking for, but recognize them as a "must" if they are to remain in the potato growing business.

It is fair to assume that in taking this position they were thinking of their own best interests and the success of their future operations. Selling their product in a highly competitive market, it is only as they maintain high quality standards that they will be able to get premium prices and hold their customers.

And it doesn't make much difference whether its potatoes or peanuts or printing that we are selling, we can't get along without customers.

Late Events in Middle River

Carlyle Hanson

Gullikson-Burrow Vows Spoken

The First Lutheran Church of Middle River was the scene of a pretty single ring wedding ceremony on Saturday, Aug. 14th when Margaret Gullikson, daughter of Mr. and Mrs. Thomas Gullicksen became the bride of Leon A. Burrow of Thief River Falls. Rev. C. O. Hanson of Middle River officiated.

The bride given in marriage by her father wore a ballerina length dress of white net and lace over nylon and carried a bouquet of white orchids and baby roses.

Her only attendant was Mrs. Delbert Widing of Thief River Falls, cousin of the bride, who wore an orchid ballerina length organdy over nylon dress. She carried a bouquet of baby roses and mums.

The grooms only attendant was his brother Paul Burrow of Thief River Falls. Miss Dorothy Prosser of Middle River played the wedding march and also accompanied Miss Janice Halvorsen as she sang "Oh Promise Me" and "The Lord's Prayer."

A reception was given at the bridegroom's home in Thief River Falls for the immediate relatives and friends. A buffet lunch was served and a three tiered wedding cake centered the table. Immediately after the reception the young couple left on a wedding trip to Detroit Lakes and southern Minnesota and upon their return will make their home in Thief River Falls. For going away the bride chose a rose and grey dress and coat ensemble with white accessories.

The Ladies Aid of the First Lutheran Church meets at the church parlors on Sept. 2nd at 2:30 p. m. Hostesses are: Mrs. Herman Wagner, Mrs. Glen Curtiss, Mrs. Harold Ness and Mr. Alfred Ness.

Famous Trichologist Will Demonstrate How To Grow Thicker Hair . . . And Guarantees It!

This new method of home treatment for saving and growing thicker hair will be demonstrated in Thief River Falls, Minn., Friday only, August 27, 1954.

These private demonstrations will be held at the Pennington Hotel on Friday only, August 27, 12 noon to 9 p. m.

OKLAHOMA CITY, Aug. 12—In an interview here today William Keele, internationally famous trichologist and director of the Keele Hair and Scalp Specialist, Inc., said: "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED

"The Keele firm, recognizing that most people are skeptical of claiming that hair can be grown on bald heads, offer a guarantee," Keele said.

Once a person avails himself of the Keele treatment his skepticism immediately disappears. To insure this, we offer this guarantee: If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

DISCOURAGED

First the Keele specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin or colorless, the Keele firm can perform wonders.

Every one is given a complete private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATION

This examination is very thorough and highly technical, it requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Keele firm in Oklahoma City, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Keele firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Keele emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to be certain every man or woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

If it worries you call Trichologist L. G. Evans at the Pennington Hotel in Thief River Falls, Minn. on Friday only, August 27, 12 noon to 9 p. m. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.

References: Financial, First Nat'l. Bank and Trust Co., Oklahoma City, Oklahoma.

Note: Trichologist Evans will be in Ada, Minn. at the Ada Hotel on Saturday, Aug. 28.

You get a 3-way bonus in the car that's soaring to new success

WHAT has happened in the automobile business this year is something that you should take to heart — as a personal benefit to yourself, and as a sure way to pick a winner.

It is simply this: Buick has moved into the charmed circle of America's three top sales leaders—a circle once dominated *only* by the so-called "low-price three."

In plainer words — Buick today is outselling *all* other cars in America except *two* of these so-called "low-price three." And this has come about because of Buick's advanced year-ahead styling, great V8 power, big-car room and comfort — all for prices starting right close to the lowest. So *you* reap a worth-while 3-way benefit.

1. You get the look of tomorrow—today

In Buick today you get the modern styling other cars will reach in the future. For here you get true year-ahead beauty — long, low glamor lines, sports-car grace, and that spectacular new panoramic windshield that most other cars won't have till 1955.

2. You get the bigger allowance of our volume business

The tremendous sales volume that has brought Buick into the leadership circle of the "Big Three" means that we can offer you a higher trade-in allowance on your present car when you buy a new Buick. That's the simple reason why we can make you a better deal right now.

3. You get more resale dollars when you trade

With Buick so advanced in style *this* year it's a sure thing Buick will stay in style for years to come, as other cars catch up. So the new Buick you buy today brings you a higher resale price at trade-in time later. Drop in — see and drive this tomorrow-styled Buick — and get in on Buick's big 3-way bonus right now.

Mrs. Christine Peterson, Holt, Minn.

Mr. and Mrs. George Fricker Sr. (Ruth Swendby) were guests of honor at a very nice open house party sponsored by Circle 5 of the Nazareth Lutheran church on Sunday afternoon at their home. The occasion was Mr. and Mrs. George Fricker's silver wedding anniversary. Many beautiful bouquets of garden flowers decorated the rooms. On the guest table were a huge bouquet of roses and gladioli wired to them from George Jr. and LaRue also a white and rose decorated three-tiered wedding cake topped by a miniature bride and groom and silver bells. Their two children, George Jr. who is stationed with the armed forces at Okinawa, and LaRue, who is taking nurses training at Hamline University, were unable to attend.

Seated with the honor guests were Mrs. Frickers's sister Mrs. Agnes Latick and niece, Mrs. Vincent Knett both of Chisholm, who were bridesmaid and flower girl at the wedding 25 years ago. They and Mrs. Fricker wore beautiful mixed corsages. Mr. Fricker wore a white carnation boutonniere. Mrs. Fricker wore a nile green suit and pink blouse.

A program was rendered consisting of Hartley Peterson as toastmaster. Scripture reading by Mrs. Victor Johnson. Two accordion solos by Wayne Wegge. Reading by Mrs. Fred Peterson. Song "Love's Old Sweet Song" by Mrs. O. H. Nohre. Presentation of cards and gifts by Hartley Peterson. Mr. Fricker responded with thanks from both he and Ruth. The self-invited guests served a delicious lunch.

Besides a very large number of local friends present at the silver wedding of Mr. and Mrs. George Fricker there were also out of town guests including Mrs. Vincent Knett, Linda and Butch, and Mrs. Agnes Latick of Chisholm; Mr. and Mrs. Ben Nelson, Newfolden; Mr. and Mrs. Elling Waagedahl, Viking; Mr. and Mrs. Wm. Card Of Thanks

We wish to express our deep appreciation and sincere thanks to relatives, friends and neighbors for their expressions of kindness and sympathy shown us at the sudden death of our loving mother. Especially do we wish to thank Rev. Eldon Pearson and Rev. T. J. Myhrer for their comforting words of the gospel. And the beautiful songs sung by Mrs. Clarence Larson and Mrs. Clarence Weckwerth and the organist Mrs. Melvin Torkelson. Also to the pallbearers and all those who sent memorials and gifts. Also the Green Funeral Home for the assistance given. May God richly bless you all for your kindness. The family of Nellie Pederson, grandchildren and great grandchildren. 34c

"There's no tractor to compare with it"

These are words of WD-45 Tractor owners.

From coast to coast, farmers who own the WD-45 are praising the performance of this great new tractor. And there's no doubt about the reasons for such high praise — it's performance . . . and price!

The new POWER-CRATER engine gives you the power you've always wanted. This mighty power plant plus AUTOMATIC TRACTION BOOSTER lets the WD-45 pull three bottoms almost effortlessly through fields often considered impossible to plow.

And convenience, like SNAP-COUPLER, POWER-SHIFT wheels, and TWO-CLUTCH POWER CONTROL add up to a tractor that's unmatched in features and performance . . .

One demonstration will prove it. And the price will save you hundreds of dollars. Let us show you.

SNAP-COUPLER and POWER-CRATER are Allis-Chalmers trademarks.

NOTICE OF REFERENDUM

On Order of Minnesota Potato Development Commission Relating to Compulsory Inspection and Grading of Potatoes

Notice is hereby given that the Minnesota Potato Development Commission did on the 19th day of August, 1954, make its order directing that in the Red River Valley Area, including Area Number One (1) of the State of Minnesota, no person shall sell, consign, transport, or ship, any carload, truck load, or lot of potatoes, unless such carload, truck load, or lot of potatoes are inspected and officially graded by an authorized representative of the Federal-State Inspection Service or in lieu thereof unless arrangements have been made for such inspection in transit within Area Number One (1) of the State of Minnesota or unless waiver of inspection is obtained from an authorized representative of the Federal-State Inspection Service for one (1) or more of the following reasons:

(1) For grading or storage within Area Number One of the State of Minnesota, and within the Red River Valley Area, including the Counties of Pembina, Cavalier, Walsh, Towner, Grand Forks, Nelson, Traill, Steele, Cass, Richland, and Ramsey, of the State of North Dakota.

(2) Certified Seed shipped by permission of the Director, State Potato Certification.

(3) For manufacture or conversion into flour or starch or other specified products within Area Number One (1) of the State of Minnesota, and within the Red River Valley Area including the Counties of Pembina, Cavalier, Walsh, Towner, Grand Forks, Nelson, Traill, Steele, Cass, Richland, and Ramsey, of the State of North Dakota.

(4) For livestock feed within Area Number One (1) of the State of Minnesota, and within the Red River Valley Area including the Counties of Pembina, Cavalier, Walsh, Towner, Grand Forks, Nelson, Traill, Steele, Cass, Richland, and Ramsey, of the State of North Dakota.

Regrading, resorting or repacking any lot of potatoes shall invalidate any prior inspection certificate. No person shall ship potatoes after they have been regraded, repacked, resorted or in any other way further prepared for market, unless each lot of such potatoes is inspected by an authorized representative of the Federal-State Inspection Service.

It shall be unlawful for any shipper, forwarding company, private, contract, or common carrier to ship, or transport any lot of potatoes exceeding 2,100 pounds, which have not been inspected and officially graded by a Federal-State Inspector and a copy of such inspection certificate carried with the lot of potatoes being shipped; excepting in the case of railroad shipments a notation on the bill of lading that the carlot of Potatoes has been inspected and officially graded will meet the intent of the regulation.

This order affects Area No. 1, which includes the following counties in the Ninth Congressional District: Kittson, Marshall, Pennington, Red Lake, Norman, Polk, Becker, Clay, Mahnomen, Wilkin and Otter Tail.

In accordance with the provisions of Minnesota Session Laws 1951, Chapter [illegible], a referendum will be held for the purpose of determining whether or not two-thirds of the potato growers voting in said Area No. 1 approve of said order of the Commission.

The said referendum will be held on September 7 and 8 in Kittson and Marshall Counties; September 8 and 9 in Polk, Red Lake, and Pennington Counties; September 9 and 10 in Becker, Otter Tail, Wilkin, Clay, Norman and Mahnomen Counties; 1954, between the hours of 9:00 A. M. and 5:00 P. M., on each of said days at which time the potato growers in the said area may vote on said proposal at the office of the County Agricultural Agent in each of said counties included in Area No. 1 or at such other place, or places, as the County Agricultural Agent of the respective counties may designate for the convenience of said potato growers. A potato grower is defined under said Chapter [illegible], as any person who grows or shares in the ownership of potatoes grown for market on one or more acre.

THE ALL WEATHER MOTOR OIL

Engine Wear Reduced Over 40% with Trop-Artic

WORLD'S FIRST! The toughest standard ever established for automobile motor oil is the Mil-0-2104 Supplement 1 test. The first all-weather motor oil to meet this standard is new Phillips 66 TROP-ARTIC.

Compared to ordinary motor oils, new TROP-ARTIC can reduce wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and rings cleaner. It saves you money by increasing gasoline mileage.

Phillips 66 TROP-ARTIC is a superior *all-weather* oil . . . S.A.E. 10W—30. It flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under *high* temperature driving conditions. Phillips 66 TROP-ARTIC is so good, it can *double* the life of your motor!

BETTER, CLEANER GASOLINE—PHILLIPS 66 FLITE-FUEL

Phillips 66 FLITE-FUEL is the new gasoline—the *only* gasoline to which is added the super aviation fuel component Di-Isopropyl.

FLITE-FUEL gives you increased power, higher anti-knock quality and greater fuel economy. You get all the special benefits of famous *controlled volatility* plus the *clean burning* qualities resulting from the use of natural and aviation components. FLITE-FUEL and TROP-ARTIC are perfect companion products. They *go together* for better performance.

Former Grygla Folks Hold Reunion Aug. 15 in Minneapolis Park

There was food, laughter, and handshakes aplenty as over 100 former residents of the Grygla area joined in an all-day picnic August 15 at Minnehaha park in Minneapolis. Arrangements for the reunion were made by 79 year-old Mrs. Tina Myrold and daughter, Mariet, who spent many years in Spruce Grove township.

George Grim gave a paragraph of his column in the Minneapolis Morning Tribune in advertising the picnic—and everyone was contacted by telephone.

Those attending who claimed to be once a part of the village of Grygla were: Dr. and Mrs. Douglas Adkins, Mr. and Mrs. Clarence Doran and Pat, Mr. and Mrs. Sidney Fladeland and Beth, "Slug" Landsrud, Mr. and Mrs. Clayton Moran and children, Mr. and Mrs. John Peterson of LeSuer, Mr. and Mrs. Ole Peterson of Kenyon, Edna Peterson, Wentz, Ronald Grovum, and the Lewis Bergerens.

In the group were eleven people who had been schoolmates in Malcolm's Little Red School. At that time they were known as Mildren Dibble, Olga and Robert Lind, John and Walter Blylie, Linda Jokela, Irma Marcoe, Peter, Elmer, Johanna and Carrie Hendrickson.

Others who were present are: the Knute Ackerblades, the Franzmans, Lutz, Horn girls, Johnny Hohles, Gloria Hohle, Ben Gustafson and Lila, Dorothy and Joanne Benson, Mrs. Ray Marcoe, the Andrew Olsons, Lewis LaCourse and family, the Odin Lees, the Henry Petersons, Mr. Paskewitz Sr. the Ray Paskewitzs, Hjerdes Myrold Vipnes, the Rambergs and John Eastby of Gatzke.

Loran Lord of Hastings, Minn. formerly of Thief River Falls, took several pictures of the group.

Taxpayers' Chief Asks Spending Cut

McDonnell Asks State to Halt New Outlays

Declaring that the tax burden in Minnesota is fast getting "out of hand," James P. McDonnell, president of Minnesota Taxpayers association, today proposed a moratorium on new state spending at the next session of the state legislature.

"Although Minnesota has added many new sources of tax revenue over the years, general property taxes levied for state purposes were fourth highest in the nation. This is a trend that must be reversed," he said.

"The state legislature should adopt a realistic three-point program which recognizes that our speeding inflationary public spending has run head-on into a 'dead-end' street. The program needed calls for:

1. No new spending increase.
2. No step-up in present taxes.
3. Abolish state mill levy and leave the property tax field to local government.

"Many states now do not impose a state mill levy for state purposes. The Minnesota state budget can be balanced within present state revenues. All that is needed is the will to do it by living within our already ample tax receipts. Minnesota needs, more than anything else, a moratorium on new and expanding government spending to give the people a chance to 'catch their breath' in a changing economy," McDonnell declared.

Sherman Mandt Resigns as Red Lake Co. Agent

Sherman M. Mandt, Red Lake county agricultural agent for the past three years, has resigned to accept a position as county agent of East Ottertail county with headquarters at Perham, says the Red Lake Falls Gazette.

The appointment comes as a promotion with a considerable increase in salary. He will assume his new duties about Sept. 15.

Mr. Mandt was named Red Lake county agent while he was in his senior year at college and during the time that he and his family have lived in the county he has been a hard-working and conscientious official who has been of great benefit to the farmers of the county.

The county extension board has not yet named his successor.

Those who find it difficult to get down to work in the summer usually find it difficult to get down to work in spring, autumn and winter, too.

Urges Collecting Tree Seed in State

State Forester Asks Cooperation of Public

The small forest trees which are to be planted on Minnesota farm and forests during the next two to four years are now seeds in cones on trees and will have to be collected during the next two months, if the reforestation program in the years to 1958 is to be realized.

Ray Clement, forester in charge of state trees nurseries and planting, has to plan years ahead and hope that enough seed can be collected, that the seeds will grow and escape insect and disease attack, wind storms, floods and droughts for two to four years.

Spruce seed is first priority this year with Norway pine (the state tree) a close second. Other conifer seeds needed are Jack and White pine, balsam, cedar and tamarack. Black walnut nuts are also needed to meet demand for such trees in southern Minnesota.

Clement hopes that at least 25,000,000 seeds can be collected this fall and can use up to 30,000,000. The seeds will be planted in the two state tree nurseries at Badoura and Willow River.

The crop of white and black spruce cones this year is reported light and spotty, while the Norway pine cone crop is said to be the largest for many years. In northern Minnesota, spruce cones can be collected during the last two weeks of August, while the Norway pine and other conifer cones will be ready for picking during September. Information relative to the time of picking and points of delivery can be obtained from any state forestry office or the Division of Forestry, State Office Building, St. Paul.

Honor Gardener at State Meeting

Eighteen Minnesota gardeners were honored Saturday evening for outstanding contributions to gardening at a Minnesota State Horticultural society banquet held in connection with the organization's 88th annual convention in Mankato. Awards of merit for their promotion of horticulture went to 14 members including Erhard Anderson, Stephen.

Safety Contest Winners Will Be Revealed at Fair

Three Counties to Be Given Station Wagons; 4-H Winners Get Bonds

Winners of three 1954 Ford ranch wagons and $1,500 in U. S. savings bonds in two big highway safety contests will be announced Friday night, Sept. 3, at the Minnesota state fair.

The Ford ranch wagons will go to the three counties which have done the best all-around job of promoting highway safety, and will be designated for use by the counties' agricultural extension offices.

The savings bonds will be awarded to winners of a 4-H club highway safety essay contest. First prize is a $500 bond. There also are 18 other awards, ranging from $300 to $25 in bonds.

Both contests were conducted in 145 counties of Minnesota, South Dakota and Wisconsin, and were part of a summerlong highway safety campaign sponsored by WCCO radio in cooperation with the agricultural extension services of the three states, the Northwest Ford Dealers association and Twin City Federal Savings and Loan association.

Governors C. Elmer Anderson of Minnesota, Sigurd Anderson of South Dakota and Walter Kohler of Wisconsin head the panel of judges who will pick the winners. They will be present at the award ceremonies.

The budget plan for paying for home improvements has served so many of our good friends that it seems fittin' to keep on telling you about it. Up to $2500 for home improvements, for both material and labor spread over a three year period.

And for farm improvements (new farm buildings, too) the same service except the roof is lifted to $3000.

YOU'D BETTER LOOK!

Does the place need NEW SHINGLES?

This is the time. A new roof richly blended asphalt shingles or stained cedars. Your choice. While you are at it . . . insulate the ceiling. Get things snug. We won't always have mild winters. I'll bring shingle samples to your home if you wish . . . and submit an estimate and even recommend good craftsmen for the job. Then, if you like the monthly payment budget idea I can tell you exactly how easy it is to apply it.

IS THIS PAINT SALE GOING ON FOREVER?

Frankly, I wish it could. [illegible]

Big Sugar Refinery Will Be Dedicated at Crookston Saturday

The American Crystal Sugar company's new $9,500,000 sugar beet processing plant at Crookston will be dedicated Saturday.

The plant, started in 1952, will be in operation this fall. It will have an annual capacity of nearly 100 million pounds of sugar.

The factory is built on a 360-acre tract along Red Lake river just west of Crookston.

Opening of the new plant will bring American Sugar's annual capacity to nearly 300 million pounds of sugar.

The company opened its first Upper Midwest sugar processing plant at Chaska, Minn., in 1925. Shortly after, it added a plant in East Grand Forks, and in 1948, built a plant at Moorhead.

With a 3,300-ton daily capacity for both the Crookston and Moorhead plants and with East Grand Forks handling 2,200 tons a day, the company will be able to process 8,800 tons of beets daily in the Red River valley this fall. It plans to process the entire valley crop in the three factories.

O. A. Holkesvig, manager for the valley factories, said the Crookston and Moorhead plants are two of the biggest sugar beet refineries in the nation.

The Crookston plant will be open for public inspection before the dedication ceremonies Saturday.

Principal speaker will be Sen. Edward J. Thye. H. E. Zitkowski, general consultant to the American Crystal Sugar Co., will give the dedicatory address.

Other speakers will include John Budd, president of the Great Northern railroad; Dr. H. B. Hass, president of the Sugar Research Foundation, Inc., New York, and Harold Thomforde, mayor of Crookston.

J. A. Summerton, company president, will welcome the guests and Judge J. H. Sylvester, Crookston, will be master of ceremonies.

Get Youngsters in Physical Shape for School Now

Minnesota doctors have some advice today for parents of the newest crop of youngsters to go to school for the first time this fall. It is incorporated in a bulletin issued by the Minnesota State Medical association, and the gist of it is: Get those youngsters in physical shape for school right away.

A demanding new life is about to open up for these children, the doctors point out. They will step out into a new life, in competition with new associates, and they should be in as good physical shape as their parents and physicians can manage.

Find out now if they need glasses, if their hearing is normal, if there are signs of undernourishment or fatigue or any other defect that may make school hard for them. Then do something about it. Even now, with that first day coming up fast in many parts of the state, it is not too late to do something very effective about corrections and advice to parents that will make all the difference between happiness and success—and anxiety and strain for the small candidate for educational prowess in Minnesota.

The doctors point out that parents can't protect their children against accidents by a series of shots. Only careful instruction and careful watching to see that causes are removed will cut down this loss of life for all children.

Extend Coverage of Social Security

Congress Revises Law to Include Farmers, Others

Congress sent to President Eisenhower Friday night a bill putting 10 million more people under social security, increasing the benefits and boosting the taxes to foot the bill.

Persons now drawing checks from the old age and survivors insurance system will get an average increase of $6 a month. For a person retiring in the future, the maximum payment eventually will be $108.50 a month, compared to $85 now.

Among those brought into the system are farm operators, many farm hands, some professional people, additional domestic workers and—on a voluntary basis—state and local government workers.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Twilight Tour

Tayler, Minnesota, businessmen were guests of Lincoln County Soil Conservation District supervisors on a "twilight tour" of soil conservation projects recently. They saw programs laid out on the Ernest Hollander and Walter Cyriacks farms near Lake Benton. Both farms will be sites of Plowville '54 events next September 17-18. The businessmen feel now they have a much broader understanding of conservation "from the farmer's point of view." The twilight tour sounds like a good idea in developing better rural-town feeling and understanding.

Legumes Valuable in Drainage

Farmers who have solved tough drainage problems and brought soggy land into production know the value of deep-rooted legumes such as alfalfa and sweet clover. Both are drainage "improvers." For example, in the Red River Valley, the difference in water absorption by soils with good structure compared to those with poor is often enough to keep the field from flooding. Tests by Norman County Agents and the East Agassiz Soil Conservation District show that good-structured soils take 3 to 5 times as much water without flooding or pooling as poor-structured soils. An alfalfa and sweet clover program often meant the big difference.

• • •

Good Drainage Idea

Alfred Holst, a Goodhue county farmer, deals not only with runoff water from his own place but that from adjoining farms. Recognizing that during heavy rains more water falls than can usually be held even under the best rotations and soil management, he hired a bulldozer and built an open-ditch waterway. Built on a 1½ to 2 per cent slope, it has sloped sides and a 25-foot-wide grassed bottom. This summer's heavy rains "went through nicely" and 11 acres of waste land gave a good crop of corn—its first in many years. This story came from Arnold Wiebusch, Soil Conservation Agent in Goodhue County at Red Wing.

• • •

Strip-Cropping Helps

His 58 acres of strip-cropping laid out this spring have proved their value in far less soil washing and a healthier soil that lets grain get the drinks it needs from below to stand dry weather. The farmer, James Riesdorf of Adrian, a cooperator in the Nobles County Soil Conservation District, had valuable help in strip planning from Harold Dinneen of the SCS, and Ross Huntsinger, Nobles County Agent.

Political Roundup

By Arthur Naftalin

With the adjournment of Congress the much-heralded "great debate" between United States Senator Hubert H. Humphrey and his leading Republican challenger, State Treasurer Val Bjornson, is due to get under way in earnest.

There are the makings here of a colorful, slambang campaign between two able and experienced public figures. So far they have been perfecting their campaign organizations, treading the county-fair circuit, and generally only sparring with each other.

Both are certain of nomination in the primary two weeks from next Tuesday, and, once this event is out of the way, all the big oratorical guns will be turned loose and what promises to be one of the nation's top political contests will command intense interest here and throughout the country.

Humphrey Holds Lead

In July the Minnesota Poll gave Humphrey 59 per cent, Bjornson 30 per cent with 11 per cent having no opinion. This survey showed that Humphrey had increased his lead by 10 percentage points since March, while Bjornson had slipped four per cent.

This, of course, is an impressive lead, and observers generally believe that Bjornson faces an uphill struggle to overtake the incumbent Democratic senator. GOP circles, in fact, make no secret of their conviction that Bjornson's greatest obstacle is overcoming the "can't win" feeling.

Bjornson himself appears undaunted by Humphrey's current lead, and he is confident that as the campaign warms up the margin will narrow and that he will enter the final lap with a 50-50 chance.

Clean Campaign Likely

Before Bjornson became a candidate there were fears in the Humphrey camp that the Minnesota campaign would be based on "smears" and that wild and fantastic amounts of out-of-state money would be poured into the drive to unseat the junior senator.

But both candidates have pledged themselves to conducting clean campaigns based on issues, and the record and public reputation of both of them are such as to suggest that they will keep this pledge. Humphrey, on his part, will emphasize his record of six years in the senate while Bjornson will base his campaign on an appeal for a Republican congress that will support President Eisenhower's administration.

Press Backs Bjornson

Humphrey has the obvious advantage of being the incumbent. This makes it possible for him to attract attention on major issues which he has helped shape. His recent leadership in the adoption of the strong anti-Communist bill is a case in point.

Off-setting this advantage to some extent is the strong support that the leading daily newspapers are giving Bjornson, himself a former newspaperman and well-known throughout the journalistic profession. But Bjornson must still compete for headline attention with one of the most energetic and effective campaigners the state has produced.

A Costly Campaign

No one knows how much has or will be spent in this campaign. Certainly each candidate will spend at least $50,000, and perhaps a more realistic figure is $100,000. Bjornson has already used radio and television time, and both candidates will make intensive use of this medium.

Raising this much money in itself is no easy trick, and both campaign organizations are searching out contributors who will provide the resources for literature, advertising, billboards, and all the usual paraphernalia. Federal law limits a candidate to $25,000 expenditure, but there isn't a senatorial contest in the country in which the amount spent is not double, triple or more, and this is accomplished legally by all manner of loopholes in the regulations.

An Immediate Issue

This week much attention centered on Humphrey's leadership in the Communist "outlawry" legislation. In the waning days of the session Humphrey maneuvered a bill through the Senate that made membership in the Communist party a crime, and, because of the public feeling on this question, it passed the Senate unanimously, even though the administration favored not outlawing the Communist party as a means of helping to deal with the domestic problem.

As finally passed, the bill satisfied administration leaders, but, in the process, Humphrey had accomplished at least two objectives: (1) he had clearly demonstrated his own vigorous anti-Communist position and (2) aroused opposition in several diverse quarters. Critics of Humphrey's action charged him with using the issue for his political advantage and to embarass the Eisenhower administration. In his defense of his position Humphrey insisted that the way to deal with Communists was to strike at the "trunk" of the movement, namely the party. He and other Democrats had grown impatient with the persistent charges by Republican leaders that the Democrats have coddled Communists and that they have actually engaged in "betrayal."

This issue promised to provide some excitement on the hustings as the two contenders take up their battle positions.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Adjusting the Routines

In our highly mechanical world, we are rather skillful at keeping machines properly adjusted. We have learned that, for maximum functioning, good care of a tool or machine is essential. Adjusting the human routine for the benefit of children in a family is even more important—but also more complicated and difficult.

Jimmy, aged three, was one of these very active youngsters; he put his total energy into trying to keep up with his seven-year-old brother and his five-year-old sister. Whatever they did, he tried to do—and he tried with almost heartbreaking intensity and effort. He scorned the very suggestion of a nap. His mother tried to "slow him down"—to interest him in more three-year-old activities. Jimmy would have none of them. He left them in a hurry to tag after the older children. Meanwhile, the strain began to show. He was irritable, "cranky," quick to burst into tears.

There are several things that might have been tried in this situation, and while no one of them would be a cure, they each might help relieve the strain that Jimmy put himself under. He might have gone to nursery school. Chances are he would still have been competitive, even with his age group—but the standards of achievement would have been more in keeping with what he could meet, without undue strain. Then, even if he did still try to keep up with the older ones at home, there would be less strain involved.

Planning separate activities might not have helped much, for Jimmy deserted the activities planned for him in favor of the older children. Day camp programs which included the older ones would have decreased the competition.

If nursery school was not available, teaming up Jimmy with others near his age thru a cooperative arrangement with other mothers might have been possible. And his parent's attitude could be helpful to Jimmy too. Their assumption that of course older children live in a different sort of life than three-year-olds might help him relax his keeping-up efforts and find satisfaction in being his age.

Real Advantages with your Child

Many times an adult, watching a young child inspect the world around him with fresh interest and curiosity, will think "How wonderful it must be to have everything in the world be new and fascinating to you! What a shame it is that we grow up and fail to see the wonders of the world because we are so used to them."

The child, were he given to more extensive introspection, might react in a different way as he watched an adult. He might think "Oh, how wonderful it must be to be grown up, and to know, really, what everything is, what its name is, and how it works! I wish I knew all those things."

This situation, therefore, offers a real opportunity to the adult to share his knowledge with the child, and at the same time to share the freshness and newness of the child's reaction. What is that thing? It's a toad. And what's a toad? Well, it is something like a frog. What makes the wind blow? What make fire hot? Where does the wood go when it burns up? What becomes of smoke? Why does it rain? What is "humidity" that the radio man talks about?

And on and on goes the child's curiosity, zest for knowing and learning. . . What makes bricks stay together? How do you build a real bridge? How does an elevator work? How does it know when to stop? What's a checking account? Do you have to take some money to the bank before you write a check? Why? It's just paper, isn't it?

Here lies the real opportunity for parents to share in their child's growth and development. As the child's exploration of life appears, help him explore. Having curiosity satisfied on one point stimulates his interest and thinking, and leads to further explorations and understandings. Meanwhile, the parental sharing in the process revives and renews the adults' appreciation of the world around them. Parents need not have the knowledge of an encyclopedia, either; but it is good if they will seek the information with the child, when necessary, as well as enjoy it with him.

THINK IT OVER!

This little fellow has gotten himself all tangled up—just romping around—but he's not so dumb. He has sense enough to sit down and think things over. Chances are someone will come along and give him a hand. Alone he might have worked himself into a panic.

Isn't that the way with our daily problems? Some have simple solutions; some require the help of true friends, and ofttimes divine guidance. So often our problems have moral implications, for there is a "right" and a "wrong" way to accomplish almost every task. That is why it is so very important that each little problem be solved correctly.

The tightest snarls of life can be untangled and our difficulties overcome if we sit down quietly and consider each in the light of God's wisdom. Why should we be confused when we have the Bible and the Church as our unfailing guides?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
